Subpart A—Scope and Definitions

§ 351.101 Scope.

(a) *In general.* This part contains procedures and rules applicable to antidumping and countervailing duty proceedings under title VII of the Act (19 U.S.C. 1671 *et seq.*), and also determinations regarding cheese subject to an in-quota rate of duty under section 702 of the Trade Agreements Act of 1979 (19 U.S.C. 1202 note). This part reflects statutory amendments made by titles I, II, and IV of the Uruguay Round Agreements Act, Pub. L. 103–465, which, in turn, implement into United States law the provisions of the following agreements annexed to the Agreement Establishing the World Trade Organization: Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994; Agreement on Subsidies and Countervailing Measures; and Agreement on Agriculture.

(b) *Countervailing duty investigations involving imports not entitled to a material injury determination.* Under section 701(c) of the Act, certain provisions of the Act do not apply to countervailing

duty proceedings involving imports from a country that is not a Subsidies Agreement country and is not entitled to a material injury determination by the Commission. Accordingly, certain provisions of this part referring to the Commission may not apply to such proceedings.

(c) *Application to governmental importations.* To the extent authorized by section 771(20) of the Act, merchandise imported by, or for the use of, a department or agency of the United States Government is subject to the imposition of countervailing duties or antidumping duties under this part.

§ 351.102 Definitions.

(a) *Introduction.* The Act contains many technical terms applicable to antidumping and countervailing duty proceedings. In the case of terms that are not defined in this section or other sections of this part, readers should refer to the relevant provisions of the Act. This section:

(1) Defines terms that appear in the Act but are not defined in the Act;

(2) Defines terms that appear in this Part but do not appear in the Act; and

In determining whether control over another person exists, within the meaning of section 771(33) of the Act, the Secretary will consider the following factors, among others: Corporate or family groupings; franchise or joint venture agreements; debt financing; and close supplier relationships. The Secretary will not find that control exists on the basis of these factors unless the relationship has the potential to impact decisions concerning the production, pricing, or cost of the subject merchandise or foreign like product. The Secretary will consider the temporal aspect of a relationship in determining whether control exists; normally, temporary circumstances will not suffice as evidence of control.

(4) *Aggregate basis.* ''Aggregate basis'' means the calculation of a country-wide subsidy rate based principally on information provided by the foreign government.

(5) *Anniversary month.* ''Anniversary month'' means the calendar month in which the anniversary of the date of publication of an order or suspension of investigation occurs.

(13) *Cumulative indirect tax.* ''Cumulative indirect tax'' means a multi-staged tax levied where there is no mechanism for subsequent crediting of the tax if the goods or services subject to tax at one stage of production are used in a succeeding stage of production.

(ii) Evidence, including statements of fact, documents, and data submitted either in support of allegations, or, to rebut, clarify, or correct such evidence submitted by any other interested party;

(iii) Publicly available information submitted to value factors under § 351.408(c) or to measure the adequacy of remuneration under § 351.511(a)(2), or, to rebut, clarify, or correct such publicly available information submitted by any other interested party;

(iv) Evidence, including statements of fact, documents and data placed on the record by the Department, or, evidence submitted by any interested party to rebut, clarify or correct such evidence placed on the record by the Department; and

(25) *Government-provided*. ''Government-provided'' is a shorthand expression for an act or practice that is alleged to be a countervailable subsidy. The use of the term ''government-provided'' is not intended to preclude the possibility that a government may provide a countervailable subsidy indirectly in a manner described in section 771(5)(B)(iii) of the Act (indirect financial contribution).

(26) *Import charge*. ''Import charge'' means a tariff, duty, or other fiscal charge that is levied on imports, other than an indirect tax.

(27) *Importer*. ''Importer'' means the person by whom, or for whose account, subject merchandise is imported.

(28) *Indirect tax*. ''Indirect tax'' means a sales, excise, turnover, value added, franchise, stamp, transfer, inventory, or equipment tax, a border tax, or any other tax other than a direct tax or an import charge.

(ix) A coalition or trade association as described in section 771(9)(G) of the Act.

(30) *Investigation.* Under the Act and this part, there is a distinction between an antidumping or countervailing duty investigation and a proceeding. (i) Notice of termination of investigation,

(ii) Notice of rescission of investigation,

(iii) Notice of a negative determination that has the effect of terminating the proceeding, or

(iv) An order.

(31) *Loan.* ''Loan'' means a loan or other form of debt financing, such as a bond.

(35) *Ordinary course of trade.* ''Ordinary course of trade'' has the same meaning as in section 771(15) of the Act. The Secretary may consider sales or transactions to be outside the ordinary course of trade if the Secretary determines, based on an evaluation of all of the circumstances particular to the sales in question, that such sales or transactions have characteristics that are extraordinary for the market in question. Examples of sales that the Secretary might consider as being outside the ordinary course of trade are sales or transactions involving off-quality merchandise or merchandise produced according to unusual product specifications, merchandise sold at aberrational prices or with abnormally high profits, merchandise sold pursuant to unusual terms of sale, or merchandise sold to an affiliated party at a non-arm's length price.

(36) *Party to the proceeding.* ''Party to the proceeding'' means any interested party that actively participates, through written submissions of factual information or written argument, in a segment of a proceeding. Participation in a prior segment of a proceeding will not confer on any interested party ''party to the proceeding'' status in a subsequent segment.

(37) *Person.* ''Person'' includes any interested party as well as any other individual, enterprise, or entity, as appropriate.

(38) *Price adjustment.* ''Price adjustment'' means a change in the price charged for subject merchandise or the foreign like product, such as a discount, rebate, or other adjustment, including, under certain circumstances, a change that is made after the time of sale (*see* § 351.401(c)), that is reflected in the purchaser's net outlay.

(39) *Prior-stage indirect tax.* ''Prior-stage indirect tax'' means an indirect tax levied on goods or services used directly or indirectly in making a product.

(40) *Proceeding.* A ''proceeding'' begins on the date of the filing of a petition under section 702(b) or section 732(b) of the Act or the publication of a notice of initiation in a self-initiated investigation under section 702(a) or

section 732(a) of the Act, and ends on the date of publication of the earliest notice of:

(i) Dismissal of petition,

(ii) Rescission of initiation,

(v) Revocation of an order, or

(43) *Sale*. A ''sale'' includes a contract to sell and a lease that is equivalent to a sale.

(44) *Secretary*. ''Secretary'' means the Secretary of Commerce or a designee. The Secretary has delegated to the Assistant Secretary for Enforcement and Compliance the authority to make determinations under title VII of the Act and this part.

(46) *Section 762 review*. ''Section 762 review'' means a review under section 762 of the Act.

(47) *Segment of proceeding*—(i) *In general*. An antidumping or countervailing duty proceeding consists of one or more segments. ''Segment of a proceeding'' or ''segment of the proceeding'' refers to a portion of the proceeding that is reviewable under section 516A of the Act.

(ii) *Examples*. An antidumping or countervailing duty investigation or a review of an order or suspended investigation, or a scope inquiry under § 351.225, each would constitute a segment of a proceeding.

(48) *Short-term loan*. ''Short-term loan'' means a loan, the terms of repayment for which are one year or less.

(49) *Sunset review*. ''Sunset review'' means a review under section 751(c) of the Act.

(51) *Third country*. For purposes of subpart D, ''third country'' means a country other than the exporting country and the United States. Under section 773(a) of the Act and subpart D, in certain circumstances the Secretary may determine normal value on the basis of sales to a third country.

(52) *URAA*. ''URAA'' means the Uruguay Round Agreements Act.

(b) Enforcement and Compliance's Administrative Protective Order and Dockets Unit (APO/Dockets Unit) is located in Room 18022, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The office hours of the APO/Dockets Unit are between 8:30 a.m. and 5 p.m. Eastern Time on business days. Among other things, the APO/Dockets Unit is responsible for receiving submissions from interested parties, issuing administrative protective orders (APOs), maintaining the APO service list and the public service list as provided for in paragraph (d) of this section, releasing business proprietary

information under APO, and conducting APO violation investigations. The APO/Dockets Unit also is the contact point for questions and concerns regarding claims for business proprietary treatment of information and proper public versions of submissions under § 351.105 and § 351.304.

(c) *Filing of documents with the Department.* No document will be considered as having been received by the Secretary unless it is electronically filed in accordance with § 351.303(b)(2)(i) or, where applicable, in accordance with § 351.303(b)(2)(ii), it is manually submitted to the Enforcement and Compliance's APO/Dockets Unit in Room 18022 and is stamped with the date, and, where necessary, the time, of receipt. A manually filed document must be submitted with a cover sheet, in accordance with § 351.303(b)(3).

(d) The APO/Dockets Unit will maintain and make available a public service list for each segment of a proceeding. The service list for an application for a scope ruling is described in § 351.225(n). The service list for a request for a circumvention inquiry is described in § 351.226(n).

All persons who file an entry of appearance and qualify as an interested party will be included in the public service list for the segment of the proceeding in which the entry of appearance is submitted. The entry of appearance may be filed as a cover letter to an application for APO access. If the representative of the interested party is not requesting access to business proprietary information under APO, the entry of appearance must be filed separately from any other document filed with the Department. If the interested party is a coalition or association as defined in subparagraph (A), (E), (F) or (G) of section 771(9) of the Act, the entry of appearance must identify all of the members of the coalition or association.

(2) Each interested party that asks to be included on the public service list for a segment of a proceeding must designate a person to receive service of documents filed in that segment.

The official record will include government memoranda pertaining to the proceeding, memoranda of ex parte meetings, determinations, notices published in the FEDERAL REGISTER, and transcripts of hearings. The official record will contain material that is public, business proprietary, privileged, and classified. For purposes of section 516A(b)(2) of the Act, the record is the official record of each segment of the proceeding.

(2) *Material rejected.* (i) The Secretary, in making any determination under this part, will not use factual information, written argument, or other material that the Secretary rejects.

(ii) The official record will include a copy of a rejected document, solely for purposes of establishing and documenting the basis for rejecting the document, if the document was rejected because:

(A) The document, although otherwise timely, contains untimely filed new factual information (see § 351.301(b));

(B) The submitter made a nonconforming request for business proprietary treatment of factual information (see § 351.304);

(C) The Secretary denied a request for business proprietary treatment of factual information (see § 351.304);

(D) The submitter is unwilling to permit the disclosure of business proprietary information under APO (see § 351.304).

(b) *Public record.* The Secretary will maintain a public record of each proceeding. The record will consist of all material contained in the official record (see paragraph (a) of this section) that the Secretary decides is public information under § 351.105(b), government memoranda or portions of memoranda that the Secretary decides may be disclosed to the general public, and public versions of all determinations, notices, and transcripts. The public record will be available to the public for inspection and copying in the Central Records Unit (see § 351.103). The Secretary will charge an appropriate fee for providing copies of documents.

(c) *Protection of records.* Unless ordered by the Secretary or required by law, no record or portion of a record will be removed from the Department.

[62 FR 27379, May 19, 1997, as amended at 76 FR 39274, July 6, 2011]

§ 351.105 Public, business proprietary, privileged, and classified information.

(a) *Introduction.* There are four categories of information in an antidumping or countervailing duty proceeding: public, business proprietary, privileged, and classified. In general, public information is information that may be made available to the public, whereas business proprietary information may be disclosed (if at all) only to authorized applicants under an APO. Privileged and classified information may not be disclosed at all, even under an APO. This section describes the four categories of information.

(b) *Public information.* The Secretary normally will consider the following to be public information:

(1) Factual information of a type that has been published or otherwise made available to the public by the person submitting it;

(2) Factual information that is not designated as business proprietary by the person submitting it;

(3) Factual information that, although designated as business proprietary by the person submitting it, is in a form that cannot be associated with or otherwise used to identify activities of a particular person or that the Secretary determines is not properly designated as business proprietary;

(4) Publicly available laws, regulations, decrees, orders, and other official documents of a country, including English translations; and

(5) Written argument relating to the proceeding that is not designated as business proprietary.

(c) *Business proprietary information.* The Secretary normally will consider the following factual information to be business proprietary information, if so designated by the submitter:

(1) Business or trade secrets concerning the nature of a product or production process;

(2) Production costs (but not the identity of the production components unless a particular component is a trade secret);

(3) Distribution costs (but not channels of distribution);

(4) Terms of sale (but not terms of sale offered to the public);

(5) Prices of individual sales, likely sales, or other offers (but not components of prices, such as transportation, if based on published schedules, dates of sale, product descriptions (other than business or trade secrets described in paragraph (c)(1) of this section), or order numbers);

(6) Names of particular customers, distributors, or suppliers (but not destination of sale or designation of type of customer, distributor, or supplier, unless the destination or designation would reveal the name);

(7) In an antidumping proceeding, the exact amount of the dumping margin on individual sales;

(8) In a countervailing duty proceeding, the exact amount of the benefit applied for or received by a person from each of the programs under investigation or review (but not descriptions of the operations of the programs, or the amount if included in official public statements or documents or publications, or the *ad valorem* countervailable subsidy rate calculated for each person under a program);

(9) The names of particular persons from whom business proprietary information was obtained;

(10) The position of a domestic producer or workers regarding a petition; and

(11) Any other specific business information the release of which to the public would cause substantial harm to the competitive position of the submitter.

(d) *Privileged information.* The Secretary will consider information privileged if, based on principles of law concerning privileged information, the Secretary decides that the information should not be released to the public or to parties to the proceeding. Privileged information is exempt from disclosure to the public or to representatives of interested parties.

(e) *Classified information.* Classified information is information that is classified under Executive Order No. 12356 of April 2, 1982 (47 FR 14874 and 15557, 3 CFR 1982 Comp. p. 166) or successor executive order, if applicable. Classified information is exempt from disclosure to the public or to representatives of interested parties.

§ 351.106 *De minimis* net countervailable subsidies and weighted-average dumping margins disregarded.

(a) *Introduction.* Prior to the enactment of the URAA, the Department had a well-established and judicially sanctioned practice of disregarding net countervailable subsidies or weighted-average dumping margins that were *de minimis.* The URAA codified in the Act the particular *de minimis* standards to be used in antidumping and countervailing duty investigations. This section discussed the application of the *de minimis* standards in antidumping or countervailing duty proceedings.

(b) *Investigations*—(1) *In general.* In making a preliminary or final antidumping or countervailing duty determination in an investigation (*see* sections 703(b), 733(b), 705(a), and 735(a) of the Act), the Secretary will apply the *de minimis* standard set forth in section 703(b)(4) or section 733(b)(3) of the Act (whichever is applicable).

(2) *Transition rule.* (i) If:

(A) The Secretary resumes an investigation that has been suspended (*see* section 704(i)(1)(B) or section 734(i)(1)(B) of the Act); and

(B) The investigation was initiated before January 1, 1995, then

(ii) The Secretary will apply the *de minimis* standard in effect at the time that the investigation was initiated.

(c) *Reviews and other determinations*—(1) *In general.* In making any determination other than a preliminary or final antidumping or countervailing duty determination in an investigation (*see* paragraph (b) of this section), the Secretary will treat as *de minimis* any weighted-average dumping margin or countervailable subsidy rate that is less than 0.5 percent *ad valorem,* or the equivalent specific rate.

(2) *Assessment of antidumping duties.* The Secretary will instruct the Customs Service to liquidate without regard to antidumping duties all entries of subject merchandise during the relevant period of review made by any person for which the Secretary calculates an assessment rate under § 351.212(b)(1) that is less than 0.5 percent *ad valorem,* or the equivalent specific rate.

§ 351.107 Cash deposit rates for nonproducing exporters; rates in antidumping proceedings involving a nonmarket economy country.

(a) *Introduction.* This section deals with the establishment of cash deposit rates in situations where the exporter is not the producer of subject merchandise, the selection of the appropriate cash deposit rate in situations where entry documents do not indicate the producer of subject merchandise, and the calculation of dumping margins in

antidumping proceedings involving imports from a nonmarket economy country.

(b) *Cash deposit rates for nonproducing exporters*—(1) *Use of combination rates*—(i) *In general.* In the case of subject merchandise that is exported to the United States by a company that is not the producer of the merchandise, the Secretary may establish a ''combination'' cash deposit rate for each combination of the exporter and its supplying producer(s).

(ii) *Example.* A nonproducing exporter (Exporter A) exports to the United States subject merchandise produced by Producers X, Y, and Z. In such a situation, the Secretary may establish cash deposit rates for Exporter A/Producer X, Exporter A/Producer Y, and Exporter A/Producer Z.

(2) *New supplier.* In the case of subject merchandise that is exported to the United States by a company that is not the producer of the merchandise, if the Secretary has not established previously a combination cash deposit rate under paragraph (b)(1)(i) of this section for the exporter and producer in question or a noncombination rate for the exporter in question, the Secretary will apply the cash deposit rate established for the producer. If the Secretary has not previously established a cash deposit rate for the producer, the Secretary will apply the ''all-others rate'' described in section 705(c)(5) or section 735(c)(5) of the Act, as the case may be.

(c) *Producer not identified*—(1) *In general.* In situations where entry documents do not identify the producer of subject merchandise, if the Secretary has not established previously a noncombination rate for the exporter, the Secretary may instruct the Customs Service to apply as the cash deposit rate the higher of:

(i) The highest of any combination cash deposit rate established for the exporter under paragraph (b)(1)(i) of this section;

(ii) The highest cash deposit rate established for any producer other than a producer for which the Secretary established a combination rate involving the exporter in question under paragraph (b)(1)(i) of this section; or

(iii) The ''all-others rate'' described in section 705(c)(5) or section 735(c)(5) of the Act, as the case may be.

(2) [Reserved]

(d) *Rates in antidumping proceedings involving nonmarket economy countries.* In an antidumping proceeding involving imports from a nonmarket economy country, ''rates'' may consist of a single dumping margin applicable to all exporters and producers.

Subpart B—Antidumping and Countervailing Duty Procedures

§ 351.201 Self-initiation.

(a) *Introduction.* Antidumping and countervailing duty investigations may be initiated as the result of a petition filed by a domestic interested party or at the Secretary's own initiative. This section contains rules regarding the actions the Secretary will take when the Secretary self-initiates an investigation.

(b) *In general.* When the Secretary self-initiates an investigation under section 702(a) or section 732(a) of the Act, the Secretary will publish in the FEDERAL REGISTER notice of ''Initiation of Antidumping (Countervailing Duty) Investigation.'' In addition, the Secretary will notify the Commission at the time of initiation of the investigation, and will make available to employees of the Commission directly involved in the proceeding the information upon which the Secretary based the initiation and which the Commission may consider relevant to its injury determination.

(c) *Persistent dumping monitoring.* To the extent practicable, the Secretary will expedite any antidumping investigation initiated as the result of a monitoring program established under section 732(a)(2) of the Act.

§ 351.202 Petition requirements.

(a) *Introduction.* The Secretary normally initiates antidumping and countervailing duty investigations based on petitions filed by a domestic interested party. This section contains rules concerning the contents of a petition, filing requirements, notification of foreign governments, pre-initiation communications with the Secretary, and

assistance to small businesses in preparing petitions. Petitioners are also advised to refer to the Commission's regulations concerning the contents of petitions, currently 19 CFR 207.11.

(b) *Contents of petition.* A petition requesting the imposition of antidumping or countervailing duties must contain the following, to the extent reasonably available to the petitioner:

(1) The name, address, and telephone number of the petitioner and any person the petitioner represents;

(2) The identity of the industry on behalf of which the petitioner is filing, including the names, addresses, and telephone numbers of all other known persons in the industry;

(3) Information relating to the degree of industry support for the petition, including:

(i) The total volume and value of U.S. production of the domestic like product; and

(ii) The volume and value of the domestic like product produced by the petitioner and each domestic producer identified;

(4) A statement indicating whether the petitioner has filed for relief from imports of the subject merchandise under section 337 of the Act (19 U.S.C. 1337, 1671a), sections 201 or 301 of the Trade Act of 1974 (19 U.S.C. 2251 or 2411), or section 232 of the Trade Expansion Act of 1962 (19 U.S.C. 1862);

(5) A detailed description of the subject merchandise that defines the requested scope of the investigation, including the technical characteristics and uses of the merchandise and its current U.S. tariff classification number;

(6) The name of the country in which the subject merchandise is manufactured or produced and, if the merchandise is imported from a country other than the country of manufacture or production, the name of any intermediate country from which the merchandise is imported;

(7)(i) In the case of an antidumping proceeding:

(A) The names and addresses of each person the petitioner believes sells the subject merchandise at less than fair value and the proportion of total exports to the United States that each person accounted for during the most recent 12-month period (if numerous, provide information at least for persons that, based on publicly available information, individually accounted for two percent or more of the exports);

(B) All factual information (particularly documentary evidence) relevant to the calculation of the export price and the constructed export price of the subject merchandise and the normal value of the foreign like product (if unable to furnish information on foreign sales or costs, provide information on production costs in the United States, adjusted to reflect production costs in the country of production of the subject merchandise);

(C) If the merchandise is from a country that the Secretary has found to be a nonmarket economy country, factual information relevant to the calculation of normal value, using a method described in § 351.408; or

(ii) In the case of a countervailing duty proceeding:

(A) The names and addresses of each person the petitioner believes benefits from a countervailable subsidy and exports the subject merchandise to the United States and the proportion of total exports to the United States that each person accounted for during the most recent 12-month period (if numerous, provide information at least for persons that, based on publicly available information, individually accounted for two percent or more of the exports);

(B) The alleged countervailable subsidy and factual information (particularly documentary evidence) relevant to the alleged countervailable subsidy, including any law, regulation, or decree under which it is provided, the manner in which it is paid, and the value of the subsidy to exporters or producers of the subject merchandise;

(C) If the petitioner alleges an upstream subsidy under section 771A of the Act, factual information regarding:

(*1*) Countervailable subsidies, other than an export subsidy, that an authority of the affected country provides to the upstream supplier;

(*2*) The competitive benefit the countervailable subsidies bestow on the subject merchandise; and

(*3*) The significant effect the countervailable subsidies have on the

cost of producing the subject merchandise;

(8) The volume and value of the subject merchandise imported during the most recent two-year period and any other recent period that the petitioner believes to be more representative or, if the subject merchandise was not imported during the two-year period, information as to the likelihood of its sale for importation;

(9) The name, address, and telephone number of each person the petitioner believes imports or, if there were no importations, is likely to import the subject merchandise;

(10) Factual information regarding material injury, threat of material injury, or material retardation, and causation;

(11) If the petitioner alleges ''critical circumstances'' under section 703(e)(1) or section 733(e)(1) of the Act and § 351.206, factual information regarding:

(i) Whether imports of the subject merchandise are likely to undermine seriously the remedial effect of any order issued under section 706(a) or section 736(a) of the Act;

(ii) Massive imports of the subject merchandise in a relatively short period; and

(iii) (A) In an antidumping proceeding, either:

(*1*) A history of dumping; or

(*2*) The importer's knowledge that the exporter was selling the subject merchandise at less than its fair value, and that there would be material injury by reason of such sales; or

(B) In a countervailing duty proceeding, whether the countervailable subsidy is inconsistent with the Subsidies Agreement; and

(12) Any other factual information on which the petitioner relies.

(c) *Simultaneous filing and certification.* The petitioner must file a copy of the petition with the Commission and the Secretary on the same day and so certify in submitting the petition to the Secretary. Factual information in the petition must be certified, as provided in § 351.303(g). Other filing requirements are set forth in § 351.303.

(d) *Business proprietary status of information.* The Secretary will treat as business proprietary any factual information for which the petitioner requests business proprietary treatment and which meets the requirements of § 351.304.

(e) *Amendment of petition.* The Secretary may allow timely amendment of the petition. The petitioner must file an amendment with the Commission and the Secretary on the same day and so certify in submitting the amendment to the Secretary. If the amendment consists of new allegations, the timeliness of the new allegations will be governed by § 351.301.

(f) *Notification of representative of the exporting country.* Upon receipt of a petition, the Secretary will deliver a public version of the petition (*see* § 351.304(c)) to a representative in Washington, DC, of the government of any exporting country named in the petition.

(g) *Petition based upon derogation of an international undertaking on official export credits.* In the case of a petition described in section 702(b)(3) of the Act, the petitioner must file a copy of the petition with the Secretary of the Treasury, as well as with the Secretary and the Commission, and must so certify in submitting the petition to the Secretary.

(h) *Assistance to small businesses; additional information.* (1) The Secretary will provide technical assistance to eligible small businesses, as defined in section 339 of the Act, to enable them to prepare and file petitions. The Secretary may deny assistance if the Secretary concludes that the petition, if filed, could not satisfy the requirements of section 702(c)(1)(A) or section 732(c)(1)(A) of the Act (whichever is applicable) (*see* § 351.203).

(2) For additional information concerning petitions, contact the Director for Policy and Analysis, Enforcement and Compliance, International Trade Administration, Room 3093, U.S. Department of Commerce, Pennsylvania Avenue and 14th Street, NW, Washington, DC 20230; (202) 482–1768.

(i) *Pre-initiation communications*—(1) *In general.* During the period before the Secretary's decision whether to initiate an investigation, the Secretary will not consider the filing of a notice of appearance to constitute a communication for purposes of section

702(b)(4)(B) or section 732(b)(3)(B) of the Act.

(2) *Consultations with foreign governments in countervailing duty proceedings.* In a countervailing duty proceeding, the Secretary will invite the government of any exporting country named in the petition for consultations with respect to the petition.

(The information collection requirements in paragraph (a) of this section have been approved by the Office of Management and Budget under control number 0625–0105.)

§ 351.203 Determination of sufficiency of petition.

(a) *Introduction.* When a petition is filed under § 351.202, the Secretary must determine that the petition satisfies the relevant statutory requirements before initiating an antidumping or countervailing duty investigation. This section sets forth rules regarding a determination as to the sufficiency of a petition (including the determination that a petition is supported by the domestic industry), the deadline for making the determination, and the actions to be taken once the Secretary has made the determination.

(b) *Determination of sufficiency*—(1) *In general.* Normally, not later than 20 days after a petition is filed, the Secretary, on the basis of sources readily available to the Secretary, will examine the accuracy and adequacy of the evidence provided in the petition and determine whether to initiate an investigation under section 702(c)(1)(A) or section 732(c)(1)(A) of the Act (whichever is applicable).

(2) *Extension where polling required.* If the Secretary is required to poll or otherwise determine support for the petition under section 702(c)(4)(D) or section 732(c)(4)(D) of the Act, the Secretary may, in exceptional circumstances, extend the 20-day period by the amount of time necessary to collect and analyze the required information. In no case will the period between the filing of a petition and the determination whether to initiate an investigation exceed 40 days.

(c) *Notice of initiation and distribution of petition*—(1) *Notice of initiation.* If the initiation determination of the Secretary under section 702(c)(1)(A) or section 732(c)(1)(A) of the Act is affirmative, the Secretary will initiate an investigation and publish in the FEDERAL REGISTER notice of ''Initiation of Antidumping (Countervailing Duty) Investigation.'' The Secretary will notify the Commission at the time of initiation of the investigation and will make available to employees of the Commission directly involved in the proceeding the information upon which the Secretary based the initiation and which the Commission may consider relevant to its injury determinations.

(2) *Distribution of petition.* As soon as practicable after initiation of an investigation, the Secretary will provide a public version of the petition to all known exporters (including producers who sell for export to the United States) of the subject merchandise. If the Secretary determines that there is a particularly large number of exporters involved, instead of providing the public version to all known exporters, the Secretary may provide the public version to a trade association of the exporters or, alternatively, may consider the requirement of the preceding sentence to have been satisfied by the delivery of a public version of the petition to the government of the exporting country under § 351.202(f).

(d) *Insufficiency of petition.* If an initiation determination of the Secretary under section 702(c)(1)(A) or section 732(c)(1)(A) of the Act is negative, the Secretary will dismiss the petition, terminate the proceeding, notify the petitioner in writing of the reasons for the determination, and publish in the FEDERAL REGISTER notice of ''Dismissal of Antidumping (Countervailing Duty) Petition.''

(e) *Determination of industry support.* In determining industry support for a petition under section 702(c)(4) or section 732(c)(4) of the Act, the following rules will apply:

(1) *Measuring production.* The Secretary normally will measure production over a twelve-month period specified by the Secretary, and may measure production based on either value or volume. Where a party to the proceeding establishes that production data for the relevant period, as specified by the Secretary, is unavailable, production levels may be established by reference to alternative data that

the Secretary determines to be indicative of production levels.

(2) *Positions treated as business proprietary information.* Upon request, the Secretary may treat the position of a domestic producer or workers regarding the petition and any production information supplied by the producer or workers as business proprietary information under § 351.105(c)(10).

(3) *Positions expressed by workers.* The Secretary will consider the positions of workers and management regarding the petition to be of equal weight. The Secretary will assign a single weight to the positions of both workers and management according to the production of the domestic like product of the firm in which the workers and management are employed. If the management of a firm expresses a position in direct opposition to the position of the workers in that firm, the Secretary will treat the production of that firm as representing neither support for, nor opposition to, the petition.

(4) *Certain positions disregarded.* (i) The Secretary will disregard the position of a domestic producer that opposes the petition if such producer is related to a foreign producer or to a foreign exporter under section 771(4)(B)(ii) of the Act, unless such domestic producer demonstrates to the Secretary's satisfaction that its interests as a domestic producer would be adversely affected by the imposition of an antidumping order or a countervailing duty order, as the case may be; and

(ii) The Secretary may disregard the position of a domestic producer that is an importer of the subject merchandise, or that is related to such an importer, under section 771(4)(B)(ii) of the Act.

(5) *Polling the industry.* In conducting a poll of the industry under section 702(c)(4)(D)(i) or section 732(c)(4)(D)(i) of the Act, the Secretary will include unions, groups of workers, and trade or business associations described in paragraphs (9)(D) and (9)(E) of section 771 of the Act.

(f) *Time limits where petition involves same merchandise as that covered by an order that has been revoked.* Under section 702(c)(1)(C) or section 732(c)(1)(C) of the Act, and in expediting an investigation involving subject merchandise for which a prior order was revoked or a suspended investigation was terminated, the Secretary will consider ''section 751(d)'' as including a predecessor provision.

(g) *Time limits for filing interested party comments on industry support.* For purposes of sections 702(c)(4)(E) and 732(c)(4)(E) of the Act, the Secretary will consider comments or information on the issue of industry support submitted no later than 5 business days before the date referenced in paragraph (b)(1) of this section by any interested party under section 771(9) of the Act. The Secretary will consider rebuttal comments or information to rebut, clarify, or correct such information on industry support submitted by any interested party no later than two calendar days from the time limit for filing comments.

[62 FR 27379, May 19, 1997, as amended at 86 FR 52371, Sept. 20, 2021]

§ 351.204 Time periods and persons examined; voluntary respondents; exclusions.

(a) *Introduction.* Because the Act does not specify the precise period of time that the Secretary should examine in an antidumping or countervailing duty investigation, this section sets forth rules regarding the period of investigation (''POI''). In addition, this section includes rules regarding the selection of persons to be examined, the treatment of voluntary respondents that are not selected for individual examination, and the exclusion of persons that the Secretary ultimately finds are not dumping or are not receiving countervailable subsidies.

(b) *Period of investigation*—(1) *Antidumping investigation.* In an antidumping investigation, the Secretary normally will examine merchandise sold during the four most recently completed fiscal quarters (or, in an investigation involving merchandise imported from a nonmarket economy country, the two most recently completed fiscal quarters) as of the month preceding the month in which the petition was filed or in which the Secretary self-initiated an investigation. However, the Secretary may examine merchandise sold during any additional

or alternate period that the Secretary concludes is appropriate.

(2) *Countervailing duty investigation.* In a countervailing duty investigation, the Secretary normally will rely on information pertaining to the most recently completed fiscal year for the government and exporters or producers in question. If the exporters or producers have different fiscal years, the Secretary normally will rely on information pertaining to the most recently completed calendar year. If the investigation is conducted on an aggregate basis under section 777A(e)(2)(B) of the Act, the Secretary normally will rely on information pertaining to the most recently completed fiscal year for the government in question. However, the Secretary may rely on information for any additional or alternate period that the Secretary concludes is appropriate.

(c) *Exporters and producers examined*—(1) *In general.* In an investigation, the Secretary will attempt to determine an individual weighted-average dumping margin or individual countervailable subsidy rate for each known exporter or producer of the subject merchandise. However, the Secretary may decline to examine a particular exporter or producer if that exporter or producer and the petitioner agree.

(2) *Limited investigation.* Notwithstanding paragraph (c)(1) of this section, the Secretary may limit the investigation by using a method described in subsection (a), (c), or (e) of section 777A of the Act.

(d) *Voluntary respondents*—(1) *In general.* If the Secretary limits the number of exporters or producers to be individually examined under section 777A(c)(2) or section 777A(e)(2)(A) of the Act, the Secretary will examine voluntary respondents (exporters or producers, other than those initially selected for individual examination) in accordance with section 782(a) of the Act.

(2) *Acceptance of voluntary respondents.* The Secretary will determine, as soon as practicable, whether to examine a voluntary respondent individually. A voluntary respondent accepted for individual examination under subparagraph (d)(1) of this section will be subject to the same requirements as an exporter or producer initially selected by the Secretary for individual examination under section 777A(c)(2) or section 777A(e)(2)(A) of the Act, including the requirements of section 782(a) of the Act and, where applicable, the use of the facts available under section 776 of the Act and § 351.308.

(3) *Exclusion of voluntary respondents' rates from all-others rate.* In calculating an all-others rate under section 705(c)(5) or section 735(c)(5) of the Act, the Secretary will exclude weighted-average dumping margins or countervailable subsidy rates calculated for voluntary respondents.

(4) *Requests for voluntary respondent treatment.* An interested party seeking treatment as a voluntary respondent must so indicate by including as a title on the first page of the first submission, ''Request for Voluntary Respondent Treatment.''

(e) *Exclusions*—(1) *In general.* The Secretary will exclude from an affirmative final determination under section 705(a) or section 735(a) of the Act or an order under section 706(a) or section 736(a) of the Act, any exporter or producer for which the Secretary determines an individual weighted-average dumping margin or individual net countervailable subsidy rate of zero or *de minimis.*

(2) *Preliminary determinations.* In an affirmative preliminary determination under section 703(b) or section 733(b) of the Act, an exporter or producer for which the Secretary preliminarily determines an individual weighted-average dumping margin or individual net countervailable subsidy of zero or *de minimis* will not be excluded from the preliminary determination or the investigation. However, the exporter or producer will not be subject to provisional measures under section 703(d) or section 733(d) of the Act.

(3) *Exclusion of nonproducing exporter*—(i) *In general.* In the case of an exporter that is not the producer of subject merchandise, the Secretary normally will limit an exclusion of the exporter to subject merchandise of those producers that supplied the exporter during the period of investigation.

(ii) *Example.* During the period of investigation, Exporter A exports to the

United States subject merchandise produced by Producer X. Based on an examination of Exporter A, the Secretary determines that the dumping margins with respect to these exports are *de minimis,* and the Secretary excludes Exporter A. Normally, the exclusion of Exporter A would be limited to subject merchandise produced by Producer X. If Exporter A began to export subject merchandise produced by Producer Y, this merchandise would be subject to the antidumping duty order, if any.

(4) *Countervailing duty investigations conducted on an aggregate basis and requests for exclusion from countervailing duty order.* Where the Secretary conducts a countervailing duty investigation on an aggregate basis under section 777A(e)(2)(B) of the Act, the Secretary will consider and investigate requests for exclusion to the extent practicable. An exporter or producer that desires exclusion from an order must submit:

(i) A certification by the exporter or producer that it received zero or *de minimis* net countervailable subsidies during the period of investigation;

(ii) If the exporter or producer received a countervailable subsidy, calculations demonstrating that the amount of net countervailable subsidies received was *de minimis* during the period of investigation;

(iii) If the exporter is not the producer of the subject merchandise, certifications from the suppliers and producers of the subject merchandise that those persons received zero or *de minimis* net countervailable subsidies during the period of the investigation; and

(iv) A certification from the government of the affected country that the government did not provide the exporter (or the exporter's supplier) or producer with more than *de minimis* net countervailable subsidies during the period of investigation.

[62 FR 27379, May 19, 1997, as amended at 73 FR 3643, Jan. 22, 2008]

§ 351.205 Preliminary determination.

(a) *Introduction.* A preliminary determination in an antidumping or countervailing duty investigation constitutes the first point at which the Secretary may provide a remedy (sometimes referred to as ''provisional measures'') if the Secretary preliminarily finds that dumping or countervailable subsidization has occurred. Whether the Secretary's preliminary determination is affirmative or negative, the investigation continues. This section contains rules regarding deadlines for preliminary determinations, postponement of preliminary determinations, notices of preliminary determinations, and the effects of affirmative preliminary determinations.

(b) *Deadline for preliminary determination.* The deadline for a preliminary determination under section 703(b) or section 733(b) of the Act will be:

(1) Normally not later than 140 days in an antidumping investigation (65 days in a countervailing duty investigation) after the date on which the Secretary initiated the investigation (*see* section 703(b)(1) or section 733(b)(1)(A) of the Act);

(2) Not later than 190 days in an antidumping investigation (130 days in a countervailing duty investigation) after the date on which the Secretary initiated the investigation if the Secretary postpones the preliminary determination at petitioner's request or because the Secretary determines that the investigation is extraordinarily complicated (*see* section 703(c)(1) or section 733(c)(1) of the Act);

(3) In a countervailing duty investigation, not later than 250 days after the date on which the proceeding began if the Secretary postpones the preliminary determination due to an upstream subsidy allegation (up to 310 days if the Secretary also postponed the preliminary determination at the request of the petitioner or because the Secretary determined that the investigation is extraordinarily complicated) (*see* section 703(c)(1) and section 703(g)(1) of the Act);

(4) Within 90 days after initiation in an antidumping investigation, and on an expedited basis in a countervailing duty investigation, where verification has been waived (*see* section 703(b)(3) or section 733(b)(2) of the Act);

(5) In a countervailing duty investigation, on an expedited basis and within 65 days after the date on which the Secretary initiated the investigation if the sole subsidy alleged in the

petition was the derogation of an international undertaking on official export credits (*see* section 702(b)(3) and section 703(b)(2) of the Act);

(6) In a countervailing duty investigation, not later than 60 days after the date on which the Secretary initiated the investigation if the only subsidy under investigation is a subsidy with respect to which the Secretary received notice from the United States Trade Representative of a violation of Article 8 of the Subsidies Agreement (*see* section 703(b)(5) of the Act); and

(7) In an antidumping investigation, within the deadlines set forth in section 733(b)(1)(B) of the Act if the investigation involves short life cycle merchandise (*see* section 733(b)(1)(B) and section 739 of the Act).

(c) *Contents of preliminary determination and publication of notice.* A preliminary determination will include a preliminary finding on critical circumstances, if appropriate, under section 703(e)(1) or section 733(e)(1) of the Act (whichever is applicable). The Secretary will publish in the FEDERAL REGISTER notice of ''Affirmative (Negative) Preliminary Antidumping (Countervailing Duty) Determination,'' including the rates, if any, and an invitation for argument consistent with § 351.309.

(d) *Effect of affirmative preliminary determination.* If the preliminary determination is affirmative, the Secretary will take the actions described in section 703(d) or section 733(d) of the Act (whichever is applicable). With respect to section 703(d)(1)(B) and 733(d)(1)(B) of the Act, the Secretary will normally order the posting of cash deposits to ensure payment if antidumping or countervailing duties ultimately are imposed. In making information available to the Commission under section 703(d)(3) or section 733(d)(3) of the Act, the Secretary will make available to the Commission and to employees of the Commission directly involved in the proceeding the information upon which the Secretary based the preliminary determination and which the Commission may consider relevant to its injury determination.

(e) *Postponement at the request of the petitioner.* A petitioner must submit a request for postponement of the preliminary determination (*see* section 703(c)(1)(A) or section 733(c)(1)(A) of the Act) 25 days or more before the scheduled date of the preliminary determination, and must state the reasons for the request. The Secretary will grant the request, unless the Secretary finds compelling reasons to deny the request.

(f) *Notice of postponement.* (1) If the Secretary decides to postpone the preliminary determination at the request of the petitioner or because the investigation is extraordinarily complicated, the Secretary will notify all parties to the proceeding not later than 20 days before the scheduled date of the preliminary determination, and will publish in the FEDERAL REGISTER notice of ''Postponement of Preliminary Antidumping (Countervailing Duty) Determination,'' stating the reasons for the postponement (*see* section 703(c)(2) or section 733(c)(2) of the Act).

(2) If the Secretary decides to postpone the preliminary determination due to an allegation of upstream subsidies, the Secretary will notify all parties to the proceeding not later than the scheduled date of the preliminary determination and will publish in the FEDERAL REGISTER notice of ''Postponement of Preliminary Countervailing Duty Determination,'' stating the reasons for the postponement.

[62 FR 27379, May 19, 1997, as amended at 76 FR 61045, Oct. 3, 2011]

§ 351.206 Critical circumstances.

(a) *Introduction.* Generally, antidumping or countervailing duties are imposed on entries of merchandise made on or after the date on which the Secretary first imposes provisional measures (most often the date on which notice of an affirmative preliminary determination is published in the FEDERAL REGISTER). However, if the Secretary finds that ''critical circumstances'' exist, duties may be imposed retroactively on merchandise entered up to 90 days before the imposition of provisional measures. This section contains procedural and substantive rules regarding allegations and findings of critical circumstances.

(b) *In general.* If a petitioner submits to the Secretary a written allegation of

critical circumstances, with reasonably available factual information supporting the allegation, 21 days or more before the scheduled date of the Secretary's final determination, or on the Secretary's own initiative in a self-initiated investigation, the Secretary will make a finding whether critical circumstances exist, as defined in section 705(a)(2) or section 735(a)(3) of the Act (whichever is applicable).

(c) *Preliminary finding.* (1) If the petitioner submits an allegation of critical circumstances 30 days or more before the scheduled date of the Secretary's final determination, the Secretary, based on the available information, will make a preliminary finding whether there is a reasonable basis to believe or suspect that critical circumstances exist, as defined in section 703(e)(1) or section 733(e)(1) of the Act (whichever is applicable).

(2) The Secretary will issue the preliminary finding:

(i) Not later than the preliminary determination, if the allegation is submitted 20 days or more before the scheduled date of the preliminary determination; or

(ii) Within 30 days after the petitioner submits the allegation, if the allegation is submitted later than 20 days before the scheduled date of the preliminary determination; or

(iii) If, pursuant to paragraph (i) of this section, the period examined for purposes of determining whether critical circumstances exists is earlier than normal, the Secretary will issue the preliminary finding as early as possible after initiation of the investigation, but normally not less than 45 days after the petition was filed. The Secretary will notify the Commission and publish in the FEDERAL REGISTER notice of the preliminary finding.

(d) *Suspension of liquidation.* If the Secretary makes an affirmative preliminary finding of critical circumstances, the provisions of section 703(e)(2) or section 733(e)(2) of the Act (whichever is applicable) regarding the retroactive suspension of liquidation will apply.

(e) *Final finding.* For any allegation of critical circumstances submitted 21 days or more before the scheduled date of the Secretary's final determination, the Secretary will make a final finding on critical circumstances, and will take appropriate action under section 705(c)(4) or section 735(c)(4) of the Act (whichever is applicable).

(f) *Findings in self-initiated investigations.* In a self-initiated investigation, the Secretary will make preliminary and final findings on critical circumstances without regard to the time limits in paragraphs (c) and (e) of this section.

(g) *Information regarding critical circumstances.* The Secretary may request the Commissioner of Customs to compile information on an expedited basis regarding entries of the subject merchandise if, at any time after the initiation of an investigation, the Secretary makes the findings described in section 702(e) or section 732(e) of the Act (whichever is applicable) regarding the possible existence of critical circumstances.

(h) *Massive imports.* (1) In determining whether imports of the subject merchandise have been massive under section 705(a)(2)(B) or section 735(a)(3)(B) of the Act, the Secretary normally will examine:

(i) The volume and value of the imports;

(ii) Seasonal trends; and

(iii) The share of domestic consumption accounted for by the imports.

(2) In general, unless the imports during the ''relatively short period'' (*see* paragraph (i) of this section) have increased by at least 15 percent over the imports during an immediately preceding period of comparable duration, the Secretary will not consider the imports massive.

(i) *Relatively short period.* Under section 705(a)(2)(B) or section 735(a)(3)(B) of the Act, the Secretary normally will consider a ''relatively short period'' as the period beginning on the date the proceeding begins and ending at least three months later. However, if the Secretary finds that importers, or exporters or producers, had reason to believe, at some time prior to the beginning of the proceeding, that a proceeding was likely, then the Secretary may consider a period of not less than three months from that earlier time.

§ 351.207 Termination of investigation.

(a) *Introduction.* ''Termination'' is a term of art that refers to the end of an antidumping or countervailing duty proceeding in which an order has not yet been issued. The Act establishes a variety of mechanisms by which an investigation may be terminated, most of which are dealt with in this section. For rules regarding the termination of a suspended investigation following a review under section 751 of the Act, *see* § 351.222.

(b) *Withdrawal of petition; self-initiated investigations*—(1) *In general.* The Secretary may terminate an investigation under section 704(a)(1)(A) or section 734(a)(1)(A) (withdrawal of petition) or under section 704(k) or section 734(k) (self-initiated investigation) of the Act, provided that the Secretary concludes that termination is in the public interest. If the Secretary terminates an investigation, the Secretary will publish in the FEDERAL REGISTER notice of ''Termination of Antidumping (Countervailing Duty) Investigation,'' together with, when appropriate, a copy of any correspondence with the petitioner forming the basis of the withdrawal and the termination. (For the treatment in a subsequent investigation of records compiled in an investigation in which the petition was withdrawn, *see* section 704(a)(1)(B) or section 734(a)(1)(B) of the Act.)

(2) *Withdrawal of petition based on acceptance of quantitative restriction agreements.* In addition to the requirements of paragraph (b)(1) of this section, if a termination is based on the acceptance of an understanding or other kind of agreement to limit the volume of imports into the United States of the subject merchandise, the Secretary will apply the provisions of section 704(a)(2) or section 734(a)(2) of the Act (whichever is applicable) regarding public interest and consultations with consuming industries and producers and workers.

(c) *Lack of interest.* The Secretary may terminate an investigation based upon lack of interest (*see* section 782(h)(1) of the Act). Where the Secretary terminates an investigation under this paragraph, the Secretary will publish the notice described in paragraph (b)(1) of this section.

(d) *Negative determination.* An investigation terminates automatically upon publication in the FEDERAL REGISTER of the Secretary's negative final determination or the Commission's negative preliminary or final determination.

(e) *End of suspension of liquidation.* When an investigation terminates, if the Secretary previously ordered suspension of liquidation, the Secretary will order the suspension ended on the date of publication of the notice of termination referred to in paragraph (b) of this section or on the date of publication of a negative determination referred to in paragraph (d) of this section, and will instruct the Customs Service to release any cash deposit or bond.

§ 351.208 Suspension of investigation.

(a) *Introduction.* In addition to the imposition of duties, the Act also permits the Secretary to suspend an antidumping or countervailing duty investigation by accepting a suspension agreement (referred to in the WTO Agreements as an ''undertaking''). Briefly, in a suspension agreement, the exporters and producers or the foreign government agree to modify their behavior so as to eliminate dumping or subsidization or the injury caused thereby. If the Secretary accepts a suspension agreement, the Secretary will ''suspend'' the investigation and thereafter will monitor compliance with the agreement. This section contains rules for entering into suspension agreements and procedures for suspending an investigation.

(b) *In general.* The Secretary may suspend an investigation under section 704 or section 734 of the Act and this section.

(c) *Definition of ''substantially all.''* Under section 704 and section 734 of the Act, exporters that account for ''substantially all'' of the merchandise means exporters and producers that have accounted for not less than 85 percent by value or volume of the subject merchandise during the period for which the Secretary is measuring dumping or countervailable subsidization in the investigation or such other period that the Secretary considers representative.

(d) *Monitoring.* In monitoring a suspension agreement under section 704(c), section 734(c), or section 734(l) of the Act (agreements to eliminate injurious effects or to restrict the volume of imports), the Secretary will not be obliged to ascertain on a continuing basis the prices in the United States of the subject merchandise or of domestic like products.

(e) *Exports not to increase during interim period.* The Secretary will not accept a suspension agreement under section 704(b)(2) or section 734(b)(1) of the Act (the cessation of exports) unless the agreement ensures that the quantity of the subject merchandise exported during the interim period set forth in the agreement does not exceed the quantity of the merchandise exported during a period of comparable duration that the Secretary considers representative.

(f) *Procedure for suspension of investigation*—(1) *Submission of proposed suspension agreement*—(i) *In general.* As appropriate, the exporters and producers or, in an antidumping investigation involving a nonmarket economy country or a countervailing duty investigation, the government, must submit to the Secretary a proposed suspension agreement within:

(A) In an antidumping investigation, 15 days after the date of issuance of the preliminary determination, or

(B) In a countervailing duty investigation, 7 days after the date of issuance of the preliminary determination.

(ii) *Postponement of final determination.* Where a proposed suspension agreement is submitted in an antidumping investigation, an exporter or producer or, in an investigation involving a nonmarket economy country, the government, may request postponement of the final determination under section 735(a)(2) of the Act (*see* § 351.210(e)). Where the final determination in a countervailing duty investigation is postponed under section 703(g)(2) or section 705(a)(1) of the Act (*see* § 351.210(b)(3) and § 351.210(i)), the time limits in paragraphs (f)(1)(i), (f)(2)(i), (f)(3), and (g)(1) of this section applicable to countervailing duty investigations will be extended to coincide with the time limits in such paragraphs applicable to antidumping investigations.

(iii) *Special rule for regional industry determination.* If the Commission makes a regional industry determination in its final affirmative determination under section 705(b) or section 735(b) of the Act but not in its preliminary affirmative determination under section 703(a) or section 733(a) of the Act, the exporters and producers or, in an antidumping investigation involving a nonmarket economy country or a countervailing duty investigation, the government, must submit to the Secretary any proposed suspension agreement within 15 days of the publication in the FEDERAL REGISTER of the antidumping or countervailing duty order.

(2) *Notification and consultation.* In fulfilling the requirements of section 704 or section 734 of the Act (whichever is applicable), the Secretary will take the following actions:

(i) *In general.* The Secretary will notify all parties to the proceeding of the proposed suspension of an investigation and provide to the petitioner a copy of the suspension agreement preliminarily accepted by the Secretary (the agreement must contain the procedures for monitoring compliance and a statement of the compatibility of the agreement with the requirements of section 704 or section 734 of the Act) within:

(A) In an antidumping investigation, 30 days after the date of issuance of the preliminary determination, or

(B) In a countervailing duty investigation, 15 days after the date of issuance of the preliminary determination; or

(ii) *Special rule for regional industry determination.* If the Commission makes a regional industry determination in its final affirmative determination under section 705(b) or section 735(b) of the Act but not in its preliminary affirmative determination under section 703(a) or section 733(a) of the Act, the Secretary, within 15 days of the submission of a proposed suspension agreement under paragraph (f)(1)(iii) of this section, will notify all parties to the proceeding of the proposed suspension agreement and provide to the petitioner a copy of the agreement preliminarily accepted by the Secretary (such

agreement must contain the procedures for monitoring compliance and a statement of the compatibility of the agreement with the requirements of section 704 or section 734 of the Act); and

(iii) *Consultation.* The Secretary will consult with the petitioner concerning the proposed suspension of the investigation.

(3) *Opportunity for comment.* The Secretary will provide all interested parties, an industrial user of the subject merchandise or a representative consumer organization, as described in section 777(h) of the Act, and United States government agencies an opportunity to submit written argument and factual information concerning the proposed suspension of the investigation within:

(i) In an antidumping investigation, 50 days after the date of issuance of the preliminary determination,

(ii) In a countervailing duty investigation, 35 days after the date of issuance of the preliminary determination, or

(iii) In a regional industry case described in paragraph (f)(1)(iii) of this section, 35 days after the date of issuance of an order.

(g) *Acceptance of suspension agreement.* (1) The Secretary may accept an agreement to suspend an investigation within:

(i) In an antidumping investigation, 60 days after the date of issuance of the preliminary determination,

(ii) In a countervailing duty investigation, 45 days after the date of issuance of the preliminary determination, or

(iii) In a regional industry case described in paragraph (f)(1)(iii) of this section, 45 days after the date of issuance of an order.

(2) If the Secretary accepts an agreement to suspend an investigation, the Secretary will take the actions described in section 704(f), section 704(m)(3), section 734(f), or section 734(l)(3) of the Act (whichever is applicable), and will publish in the FEDERAL REGISTER notice of ''Suspension of Antidumping (Countervailing Duty) Investigation,'' including the text of the agreement. If the Secretary has not already published notice of an affirmative preliminary determination, the Secretary will include that notice. In accepting an agreement, the Secretary may rely on factual or legal conclusions the Secretary reached in or after the affirmative preliminary determination.

(h) *Continuation of investigation.* (1) A request to the Secretary under section 704(g) or section 734(g) of the Act for the continuation of the investigation must be made in writing. In addition, the request must be simultaneously filed with the Commission, and the requester must so certify in submitting the request to the Secretary.

(2) If the Secretary and the Commission make affirmative final determinations in an investigation that has been continued, the suspension agreement will remain in effect in accordance with the factual and legal conclusions in the Secretary's final determination. If either the Secretary or the Commission makes a negative final determination, the agreement will have no force or effect.

(i) *Merchandise imported in excess of allowed quantity.* (1) The Secretary may instruct the Customs Service not to accept entries, or withdrawals from warehouse, for consumption of subject merchandise in excess of any quantity allowed by a suspension agreement under section 704 or section 734 of the Act, including any quantity allowed during the interim period (*see* paragraph (e) of this section).

(2) Imports in excess of the quantity allowed by a suspension agreement, including any quantity allowed during the interim period (*see* paragraph (e) of this section), may be exported or destroyed under Customs Service supervision, except that if the agreement is under section 704(c)(3) or section 734(l) of the Act (restrictions on the volume of imports), the excess merchandise, with the approval of the Secretary, may be held for future opening under the agreement by placing it in a foreign trade zone or by entering it for warehouse.

§ 351.209 Violation of suspension agreement.

(a) *Introduction.* A suspension agreement remains in effect until the underlying investigation is terminated (*see*

§§ 351.207 and 351.222). However, if the Secretary finds that a suspension agreement has been violated or no longer meets the requirements of the Act, the Secretary may either cancel or revise the agreement. This section contains rules regarding cancellation and revision of suspension agreements.

(b) *Immediate determination.* If the Secretary determines that a signatory has violated a suspension agreement, the Secretary, without providing interested parties an opportunity to comment, will:

(1) Order the suspension of liquidation in accordance with section 704(i)(1)(A) or section 734(i)(1)(A) of the Act (whichever is applicable) of all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the later of:

(i) 90 days before the date of publication of the notice of cancellation of the agreement; or

(ii) The date of first entry, or withdrawal from warehouse, for consumption of the merchandise the sale or export of which was in violation of the agreement;

(2) If the investigation was not completed under section 704(g) or section 734(g) of the Act, resume the investigation as if the Secretary had made an affirmative preliminary determination on the date of publication of the notice of cancellation and impose provisional measures by instructing the Customs Service to require for each entry of the subject merchandise suspended under paragraph (b)(1) of this section a cash deposit or bond at the rates determined in the affirmative preliminary determination;

(3) If the investigation was completed under section 704(g) or section 734(g) of the Act, issue an antidumping order or countervailing duty order (whichever is applicable) and, for all entries subject to suspension of liquidation under paragraph (b)(1) of this section, instruct the Customs Service to require for each entry of the merchandise suspended under this paragraph a cash deposit at the rates determined in the affirmative final determination;

(4) Notify all persons who are or were parties to the proceeding, the Commission, and, if the Secretary determines that the violation was intentional, the Commissioner of Customs; and

(5) Publish in the FEDERAL REGISTER notice of ''Antidumping (Countervailing Duty) Order (Resumption of Antidumping (Countervailing Duty) Investigation); Cancellation of Suspension Agreement.''

(c) *Determination after notice and comment.* (1) If the Secretary has reason to believe that a signatory has violated a suspension agreement, or that an agreement no longer meets the requirements of section 704(d)(1) or section 734(d) of the Act, but the Secretary does not have sufficient information to determine that a signatory has violated the agreement (*see* paragraph (b) of this section), the Secretary will publish in the FEDERAL REGISTER notice of ''Invitation for Comment on Antidumping (Countervailing Duty) Suspension Agreement.''

(2) After publication of the notice inviting comment and after consideration of comments received the Secretary will:

(i) Determine whether any signatory has violated the suspension agreement; or

(ii) Determine whether the suspension agreement no longer meets the requirements of section 704(d)(1) or section 734(d) of the Act.

(3) If the Secretary determines that a signatory has violated the suspension agreement, the Secretary will take appropriate action as described in paragraphs (b)(1) through (b)(5) of this section.

(4) If the Secretary determines that a suspension agreement no longer meets the requirements of section 704(d)(1) or section 734(d) of the Act, the Secretary will:

(i) Take appropriate action as described in paragraphs (b)(1) through (b)(5) of this section; except that, under paragraph (b)(1)(ii) of this section, the Secretary will order the suspension of liquidation of all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the later of:

(A) 90 days before the date of publication of the notice of suspension of liquidation; or

(B) The date of first entry, or withdrawal from warehouse, for consumption of the merchandise the sale or export of which does not meet the requirements of section 704(d)(1) of the Act;

(ii) Continue the suspension of investigation by accepting a revised suspension agreement under section 704(b) or section 734(b) of the Act (whether or not the Secretary accepted the original agreement under such section) that, at the time the Secretary accepts the revised agreement, meets the applicable requirements of section 704(d)(1) or section 734(d) of the Act, and publish in the FEDERAL REGISTER notice of ''Revision of Agreement Suspending Antidumping (Countervailing Duty) Investigation''; or

(iii) Continue the suspension of investigation by accepting a revised suspension agreement under section 704(c), section 734(c), or section 734(l) of the Act (whether or not the Secretary accepted the original agreement under such section) that, at the time the Secretary accepts the revised agreement, meets the applicable requirements of section 704(d)(1) or section 734(d) of the Act, and publish in the FEDERAL REGISTER notice of ''Revision of Agreement Suspending Antidumping (Countervailing Duty) Investigation.'' If the Secretary continues to suspend an investigation based on a revised agreement accepted under section 704(c), section 734(c), or section 734(l) of the Act, the Secretary will order suspension of liquidation to begin. The suspension will not end until the Commission completes any requested review of the revised agreement under section 704(h) or section 734(h) of the Act. If the Commission receives no request for review within 20 days after the date of publication of the notice of the revision, the Secretary will order the suspension of liquidation ended on the 21st day after the date of publication, and will instruct the Customs Service to release any cash deposit or bond. If the Commission undertakes a review under section 704(h) or section 734(h) of the Act, the provisions of sections 704(h)(2) and (3) and sections 734(h)(2) and (3) of the Act will apply.

(5) If the Secretary decides neither to consider the suspension agreement violated nor to revise the agreement, the Secretary will publish in the FEDERAL REGISTER notice of the Secretary's decision under paragraph (c)(2) of this section, including a statement of the factual and legal conclusions on which the decision is based.

(d) *Additional signatories.* If the Secretary decides that a suspension agreement no longer will completely eliminate the injurious effect of exports to the United States of subject merchandise under section 704(c)(1) or section 734(c)(1) of the Act, or that the signatory exporters no longer account for substantially all of the subject merchandise, the Secretary may revise the agreement to include additional signatory exporters.

(e) *Definition of ''violation.''* Under this section, ''violation'' means noncompliance with the terms of a suspension agreement caused by an act or omission of a signatory, except, at the discretion of the Secretary, an act or omission which is inadvertent or inconsequential.

§ 351.210 Final determination.

(a) *Introduction.* A ''final determination'' in an antidumping or countervailing duty investigation constitutes a final decision by the Secretary as to whether dumping or countervailable subsidization is occurring. If the Secretary's final determination is affirmative, in most instances the Commission will issue a final injury determination (except in certain countervailing duty investigations). Also, if the Secretary's preliminary determination was negative but the final determination is affirmative, the Secretary will impose provisional measures. If the Secretary's final determination is negative, the proceeding, including the injury investigation conducted by the Commission, terminates. This section contains rules regarding deadlines for, and postponement of, final determinations, contents of final determinations, and the effects of final determinations.

(b) *Deadline for final determination.* The deadline for a final determination under section 705(a)(1) or section 735(a)(1) of the Act will be:

(1) Normally, not later than 75 days after the date of the Secretary's preliminary determination (*see* section 705(a)(1) or section 735(a)(1) of the Act);

(2) In an antidumping investigation, not later than 135 days after the date of publication of the preliminary determination if the Secretary postpones the final determination at the request of:

(i) The petitioner, if the preliminary determination was negative (*see* section 735(a)(2)(B) of the Act); or

(ii) Exporters or producers who account for a significant proportion of exports of the subject merchandise, if the preliminary determination was affirmative (*see* section 735(a)(2)(A) of the Act);

(3) In a countervailing duty investigation, not later than 165 days after the preliminary determination, if, after the preliminary determination, the Secretary decides to investigate an upstream subsidy allegation and concludes that additional time is needed to investigate the allegation (*see* section 703(g)(2) of the Act); or

(4) In a countervailing duty investigation, the same date as the date of the final antidumping determination, if:

(i) In a situation where the Secretary simultaneously initiated antidumping and countervailing duty investigations on the subject merchandise (from the same or other countries), the petitioner requests that the final countervailing duty determination be postponed to the date of the final antidumping determination; and

(ii) If the final countervailing duty determination is not due on a later date because of postponement due to an allegation of upstream subsidies under section 703(g) of the Act (*see* section 705(a)(1) of the Act).

(c) *Contents of final determination and publication of notice.* The final determination will include, if appropriate, a final finding on critical circumstances under section 705(a)(2) or section 735(a)(3) of the Act (whichever is applicable). The Secretary will publish in the FEDERAL REGISTER notice of ''Affirmative (Negative) Final Antidumping (Countervailing Duty) Determination,'' including the rates, if any.

(d) *Effect of affirmative final determination.* If the final determination is affirmative, the Secretary will take the actions described in section 705(c)(1) or section 735(c)(1) of the Act (whichever is applicable). In addition, in the case of a countervailing duty investigation involving subject merchandise from a country that is not a Subsidies Agreement country, the Secretary will instruct the Customs Service to require a cash deposit, as provided in section 706(a)(3) of the Act, for each entry of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the order under section 706(a) of the Act.

(e) *Request for postponement of final antidumping determination*—(1) *In general.* A request to postpone a final antidumping determination under section 735(a)(2) of the Act (*see* paragraph (b)(2) of this section) must be submitted in writing within the scheduled date of the final determination. The Secretary may grant the request, unless the Secretary finds compelling reasons to deny the request.

(2) *Requests by exporters.* In the case of a request submitted under paragraph (e)(1) of this section by exporters who account for a significant proportion of exports of subject merchandise (*see* section 735(a)(2)(A) of the Act), the Secretary will not grant the request unless those exporters also submit a request described in the last sentence of section 733(d) of the Act (extension of provisional measures from a 4-month period to not more than 6 months).

(f) *Deferral of decision concerning upstream subsidization to review.* Notwithstanding paragraph (b)(3) of this section, if the petitioner so requests in writing and the preliminary countervailing duty determination was affirmative, the Secretary, instead of postponing the final determination, may defer a decision concerning upstream subsidization until the conclusion of the first administrative review of a countervailing duty order, if any (*see* section 703(g)(2)(B)(i) of the Act).

(g) *Notification of postponement.* If the Secretary postpones a final determination under paragraph (b)(2), (b)(3), or (b)(4) of this section, the Secretary will

notify promptly all parties to the proceeding of the postponement, and will publish in the FEDERAL REGISTER notice of ''Postponement of Final Antidumping (Countervailing Duty) Determination,'' stating the reasons for the postponement.

(h) *Termination of suspension of liquidation in a countervailing duty investigation.* If the Secretary postpones a final countervailing duty determination, the Secretary will end any suspension of liquidation ordered in the preliminary determination not later than 120 days after the date of publication of the preliminary determination, and will not resume it unless and until the Secretary publishes a countervailing duty order.

(i) *Postponement of final countervailing duty determination for simultaneous investigations.* A request by the petitioner to postpone a final countervailing duty determination to the date of the final antidumping determination must be submitted in writing within five days of the date of publication of the preliminary countervailing duty determination (*see* section 705(a)(1) and paragraph (b)(4) of this section).

(j) *Commission access to information.* If the final determination is affirmative, the Secretary will make available to the Commission and to employees of the Commission directly involved in the proceeding the information upon which the Secretary based the final determination and that the Commission may consider relevant to its injury determination (*see* section 705(c)(1)(A) or section 735(c)(1)(A) of the Act).

(k) *Effect of negative final determination.* An investigation terminates upon publication in the FEDERAL REGISTER of the Secretary's or the Commission's negative final determination, and the Secretary will take the relevant actions described in section 705(c)(2) or section 735(c)(2) of the Act (whichever is applicable).

§ 351.211 Antidumping order and countervailing duty order.

(a) *Introduction.* The Secretary issues an order when both the Secretary and the Commission (except in certain countervailing duty investigations) have made final affirmative determinations. The issuance of an order ends the investigative phase of a proceeding. Generally, upon the issuance of an order, importers no longer may post bonds as security for antidumping or countervailing duties, but instead must make a cash deposit of estimated duties. An order remains in effect until it is revoked. This section contains rules regarding the issuance of orders in general, as well as special rules for orders where the Commission has found a regional industry to exist.

(b) *In general.* Not later than seven days after receipt of notice of an affirmative final injury determination by the Commission under section 705(b) or section 735(b) of the Act, or, in a countervailing duty proceeding involving subject merchandise from a country not entitled to an injury test (*see* § 351.101(b)), simultaneously with publication of an affirmative final countervailing duty determination by the Secretary, the Secretary will publish in the FEDERAL REGISTER an ''Antidumping Order'' or ''Countervailing Duty Order'' that:

(1) Instructs the Customs Service to assess antidumping duties or countervailing duties (whichever is applicable) on the subject merchandise, in accordance with the Secretary's instructions at the completion of each review requested under § 351.213(b) (administrative review), § 351.214(b) (new shipper review), or § 351.215(b) (expedited antidumping review), or if a review is not requested, in accordance with the Secretary's assessment instructions under § 351.212(c);

(2) Instructs the Customs Service to require a cash deposit of estimated antidumping or countervailing duties at the rates included in the Secretary's final determination; and

(3) Orders the suspension of liquidation ended for all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption before the date of publication of the Commission's final determination, and instructs the Customs Service to release the cash deposit or bond on those entries, if in its final determination, the Commission found a threat of material injury or material retardation of the establishment of an industry, unless

the Commission in its final determination also found that, absent the suspension of liquidation ordered under section 703(d)(2) or section 733(d)(2) of the Act, it would have found material injury (*see* section 706(b) or section 736(b) of the Act).

§ 351.212 Assessment of antidumping and countervailing duties; provisional measures deposit cap; interest on certain overpayments and underpayments.

(a) *Introduction.* Unlike the systems of some other countries, the United States uses a ''retrospective'' assessment system under which final liability for antidumping and countervailing duties is determined after merchandise is imported. Generally, the amount of duties to be assessed is determined in a review of the order covering a discrete period of time. If a review is not requested, duties are assessed at the rate established in the completed review covering the most recent prior period or, if no review has been completed, the cash deposit rate applicable at the time merchandise was entered. This section contains rules regarding the assessment of duties, the provisional measures deposit cap, and interest on over- or undercollections of estimated duties.

(b) *Assessment of antidumping and countervailing duties as the result of a review*—(1) *Antidumping duties.* If the Secretary has conducted a review of an antidumping order under § 351.213 (administrative review), § 351.214 (new shipper review), or § 351.215 (expedited antidumping review), the Secretary normally will calculate an assessment rate for each importer of subject merchandise covered by the review. The Secretary normally will calculate the assessment rate by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise for normal customs duty purposes. The Secretary then will instruct the Customs Service to assess antidumping duties by applying the assessment rate to the entered value of the merchandise.

(2) *Countervailing duties.* If the Secretary has conducted a review of a countervailing duty order under § 351.213 (administrative review) or § 351.214 (new shipper review), the Secretary normally will instruct the Customs Service to assess countervailing duties by applying the rates included in the final results of the review to the entered value of the merchandise.

(c) *Automatic assessment of antidumping and countervailing duties if no review is requested.* (1) If the Secretary does not receive a timely request for an administrative review of an order (*see* paragraph (b)(1), (b)(2), or (b)(3) of § 351.213), the Secretary, without additional notice, will instruct the Customs Service to:

(i) Assess antidumping duties or countervailing duties, as the case may be, on the subject merchandise described in § 351.213(e) at rates equal to the cash deposit of, or bond for, estimated antidumping duties or countervailing duties required on that merchandise at the time of entry, or withdrawal from warehouse, for consumption; and

(ii) To continue to collect the cash deposits previously ordered.

(2) If the Secretary receives a timely request for an administrative review of an order (*see* paragraph (b)(1), (b)(2), or (b)(3) of § 351.213), the Secretary will instruct the Customs Service to assess antidumping duties or countervailing duties, and to continue to collect cash deposits, on the merchandise not covered by the request in accordance with paragraph (c)(1) of this section.

(3) The automatic assessment provisions of paragraphs (c)(1) and (c)(2) of this section will not apply to subject merchandise that is the subject of a new shipper review (*see* § 351.214) or an expedited antidumping review (*see* § 351.215).

(d) *Provisional measures deposit cap.* This paragraph applies to subject merchandise entered, or withdrawn from warehouse, for consumption before the date of publication of the Commission's notice of an affirmative final injury determination or, in a countervailing duty proceeding that involves merchandise from a country that is not entitled to an injury test, the date of the Secretary's notice of an affirmative final countervailing duty determination. If the amount of duties that would be assessed by applying the rates included in the Secretary's affirmative

preliminary or affirmative final antidumping or countervailing duty determination (''provisional duties'') is different from the amount of duties that would be assessed by applying the assessment rate under paragraphs (b)(1) and (b)(2) of this section (''final duties''), the Secretary will instruct the Customs Service to disregard the difference to the extent that the provisional duties are less than the final duties, and to assess antidumping or countervailing duties at the assessment rate if the provisional duties exceed the final duties.

(e) *Interest on certain overpayments and underpayments.* Under section 778 of the Act, the Secretary will instruct the Customs Service to calculate interest for each entry on or after the publication of the order from the date that a cash deposit is required to be deposited for the entry through the date of liquidation of the entry.

(f) *Special rule for regional industry cases*—(1) *In general.* If the Commission, in its final injury determination, found a regional industry under section 771(4)(C) of the Act, the Secretary may direct that duties not be assessed on subject merchandise of a particular exporter or producer if the Secretary determines that:

(i) The exporter or producer did not export subject merchandise for sale in the region concerned during or after the Department's period of investigation;

(ii) The exporter or producer has certified that it will not export subject merchandise for sale in the region concerned in the future so long as the antidumping or countervailing duty order is in effect; and

(iii) No subject merchandise of the exporter or producer was entered into the United States outside of the region and then sold into the region during or after the Department's period of investigation.

(2) *Procedures for obtaining an exception from the assessment of duties*—(i) *Request for exception.* An exporter or producer seeking an exception from the assessment of duties under paragraph (f)(1) of this section must request, subject to the provisions of § 351.213 or § 351.214, an administrative review or a new shipper review to determine whether subject merchandise of the exporter or producer in question should be excepted from the assessment of duties under paragraph (f)(1) of this section. The exporter or producer making the request may request that the review be limited to a determination as to whether the requirements of paragraph (f)(1) of this section are satisfied. The request for a review must be accompanied by:

(A) A certification by the exporter or producer that it did not export subject merchandise for sale in the region concerned during or after the Department's period of investigation, and that it will not do so in the future so long as the antidumping or countervailing duty order is in effect; and

(B) A certification from each of the exporter's or producer's U.S. importers of the subject merchandise that no subject merchandise of that exporter or producer was entered into the United States outside such region and then sold into the region during or after the Department's period of investigation.

(ii) *Limited review.* If the Secretary initiates an administrative review or a new shipper review based on a request for review that includes a request for an exception from the assessment of duties under paragraph (f)(2)(i) of this section, the Secretary, if requested, may limit the review to a determination as to whether an exception from the assessment of duties should be granted under paragraph (f)(1) of this section.

(3) *Exception granted.* If, in the final results of the administrative review or the new shipper review, the Secretary determines that the requirements of paragraph (f)(1) of this section are satisfied, the Secretary will instruct the Customs Service to liquidate, without regard to antidumping or countervailing duties (whichever is appropriate), entries of subject merchandise of the exporter or producer concerned.

(4) *Exception not granted.* If, in the final results of the administrative review or the new shipper review, the Secretary determines that the requirements of paragraph (f)(1) are not satisfied, the Secretary:

(i) Will issue assessment instructions to the Customs Service in accordance with paragraph (b) of this section; or

(ii) If the review was limited to a determination as to whether an exception from the assessment of duties should be granted, the Secretary will instruct the Customs Service to assess duties in accordance with paragraph (f)(1) or (f)(2) of this section, whichever is appropriate (automatic assessment if no review is requested).

§ 351.213 Administrative review of orders and suspension agreements under section 751(a)(1) of the Act.

(a) *Introduction.* As noted in § 351.212(a), the United States has a ''retrospective'' assessment system under which final liability for antidumping and countervailing duties is determined after merchandise is imported. Although duty liability may be determined in the context of other types of reviews, the most frequently used procedure for determining final duty liability is the administrative review procedure under section 751(a)(1) of the Act. This section contains rules regarding requests for administrative reviews and the conduct of such reviews.

(b) *Request for administrative review.* (1) Each year during the anniversary month of the publication of an antidumping or countervailing duty order, a domestic interested party or an interested party described in section 771(9)(B) of the Act (foreign government) may request in writing that the Secretary conduct an administrative review under section 751(a)(1) of the Act of specified individual exporters or producers covered by an order (except for a countervailing duty order in which the investigation or prior administrative review was conducted on an aggregate basis), if the requesting person states why the person desires the Secretary to review those particular exporters or producers.

(2) During the same month, an exporter or producer covered by an order (except for a countervailing duty order in which the investigation or prior administrative review was conducted on an aggregate basis) may request in writing that the Secretary conduct an administrative review of only that person.

(3) During the same month, an importer of the merchandise may request in writing that the Secretary conduct an administrative review of only an exporter or producer (except for a countervailing duty order in which the investigation or prior administrative review was conducted on an aggregate basis) of the subject merchandise imported by that importer.

(4) Each year during the anniversary month of the publication of a suspension of investigation, an interested party may request in writing that the Secretary conduct an administrative review of all producers or exporters covered by an agreement on which the suspension of investigation was based.

(c) *Deferral of administrative review*—(1) *In general.* The Secretary may defer the initiation of an administrative review, in whole or in part, for one year if:

(i) The request for administrative review is accompanied by a request that the Secretary defer the review, in whole or in part; and

(ii) None of the following persons objects to the deferral: the exporter or producer for which deferral is requested, an importer of subject merchandise of that exporter or producer, a domestic interested party and, in a countervailing duty proceeding, the foreign government.

(2) *Timeliness of objection to deferral.* An objection to a deferral of the initiation of administrative review under paragraph (c)(1)(ii) of this section must be submitted within 15 days after the end of the anniversary month in which the administrative review is requested.

(3) *Procedures and deadlines.* If the Secretary defers the initiation of an administrative review, the Secretary will publish notice of the deferral in the FEDERAL REGISTER. The Secretary will initiate the administrative review in the month immediately following the next anniversary month, and the deadline for issuing preliminary results of review (*see* paragraph (h)(1) of this section) and submitting factual information (*see* § 351.302(b)(2)) will run from the last day of the next anniversary month.

(d) *Rescission of administrative review*—(1) *Withdrawal of request for review.* The Secretary will rescind an administrative review under this section, in whole or in part, if a party that requested a

review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. The Secretary may extend this time limit if the Secretary decides that it is reasonable to do so.

(2) *Self-initiated review*. The Secretary may rescind an administrative review that was self-initiated by the Secretary.

(3) *No shipments*. The Secretary may rescind an administrative review, in whole or only with respect to a particular exporter or producer, if the Secretary concludes that, during the period covered by the review, there were no entries, exports, or sales of the subject merchandise, as the case may be.

(4) *Notice of rescission*. If the Secretary rescinds an administrative review (in whole or in part), the Secretary will publish in the FEDERAL REGISTER notice of ''Rescission of Antidumping (Countervailing Duty) Administrative Review'' or, if appropriate, ''Partial Rescission of Antidumping (Countervailing Duty) Administrative Review.''

(e) *Period of review*—(1) *Antidumping proceedings*. (i) Except as provided in paragraph (e)(1)(ii) of this section, an administrative review under this section normally will cover, as appropriate, entries, exports, or sales of the subject merchandise during the 12 months immediately preceding the most recent anniversary month.

(ii) For requests received during the first anniversary month after publication of an order or suspension of investigation, an administrative review under this section will cover, as appropriate, entries, exports, or sales during the period from the date of suspension of liquidation under this part or suspension of investigation to the end of the month immediately preceding the first anniversary month.

(2) *Countervailing duty proceedings*. (i) Except as provided in paragraph (e)(2)(ii) of this section, an administrative review under this section normally will cover entries or exports of the subject merchandise during the most recently completed calendar year. If the review is conducted on an aggregate basis, the Secretary normally will cover entries or exports of the subject merchandise during the most recently completed fiscal year for the government in question.

(ii) For requests received during the first anniversary month after publication of an order or suspension of investigation, an administrative review under this section will cover entries or exports, as appropriate, during the period from the date of suspension of liquidation under this part or suspension of investigation to the end of the most recently completed calendar or fiscal year as described in paragraph (e)(2)(i) of this section.

(f) *Voluntary respondents*. In an administrative review, the Secretary will examine voluntary respondents in accordance with section 782(a) of the Act and § 351.204(d).

(g) *Procedures*. The Secretary will conduct an administrative review under this section in accordance with § 351.221.

(h) *Time limits*—(1) *In general*. The Secretary will issue preliminary results of review (*see* § 351.221(b)(4)) within 245 days after the last day of the anniversary month of the order or suspension agreement for which the administrative review was requested, and final results of review (*see* § 351.221(b)(5)) within 120 days after the date on which notice of the preliminary results was published in the FEDERAL REGISTER.

(2) *Exception*. If the Secretary determines that it is not practicable to complete the review within the time specified in paragraph (h)(1) of this section, the Secretary may extend the 245-day period to 365 days and may extend the 120-day period to 180 days. If the Secretary does not extend the time for issuing preliminary results, the Secretary may extend the time for issuing final results from 120 days to 300 days.

(i) *Possible cancellation or revision of suspension agreement*. If during an administrative review the Secretary determines or has reason to believe that a signatory has violated a suspension agreement or that the agreement no longer meets the requirements of section 704 or section 734 of the Act (whichever is applicable), the Secretary will take appropriate action under section 704(i) or section 734(i) of the Act and § 351.209. The Secretary

may suspend the time limit in paragraph (h) of this section while taking action under § 351.209.

(j) *Absorption of antidumping duties.* (1) During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an antidumping order under § 351.211, or a determination under § 351.218(d) (sunset review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

(2) For transition orders defined in section 751(c)(6) of the Act, the Secretary will apply paragraph (j)(1) of this section to any administrative review initiated in 1996 or 1998.

(3) In determining under paragraph (j)(1) of this section whether antidumping duties have been absorbed, the Secretary will examine the antidumping duties calculated in the administrative review in which the absorption inquiry is requested.

(4) The Secretary will notify the Commission of the Secretary's determination if:

(i) In the case of an administrative review other than one to which paragraph (j)(2) of this section applies, the administrative review covers all or part of a time period falling between the third and fourth anniversary month of an order; or

(ii) In the case of an administrative review to which paragraph (j)(2) of this section applies, the Secretary initiated the administrative review in 1998.

(k) *Administrative reviews of countervailing duty orders conducted on an aggregate basis*—(1) *Request for zero rate.* Where the Secretary conducts an administrative review of a countervailing duty on an aggregate basis under section 777A(e)(2)(B) of the Act, the Secretary will consider and review requests for individual assessment and cash deposit rates of zero to the extent practicable. An exporter or producer that desires a zero rate must submit:

(i) A certification by the exporter or producer that it received zero or *de minimis* net countervailable subsidies during the period of review;

(ii) If the exporter or producer received a countervailable subsidy, calculations demonstrating that the amount of net countervailable subsidies received was *de minimis* during the period of review;

(iii) If the exporter is not the producer of the subject merchandise, certifications from the suppliers and producers of the subject merchandise that those persons received zero or *de minimis* net countervailable subsidies during the period of the review; and

(iv) A certification from the government of the affected country that the government did not provide the exporter (or the exporter's supplier) or producer with more than *de minimis* net countervailable subsidies during the period of review.

(2) *Application of country-wide subsidy rate.* With the exception of assessment and cash deposit rates of zero determined under paragraph (k)(1) of this section, if, in the final results of an administrative review under this section of a countervailing duty order, the Secretary calculates a single country-wide subsidy rate under section 777A(e)(2)(B) of the Act, that rate will supersede, for cash deposit purposes, all rates previously determined in the countervailing duty proceeding in question.

(l) *Exception from assessment in regional industry cases.* For procedures relating to a request for the exception from the assessment of antidumping or countervailing duties in a regional industry case, see § 351.212(f).

§ 351.214 New shipper reviews under section 751(a)(2)(B) of the Act.

(a) *Introduction.* Section 751(a)(2)(B) of the Act provides a procedure by which so-called ''new shippers'' can obtain their own individual dumping margin or countervailable subsidy rate on an expedited basis. In general, a new shipper is an exporter or producer that did not export, and is not affiliated with an exporter or producer that did export, to the United States during the

period of investigation. Furthermore, section 751(a)(2)(B)(iv) requires that the Secretary make a determination of whether the sales under review are bona fide. This section contains rules regarding requests for new shipper reviews and procedures for conducting such reviews, as well as requirements for determining whether sales are bona fide under section 751(a)(2)(B)(iv) of the Act. In addition, this section contains rules regarding requests for expedited reviews by non-investigated exporters in certain countervailing duty proceedings and procedures for conducting such reviews.

(b) *Request for new shipper review*—(1) *Requirement of sale or export.* Subject to the requirements of section 751(a)(2)(B) of the Act and this section, an exporter or producer may request a new shipper review if it has exported, or sold for export, subject merchandise to the United States and can demonstrate the existence of a bona fide sale.

(2) *Contents of request.* A request for a new shipper review must contain the following:

(i) If the person requesting the review is both the exporter and producer of the merchandise, a certification that the person requesting the review did not export subject merchandise to the United States (or, in the case of a regional industry, did not export the subject merchandise for sale in the region concerned) during the period of investigation;

(ii) If the person requesting the review is the exporter, but not the producer, of the subject merchandise:

(A) The certification described in paragraph (b)(2)(i) of this section; and

(B) A certification from the person that produced or supplied the subject merchandise to the person requesting the review that that producer or supplier did not export the subject merchandise to the United States (or, in the case of a regional industry, did not export the subject merchandise for sale in the region concerned) during the period of investigation;

(iii)(A) A certification that, since the investigation was initiated, such exporter or producer has never been affiliated with any exporter or producer who exported the subject merchandise to the United States (or in the case of a regional industry, who exported the subject merchandise for sale in the region concerned) during the period of investigation, including those not individually examined during the investigation; and

(B) In an antidumping proceeding involving imports from a nonmarket economy country, a certification that the export activities of such exporter or producer are not controlled by the central government;

(iv) Certain information regarding the unaffiliated customer:

(A) A certification from the exporter or producer that it will provide, to the fullest extent possible, necessary information related to the unaffiliated customer in the United States during the new shipper review; and

(B) A certification by the unaffiliated customer of its willingness to participate in the new shipper review and provide information relevant to the new shipper review, if such information is requested by the Secretary, or an explanation by the producer/exporter of why such certification from the unaffiliated customer cannot be provided.

(v) Documentation establishing:

(A) The date on which subject merchandise of the exporter or producer making the request was first entered, or withdrawn from warehouse, for consumption, or, if the exporter or producer cannot establish the date of first entry, the date on which the exporter or producer first shipped the subject merchandise for export to the United States;

(B) The volume of that shipment and any subsequent shipments, including whether such shipments were made in commercial quantities;

(C) The date of the first sale, and any subsequent sales, to an unaffiliated customer in the United States;

(D) The circumstances surrounding such sale(s), including but not limited to:

(*1*) The price of such sales;

(*2*) Any expenses arising from such sales;

(*3*) Whether the subject merchandise involved in such sales was resold in the United States at a profit;

(*4*) Whether such sales were made on an arms-length basis; and

(E) Additional documentation regarding the business activities of the producer or exporter, including but not limited to:

(*1*) The producer or exporter's offers to sell merchandise in the United States;

(*2*) An identification of the complete circumstance surrounding the producer or exporter's sales to the United States, as well as any home market or third country sales;

(*3*) In the case of a non-producing exporter, an explanation of the exporter's relationship with its producer/supplier; and

(*4*) An identification of the producer's or exporter's relationship to the first unaffiliated U.S. purchaser;

(vi) In the case of a review of a countervailing duty order, a certification that the exporter or producer has informed the government of the exporting country that the government will be required to provide a full response to the Department's questionnaire.

(c) *Deadline for requesting review.* An exporter or producer may request a new shipper review within one year of the date referred to in paragraph (b)(2)(v)(A) of this section.

(d) *Initiation of new shipper review*—(1) *In general.* If the requirements for a request for new shipper review under paragraph (b) of this section are satisfied, the Secretary will initiate a new shipper review under this section in the calendar month immediately following the anniversary month or the semiannual anniversary month if the request for the review is made during the 6–month period ending with the end of the anniversary month or the semiannual anniversary month (whichever is applicable).

(2) *Semiannual anniversary month.* The semiannual anniversary month is the calendar month that is 6 months after the anniversary month.

(3) *Example.* An order is published in January. The anniversary month would be January, and the semiannual anniversary month would be July. If the Secretary received a request for a new shipper review at any time during the period February–July, the Secretary would initiate a new shipper review in August. If the Secretary received a request for a new shipper review at any time during the period August–January, the Secretary would initiate a new shipper review in February.

(4) *Exception.* If the Secretary determines that the requirements for a request for new shipper review under paragraph (b) of this section have not been satisfied, the Secretary will reject the request and provide a written explanation of the reasons for the rejection.

(e) *Suspension of liquidation.* When the Secretary initiates a new shipper review under this section, the Secretary will direct the Customs Service to suspend or continue to suspend liquidation of any unliquidated entries of the subject merchandise from the relevant exporter or producer at the applicable cash deposit rate.

(f) *Rescission of new shipper review*—(1) *Withdrawal of request for review.* The Secretary may rescind a new shipper review under this section, in whole or in part, if a producer or exporter that requested a review withdraws its request not later than 60 days after the date of publication of notice of initiation of the requested review.

(2) *Absence of entry and sale to an unaffiliated customer.* The Secretary may rescind a new shipper review, in whole or in part, if the Secretary concludes that:

(i) As of the end of the normal period of review referred to in paragraph (g) of this section, there has not been an entry and sale to an unaffiliated customer in the United States of subject merchandise; and

(ii) An expansion of the normal period of review to include an entry and sale to an unaffiliated customer in the United States of subject merchandise would be likely to prevent the completion of the review within the time limits set forth in paragraph (i) of this section;

(3) *Absence of bona fide sale to an unaffiliated customer.* The Secretary may rescind a new shipper review, in whole or in part, if the Secretary concludes that:

(i) Information that the Secretary considers necessary to conduct a bona fide sale analysis is not on the record; or

(ii) The producer or exporter seeking a new shipper review has failed to demonstrate to the satisfaction of the Secretary the existence of a bona fide sale to an unaffiliated customer.

(4) *Notice of rescission.* If the Secretary rescinds a new shipper review (in whole or in part), the Secretary will publish in the FEDERAL REGISTER notice of ''Rescission of Antidumping (Countervailing Duty) New Shipper Review'' or, if appropriate, ''Partial Rescission of Antidumping (Countervailing Duty) New Shipper Review.''

(g) *Period of review*—(1) *Antidumping proceeding*—(i) *In general.* Except as provided in paragraph (g)(1)(ii) of this section, in an antidumping proceeding, a new shipper review under this section normally will cover, as appropriate, entries, exports, or sales during the following time periods:

(A) If the new shipper review was initiated in the month immediately following the anniversary month, the twelve-month period immediately preceding the anniversary month; or

(B) If the new shipper review was initiated in the month immediately following the semiannual anniversary month, the period of review will be the six-month period immediately preceding the semiannual anniversary month.

(ii) *Exceptions.* (A) If the Secretary initiates a new shipper review under this section in the month immediately following the first anniversary month, the review normally will cover, as appropriate, entries, exports, or sales during the period from the date of suspension of liquidation under this part to the end of the month immediately preceding the first anniversary month.

(B) If the Secretary initiates a new shipper review under this section in the month immediately following the first semiannual anniversary month, the review normally will cover, as appropriate, entries, exports, or sales during the period from the date of suspension of liquidation under this part to the end of the month immediately preceding the first semiannual anniversary month.

(2) *Countervailing duty proceeding.* In a countervailing duty proceeding, the period of review for a new shipper review under this section will be the same period as that specified in § 351.213(e)(2) for an administrative review.

(h) *Procedures.* The Secretary will conduct a new shipper review under this section in accordance with § 351.221.

(i) *Time limits*—(1) *In general.* Unless the time limit is waived under paragraph (j)(3) of this section, the Secretary will issue preliminary results of review (see § 351.221(b)(4)) within 180 days after the date on which the new shipper review was initiated, and final results of review (see § 351.221(b)(5)) within 90 days after the date on which the preliminary results were issued.

(2) *Exception.* If the Secretary concludes that a new shipper review is extraordinarily complicated, the Secretary may extend the 180-day period to 300 days, and may extend the 90-day period to 150 days.

(j) *Multiple reviews.* Notwithstanding any other provision of this subpart, if a review (or a request for a review) under § 351.213 (administrative review), § 351.214 (new shipper review), § 351.215 (expedited antidumping review), or § 351.216 (changed circumstances review) covers merchandise of an exporter or producer subject to a review (or to a request for a review) under this section, the Secretary may, after consulting with the exporter or producer:

(1) Rescind, in whole or in part, a review in progress under this subpart;

(2) Decline to initiate, in whole or in part, a review under this subpart; or

(3) Where the requesting producer or exporter agrees in writing to waive the time limits of paragraph (i) of this section, conduct concurrent reviews, in which case all other provisions of this section will continue to apply with respect to the exporter or producer.

(k) *Determinations based on bona fide sales.* In determining whether the U.S. sales of an exporter or producer made during the period covered by the review are bona fide, the Secretary shall consider the factors identified at section 751(a)(2)(B)(iv) of the Act. In accordance with section 751(a)(2)(B)(iv)(VII) of the Act, the Secretary shall consider the following factors:

(1) Whether the producer, exporter, or customer was established for purposes of the sale(s) in question after

the imposition of the relevant antidumping or countervailing duty order;

(2) Whether the producer, exporter, or customer has lines of business unrelated to the subject merchandise;

(3) The quantity of sales; and

(4) Any other factor that the Secretary determines to be relevant with respect to the future selling behavior of the producer or exporter, including any other indicia that the sale was not commercially viable.

(l) *Expedited reviews in countervailing duty proceedings for noninvestigated exporters*—(1) *Request for review.* If, in a countervailing duty investigation, the Secretary limited the number of exporters or producers to be individually examined under section 777A(e)(2)(A) of the Act, an exporter that the Secretary did not select for individual examination or that the Secretary did not accept as a voluntary respondent (see § 351.204(d)) may request a review under this paragraph (l). An exporter must submit a request for review within 30 days of the date of publication in the FEDERAL REGISTER of the countervailing duty order. A request must be accompanied by a certification that:

(i) The requester exported the subject merchandise to the United States during the period of investigation;

(ii) The requester is not affiliated with an exporter or producer that the Secretary individually examined in the investigation; and

(iii) The requester has informed the government of the exporting country that the government will be required to provide a full response to the Department's questionnaire.

(2) *Initiation of review*—(i) *In general.* The Secretary will initiate a review in the month following the month in which a request for review is due under paragraph (l)(1) of this section.

(ii) *Example.* The Secretary publishes a countervailing duty order on January 15. An exporter would have to submit a request for a review by February 14. The Secretary would initiate a review in March.

(3) *Conduct of review.* The Secretary will conduct a review under this paragraph (l) in accordance with the provisions of this section applicable to new shipper reviews, subject to the following exceptions:

(i) The period of review will be the period of investigation used by the Secretary in the investigation that resulted in the publication of the countervailing duty order (*see* § 351.204(b)(2));

(ii) The final results of a review under this paragraph (l) will not be the basis for the assessment of countervailing duties; and

(iii) The Secretary may exclude from the countervailing duty order in question any exporter for which the Secretary determines an individual net countervailable subsidy rate of zero or de minimis (see § 351.204(e)(1)), provided that the Secretary has verified the information on which the exclusion is based.

(m) *Exception from assessment in regional industry cases.* For procedures relating to a request for the exception from the assessment of antidumping or countervailing duties in a regional industry case, see § 351.212(f).

[86 FR 52371, Sept. 20, 2021]

§ 351.215 Expedited antidumping review and security in lieu of estimated duty under section 736(c) of the Act.

(a) *Introduction.* Exporters and producers individually examined in an investigation normally cannot obtain a review of entries until an administrative review is requested. In addition, when an antidumping order is published, importers normally must begin to make a cash deposit of estimated antidumping duties upon the entry of subject merchandise. Section 736(c), however, establishes a special procedure under which exporters or producers may request an expedited review, and bonds, rather than cash deposits, may continue to be posted for a limited period of time if several criteria are satisfied. This section contains rules regarding requests for expedited antidumping reviews and the procedures applicable to such reviews.

(b) *In general.* If the Secretary determines that the criteria of section 736(c)(1) of the Act are satisfied, the Secretary:

(1) May permit, for not more than 90 days after the date of publication of an antidumping order, the posting of a bond or other security instead of the

deposit of estimated antidumping duties required under section 736(a)(3) of the Act; and

(2) Will initiate an expedited antidumping review. Before making such a determination, the Secretary will make business proprietary information available, and will provide interested parties with an opportunity to file written comments, in accordance with section 736(c)(4) of the Act.

(c) *Procedures.* The Secretary will conduct an expedited antidumping review under this section in accordance with § 351.221.

§ 351.216 Changed circumstances review under section 751(b) of the Act.

(a) *Introduction.* Section 751(b) of the Act provides for what is known as a ''changed circumstances'' review. This section contains rules regarding requests for changed circumstances reviews and procedures for conducting such reviews.

(b) *Requests for changed circumstances review.* At any time, an interested party may request a changed circumstances review, under section 751(b) of the Act, of an order or a suspended investigation. Within 45 days after the date on which a request is filed, the Secretary will determine whether to initiate a changed circumstances review.

(c) *Limitation on changed circumstances review.* Unless the Secretary finds that good cause exists, the Secretary will not review a final determination in an investigation (*see* section 705(a) or section 735(a) of the Act) or a suspended investigation (*see* section 704 or section 734 of the Act) less than 24 months after the date of publication of notice of the final determination or the suspension of the investigation.

(d) *Procedures.* If the Secretary decides that changed circumstances sufficient to warrant a review exist, the Secretary will conduct a changed circumstances review in accordance with § 351.221.

(e) *Time limits.* The Secretary will issue final results of review (*see* § 351.221(b)(5)) within 270 days after the date on which the changed circumstances review is initiated, or within 45 days if all parties to the proceeding agree to the outcome of the review.

§ 351.217 Reviews to implement results of subsidies enforcement proceeding under section 751(g) of the Act.

(a) *Introduction.* Section 751(g) provides a mechanism for incorporating into an ongoing countervailing duty proceeding the results of certain subsidy-related disputes under the WTO Subsidies Agreement. Where the United States, in the WTO, has successfully challenged the ''nonactionable'' (*e.g.*, noncountervailable) status of a foreign subsidy, or where the United States has successfully challenged a prohibited or actionable subsidy, the Secretary may conduct a review to determine the effect, if any, of the successful outcome on an existing countervailing duty order or suspended investigation. This section contains rules regarding the initiation and conduct of reviews under section 751(g).

(b) *Violations of Article 8 of the Subsidies Agreement.* If:

(1) The Secretary receives notice from the Trade Representative of a violation of Article 8 of the Subsidies Agreement;

(2) The Secretary has reason to believe that merchandise subject to an existing countervailing duty order or suspended investigation is benefiting from the subsidy or subsidy program found to have been in violation of Article 8; and

(3) No administrative review is in progress, the Secretary will initiate an Article 8 violation review of the order or suspended investigation to determine whether the subject merchandise benefits from the subsidy or subsidy program found to have been in violation of Article 8 of the Subsidies Agreement.

(c) *Withdrawal of subsidy or imposition of countermeasures.* If the Trade Representative notifies the Secretary that, under Article 4 or Article 7 of the Subsidies Agreement:

(1)(i)(A) The United States has imposed countermeasures; and

(B) Such countermeasures are based on the effects in the United States of

imports of merchandise that is the subject of a countervailing duty order; or

(ii) A WTO member country has withdrawn a countervailable subsidy provided with respect to merchandise subject to a countervailing duty order, then

(2) The Secretary will initiate an Article 4/Article 7 review of the order to determine if the amount of estimated duty to be deposited should be adjusted or the order should be revoked.

(d) *Procedures.* The Secretary will conduct an Article 8 violation review or an Article 4/Article 7 review under this section in accordance with § 351.221.

(e) *Expedited reviews.* The Secretary will conduct reviews under this section on an expedited basis.

§ 351.218 Sunset reviews under section 751(c) of the Act.

(a) *Introduction.* The URAA added a new procedure, commonly referred to as ''sunset reviews,'' in section 751(c) of the Act. In general, no later than once every five years, the Secretary must determine whether dumping or countervailable subsidies would be likely to continue or resume if an order were revoked or a suspended investigation were terminated. The Commission must conduct a similar review to determine whether injury would be likely to continue or resume in the absence of an order or suspended investigation. If the determinations under section 751(c) of both the Secretary and the Commission are affirmative, the order (or suspended investigation) remains in place. If either determination is negative, the order will be revoked (or the suspended investigation will be terminated). This section contains rules regarding the procedures for sunset reviews.

(b) *In general.* The Secretary will conduct a sunset review, under section 751(c) of the Act, of each antidumping and countervailing duty order and suspended investigation, and, under section 752(b) or section 752(c) (whichever is applicable), will determine whether revocation of an antidumping or countervailing duty order or termination of a suspended investigation would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy.

(c) *Notice of initiation of review; early initiation*—(1) *Initial sunset review.* No later than 30 days before the fifth anniversary date of an order or suspension of an investigation (*see* section 751(c)(1) of the Act), the Secretary will publish a notice of initiation of a sunset review (*see* section 751(c)(2) of the Act).

(2) *Subsequent sunset reviews.* In the case of an order or suspended investigation that is continued following a sunset review initiated under paragraph (c)(1) of this section, no later than 30 days before the fifth anniversary of the date of the last determination by the Commission to continue the order or suspended investigation, the Secretary will publish a notice of initiation of a sunset review (*see* section 751(c)(2) of the Act).

(3) *Early initiation.* The Secretary may publish a notice of initiation at an earlier date than the dates described in paragraph (c) (1) and (2) of this section if a domestic interested party demonstrates to the Secretary's satisfaction that an early initiation would promote administrative efficiency. However, if the Secretary determines that the domestic interested party that requested early initiation is a related party or an importer under section 771(4)(B) of the Act and § 351.203(e)(4), the Secretary may decline the request for early initiation.

(4) *Transition orders.* The Secretary will initiate sunset reviews of transition orders, as defined in section 751(c)(6)(C) of the Act, in accordance with section 751(c)(6) of the Act.

(d) *Participation in sunset review*—(1) *Domestic interested party notification of intent to participate*—(i) *Filing of notice of intent to participate.* Where a domestic interested party intends to participate in a sunset review, the interested party must, not later than 15 days after the date of publication in the FEDERAL REGISTER of the notice of initiation, file a notice of intent to participate in a sunset review with the Secretary.

(ii) *Contents of notice of intent to participate.* Every notice of intent to participate in a sunset review must include a statement expressing the domestic interested party's intent to participate in the sunset review and the following information:

(A) The name, address, and phone number of the domestic interested party (and its members, if applicable) that intends to participate in the sunset review and the statutory basis (under section 771(9) of the Act) for interested party status;

(B) A statement indicating whether the domestic producer:

(*1*) Is related to a foreign producer or to a foreign exporter under section 771(4)(B) of the Act; or

(*2*) Is an importer of the subject merchandise or is related to such an importer under section 771(4)(B) of the Act;

(C) The name, address, and phone number of legal counsel or other representative, if any;

(D) The subject merchandise and country subject to the sunset review; and

(E) The citation and date of publication in the FEDERAL REGISTER of the notice of initiation.

(iii) *Failure of domestic interested party to file notice of intent to participate in the sunset review.* (A) A domestic interested party that does not file a notice of Intent to participate in the sunset review will be considered not willing to participate in the review and the Secretary will not accept or consider any unsolicited submissions from that party during the course of the review.

(B) If no domestic interested party files a notice of intent to participate in the sunset review, the Secretary will:

(*1*) Conclude that no domestic interested party has responded to the notice of initiation under section 751(c)(3)(A) of the Act;

(*2*) Notify the International Trade Commission in writing as such normally not later than 20 days after the date of publication in the FEDERAL REGISTER of the notice of initiation; and

(*3*) Not later than 90 days after the date of publication in the FEDERAL REGISTER of the Notice of Initiation, issue a final determination revoking the order or terminating the suspended investigation (*see* §§ 351.221(c)(5)(ii) and 351.222(i)).

(2) *Waiver of response by a respondent interested party to a notice of initiation*—(i) *Filing of statement of waiver.* A respondent interested party may waive participation in a sunset review before the Department under section 751(c)(4) of the Act by filing a statement of waiver with the Department, not later than 30 days after the date of publication in the FEDERAL REGISTER of the notice of initiation. If a respondent interested party waives participation in a sunset review before the Department, the Secretary will not accept or consider any unsolicited submissions from that party during the course of the review. Waiving participation in a sunset review before the Department will not affect a party's opportunity to participate in the sunset review conducted by the International Trade Commission.

(ii) *Contents of statement of waiver.* Every statement of waiver must include a statement indicating that the respondent interested party waives participation in the sunset review before the Department; a statement that the respondent interested party is likely to dump or benefit from a countervailable subsidy (as the case may be) if the order is revoked or the investigation is terminated; in the case of a foreign government in a CVD sunset review, a statement that the government is likely to provide a countervailable subsidy if the order is revoked or the investigation is terminated; and the following information:

(A) The name, address, and phone number of the respondent interested party waiving participation in the sunset review before the Department;

(B) The name, address, and phone number of legal counsel or other representative, if any;

(C) The subject merchandise and country subject to the sunset review; and

(D) The citation and date of publication in the FEDERAL REGISTER of the notice of initiation.

(iii) [Reserved]

(iv) *Waiver of participation by a foreign government in a CVD sunset review.* Where a foreign government waives participation in a CVD sunset review under paragraph (d)(2)(i) or (d)(2)(iii) of this section, the Secretary will:

(A) Conclude that respondent interested parties have provided inadequate response to the notice of initiation under section 751(c)(3)(B) of the Act;

(B) Notify the International Trade Commission and conduct an expedited sunset review and issue final results of review in accordance with paragraph (e)(1)(ii)(C) of this section; and

(C) Base the final results of review on the facts available in accordance with 351.308(f).

(3) *Substantive response to a notice of initiation*—(i) *Time limit for substantive response to a notice of initiation.* A complete substantive response to a notice of initiation, filed under this section, must be submitted to the Department not later than 30 days after the date of publication in the FEDERAL REGISTER of the notice of initiation.

(ii) *Required information to be filed by all interested parties in substantive response to a notice of initiation.* Except as provided in paragraph (d)(3)(v)(A) of this section, each interested party that intends to participate in a sunset review must file a submission with the Department containing the following:

(A) The name, address, and phone number of the interested party (and its members, if applicable) that intends to participate in the sunset review and the statutory basis (under section 771(9) of the Act) for interested party status;

(B) The name, address, and phone number of legal counsel or other representative, if any;

(C) The subject merchandise and country subject to the sunset review;

(D) The citation and date of publication in the FEDERAL REGISTER of the notice of initiation;

(E) A statement expressing the interested party's willingness to participate in the review by providing information requested by the Department, which must include a summary of that party's historical participation in any segment of the proceeding before the Department related to the subject merchandise;

(F) A statement regarding the likely effects of revocation of the order or termination of the suspended investigation under review, which must include any factual information, argument, and reason to support such statement;

(G) Factual information, argument, and reason concerning the dumping margin or countervailing duty rate, as applicable, that is likely to prevail if the Secretary revokes the order or terminates the suspended investigation, that the Department should select for a particular interested party(s);

(H) A summary of the Department's findings regarding duty absorption, if any, including a citation to the FEDERAL REGISTER notice in which the Department's findings are set forth; and

(I) A description of any relevant scope clarification or ruling, including a circumvention determination, or changed circumstances determination issued by the Department during the proceeding with respect to the subject merchandise.

(iii) *Additional required information to be filed by respondent interested parties in substantive response to a notice of initiation.* Except as provided in paragraph (d)(3)(v)(A) of this section, the submission from each respondent interested party that intends to participate in a sunset review must also contain the following:

(A) That party's individual weighted average dumping margin or countervailing duty rate, as applicable, from the investigation and each subsequent completed administrative review, including the final margin or rate, as applicable, where such margin or rate was changed as a result of a final and conclusive court order;

(B) For each of the five calendar years (or fiscal years, if more appropriate) preceding the year of publication of the notice of initiation, that party's volume and value (normally on an FOB basis) of exports of subject merchandise to the United States;

(C) As applicable, for the calendar year (or fiscal year, if more appropriate) preceding the year of initiation of the dumping investigation, that party's volume and value (normally on an FOB basis) of exports of subject merchandise to the United States;

(D) For each of the five calendar years (or fiscal years, if more appropriate) preceding the year of publication of the notice of initiation, on a volume basis (or value basis, if more appropriate), that party's percentage of the total exports of subject merchandise (defined in section 771(25) of the Act) to the United States; and

(E) For each of the three most recent years, including the year of publication of the notice of initiation, that party's volume and value (normally on an FOB basis) of exports of subject merchandise to the United States during the two fiscal quarters as of the month preceding the month in which the notice of initiation was published.

(iv) *Optional information to be filed by interested parties in substantive response to a notice of initiation*—(A) *Showing good cause.* An interested party may submit information or evidence to show good cause for the Secretary to consider other factors under section 752(b)(2) (CVD) or section 752(c)(2) (AD) of the Act and paragraph (e)(2)(ii) of this section. Such information or evidence must be submitted in the party's substantive response to the notice of initiation under paragraph (d)(3) of this section.

(B) *Other information.* A substantive response from an interested party under paragraph (d)(3) of this section also may contain any other relevant information or argument that the party would like the Secretary to consider.

(v) *Required information to be filed by a foreign government in substantive response to the notice of initiation in a CVD sunset review*—(A) *In general.* The foreign government of a country subject to a CVD sunset review (*see* section 771(9)(B) of the Act) that intends to participate in a CVD sunset review must file a submission with the Department under paragraph (d)(3)(i) of this section containing the information required under paragraphs (d)(3)(ii) (A) through (E) of this section.

(B) *Additional required information to be filed by a foreign government in a CVD sunset review involving an order where the investigation was conducted on an aggregate basis.* The submission from the foreign government of a country subject to a CVD sunset review, involving an order where the investigation was conducted on an aggregate basis, must also contain:

(*1*) The information required under paragraphs (d)(3)(ii)(F), (d)(3)(ii)(G), and (d)(3)(ii)(I) of this section;

(*2*) The countervailing duty rate from the investigation and each subsequent completed administrative review, including the final rate where such rate was changed as a result of a final and conclusive court order; and

(*3*) For each of the five calendar years (or fiscal years, if more appropriate) preceding the year of publication of the notice of initiation, the volume and value (normally on an FOB basis) of exports of subject merchandise to the United States.

(vi) *Substantive responses from industrial users and consumers.* An industrial user of the subject merchandise or a representative consumer organization, as described in section 777(h) of the Act, that intends to participate in a sunset review must file a submission with the Department under paragraph (d)(3)(i) of this section containing the information required under paragraphs (d)(3)(ii) (A) through (D) of this section and may submit other relevant information under paragraphs (d)(3)(ii) and (d)(3)(iv) of this section.

(4) *Rebuttal to substantive response to a notice of initiation.* Any interested party that files a substantive response to a notice of initiation under paragraph (d)(3) of this section may file a rebuttal to any other party's substantive response to a notice of initiation not later than five days after the date the substantive response is filed with the Department. Except as provided in § 351.309(e), the Secretary normally will not accept or consider any additional information from a party after the time for filing rebuttals has expired, unless the Secretary requests additional information from parties after determining to proceed to a full sunset review under paragraph (e)(2) of this section.

(e) *Conduct of sunset review*—(1) *Adequacy of response to a notice of initiation*—(i) *Adequacy of response from domestic interested parties*—(A) *In general.* The Secretary will make its determination of adequacy of response on a case-by-case basis; however, the Secretary normally will conclude that domestic interested parties have provided adequate response to a notice of initiation where it receives a complete substantive response under paragraph (d)(3) of this section from at least one domestic interested party.

(B) *Disregarding response from a domestic interested party*. In making its determination concerning the adequacy of response from domestic interested parties under paragraph (e)(1)(i)(A) of this section, the Secretary may disregard a response from a domestic producer:

(*1*) Related to a foreign producer or to a foreign exporter under section 771(4)(B) of the Act; or

(*2*) That is an importer of the subject merchandise or is related to such an importer under section 771(4)(B) of the Act (*see* paragraph (d)(1)(ii)(B) of this section).

(C) *Inadequate response from domestic interested parts*. Where the Secretary determines to disregard a response from a domestic interested party(s) under paragraph (e)(1)(i)(A) or (e)(1)(i)(B) of this section and no other domestic interested party has filed a complete substantive response to the notice of initiation under paragraph (d)(3) of this section, the Secretary will:

(*1*) Conclude that no domestic interested party has responded to the notice of initiation under section 751(c)(3)(A) of the Act;

(*2*) Notify the International Trade Commission in writing as such normally not later than 40 days after the date of publication in the FEDERAL REGISTER of the Notice of Initiation; and

(*3*) Not later than 90 days after the date of publication in the FEDERAL REGISTER of the Notice of Initiation, issue a final determination revoking the order or terminating the suspended investigation (see §§ 351.221(c)(5)(ii) and 351.222(i)).

(ii) *Adequacy of response from respondent interested parties*—(A) *In general*. The Secretary will makes its determination of adequacy of response on a case-by-case basis; however, the Secretary normally will conclude that respondent interested parties have provided adequate response to a notice of initiation where it receives complete substantive responses under paragraph (d)(3) of this section from respondent interested parties accounting on average for more than 50 percent, on a volume basis (or value basis, if appropriate), of the total exports of subject merchandise to the United States over the five calendar years preceding the year of publication of the notice of initiation.

(B) *Failure of a foreign government to file a substantive response to a notice of initiation in a CVD sunset review*. If a foreign government fails to file a complete substantive response to a notice of initiation in a CVD sunset review under paragraph (d)(3)(v) of this section or waives participation in a CVD sunset review under paragraph (d)(2)(i) of this section, the Secretary will:

(*1*) Conclude that respondent interested parties have provided inadequate response to the Notice of Initiation under section 751(c)(3)(B) of the Act;

(*2*) Notify the International Trade Commission and conduct an expedited sunset review and issue final results of review in accordance with paragraph (e)(1)(ii)(C) of this section; and

(*3*) Base the final results of review on the facts available in accordance with 351.308(f).

(C) *Inadequate response from respondent interested parties*. If the Secretary determines that respondent interested parties provided inadequate response to a notice of initiation under paragraph (d)(2)(iv), (e)(1)(ii)(A), or (e)(1)(ii)(B) of this section, the Secretary:

(*1*) Will notify the International Trade Commission in writing as such normally not later than 50 days after the date of publication in the FEDERAL REGISTER of the Notice of Initiation; and

(*2*) Normally will conduct an expedited sunset review and, not later than 120 days after the date of publication in the FEDERAL REGISTER of the notice of initiation, issue final results of review based on the facts available in accordance with § 351.308(f) (see section 751(c)(3)(B) of the Act and § 351.221(c)(5)(ii)).

(2) *Full sunset review upon adequate response from domestic and respondent interested parties*—(i) *In general*. Normally, only where the Department receives adequate response to the notice of initiation from domestic interested parties under paragraph (e)(1)(i)(A) of this section and from respondent interested parties under paragraph (e)(1)(ii)(A) of this section, will the Department conduct a full sunset review. Even where the Department conducts a

full sunset review, only under the most extraordinary circumstances will the Secretary rely on a countervailing duty rate or a dumping margin other than those it calculated and published in its prior determinations, and in no case will the Secretary calculate a net countervailable subsidy or a dumping margin for a new shipper in the context of a sunset review.

(ii) [Reserved]

(iii) *Consideration of other factors under section 752(b)(2) (CVD) or section 752(c)(2) (AD) of the Act.* The Secretary will consider other factors under section 752(b)(2) (CVD) or section 752(c)(2) (AD) of the Act if the Secretary determines that good cause to consider such other factors exists. The Secretary normally will consider such other factors only where it conducts a full sunset review under paragraph (e)(2)(i) of this section.

(f) *Time limits*—(1) *Preliminary results of full sunset review.* The Department normally will issue its preliminary results in a full sunset review not later than 110 days after the date of publication in the FEDERAL REGISTER of the notice of initiation.

(2) *Verification*—(i) *In general.* The Department will verify factual information relied upon in making its final determination normally only in a full sunset review (*see* section 782(i)(2) of the Act and § 351.307(b)(1)(iii)) and only where needed. The Department will conduct verification normally only if, in its preliminary results, the Department determines that revocation of the order or termination of the suspended investigation, as applicable, is not likely to lead to continuation or recurrence of a countervailable subsidy or dumping (*see* section 752(b) and section 752(c) of the Act), as applicable, and the Department's preliminary results are not based on countervailing duty rates or dumping margins, as applicable, determined in the investigation or subsequent reviews.

(ii) *Timing of verification.* The Department normally will conduct verification, under paragraph (f)(2)(i) of this section and § 351.307, approximately 120 days after the date of publication in the FEDERAL REGISTER of the notice of initiation.

(3) *Final results of full sunset review and notification to the International Trade Commission*—(i) *Timing of final results of review and notification to the International Trade Commission.* The Department normally will issue its final results in a full sunset review and notify the International Trade Commission of its results of review not later than 240 days after the date of publication in the FEDERAL REGISTER of the notice of initiation (*see* section 751(c)(5)(A) of the Act).

(ii) *Extension of time limit.* If the Secretary determines that a full sunset review is extraordinarily complicated under section 751(c)(5)(C) of the Act, the Secretary may extend the period for issuing final results by not more than 90 days (*see* section 751(c)(5)(B) of the Act).

(4) *Notice of continuation of an order or suspended investigation; notice of revocation of an order or termination of a suspended investigation.* Except as provided in paragraph (d)(1)(iii)(B)(*3*) of this section and § 351.222(i)(1)(i), the Department normally will issue its determination to continue an order or suspended investigation, or to revoke an order or terminate a suspended investigation, as applicable, not later than seven days after the date of publication in the FEDERAL REGISTER of the International Trade Commission's determination concluding the sunset review. The Department immediately thereafter will publish notice of its determination in the FEDERAL REGISTER.

§ 351.219 Reviews of countervailing duty orders in connection with an investigation under section 753 of the Act.

(a) *Introduction.* Section 753 of the Act is a transition provision for countervailing duty orders that were issued under section 303 of the Act without an injury determination by the Commission. Under the Subsidies Agreement, one country may not impose countervailing duties on imports from another WTO Member without first making a determination that such imports have caused injury to a domestic industry. Section 753 provides a mechanism for

providing an injury test with respect to those ''no-injury'' orders under section 303 that apply to merchandise from WTO Members. This section contains rules regarding requests for section 753 investigations by a domestic interested party; and the procedures that the Department will follow in reviewing a countervailing duty order and providing the Commission with advice regarding the amount and nature of a countervailable subsidy.

(b) *Notification of domestic interested parties.* The Secretary will notify directly domestic interested parties as soon as possible after the opportunity arises for requesting an investigation by the Commission under section 753 of the Act.

(c) *Initiation and conduct of section 753 review.* Where the Secretary deems it necessary in order to provide to the Commission information on the amount or nature of a countervailable subsidy (*see* section 753(b)(2) of the Act), the Secretary may initiate a section 753 review of the countervailing duty order in question. The Secretary will conduct a section 753 review in accordance with § 351.221.

§ 351.220 Countervailing duty review at the direction of the President under section 762 of the Act.

At the direction of the President or a designee, the Secretary will conduct a review under section 762(a)(1) of the Act to determine if a countervailable subsidy is being provided with respect to merchandise subject to an understanding or other kind of quantitative restriction agreement accepted under section 704(a)(2) or section 704(c)(3) of the Act. The Secretary will conduct a review under this section in accordance with § 351.221. If the Secretary's final results of review under this section and the Commission's final results of review under section 762(a)(2) of the Act are both affirmative, the Secretary will issue a countervailing duty order and order suspension of liquidation in accordance with section 762(b) of the Act.

§ 351.221 Review procedures.

(a) *Introduction.* The procedures for reviews are similar to those followed in investigations. This section details the procedures applicable to reviews in general, as well as procedures that are unique to certain types of reviews.

(b) *In general.* After receipt of a timely request for a review, or on the Secretary's own initiative when appropriate, the Secretary will:

(1) Promptly publish in the FEDERAL REGISTER notice of initiation of the review;

(2) Before or after publication of notice of initiation of the review, send to appropriate interested parties or other persons (or, if appropriate, a sample of interested parties or other persons) questionnaires requesting factual information for the review;

(3) Conduct, if appropriate, a verification under § 351.307;

(4) Issue preliminary results of review, based on the available information, and publish in the FEDERAL REGISTER notice of the preliminary results of review that include:

(i) The rates determined, if the review involved the determination of rates; and

(ii) An invitation for argument consistent with § 351.309;

(5) Issue final results of review and publish in the FEDERAL REGISTER notice of the final results of review that include the rates determined, if the review involved the determination of rates;

(6) If the type of review in question involves a determination as to the amount of duties to be assessed, promptly after publication of the notice of final results instruct the Customs Service to assess antidumping duties or countervailing duties (whichever is applicable) on the subject merchandise covered by the review, except as otherwise provided in § 351.106(c) with respect to *de minimis* duties; and

(7) If the review involves a revision to the cash deposit rates for estimated antidumping duties or countervailing duties, instruct the Customs Service to collect cash deposits at the revised rates on future entries.

(c) *Special rules*—(1) *Administrative reviews and new shipper reviews.* In an administrative review under section 751(a)(1) of the Act and § 351.213 and a new shipper review under section 751(a)(2)(B) of the Act and § 351.214 the Secretary:

(i) Will publish the notice of initiation of the review no later than the last day of the month following the anniversary month or the semiannual anniversary month (as the case may be); and

(ii) Normally will send questionnaires no later than 30 days after the date of publication of the notice of initiation.

(2) *Expedited antidumping review.* In an expedited antidumping review under section 736(c) of the Act and § 351.215, the Secretary:

(i) Will include in the notice of initiation of the review an invitation for argument consistent with § 351.309, and a statement that the Secretary is permitting the posting of a bond or other security instead of a cash deposit of estimated antidumping duties;

(ii) Will instruct the Customs Service to accept, instead of the cash deposit of estimated antidumping duties under section 736(a)(3) of the Act, a bond for each entry of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of initiation of the investigation and through the date not later than 90 days after the date of publication of the order; and

(iii) Will not issue preliminary results of review.

(3) *Changed circumstances review.* In a changed circumstances review under section 751(b) of the Act and § 351.216, the Secretary:

(i) Will include in the preliminary results of review and the final results of review a description of any action the Secretary proposed based on the preliminary or final results;

(ii) May combine the notice of initiation of the review and the preliminary results of review in a single notice if the Secretary concludes that expedited action is warranted; and

(iii) May refrain from issuing questionnaires under paragraph (b)(2) of this section.

(4) *Article 8 Violation review and Article 4/Article 7 review.* In an Article 8 Violation review or an Article 4/Article 7 review under section 751(g) of the Act and § 351.217, the Secretary:

(i) Will include in the notice of initiation of the review an invitation for argument consistent with § 351.309 and will notify all parties to the proceeding at the time the Secretary initiates the review;

(ii) Will not issue preliminary results of review; and

(iii) In the final results of review will indicate the amount, if any, by which the estimated duty to be deposited should be adjusted, and, in an Article 4/Article 7 review, any action, including revocation, that the Secretary will take based on the final results.

(5) *Sunset review.* In a sunset review under section 751(c) of the Act and § 351.218:

(i) The notice of initiation of a sunset review will contain a request for the information described in § 351.218(d); and

(ii) The Secretary, without issuing preliminary results of review, may issue final results of review under paragraphs (3) or (4) of subsection 751(c) of the Act if the conditions of those paragraphs are satisfied.

(6) *Section 753 review.* In a section 753 review under section 753 of the Act and § 351.219, the Secretary:

(i) Will include in the notice of initiation of the review an invitation for argument consistent with § 351.309, and will notify all parties to the proceeding at the time the Secretary initiates the review; and

(ii) May decline to issue preliminary results of review.

(7) *Countervailing duty review at the direction of the President.* In a countervailing duty review at the direction of the President under section 762 of the Act and § 351.220, the Secretary will:

(i) Include in the notice of initiation of the review a description of the merchandise, the period under review, and a summary of the available information which, if accurate, would support the imposition of countervailing duties;

(ii) Notify the Commission of the initiation of the review and the preliminary results of review;

(iii) Include in the preliminary results of review the countervailable subsidy, if any, during the period of review and a description of official changes in the subsidy programs made by the government of the affected country that affect the estimated countervailable subsidy; and

(iv) Include in the final results of review the countervailable subsidy, if any, during the period of review and a description of official changes in the subsidy programs, made by the government of the affected country not later than the date of publication of the notice of preliminary results, that affect the estimated countervailable subsidy.

[62 FR 27379, May 19, 1997, as amended at 63 FR 13525, Mar. 20, 1998]

§ 351.222 Revocation of orders; termination of suspended investigations.

(a) *Introduction.* ''Revocation'' is a term of art that refers to the end of an antidumping or countervailing proceeding in which an order has been issued. ''Termination'' is the companion term for the end of a proceeding in which the investigation was suspended due to the acceptance of a suspension agreement. Generally, a revocation or termination may occur only after the Department or the Commission has conducted one or more reviews under section 751 of the Act. This section contains rules regarding requirements for a revocation or termination; and procedures that the Department will follow in determining whether to revoke an order or terminate a suspended investigation.

(b) *Revocation or termination based on absence of dumping.* (1) In determining whether to revoke an antidumping duty order or terminate a suspended antidumping investigation, the Secretary will consider:

(i) Whether all exporters and producers covered at the time of revocation by the order or the suspension agreement have sold the subject merchandise at not less than normal value for a period of at least three consecutive years; and

(ii) Whether the continued application of the antidumping duty order is otherwise necessary to offset dumping.

(2) If the Secretary determines, based upon the criteria in paragraphs (b)(1)(i) and (ii) of this section, that the antidumping duty order or suspension of the antidumping duty investigation is no longer warranted, the Secretary will revoke the order or terminate the investigation.

(c) *Revocation or termination based on absence of countervailable subsidy.* (1)(i) In determining whether to revoke a countervailing duty order or terminate a suspended countervailing duty investigation, the Secretary will consider:

(A) Whether the government of the affected country has eliminated all countervailable subsidies on the subject merchandise by abolishing for the subject merchandise, for a period of at least three consecutive years, all programs that the Secretary has found countervailable;

(B) Whether exporters and producers of the subject merchandise are continuing to receive any net countervailable subsidy from an abolished program referred to in paragraph (c)(1)(i)(A) of this section; and

(C) Whether the continued application of the countervailing duty order or suspension of countervailing duty investigation is otherwise necessary to offset subsidization.

(ii) If the Secretary determines, based upon the criteria in paragraphs (c)(1)(i)(A) through (C) of this section, that the countervailing duty order or suspension of the countervailing duty investigation is no longer warranted, the Secretary will revoke the order or terminate the suspended investigation.

(2)(i) In determining whether to revoke a countervailing duty order or terminate a suspended countervailing duty investigation, the Secretary will consider:

(A) Whether all exporters and producers covered at the time of revocation by the order or the suspension agreement have not applied for or received any net countervailable subsidy on the subject merchandise for a period of at least five consecutive years; and

(B) Whether the continued application of the countervailing duty order or suspension of the countervailing duty investigation is otherwise necessary to offset subsidization.

(ii) If the Secretary determines, based upon the criteria in paragraphs (c)(2)(i)(A) and (B) of this section, that the countervailing duty order or the suspension of the countervailing duty investigation is no longer warranted, the Secretary will revoke the order or terminate the suspended investigation.

(d) *Treatment of unreviewed intervening years*—(1) *In general.* The Secretary will not revoke an order or terminate a suspended investigation under paragraphs (b) or (c) of this section unless the Secretary has conducted a review under this subpart of the first and third (or fifth) years of the three-and five-year consecutive time periods referred to in those paragraphs. The Secretary need not have conducted a review of an intervening year (*see* paragraph (d)(2) of this section). However, except in the case of a revocation or termination under paragraph (c)(1) of this section (government abolition of countervailable subsidy programs), before revoking an order or terminating a suspended investigation, the Secretary must be satisfied that, during each of the three (or five) years, there were exports to the United States in commercial quantities of the subject merchandise to which a revocation or termination will apply.

(2) *Intervening year.* ''Intervening year'' means any year between the first and final year of the consecutive period on which revocation or termination is conditioned.

(e) Request for revocation or termination—(1) *Antidumping proceeding.* During the third and subsequent annual anniversary months of the publication of an antidumping order or suspension of an antidumping investigation, any exporter or producer may request in writing that the Secretary revoke an order or terminate a suspended investigation under paragraph (b) of this section if the person submits with the request:

(i) Certifications for all exporters and producers covered by the order or suspension agreement that they sold the subject merchandise at not less than normal value during the period of review described in § 351.213(e)(1), and that in the future they will not sell the merchandise at less than normal value; and

(ii) Certifications for all exporters and producers covered by the order or suspension agreement that, during each of the consecutive years referred to in paragraph (b) of this section, they sold the subject merchandise to the United States in commercial quantities.

(2) *Countervailing duty proceeding.* (i) During the third and subsequent annual anniversary months of the publication of a countervailing duty order or suspension of a countervailing duty investigation, the government of the affected country may request in writing that the Secretary revoke an order or terminate a suspended investigation under paragraph (c)(1) of this section if the government submits with the request its certification that it has satisfied, during the period of review described in § 351.213(e)(2), the requirements of paragraph (c)(1)(i) of this section regarding the abolition of countervailable subsidy programs, and that it will not reinstate for the subject merchandise those programs or substitute other countervailable subsidy programs;

(ii) During the fifth and subsequent annual anniversary months of the publication of a countervailing duty order or suspended countervailing duty investigation, the government of the affected country may request in writing that the Secretary revoke an order or terminate a suspended investigation under paragraph (c)(2) of this section if the government submits with the request:

(A) Certifications for all exporters and producers covered by the order or suspension agreement that they have not applied for or received any net countervailable subsidy on the subject merchandise for a period of at least five consecutive years (see paragraph (c)(2)(i) of this section);

(B) Those exporters' and producers' certifications that they will not apply for or receive any net countervailable subsidy on the subject merchandise from any program the Secretary has found countervailable in any proceeding involving the affected country or from other countervailable programs (see paragraph (c)(2)(ii) of this section); and

(C) A certification from each exporter or producer that, during each of the consecutive years referred to in paragraph (c)(2) of this section, that person sold the subject merchandise to the United States in commercial quantities.

(f) *Procedures.* (1) Upon receipt of a timely request for revocation or termination under paragraph (e) of this section, the Secretary will consider the request as including a request for an administrative review and will initiate and conduct a review under § 351.213.

(2) When the Secretary is considering a request for revocation or termination under paragraph (e) of this section, in addition to the requirements of § 351.221 regarding the conduct of an administrative review, the Secretary will:

(i) Publish with the notice of initiation under § 351.221(b)(1), notice of ''Request for Revocation of Order'' or ''Request for Termination of Suspended Investigation'' (whichever is applicable);

(ii) Conduct a verification under § 351.307;

(iii) Include in the preliminary results of review under § 351.221(b)(4) the Secretary's decision whether there is a reasonable basis to believe that the requirements for revocation or termination are met;

(iv) If the Secretary decides that there is a reasonable basis to believe that the requirements for revocation or termination are met, publish with the notice of preliminary results of review under § 351.221(b)(4) notice of ''Intent To Revoke Order'' or ''Intent To Terminate Suspended Investigation'' (whichever is applicable);

(v) Include in the final results of review under § 351.221(b)(5) the Secretary's final decision whether the requirements for revocation or termination are met; and

(vi) If the Secretary determines that the requirements for revocation or termination are met, publish with the notice of final results of review under § 351.221(b)(5) notice of ''Revocation of Order'' or ''Termination of Suspended Investigation'' (whichever is applicable).

(3) If the Secretary revokes an order, the Secretary will order the suspension of liquidation terminated for the merchandise covered by the revocation on the first day after the period under review, and will instruct the Customs Service to release any cash deposit or bond.

(g) *Revocation or termination based on changed circumstances.* (1) The Secretary may revoke an order, in whole or in part, or terminate a suspended investigation if the Secretary concludes that:

(i) Producers accounting for substantially all of the production of the domestic like product to which the order (or the part of the order to be revoked) or suspended investigation pertains have expressed a lack of interest in the order, in whole or in part, or suspended investigation (*see* section 782(h) of the Act); or

(ii) Other changed circumstances sufficient to warrant revocation or termination exist.

(2) If at any time the Secretary concludes from the available information that changed circumstances sufficient to warrant revocation or termination may exist, the Secretary will conduct a changed circumstances review under § 351.216.

(3) In addition to the requirements of § 351.221, the Secretary will:

(i) Publish with the notice of initiation (*see* § 353.221(b)(1), notice of ''Consideration of Revocation of Order (in Part)'' or ''Consideration of Termination of Suspended Investigation'' (whichever is applicable);

(ii) If the Secretary's conclusion regarding the possible existence of changed circumstances (*see* paragraph (g)(2) of this section), is not based on a request, the Secretary, not later than the date of publication of the notice of ''Consideration of Revocation of Order (in Part)'' or ''Consideration of Termination of Suspended Investigation'' (whichever is applicable) (*see* paragraph (g)(3)(i) of this section), will serve written notice of the consideration of revocation or termination on each interested party listed on the Department's service list and on any other person that the Secretary has reason to believe is a domestic interested party;

(iii) Conduct a verification, if appropriate, under § 351.307;

(iv) Include in the preliminary results of review, under § 351.221(b)(4), the Secretary's decision whether there is a reasonable basis to believe that changed circumstances warrant revocation or termination;

(v) If the Secretary's preliminary decision is that changed circumstances warrant revocation or termination,

publish with the notice of preliminary results of review, under § 351.221(b)(4), notice of ''Intent to Revoke Order (in Part)'' or ''Intent to Terminate Suspended Investigation'' (whichever is applicable);

(vi) Include in the final results of review, under § 351.221(b)(5), the Secretary's final decision whether changed circumstances warrant revocation or termination; and

(vii) If the Secretary's determines that changed circumstances warrant revocation or termination, publish with the notice of final results of review, under § 351.221(b)(5), notice of ''Revocation of Order (in Part)'' or ''Termination of Suspended Investigation'' (whichever is applicable).

(4) If the Secretary revokes an order, in whole or in part, under paragraph (g) of this section, the Secretary will order the suspension of liquidation ended for the merchandise covered by the revocation on the effective date of the notice of revocation, and will instruct the Customs Service to release any cash deposit or bond.

(h) *Revocation or termination based on injury reconsideration.* If the Commission determines in a changed circumstances review under section 751(b)(2) of the Act that the revocation of an order or termination of a suspended investigation is not likely to lead to continuation or recurrence of material injury, the Secretary will revoke, in whole or in part, the order or terminate the suspended investigation, and will publish in the FEDERAL REGISTER notice of ''Revocation of Order (in Part)'' or ''Termination of Suspended Investigation'' (whichever is applicable).

(i) *Revocation or termination based on sunset review*—(1) *Circumstances under which the Secretary will revoke an order or terminate a suspended investigation.* In the case of a sunset review under § 351.218, the Secretary will revoke an order or terminate a suspended investigation:

(i) Under section 751(c)(3)(A) of the Act, where no domestic interested party files a Notice of Intent to Participate in the sunset review under § 351.218(d)(1), or where the Secretary determines under § 351.218(e)(1)(i)(C) that domestic interested parties have provided inadequate response to the Notice of Initiation, not later than 90 days after the date of publication in the FEDERAL REGISTER of the notice of initiation;

(ii) Under section 751(d)(2) of the Act, where the Secretary determines that revocation or termination is not likely to lead to continuation or recurrence of a countervailable subsidy or dumping (*see* section 752(b) and section 752(c) of the Act), as applicable, not later than 240 days (or 330 days where a full sunset review is fully extended) after the date of publication in the FEDERAL REGISTER of the notice of initiation; or

(iii) Under section 751(d)(2) of the Act, where the International Trade Commission makes a determination, under section 752(a) of the Act, that revocation or termination is not likely to lead to continuation or recurrence of material injury, not later than seven days after the date of publication in the FEDERAL REGISTER of the International Trade Commission's determination concluding the sunset review.

(2) *Effective date of revocation*—(i) *In general.* Except as provided in paragraph (i)(2)(ii) of this section, where the Secretary revokes an order or terminates a suspended investigation, pursuant to section 751(c)(3)(A) or section 751(d)(2) of the Act (*see* paragraph (i)(1) of this section), the revocation or termination will be effective on the fifth anniversary of the date of publication in the FEDERAL REGISTER of the order or suspended investigation, as applicable. This paragraph also applies to subsequent sunset reviews of transition orders (*see* paragraph (i)(2)(ii) of this section and section 751(c)(6)(A)(iii) of the Act).

(ii) *Transition orders.* Where the Secretary revokes a transition order (defined in section 751(c)(6)(C) of the Act) pursuant to section 751(c)(3)(A) or section 751(d)(2) of the Act (*see* paragraph (i)(1) of this section), the revocation or termination will be effective on January 1, 2000. This paragraph does not apply to subsequent sunset reviews of transition orders (*see* section 751(c)(6)(A)(iii) of the Act).

(j) *Revocation of countervailing duty order based on Commission negative determination under section 753 of the Act.*

The Secretary will revoke a countervailing duty order, and will order the refund, with interest, of any estimated countervailing duties collected during the period liquidation was suspended under section 753(a)(4) of the Act upon being notified by the Commission that:

(1) The Commission has determined that an industry in the United States is not likely to be materially injured if the countervailing duty order in question is revoked (*see* section 753(a)(1) of the Act); or

(2) A domestic interested party did not make a timely request for an investigation under section 753(a) of the Act (*see* section 753(a)(3) of the Act).

(k) *Revocation based on Article 4/Article 7 review*—(1) *In general.* The Secretary may revoke a countervailing duty order, in whole or in part, following an Article 4/Article 7 review under § 351.217(c), due to the imposition of countermeasures by the United States or the withdrawal of a countervailable subsidy by a WTO member country (*see* section 751(g)(2) of the Act).

(2) *Additional requirements.* In addition to the requirements of § 351.221, if the Secretary determines to revoke an order as the result of an Article 4/Article 7 review, the Secretary will:

(i) Conduct a verification, if appropriate, under § 351.307;

(ii) Include in the final results of review, under § 351.221(b)(5), the Secretary's final decision whether the order should be revoked;

(iii) If the Secretary's final decision is that the order should be revoked:

(A) Determine the effective date of the revocation;

(B) Publish with the notice of final results of review, under § 351.221(b)(5), a notice of ''Revocation of Order (in Part),'' that will include the effective date of the revocation; and

(C) Order any suspension of liquidation ended for merchandise covered by the revocation that was entered on or after the effective date of the revocation, and instruct the Customs Service to release any cash deposit or bond.

(l) *Revocation under section 129.* The Secretary may revoke an order under section 129 of the URAA (implementation of WTO dispute settlement).

(m) *Cross-reference.* For the treatment in a subsequent investigation of business proprietary information submitted to the Secretary in connection with a changed circumstances review under § 351.216 or a sunset review under § 351.218 that results in the revocation of an order (or termination of a suspended investigation), see section 777(b)(3) of the Act.

§ 351.223 Procedures for initiation of downstream product monitoring.

(a) *Introduction.* Section 780 of the Act establishes a mechanism for monitoring imports of ''downstream products.'' In general, section 780 is aimed at situations where, following the issuance of an antidumping or countervailing duty order on a product that is used as a component in another product, exports to the United States of that other (or ''downstream'') product increase. Although the Department is responsible for determining whether trade in the downstream product should be monitored, the Commission is responsible for conducting the actual monitoring. The Commission must report the results of its monitoring to the Department, and the Department must consider the reports in determining whether to self-initiate an antidumping or countervailing duty investigation on the downstream product. This section contains rules regarding applications for the initiation of downstream product monitoring and decisions regarding such applications.

(b) *Contents of application.* An application to designate a downstream product for monitoring under section 780 of the Act must contain the following information, to the extent reasonably available to the applicant:

(1) The name and address of the person requesting the monitoring and a description of the article it produces which is the basis for filing its application;

(2) A detailed description of the downstream product in question;

(3) A detailed description of the component product that is incorporated into the downstream product, including the value of the component part in relation to the value of the downstream product, and the extent to

which the component part has been substantially transformed as a result of its incorporation into the downstream product;

(4) The name of the country of production of both the downstream and component products and the name of any intermediate country from which the merchandise is imported;

(5) The name and address of all known producers of component parts and downstream products in the relevant countries and a detailed description of any relationship between such producers;

(6) Whether the component part is already subject to monitoring to aid in the enforcement of a bilateral arrangement within the meaning of section 804 of the Trade and Tariff Act of 1984;

(7) A list of all antidumping or countervailing duty investigations that have been suspended, or antidumping or countervailing duty orders that have been issued, on merchandise that is related to the component part and that is manufactured in the same foreign country in which the component part is manufactured;

(8) A list of all antidumping or countervailing duty investigations that have been suspended, or antidumping or countervailing duty orders that have been issued, on merchandise that is manufactured or exported by the manufacturer or exporter of the component part and that is similar in description and use to the component part; and

(9) The reasons for suspecting that the imposition of antidumping or countervailing duties has resulted in a diversion of exports of the component part into increased production and exportation to the United States of the downstream product.

(c) *Determination of sufficiency of application.* Within 14 days after an application is filed under paragraph (b) of this section, the Secretary will rule on the sufficiency of the application by making the determinations described in section 780(a)(2) of the Act.

(d) *Notice of determination.* The Secretary will publish in the FEDERAL REGISTER notice of each affirmative or negative ''monitoring'' determination made under section 780(a)(2) of the Act, and if the determination under section 780(a)(2)(A) of the Act and a determination made under any clause of section 780(a)(2)(B) of the Act are affirmative, will transmit to the Commission a copy of the determination and the application. The Secretary will make available to the Commission, and to its employees directly involved in the monitoring, the information upon which the Secretary based the initiation.

§ 351.224 Disclosure of calculations and procedures for the correction of ministerial errors.

(a) *Introduction.* In the interests of transparency, the Department has long had a practice of providing parties with the details of its antidumping and countervailing duty calculations. This practice has come to be referred to as a ''disclosure.'' This section contains rules relating to requests for disclosure and procedures for correcting ministerial errors.

(b) *Disclosure.* The Secretary will disclose to a party to the proceeding calculations performed, if any, in connection with a preliminary determination under section 703(b) or section 733(b) of the Act, a final determination under section 705(a) or section 735(a) of the Act, and a final results of a review under section 736(c), section 751, or section 753 of the Act, normally within five days after the date of any public announcement or, if there is no public announcement of, within five days after the date of publication of, the preliminary determination, final determination, or final results of review (whichever is applicable). The Secretary will disclose to a party to the proceeding calculations performed, if any, in connection with a preliminary results of review under section 751 or section 753 of the Act, normally not later than ten days after the date of the public announcement of, or, if there is no public announcement, within five days after the date of publication of, the preliminary results of review.

(c) *Comments regarding ministerial errors*—(1) *In general.* A party to the proceeding to whom the Secretary has disclosed calculations performed in connection with a preliminary determination may submit comments concerning

a significant ministerial error in such calculations. A party to the proceeding to whom the Secretary has disclosed calculations performed in connection with a final determination or the final results of a review may submit comments concerning any ministerial error in such calculations. Comments concerning ministerial errors made in the preliminary results of a review should be included in a party's case brief.

(2) *Time limits for submitting comments.* A party to the proceeding must file comments concerning ministerial errors within five days after the earlier of:

(i) The date on which the Secretary released disclosure documents to that party; or

(ii) The date on which the Secretary held a disclosure meeting with that party.

(3) *Replies to comments.* Replies to comments submitted under paragraph (c)(1) of this section must be filed within five days after the date on which the comments were filed with the Secretary. The Secretary will not consider replies to comments submitted in connection with a preliminary determination.

(4) *Extensions.* A party to the proceeding may request an extension of the time limit for filing comments concerning a ministerial error in a final determination or final results of review under §351.302(c) within three days after the date of any public announcement, or, if there is no public announcement, within five days after the date of publication of the final determination or final results of review, as applicable. The Secretary will not extend the time limit for filing comments concerning a significant ministerial error in a preliminary determination.

(d) *Contents of comments and replies.* Comments filed under paragraph (c)(1) of this section must explain the alleged ministerial error by reference to applicable evidence in the official record, and must present what, in the party's view, is the appropriate correction. In addition, comments concerning a preliminary determination must demonstrate how the alleged ministerial error is significant (*see* paragraph (g) of this section) by illustrating the effect on individual weighted-average dumping margin or countervailable subsidy rate, the all-others rate, or the country-wide subsidy rate (whichever is applicable). Replies to any comments must be limited to issues raised in such comments.

(e) *Corrections.* The Secretary will analyze any comments received and, if appropriate, correct any significant ministerial error by amending the preliminary determination, or correct any ministerial error by amending the final determination or the final results of review (whichever is applicable). Where practicable, the Secretary will announce publicly the issuance of a correction notice, and normally will do so within 30 days after the date of public announcement, or, if there is no public announcement, within 30 days after the date of publication, of the preliminary determination, final determination, or final results of review (whichever is applicable). In addition, the Secretary will publish notice of such corrections in the FEDERAL REGISTER. A correction notice will not alter the anniversary month of an order or suspended investigation for purposes of requesting an administrative review (*see* §351.213) or a new shipper review (*see* §351.214) or initiating a sunset review (*see* §351.218).

(f) *Definition of ''ministerial error.''* Under this section, *ministerial error* means an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial.

(g) *Definition of ''significant ministerial error.''* Under this section, *significant ministerial error* means a ministerial error (*see* paragraph (f) of this section), the correction of which, either singly or in combination with other errors:

(1) Would result in a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin or the countervailable subsidy rate (whichever is applicable) calculated in the original (erroneous) preliminary determination; or

(2) Would result in a difference between a weighted-average dumping margin or countervailable subsidy rate

(whichever is applicable) of zero (or *de minimis*) and a weighted-average dumping margin or countervailable subsidy rate of greater than *de minimis*, or vice versa.

§ 351.225 Scope rulings.

(a) *Introduction.* Questions sometimes arise as to whether a particular product is covered by the scope of an antidumping or countervailing duty order. Such questions may arise for a variety of reasons given that the description of the merchandise subject to the scope is written in general terms. The Secretary will initiate and conduct a scope inquiry and issue a scope ruling to determine whether or not a product is covered by the scope of an order at the request of an interested party or on the Secretary's initiative. A scope ruling that a product is covered by the scope of an order is a determination that the product has always been covered by the scope of that order. This section contains rules and procedures regarding scope rulings, including scope ruling applications, scope inquiries, and standards used in determining whether a product is covered by the scope of an order. Unless otherwise specified, the procedures as described in subpart C of this part (§§ 351.301 through 351.308 and §§ 351.312 through 351.313) apply to this section.

(b) *Self-initiation of a scope inquiry.* If the Secretary determines from available information that an inquiry is warranted to determine whether a product is covered by the scope of an order, the Secretary may initiate a scope inquiry and publish a notice of initiation in the FEDERAL REGISTER.

(c) *Scope ruling application*—(1) *Contents.* An interested party may submit a scope ruling application requesting that the Secretary conduct a scope inquiry to determine whether a product, which is or has been in actual production by the time of the filing of the application, is covered by the scope of an order. The Secretary will make available a scope ruling application, which the applicant must complete and serve in accordance with the requirements of paragraph (n) of this section.

(2) *Requested information.* To the extent reasonably available to the applicant, the scope ruling application must include the following requested information and relevant supporting documentation.

(i) A detailed description of the product and its uses, as necessary:

(A) The physical characteristics (including chemical, dimensional, and technical characteristics) of the product;

(B) The country(ies) where the product is produced, the country from where the product is exported, and if imported, the declared country of origin;

(C) The product's tariff classification under the Harmonized Tariff Schedule of the United States and copies of any Customs rulings relevant to the tariff classification;

(D) The uses of the product;

(E) Clear and legible photographs, schematic drawings, specifications, standards, marketing materials, and any other exemplars providing a visual depiction of the product; and

(F) A description of parts, materials, and the production process employed in the production of the product;

(ii) A concise public summary of the product's description under paragraphs (c)(2)(i)(A) through (C) of this section.

(iii) The name and address of the producer, exporter, and importer of the product.

(iv) A narrative history of the production of the product at issue, including a history of earlier versions of the product if this is not the first model of the product.

(v) The volume of annual production of the product for the most recently completed fiscal year.

(vi) If the product has been imported into the United States as of the date of the filing of the scope ruling application:

(A) An explanation as to whether an entry of the product has been declared by an importer, or determined by the Customs Service, as subject to an order, and

(B) Relevant documentation, including dated copies of the Customs Service entry summary forms (or electronic entry processing system documentation) identifying the product upon importation and other related commercial documents, including invoices and

contracts, which reflect the details surrounding the sale and purchase of that imported product.

(vii) A statement as to whether the product undergoes any additional processing in the United States after importation, or in a third country before importation, and a statement as to the relevance of this processing to the scope of the order.

(viii) The applicant's statement as to whether the product is covered by the scope of the order, including:

(A) An explanation with specific reference to paragraph (j) and (k) of this section, as appropriate;

(B) Citations to any applicable legal authority; and

(C) Whether there are companion orders as described in paragraph (m)(2) of this section.

(ix) Factual information supporting the applicant's position, including full copies of prior scope determinations and relevant excerpts of other documents identified in paragraph (k)(1) of this section.

(d) *Initiation of a scope inquiry and other actions based on a scope ruling application*—(1) *Initiation of a scope inquiry based on a scope ruling application.* Except as provided under paragraph (d)(2) of this section, within 30 days after the filing of a scope ruling application, the Secretary will determine whether to accept or reject the scope ruling application.

(i) If the Secretary determines that a scope ruling application is incomplete or otherwise unacceptable, the Secretary may reject the scope ruling application and will provide a written explanation of the reasons for the rejection. If the scope ruling application is rejected, the applicant may resubmit the full application at any time, with all identified deficiencies corrected.

(ii) If the Secretary does not reject the scope ruling application or initiate the scope inquiry within 31 days after the filing of the application, the application will be deemed accepted and the scope inquiry will be deemed initiated.

(2) *Addressing the scope issue in another segment of the proceeding.* Within 30 days after the filing of a scope ruling application, if the Secretary determines upon review of the application that the scope issue before the Secretary should be addressed in an ongoing segment of the proceeding, such as a circumvention inquiry under § 351.226 or a covered merchandise inquiry under § 351.227, rather than initiating a scope inquiry, the Secretary will notify the applicant of its intent to address the scope issue in such other segment.

(3) *Notice of scope applications.* On a monthly basis, the Secretary will publish a notice in the FEDERAL REGISTER listing scope applications filed with the Secretary.

(e) *Deadlines for scope rulings*—(1) *In general.* The Secretary shall issue a final scope ruling within 120 days after the date on which the scope inquiry was initiated under paragraph (b) or (d) of this section.

(2) *Extension.* The Secretary may extend the deadline in paragraph (e)(1) of this section by no more than 180 days if the Secretary determines that good cause exists to warrant an extension. Situations in which good cause has been demonstrated may include:

(i) If the Secretary has issued questionnaires to the applicant or other interested parties; received responses to those questionnaires; and determined that an extension is warranted to request further information or consider and address the parties' responses on the record adequately; or

(ii) The Secretary has issued a preliminary scope ruling (*see* paragraph (g) of this section).

(3) *Alignment with other segments.* If the Secretary determines it is appropriate to do so, the Secretary may align the deadlines under this paragraph with the deadlines of another segment of the proceeding.

(f) *Scope inquiry procedures.* (1) Within 30 days of the Secretary's self-initiation of a scope inquiry under paragraph (b) of this section, interested parties are permitted one opportunity to submit comments and factual information addressing the self-initiation. Within 14 days of the filing of such comments, any interested party is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information submitted by the other interested parties.

(2) Within 30 days of the initiation of a scope inquiry under paragraph (d)(2)

of this section, an interested party other than the applicant is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information contained in the scope ruling application. Within 14 days of the filing of such rebuttal, clarification, or correction, the applicant is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information submitted in the interested party's rebuttal, clarification or correction.

(3) Following initiation of a scope inquiry under paragraph (b) or (d) of this section, the Secretary may issue questionnaires and verify submissions received, where appropriate. The Secretary may limit issuance of questionnaires to a reasonable number of respondents. Questionnaire responses are due on the date specified by the Secretary. Within 14 days after a questionnaire response has been filed with the Secretary, an interested party other than the original submitter is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information contained in the questionnaire response. Within seven days of the filing of such rebuttal, clarification, or correction, the original submitter is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information submitted in the interested party's rebuttal, clarification or correction.

(4) If the Secretary issues a preliminary scope ruling under paragraph (g) of this section, which is not issued concurrently with the initiation of the scope inquiry, the Secretary will establish a schedule for the filing of scope comments and rebuttal comments. Unless otherwise specified, any interested party may submit scope comments within 14 days after the issuance of the preliminary scope ruling, and any interested party may submit rebuttal comments within 7 days thereafter. Unless otherwise specified, no new factual information will be accepted in the scope or rebuttal comments.

(5) If the Secretary issues a preliminary scope ruling concurrently with the initiation of a scope inquiry under paragraph (g) of this section, paragraphs (f)(1) through (4) of this section will not apply. In such a situation, the Secretary will establish appropriate procedures on a case-specific basis.

(6) If the Secretary determines it is appropriate to do so, the Secretary may rescind, in whole or in part, a scope inquiry under this section and will notify interested parties.

(7) If the Secretary determines it is appropriate to do so, the Secretary may alter or extend any time limits under this paragraph or establish a separate schedule for the filing of comments and/or factual information during the scope inquiry.

(g) *Preliminary scope ruling.* The Secretary may issue a preliminary scope ruling, based upon the available information at the time, as to whether there is a reasonable basis to believe or suspect that the product subject to a scope inquiry is covered by the scope of the order. In determining whether to issue a preliminary scope ruling, the Secretary may consider the complexity of the issues and arguments raised in the scope inquiry. The Secretary may issue a preliminary scope ruling concurrently with the initiation of a scope inquiry under paragraph (b) or (d) of this section.

(h) *Final scope ruling.* The Secretary will issue a final scope ruling as to whether the product that is the subject of the scope inquiry is covered by the scope of the order, including an explanation of the factual and legal conclusions on which the final scope ruling is based. The Secretary will promptly convey a copy of the final scope ruling in the manner prescribed by section 516A(a)(2)(A)(ii) of the Act to all parties to the proceeding (*see* § 351.102(b)(36)), subject to the notice requirements for Governments of an FTA country under § 356.6 and § 356.7.

(i) *Other segments of the proceeding.* (1) Notwithstanding any other provision of this section, the Secretary may, but is not required to, address scope issues in another segment of the proceeding, such as an administrative review under § 351.213, a circumvention inquiry under § 351.226, or a covered merchandise inquiry under § 351.227 without conducting or completing a scope inquiry under this section. For example, the

Secretary may rescind a scope inquiry under paragraph (f)(6) of this section and determine whether the product at issue is covered by the scope of the order in another segment of the proceeding (including another scope inquiry).

(2) During the pendency of a scope inquiry or upon issuance of a final scope ruling under paragraph (h) of this section, the Secretary may take any further action, as appropriate, with respect to another segment of the proceeding. For example, if the Secretary considers it appropriate, the Secretary may request information concerning the product that is the subject of the scope inquiry for purpose of an administrative review under § 351.213.

(j) *Country of origin determinations.* In considering whether a product is covered by the scope of the order at issue, the Secretary may need to determine the country of origin of the product. To make such a determination, the Secretary may use any reasonable method and is not bound by the determinations of any other agency, including tariff classification and country of origin marking rulings issued by the Customs Service.

(1) In determining the country of origin, the Secretary may conduct a substantial transformation analysis that considers relevant factors that arise on a case-by-case basis, including:

(i) Whether the processed downstream product is a different class or kind of merchandise than the upstream product;

(ii) The physical characteristics (including chemical, dimensional, and technical characteristics) of the product;

(iii) The intended end-use of the downstream product;

(iv) The cost of production/value added of further processing in the third country or countries;

(v) The nature and sophistication of processing in the third country or countries; and

(vi) The level of investment in the third country or countries.

(2) In conducting a country of origin determination, the Secretary also may consider where the essential component of the product is produced or where the essential characteristics of the product are imparted.

(k) *Scope rulings.* (1) In determining whether a product is covered by the scope of the order at issue, the Secretary will consider the language of the scope and may make its determination on this basis alone if the language of the scope, including the descriptions of merchandise expressly excluded from the scope, is dispositive.

(i) The following primary interpretive sources may be taken into account under paragraph (k)(1) introductory text of this section, at the discretion of the Secretary:

(A) The descriptions of the merchandise contained in the petition pertaining to the order at issue;

(B) The descriptions of the merchandise contained in the initial investigation pertaining to the order at issue;

(C) Previous or concurrent determinations of the Secretary, including prior scope rulings, memoranda, or clarifications pertaining to both the order at issue, as well as other orders with same or similar language as that of the order at issue; and

(D) Determinations of the Commission pertaining to the order at issue, including reports issued pursuant to the Commission's initial investigation.

(ii) The Secretary may also consider secondary interpretive sources under paragraph (k)(1) introductory text of this section, such as any other determinations of the Secretary or the Commission not identified above, Customs rulings or determinations, industry usage, dictionaries, and any other relevant record evidence. However, in the event of a conflict between these secondary interpretive sources and the primary interpretive sources under paragraph (k)(1)(i) of this section, the primary interpretive sources will normally govern in determining whether a product is covered by the scope of the order at issue.

(2)(i) If the Secretary determines that the sources under paragraph (k)(1) of this section are not dispositive, the Secretary will then further consider the following factors:

(A) The physical characteristics (including chemical, dimensional, and technical characteristics) of the product;

(B) The expectations of the ultimate users;

(C) The ultimate use of the product;

(D) The channels of trade in which the product is sold; and

(E) The manner in which the product is advertised and displayed.

(ii) In the event of a conflict between the factors under paragraph (k)(2)(i) of this section, paragraph (k)(2)(i)(A) will normally be allotted greater weight than the other factors.

(3) If merchandise contains or consists of two or more components and the product at issue in the scope inquiry is a component of that merchandise as a whole, the Secretary may adopt the following analysis:

(i) The Secretary will analyze the scope language under paragraph (k)(1) of this section, and, if necessary, the factors under paragraph (k)(2) of this section, to determine if the component product, standing alone, would be covered by an order;

(ii) If the Secretary determines that the component product would otherwise be covered by the scope of an order as a result of the analysis under (k)(3)(i) of this section, the Secretary will consider the scope language under paragraph (k)(1) of this section to determine whether the component product's inclusion in the merchandise as a whole results in its exclusion from the scope of the order; and

(iii) If the Secretary determines the analysis under (k)(3)(ii) of this section does not resolve whether the component product's inclusion in the merchandise as a whole results in its exclusion from the scope of the order, then the Secretary will consider, as appropriate, the following relevant factors that may arise on a product-specific basis:

(A) The practicability of separating the in-scope component for repackaging or resale, considering the relative difficulty and expense of separating the components;

(B) The measurable value of the in-scope component as compared to the measurable value of the merchandise as a whole; and

(C) The ultimate use or function of the in-scope component relative to the ultimate use or function of the merchandise as a whole.

(l) *Suspension of liquidation.* (1) When the Secretary initiates a scope inquiry under paragraph (b) or (d) of this section, the Secretary will notify the Customs Service of the initiation and direct the Customs Service to continue the suspension of liquidation of entries of products subject to the scope inquiry that were already subject to the suspension of liquidation, and to apply the cash deposit rate that would be applicable if the product were determined to be covered by the scope of the order.

(2) If the Secretary issues a preliminary scope ruling under paragraph (g) of this section that the product at issue is covered by the scope of the order, the Secretary will take the following actions:

(i) The Secretary will direct the Customs Service to continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate;

(ii) The Secretary will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after the date of initiation of the scope inquiry; and

(iii)(A) *In general.* Subject to paragraph (l)(2)(iii)(B) of this section, the Secretary normally will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of initiation of the scope inquiry.

(B) *Exception.* If the Secretary determines it is appropriate to do so, the Secretary may, at the timely request of an interested party or at the Secretary's discretion, direct the Customs Service to begin the suspension of liquidation and apply the applicable cash deposit rate under paragraph (l)(2)(iii)(A) of this section at an alternative date. In response to a timely request from an interested party, the

Secretary will only consider an alternative date based on a specific argument supported by evidence establishing the appropriateness of that alternative date.

(3) If the Secretary issues a final scope ruling under paragraph (h) of this section that the product at issue is covered by the scope of the order, the Secretary will take the following actions:

(i) The Secretary will direct the Customs Service to continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate until appropriate liquidation instructions are issued;

(ii) The Secretary will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after the date of initiation of the scope inquiry until appropriate liquidation instructions are issued; and

(iii)(A) *In general.* Subject to paragraph (l)(3)(iii)(B) of this section, the Secretary normally will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of initiation of the scope inquiry until appropriate liquidation instructions are issued.

(B) *Exception.* If the Secretary determines it is appropriate to do so, the Secretary may, at the timely request of an interested party or at the Secretary's discretion, direct the Customs Service to begin the suspension of liquidation and apply the applicable cash deposit rate under paragraph (l)(3)(iii)(A) of this section at an alternative date until appropriate liquidation instructions are issued. In response to a timely request from an interested party, the Secretary will only consider an alternative date based on a specific argument supported by evidence establishing the appropriateness of that alternative date.

(4) If the Secretary issues a final scope ruling under paragraph (h) of this section that the product is not covered by the scope of the order, and entries of the product at issue are not otherwise subject to suspension of liquidation as a result of another segment of the proceeding, such as a circumvention inquiry under § 351.226 or a covered merchandise inquiry under § 351.227, the Secretary will order the Customs Service to terminate the suspension of liquidation and refund any cash deposits for such entries.

(5) Nothing in this section affects the Customs Service's authority to take any additional action with respect to the suspension of liquidation or related measures.

(m) *Applicability of scope rulings; companion orders*—(1) *Applicability of scope rulings.* In conducting a scope inquiry under this section, the Secretary shall consider, based on the available record evidence, whether the scope ruling should be applied:

(i) On a producer-specific, exporter-specific, importer-specific basis, or some combination thereof; or

(ii) To all products from the same country with the same relevant physical characteristics, (including chemical, dimensional and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter or importer of those products.

(2) *Companion antidumping and countervailing duty orders.* If there are companion antidumping and countervailing duty orders covering the same merchandise from the same country of origin, the requesting interested party under paragraph (c) of this section must file the scope ruling application pertaining to both orders only on the record of the antidumping duty proceeding. Should the Secretary determine to initiate a scope inquiry under paragraph (b) or (d) of this section, the Secretary will initiate and conduct a single inquiry with respect to the product at issue for both orders only on the record of the antidumping proceeding. Once the Secretary issues a final scope ruling on the record of the antidumping duty proceeding, the Secretary will include a copy of that scope ruling on the record of the countervailing duty proceeding.

(n) *Service of scope ruling application; annual inquiry service list; entry of appearance.* (1) The requirements of § 351.303(f) apply to this section, except that an interested party that submits a scope ruling application under paragraph (c) of this section must serve a copy of the application on all persons on the annual inquiry service list for that order, as well as the companion order, if any, as described in paragraph (m)(2) of this section. If a scope ruling application is rejected and resubmitted pursuant to paragraph (d)(1) of this section, service of the resubmitted application is not required under this paragraph, unless otherwise specified.

(2) For purposes of this section, the ''annual inquiry service list'' will include the petitioner(s) and those parties that file a request for inclusion on the annual inquiry service list for a proceeding, in accordance with the Secretary's established procedures.

(3) A new ''annual inquiry service list'' will be established on a yearly basis. Parties filing a request for inclusion on that list must file a request during the anniversary month of the publication of the antidumping or countervailing duty order. Only the petitioner and the government of the foreign country at issue in an antidumping or countervailing duty order will be automatically placed on the new annual inquiry service list once the previous year's list has been replaced.

(4) Once a scope inquiry has been self-initiated or a scope ruling application is accepted by the Secretary, a segment-specific service list will be established and the requirements of § 351.303(f) will apply. Parties other than the scope ruling applicant under paragraph (c) of this section that wish to participate in the scope inquiry must file an entry of appearance in accordance with § 351.103(d)(1).

(o) *Publication of list of final scope rulings.* On a quarterly basis, the Secretary will publish in the FEDERAL REGISTER a list of final scope rulings issued within the previous three months. This list will include the case name, and a brief description of the ruling. The Secretary also may include complete public versions of its scope rulings on its website, should the Secretary determine such placement is warranted.

(p) *Suspended investigations; suspension agreements.* The Secretary may apply the procedures set forth in this section in determining whether a product at issue is covered by the scope of a suspended investigation or a suspension agreement (*see* § 351.208).

(q) *Scope clarifications.* The Secretary may issue a scope clarification in any segment of a proceeding providing an interpretation of specific language in the scope of an order or addressing whether a product is covered or excluded by the scope of an order at issue based on previous scope determinations covering the same or similar products. Such a scope clarification may take the form of an interpretive footnote to the scope when the scope is published or issued in instructions to the Customs Service.

[86 FR 52374, Sept. 20, 2021]

§ 351.226 Circumvention inquiries.

(a) *Introduction.* Section 781 of the Act addresses the circumvention of antidumping and countervailing duty orders. This provision recognizes that circumvention seriously undermines the effectiveness of the remedies provided by the antidumping and countervailing duty proceedings and frustrates the purposes for which these laws were enacted. Section 781 of the Act allows the Secretary to apply antidumping and countervailing duty orders in such a way as to prevent circumvention by including within the scope of the order four distinct categories of merchandise. The Secretary will initiate and conduct a circumvention inquiry at the request of an interested party or on the Secretary's initiative, and issue a circumvention determination as provided for under section 781 of the Act and the rules and procedures in this section. Unless otherwise specified, the procedures as described in subpart C of this part (§§ 351.301 through 351.308 and 351.312 through 351.313) apply to this section.

(b) *Self-initiation of circumvention inquiry.* If the Secretary determines from available information that an inquiry is warranted into the question of whether the elements necessary for a circumvention determination under

section 781 of the Act exist, the Secretary may initiate a circumvention inquiry and publish a notice of initiation in the FEDERAL REGISTER.

(c) *Circumvention inquiry request*—(1) *In general.* An interested party may submit a request for a circumvention inquiry that alleges that the elements necessary for a circumvention determination under section 781 of the Act exist and that is accompanied by information reasonably available to the interested party supporting these allegations. The circumvention inquiry request must be served in accordance with the requirements of paragraph (n) of this section.

(2) *Contents of request.* To the extent reasonably available to the requestor, a circumvention inquiry request must include the following requested information under paragraph (c)(1) of this section and relevant supporting documentation:

(i) A detailed description of the merchandise allegedly circumventing the antidumping or countervailing duty order, including:

(A) The physical characteristics (including chemical, dimensional or technical characteristics) of the product;

(B) The country(ies) where the product is produced, the country from where it is exported, and the declared country of origin;

(C) The product's tariff classification under the Harmonized Tariff Schedule of the United States and copies of any Customs rulings relevant to the tariff classification;

(D) The uses of the product;

(E) Clear and legible photographs, schematic drawings, specifications, standards, marketing materials, and any other exemplars providing a visual depiction of the product; and

(F) A description of parts, materials, and the production process employed in the production of the product.

(ii) A concise public summary of the product's description under paragraphs (c)(2)(i)(A) through (C) of this section.

(iii) The name and address of the producer, exporter, and importer of the product. If the full universe of parties allegedly circumventing the order(s) is unknown, then examples are sufficient.

(iv) A statement of the requestor's position as to the nature of the alleged circumvention under section 781 of the Act, such as a description of the procedures, channels of trade, and foreign countries involved (including a description of the processes occurring in each country), as appropriate.

(v) A statement of the requestor's position as to whether the circumvention inquiry, if initiated, should be conducted on a country-wide basis.

(vi) Factual information supporting this position, including import and export data relevant to the merchandise allegedly circumventing the antidumping or countervailing duty order.

(d) *Initiation of a circumvention inquiry and other actions based on a request*—(1) *Initiation of a circumvention inquiry.* Except as provided under paragraph (d)(2) of this section, within 30 days after the filing of a request for a circumvention inquiry, the Secretary will determine whether to accept or reject the request. If it is not practicable to determine whether to accept or reject a request within 30 days, the Secretary may extend that deadline by an additional 15 days.

(i) If the Secretary determines that the request is incomplete or otherwise unacceptable, the Secretary may reject the request, and will provide a written explanation of the reasons for the rejection. If the request is rejected, the requestor may resubmit the full request at any time, with all identified deficiencies corrected.

(ii) If the Secretary determines that a request for a circumvention inquiry satisfies the requirements of paragraph (c) of this section, the Secretary will accept the request and initiate a circumvention inquiry. The Secretary will publish a notice of initiation in the FEDERAL REGISTER.

(2) *Other actions based on a request for a circumvention inquiry.* Where applicable, the Secretary may take one of the following actions within the applicable timeline under paragraph (d)(1) of this section:

(i) If the Secretary determines upon review of a request for a circumvention inquiry that a scope ruling is warranted before the Secretary can conduct a circumvention analysis, the Secretary may either initiate the circumvention inquiry under paragraph (d)(1)(ii) of this section and address the

scope issue in the circumvention inquiry (*see* § 351.225(i)(1)), or defer initiation of the circumvention inquiry pending the completion of any ongoing or new segment of the proceeding addressing the scope issue. When initiation is deferred pending another segment of the proceeding, if the result of that other segment is that the product at issue is not covered by the scope of the antidumping and/or countervailing duty order(s) at issue, the Secretary may immediately initiate the circumvention inquiry upon the issuance of the final decision in that other segment; or

(ii) If the Secretary determines upon review of the request for a circumvention inquiry that the circumvention issue should be addressed in an ongoing segment of the proceeding, such as a covered merchandise inquiry under § 351.227, rather than initiating a circumvention inquiry, the Secretary will notify the requestor of its intent to address the circumvention issue in such other segment.

(e) *Deadlines for circumvention determinations*—(1) *Preliminary determination.* The Secretary will issue a preliminary determination under paragraph (g)(1) of this section no later than 150 days from the date of publication of the notice of initiation of a circumvention inquiry under paragraph (b) or (d) of this section.

(2) *Final determination.* In accordance with section 781(f) of the Act, the Secretary shall, to the maximum extent practicable, issue a final determination under paragraph (g)(2) of this section no later than 300 days from the date of publication of the notice of initiation of a circumvention inquiry under paragraph (b) or (d) of this section. If the Secretary concludes that the inquiry is extraordinarily complicated and additional time is necessary to issue a final circumvention determination, then the Secretary may extend the 300-day deadline by no more than 65 days.

(3) *Alignment with other segments.* If the Secretary determines it is appropriate to do so, the Secretary may align the deadlines under this paragraph with the deadlines of another segment of the proceeding.

(f) *Circumvention inquiry procedures.* (1) Within 30 days of the publication of the notice of the Secretary's self-initiation of a circumvention inquiry under paragraph (b) of this section, interested parties are permitted one opportunity to submit comments and factual information addressing the self-initiation. Within 14 days of the filing of such comments, any interested party is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information submitted by the other interested parties.

(2) Within 30 days of the publication of the notice of initiation of a circumvention inquiry under paragraph (d) of this section, an interested party other than the requestor is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information contained in the request. Within 14 days of the filing of such rebuttal, clarification, or correction, the requestor is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information contained in the interested party's rebuttal, clarification or correction.

(3) Following initiation of a circumvention inquiry under paragraph (b) or (d) of this section, the Secretary may issue questionnaires and verify submissions received, where appropriate. The Secretary may limit issuance of questionnaires to a reasonable number of respondents. Questionnaire responses are due on the date specified by the Secretary. Within 14 days after a questionnaire response has been filed with the Secretary, an interested party other than the original submitter is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information contained in the questionnaire response. Within 7 days of the filing of such rebuttal, clarification, or correction, the original submitter is permitted one opportunity to submit comments and factual information to rebut, clarify, or correct factual information contained in the interested party's rebuttal, clarification or correction.

(4) If the Secretary issues a preliminary circumvention determination under paragraph (g)(1) of this section,

which is not issued concurrently with the initiation of the circumvention inquiry, the Secretary will establish a schedule for the filing of comments and rebuttal comments. Unless otherwise specified, any interested party may submit comments within 14 days after the issuance of the preliminary circumvention determination, and any interested party may submit rebuttal comments within 7 days thereafter. Unless otherwise specified, no new factual information will be accepted in the comments or rebuttal comments.

(5) If the Secretary issues a preliminary circumvention determination concurrently with the initiation of the circumvention inquiry under paragraph (g)(1) of this section, paragraphs (f)(1) through (4) will not apply. In such a situation, the Secretary will establish appropriate procedures on a case-specific basis.

(6) If the Secretary determines it is appropriate to do so, the Secretary may rescind, in whole or in part, a circumvention inquiry, under this section and will notify interested parties. Situations in which the Secretary may rescind a circumvention inquiry include:

(i) The requestor timely withdraws its request for a circumvention inquiry under paragraph (c) of this section;

(ii) The Secretary issues a final determination in another segment of a proceeding, and has determined that the merchandise at issue in the circumvention inquiry is covered by the scope of the antidumping or countervailing duty order;

(iii) The Secretary has initiated a circumvention inquiry under paragraph (b) or (d) of this section to examine circumvention under two or more provisions under paragraph (h), (i), (j), or (k) of this section, and determines that it is not necessary to issue a final circumvention determination with respect to one of those paragraphs. For example, if the Secretary initiates a circumvention inquiry to examine whether merchandise is altered in minor respects under paragraph (j) of this section or later-developed merchandise under paragraph (k) of this section, the Secretary may rescind the inquiry in part to address only one of those provisions; or

(iv) The Secretary has initiated a covered merchandise inquiry under § 351.227 and determined that it can address the necessary elements for a circumvention determination under section 781 of the Act in that proceeding.

(7) If the Secretary determines it is appropriate to do so, the Secretary may alter or extend any time limits under this paragraph or establish a separate schedule for the filing of comments and/or factual information during the circumvention inquiry.

(8)(i) The Secretary will notify the Commission in writing of the proposed inclusion of products in an order prior to issuing a final determination under paragraph (g)(2) of this section based on a determination under:

(A) Section 781(a) of the Act (paragraph (h) of this section) with respect to merchandise completed or assembled in the United States (other than minor completion or assembly);

(B) Section 781(b) of the Act (paragraph (i) of this section) with respect to merchandise completed or assembled in other foreign countries; or

(C) Section 781(d) of the Act (paragraph (k) of this section) with respect to later-developed products that incorporate a significant technological advance or significant alteration of an earlier product.

(ii) If the Secretary notifies the Commission under paragraph (f)(8)(i) of this section, upon the written request of the Commission, the Secretary will consult with the Commission regarding the proposed inclusion, and any such consultation will be completed within 15 days after the date of such request. If, after consultation, the Commission believes that a significant injury issue is presented by the proposed inclusion of a product within an order, the Commission may provide written advice to the Secretary as to whether the inclusion would be inconsistent with the affirmative injury determination of the Commission on which the order is based.

(9) During the pendency of a circumvention inquiry or upon issuance of a final circumvention determination under paragraph (g)(2) of this section, the Secretary may take any further action, as appropriate, with respect to another segment of the proceeding. For

example, if the Secretary considers it appropriate, the Secretary may request information concerning the product that is the subject of the circumvention inquiry for purposes of an administrative review under § 351.213.

(g) *Circumvention determinations*—(1) *Preliminary determination.* The Secretary will issue a preliminary determination, based upon the available information at the time, as to whether there is a reasonable basis to believe or suspect that the elements necessary for a circumvention determination under section 781 of the Act exist. The preliminary determination will be published in the FEDERAL REGISTER. The Secretary may publish notice of a preliminary determination concurrently with the notice of initiation of a circumvention inquiry under paragraph (b) or (d) of this section.

(2) *Final determination.* The Secretary will issue a final determination as to whether the elements necessary for a circumvention determination under section 781 of the Act exist, in which case the merchandise at issue will be included within the scope of the order. As part of its determination, the Secretary will include an explanation of the factual and legal conclusions on which the final determination is based. The final determination will be published in the FEDERAL REGISTER. Promptly after publication, the Secretary will convey a copy of the final determination in the manner prescribed by section 516A(a)(2)(A)(ii) of the Act to all parties to the proceeding (see § 351.102(b)(36)).

(h) *Products completed or assembled in the United States.* Under section 781(a) of the Act, the Secretary may include within the scope of an antidumping or countervailing duty order imported parts or components referred to in section 781(a)(1)(B) of the Act that are used in the completion or assembly of the merchandise in the United States at any time such order is in effect. In determining the value of parts or components (including such purchases from another person) under section 781(a)(1)(D) of the Act, or of processing performed (including by another person) under section 781(a)(2)(E) of the Act, the Secretary may determine the value of the part or component on the basis of the cost of producing the part or component under section 773(e) of the Act—or, in the case of nonmarket economies, on the basis of section 773(c) of the Act.

(i) *Products completed or assembled in other foreign countries.* Under section 781(b) of the Act, the Secretary may include within the scope of an antidumping or countervailing duty order, at any time such order is in effect, imported merchandise completed or assembled in a foreign country other than the country to which the order applies. In determining the value of parts or components (including such purchases from another person) under section 781(b)(1)(D) of the Act, or of processing performed (including by another person) under section 781(b)(2)(E) of the Act, the Secretary may determine the value of the part or component on the basis of the cost of producing the part or component under section 773(e) of the Act—or, in the case of nonmarket economies, on the basis of section 773(c) of the Act.

(j) *Minor alterations of merchandise.* Under section 781(c) of the Act, the Secretary may include within the scope of an antidumping or countervailing duty order articles altered in form or appearance in minor respects. The Secretary may consider such criteria including, but not limited to, the overall physical characteristics of the merchandise, (including chemical, dimensional, and technical characteristics), the expectations of the ultimate users, the use of the merchandise, the channels of marketing and the cost of any modification relative to the total value of the imported products. The Secretary also may consider the circumstances under which the products enter the United States, including but not limited to the timing of the entries and the quantity of merchandise entered during the circumvention review period.

(k) *Later-developed merchandise.* In determining whether later-developed merchandise is within the scope of an antidumping or countervailing duty order, the Secretary will apply section 781(d) of the Act. In determining whether merchandise is ''later-developed'' the Secretary will examine whether the merchandise at issue was

commercially available at the time of the initiation of the underlying antidumping or countervailing duty investigation.

(l) *Suspension of liquidation.* (1) When the Secretary publishes a notice of initiation of a circumvention inquiry under paragraph (b) or (d) of this section, the Secretary will notify the Customs Service of the initiation and direct the Customs Service to continue the suspension of liquidation of entries of products subject to the circumvention inquiry that were already subject to the suspension of liquidation, and to apply the cash deposit rate that would be applicable if the product were determined to be covered by the scope of the order.

(2) If the Secretary issues an affirmative preliminary determination under paragraph (g)(1) of this section that the product at issue is covered by the scope of the order, the Secretary will take the following actions:

(i) The Secretary will direct the Customs Service to continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate;

(ii) The Secretary will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of initiation of the inquiry; and

(iii)(A) *In general.* Subject to paragraph (l)(2)(iii)(B) of this section, if the Secretary determines that it is appropriate to do so, the Secretary may direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of publication of the notice of initiation of the inquiry. The Secretary may take action under this provision at the timely request of an interested party or at the Secretary's discretion. In response to a timely request from an interested party, the Secretary will only consider an alternative date based on a specific argument supported by evidence establishing the appropriateness of that alternative date.

(B) *Exception.* If the Secretary has determined to address a covered merchandise referral (*see* § 351.227) in a circumvention inquiry under § 351.226, the rules of § 351.227(l)(2)(iii) will apply.

(3) If the Secretary issues an affirmative final determination under paragraph (g)(2) of this section that the product at issue is covered by the scope of the order, the following rules will apply:

(i) The Secretary will direct the Customs Service to continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate until appropriate liquidation instructions are issued;

(ii) The Secretary will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of initiation of the inquiry until appropriate liquidation instructions are issued; and

(iii)(A) *In general.* Subject to paragraph (l)(3)(iii)(B) of this section, if the Secretary determines that it is appropriate to do so, the Secretary may direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of publication of the notice of initiation of the inquiry until appropriate liquidation instructions are issued. The Secretary may take action under this provision at the timely request of an interested party or at the Secretary's discretion. In response to a timely request from an interested party, the Secretary will only consider an alternative date based on a specific argument supported by evidence establishing the appropriateness of that alternative date.

(B) *Exception*. If the Secretary has determined to address a covered merchandise referral (see § 351.227) in a circumvention inquiry under § 351.226, the rules of § 351.227(l)(3)(iii) will apply.

(4) If the Secretary issues a negative final determination under paragraph (g)(2) of this section, and entries of the product are not otherwise subject to suspension of liquidation as a result of another segment of the proceeding, such as a covered merchandise inquiry under § 351.227, the Secretary will order the Customs Service to terminate the suspension of liquidation and refund any cash deposits for such entries.

(5) Nothing in this section affects the Customs Service's authority to take any additional action with respect to the suspension of liquidation or related measures.

(m) *Applicability of circumvention determination; companion orders*—(1) *Applicability of circumvention determination*. In conducting a circumvention inquiry under this section, the Secretary shall consider, based on the available record evidence, the appropriate remedy to address circumvention and to prevent evasion of the order. Such remedies may include:

(i) The application of the determination on a producer-specific, exporter-specific, importer-specific basis, or some combination thereof;

(ii) The application of the determination on a country-wide basis to all products from the same country as the product at issue with the same relevant physical characteristics, (including chemical, dimensional and technical characteristics), regardless of producer, exporter, or importer of those products;

(iii) The application of the determination on a country-wide basis to all products from the same country as the product at issue with similar relevant physical characteristics, (including chemical, dimensional and technical characteristics), regardless of producer, exporter, or importer of those products; and

(iv) The implementation of a certification requirement under 19 CFR 351.228.

(2) *Companion antidumping and countervailing duty orders*. If there are companion antidumping and countervailing duty orders covering the same merchandise from the same country of origin, the requesting interested party under paragraph (c) of this section must file the request pertaining to both orders only on the record of the antidumping duty proceeding. Should the Secretary determine to initiate a circumvention inquiry under paragraph (b) or (d) of this section, the Secretary will initiate and conduct a single inquiry with respect to the product at issue for both orders only on the record of the antidumping proceeding. Once the Secretary issues a final circumvention determination on the record of the antidumping duty proceeding, the Secretary will include a copy of that determination on the record of the countervailing duty proceeding.

(n) *Service of circumvention inquiry request; annual inquiry service list; entry of appearance*. (1) The requirements of § 351.303(f) apply to this section, except that an interested party that submits a circumvention inquiry request under paragraph (c) of this section must serve a copy of that inquiry request on all persons on the annual inquiry service list for that order, as well as the companion order, if any, as described in paragraph (m)(2) of this section. The procedures and description pertaining to the ''annual inquiry service list'' are set forth in § 351.225(n)(1) through (3).

(2) Once a circumvention inquiry is self-initiated or a circumvention inquiry request is accepted by the Secretary, a segment-specific service list will be established and the requirements of § 351.303(f) will apply. Parties other than the interested party requesting a circumvention inquiry that wish to participate in the circumvention inquiry must file an entry of appearance in accordance with § 351.103(d)(1).

(o) *Suspended investigations; suspension agreements*. The Secretary may, in accordance with section 781 of the Act, apply the procedures set forth in this section in determining whether the product at issue circumvented a suspended investigation or a suspension agreement (*see* § 351.208).

[86 FR 52377, Sept. 20, 2021]

§ 351.227 Covered merchandise referrals.

(a) *Introduction.* The Trade Facilitation and Trade Enforcement Act of 2015 contains Title IV—Prevention of Evasion of Antidumping and Countervailing Duty Orders (short title ''Enforce and Protect Act of 2015'' or ''EAPA'') (Pub. L. 114–125, sections 401, 421, 130 Stat. 122, 155, 161 (2016)). The Enforce and Protect Act of 2015 added section 517 to the Act, which established a new framework by which the Customs Service can conduct civil administrative investigations of potential duty evasion of an antidumping and/or countervailing duty order (referred to herein as an ''EAPA investigation''). Section 517(b)(4)(A)(i) of the Act provides a procedure whereby if, during the course of an EAPA investigation, the Customs Service is unable to determine whether the merchandise at issue is covered merchandise within the meaning of section 517(a)(3) of the Act, it shall refer the matter to the Secretary to make such a determination (referred to herein as a ''covered merchandise referral''). Section 517(b)(4)(B) of the Act directs the Secretary to determine whether the merchandise is covered merchandise and promptly transmit the determination to the Customs Service. The Secretary will consider a covered merchandise referral and issue a covered merchandise determination in accordance with the rules and procedures in this section. Unless otherwise specified, the procedures as described in subpart C of this part (§§ 351.301 through 351.308 and 351.312 through 351.313) apply to this section.

(b) *Actions with respect to covered merchandise referral.* Within 20 days after receiving a covered merchandise referral from the Customs Service pursuant to section 517(b)(4)(A)(i) of the Act that the Secretary determines to be sufficient, the Secretary will take the following action.

(1) Initiate a covered merchandise inquiry and publish a notice of initiation in the FEDERAL REGISTER; or

(2) If the Secretary determines upon review of the covered merchandise referral that the issue can be addressed in an ongoing segment of the proceeding, such as a scope inquiry under § 351.225 or a circumvention inquiry under § 351.226, rather than initiating the covered merchandise inquiry, the Secretary will publish a notice of its intent to address the covered merchandise referral in such other segment in the FEDERAL REGISTER.

(c) *Deadlines for covered merchandise determinations*—(1) *In general.* When the Secretary initiates a covered merchandise inquiry under paragraph (b)(1) of this section, the Secretary shall issue a final covered merchandise determination within 120 days from the date of publication of the notice of initiation.

(2) *Extension.* The Secretary may extend the deadline in paragraph (c)(1) of this section by no more than 150 days if the Secretary determines that good cause exists to warrant an extension. Situations in which good cause has been demonstrated may include:

(i) If the Secretary has issued questionnaires to interested parties; received responses to those questionnaires; and determined that an extension is warranted to request further information or consider and address the parties' responses on the record adequately;

(ii) The Secretary has issued a preliminary covered merchandise determination (*see* paragraph (e)(1) of this section); or

(iii) The Secretary has determined to address a scope or circumvention issue from another segment of the proceeding involving the same or similar products in the covered merchandise inquiry, pursuant to § 351.225(d)(2) or (i) or § 351.226(f)(6)(iv).

(3) *Alignment with other segments.* If the Secretary determines it is appropriate to do so, the Secretary may align the deadlines under this paragraph with the deadlines of another segment of the proceeding.

(d) *Covered merchandise inquiry procedures.* (1) Within 30 days of the date of publication of the notice of an initiation of a covered merchandise inquiry under paragraph (b)(1) of this section, interested parties are permitted one opportunity to submit comment and factual information addressing the initiation. Within 14 days of the filing of such comments, any interested party is permitted one opportunity to submit comment and factual information to

rebut, clarify, or correct factual information submitted by the other interested parties.

(2) Following initiation of a covered merchandise inquiry under paragraph (b)(1) of this section, the Secretary may issue questionnaires and verify submissions received, where appropriate. The Secretary may limit issuance of questionnaires to a reasonable number of respondents. Questionnaire responses are due on the date specified by the Secretary. Within 14 days after a questionnaire response has been filed with the Secretary, an interested party other than the original submitter is permitted one opportunity to submit comment and factual information to rebut, clarify, or correct factual information contained in the questionnaire response. Within 7 days of the filing of such rebuttal, clarification, or correction, the original submitter is permitted one opportunity to submit comment and factual information to rebut, clarify, or correct factual information submitted in the interested party's rebuttal, clarification or correction.

(3) If the Secretary issues a preliminary covered merchandise determination under paragraph (e)(1) of this section, which is not issued concurrently with the initiation of a covered merchandise inquiry, the Secretary will establish a schedule for the filing of comments and rebuttal comments. Unless otherwise specified, any interested party may submit comments within 14 days after the issuance of the preliminary covered merchandise determination, and any interested party may submit rebuttal comments within 7 days thereafter. Unless otherwise specified, no new factual information will be accepted in the comments or rebuttal comments.

(4) If the Secretary issues a preliminary covered merchandise determination concurrently with the initiation of the covered merchandise inquiry under paragraph (e)(1) of this section, paragraphs (d)(1) through (3) will not apply. In such a situation, the Secretary will establish appropriate procedures on a case-specific basis.

(5) If the Secretary determines it appropriate to do so, the Secretary may rescind, in whole or in part, a covered merchandise inquiry under this section and will notify interested parties. Situations in which the Secretary may rescind a covered merchandise inquiry include:

(i) The Customs Service withdraws its request for a covered merchandise inquiry under paragraph (b) of this section; or

(ii) The Secretary has initiated a scope inquiry under § 351.225 or a circumvention inquiry under § 351.226 and determines that it can address the covered merchandise referral in such other segment of the proceeding.

(6) If the Secretary determines it is appropriate to do so, the Secretary may alter or extend any time limits under this paragraph or establish a separate schedule for the filing of comments and/or factual information during the covered merchandise inquiry.

(7) During the pendency of a covered merchandise inquiry or upon issuance of a final covered merchandise determination under paragraph (e)(2) of this section, the Secretary may take any further action, as appropriate, with respect to another segment of the proceeding. For example, if the Secretary considers it appropriate, the Secretary may request information concerning the product that is the subject of the covered merchandise inquiry for purpose of an administrative review under § 351.213.

(e) *Covered merchandise determinations*—(1) *Preliminary determination.* The Secretary may issue a preliminary determination, based upon the available information at the time, as to whether there is a reasonable basis to believe or suspect that the product that is the subject of the covered merchandise inquiry is covered by the scope of the order. In determining whether to issue a preliminary determination, the Secretary may consider the complexity of the issues and arguments raised in the context of the covered merchandise inquiry. The preliminary determination will be published in the FEDERAL REGISTER. The Secretary may publish notice of a preliminary determination concurrently with the notice of initiation of a covered merchandise inquiry under paragraph (b)(1) of this section.

(2) *Final determination.* The Secretary will issue a final determination as to

whether the product that is the subject of the covered merchandise inquiry is covered by the scope of the order. As part of its determination, the Secretary will include an explanation of the factual and legal conclusions on which the final determination is based. The final determination will be published in the FEDERAL REGISTER. Promptly after publication, the Secretary will:

(i) Convey a copy of the final determination in the manner prescribed by section 516A(a)(2)(A)(ii) of the Act to all parties to the proceeding (see § 351.102(b)(36)); and

(ii) Transmit a copy of the final covered merchandise determination to the Customs Service in accordance with section 517(b)(4)(B) of the Act.

(3) *Covered merchandise determinations in other segments of the proceeding.* If the Secretary addresses the covered merchandise referral in another segment of the proceeding as provided for under paragraph (b)(2) or (d)(5)(ii) of this section, the Secretary will promptly transmit a copy of the final action in that segment to the Customs Service in accordance with section 517(b)(4)(B) of the Act.

(f) *Basis for covered merchandise determination.* In determining whether a product is covered by the scope of the order under this section, the Secretary may utilize the analysis described in paragraphs (j) and (k) of § 351.225 or any provision under section 781 of the Act (paragraph (h), (i), (j), or (k) of § 351.226).

(g)–(k) [Reserved]

(l) *Suspension of liquidation.* (1) When the Secretary publishes a notice of initiation of a covered merchandise inquiry under paragraph (b)(1) of this section, the Secretary will notify the Customs Service of the initiation and direct the Customs Service to continue the suspension of liquidation of entries of products subject to the covered merchandise inquiry that were already subject to the suspension of liquidation, and to apply the cash deposit rate that would be applicable if the product were determined to be covered by the scope of the order.

(2) If the Secretary issues an affirmative preliminary covered merchandise determination under paragraph (e)(1) of this section that the product at issue is covered by the scope of the order, the Secretary will take the following actions:

(i) The Secretary will direct the Customs Service to continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate;

(ii) The Secretary will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of initiation of the covered merchandise inquiry; and

(iii) The Secretary normally will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of publication of the notice of initiation of the covered merchandise inquiry.

(3) If the Secretary issues an affirmative final covered merchandise determination under paragraph (e)(2) of this section that the product at issue is covered by the scope of the order, the Secretary will take the following actions:

(i) The Secretary will direct the Customs Service to continue the suspension of liquidation of previously suspended entries and apply the applicable cash deposit rate until appropriate liquidation instructions are issued;

(ii) The Secretary will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of initiation of the covered merchandise inquiry until appropriate liquidation instructions are issued; and

(iii) The Secretary normally will direct the Customs Service to begin the suspension of liquidation and require a cash deposit of estimated duties, at the applicable rate, for each unliquidated

entry of the product not yet suspended, entered, or withdrawn from warehouse, for consumption prior to the date of publication of the notice of initiation of the covered merchandise inquiry until appropriate liquidation instructions are issued.

(4) If the Secretary issues a negative final covered merchandise determination under paragraph (e)(2) of this section that the product at issue is not covered by the scope of the order, and entries of the product at issue are not otherwise subject to suspension of liquidation as a result of another segment of a proceeding, such as a circumvention inquiry under § 351.226, the Secretary will direct the Customs Service to terminate the suspension of liquidation and refund any cash deposits for such entries.

(5) Nothing in this section affects the Customs Service's authority to take any additional action with respect to the suspension of liquidation or related measures.

(m) *Applicability of covered merchandise determination; companion orders*—(1) *Applicability of covered merchandise determination*. In conducting a covered merchandise inquiry under this section, the Secretary shall consider, based on the available record evidence, whether the covered merchandise determination should be applied:

(i) On a producer-specific, exporter-specific, importer-specific basis, or some combination thereof; or

(ii) To all products from the same country with the same relevant physical characteristics, (including chemical, dimensional and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter or importer of those products.

(2) *Companion antidumping and countervailing duty orders*. If there are companion antidumping and countervailing duty orders covering the same merchandise from the same country of origin, and should the Secretary determine to initiate a covered merchandise inquiry under paragraph (b)(1) of this section, the Secretary will initiate and conduct a single inquiry with respect to the product at issue only on the record of the antidumping duty proceeding. Once the Secretary issues a final covered merchandise determination on the record of the antidumping duty proceeding, the Secretary will include a copy of that determination on the record of the countervailing duty proceeding and notify the Customs Service in accordance with paragraph (l) of this section.

(n) *Service list*. Once the Secretary initiates a covered merchandise inquiry under paragraph (b)(1) of this section, a segment-specific service list will be established and the requirements of § 351.303(f) will apply. Parties other than those relevant parties identified by the Customs Service in the covered merchandise referral that wish to participate in the covered merchandise inquiry must file an entry of appearance in accordance with § 351.103(d)(1).

(o) *Suspended investigations; suspension agreements*. The Secretary may apply the procedures set forth in this section in determining whether the product at issue is covered merchandise with respect to a suspended investigation or a suspension agreement (*see* § 351.208).

[86 FR 52381, Sept. 20, 2021]

§ 351.228 Certification by importer or other interested party.

(a) *Certification requirements*. (1) The Secretary may determine in the context of an antidumping or countervailing duty proceeding that an importer or other interested party shall:

(i) Maintain a certification for entries of merchandise into the customs territory of the United States;

(ii) Provide a certification by electronic means at the time of entry or entry summary; or

(iii) Otherwise demonstrate compliance with a certification requirement as determined by the Secretary, in consultation with the Customs Service.

(2) Where the certification is required to be maintained by the importer or other interested party under paragraph (a)(1) of this section, the Secretary and/or the Customs Service may require the importer or other interested party to provide such a certification to the requesting agency upon request.

(b) *Consequences for no provision of a certificate; provision of a false certificate*. (1) The Secretary may instruct the

Customs Service to suspend liquidation of entries of the importer or entries associated with the other interested party and require a cash deposit of estimated duties at the applicable rate if:

(i) The importer or other interested party has not provided to the Secretary or the Customs Service, as appropriate, the certification described under paragraph (a) of this section either as required or upon request for such entries; or

(ii) The importer or other interested party provided a certification in accordance with paragraph (a) of this section for such entries, but the certification contained materially false, fictitious or fraudulent statements or representations, or contained material omissions.

(2) Under paragraph (b)(1)(i) or (ii) of this section, the Secretary may also instruct the Customs Service to assess antidumping or countervailing duties, as the case may be, at the applicable rate.

Subpart C—Information and Argument

§ 351.301 Time limits for submission of factual information.

(a) *Introduction.* This section sets forth the time limits for submitting factual information, as defined by § 351.102(b)(21). The Department obtains most of its factual information in antidumping and countervailing duty proceedings from submissions made by interested parties during the course of the proceeding. Notwithstanding paragraph (b) of this section, the Secretary may request any person to submit factual information at any time during a proceeding or provide additional opportunities to submit factual information. Section 351.302 sets forth the procedures for requesting an extension of such time limits, and provides that, unless expressly precluded by statute, the Secretary may, for good cause, extend any time limit established in the Department's regulations. Section 351.303 contains the procedural rules regarding filing (including procedures for filing on non-business days), format, translation, service, and certification of documents. In the Secretary's written request to an interested party for a response to a questionnaire or for other factual information, the Secretary will specify the following: The time limit for the response; the information to be provided; the form and manner in which the interested party must submit the information; and that failure to submit the requested information in the requested form and manner by the date specified may result in use of the facts available under section 776 of the Act and § 351.308.

(b) *Submission of factual information.* Every submission of factual information must be accompanied by a written explanation identifying the subsection of § 351.102(b)(21) under which the information is being submitted.

(1) If an interested party states that the information is submitted under § 351.102(b)(21)(v), the party must explain why the information does not satisfy the definitions described in § 351.102(b)(21)(i)–(iv).

(2) If the factual information is being submitted to rebut, clarify, or correct factual information on the record, the submitter must provide a written explanation identifying the information which is already on the record that the factual information seeks to rebut, clarify, or correct, including the name of the interested party that submitted the information and the date on which the information was submitted.

(c) *Time limits.* The type of factual information determines the time limit for submission to the Department.

(1) *Factual information submitted in response to questionnaires.* During a proceeding, the Secretary may issue to any person questionnaires, which includes both initial and supplemental questionnaires. The Secretary will not consider or retain in the official record of the proceeding unsolicited questionnaire responses, except as provided under § 351.204(d)(2), or untimely filed questionnaire responses. The Secretary will reject any untimely filed or unsolicited questionnaire response and provide, to the extent practicable, written notice stating the reasons for rejection (see § 351.302(d)).

(i) Initial questionnaire responses are due 30 days from the date of receipt of such questionnaire. The time limit for

response to individual sections of the questionnaire, if the Secretary requests a separate response to such sections, may be less than the 30 days allotted for response to the full questionnaire. In general, the date of receipt will be considered to be seven days from the date on which the initial questionnaire was transmitted.

(ii) Supplemental questionnaire responses are due on the date specified by the Secretary.

(iii) A notification by an interested party, under section 782(c)(1) of the Act, of difficulties in submitting information in response to a questionnaire issued by the Secretary is to be submitted in writing within 14 days after the date of the questionnaire or, if the questionnaire is due in 14 days or less, within the time specified by the Secretary.

(iv) A respondent interested party may request in writing that the Secretary conduct a questionnaire presentation. The Secretary may conduct a questionnaire presentation if the Secretary notifies the government of the affected country and that government does not object.

(v) *Factual information submitted to rebut, clarify, or correct questionnaire responses.* Within 14 days after an initial questionnaire response and within 10 days after a supplemental questionnaire response has been filed with the Department, an interested party other than the original submitter is permitted one opportunity to submit factual information to rebut, clarify, or correct factual information contained in the questionnaire response. Within seven days of the filing of such rebuttal, clarification, or correction to a questionnaire response, the original submitter of the questionnaire response is permitted one opportunity to submit factual information to rebut, clarify, or correct factual information submitted in the interested party's rebuttal, clarification or correction. The Secretary will reject any untimely filed rebuttal, clarification, or correction submission and provide, to the extent practicable, written notice stating the reasons for rejection (see § 351.302). If insufficient time remains before the due date for the final determination or final results of review, the Secretary may specify shorter deadlines under this section.

(2) *Factual information submitted in support of allegations.* Factual information submitted in support of allegations must be accompanied by a summary, not to exceed five pages, of the allegation and supporting data.

(i) *Market viability and the basis for determining normal value.* Allegations regarding market viability in an antidumping investigation or administrative review, including the exceptions in § 351.404(c)(2), are due, with all supporting factual information, 10 days after the respondent interested party files the response to the relevant section of the questionnaire, unless the Secretary alters this time limit.

(ii) *Sales at prices below the cost of production.* Allegations of sales at prices below the cost of production made by the petitioner or other domestic interested party are due within:

(A) In an antidumping investigation, on a country-wide basis, 20 days after the date on which the initial questionnaire was issued to any person, unless the Secretary alters this time limit; or, on a company-specific basis, 20 days after a respondent interested party files the response to the relevant section of the questionnaire, unless the relevant questionnaire response is, in the Secretary's view, incomplete, in which case the Secretary will determine the time limit;

(B) In an administrative review, new shipper review, or changed circumstances review, on a company-specific basis, 20 days after a respondent interested party files the response to the relevant section of the questionnaire, unless the relevant questionnaire response is, in the Secretary's view, incomplete, in which case the Secretary will determine the time limit; or

(C) In an expedited antidumping review, on a company-specific basis, 10 days after the date of publication of the notice of initiation of the review.

(iii) *Purchases of major inputs from an affiliated party at prices below the affiliated party's cost of production.* An allegation of purchases of major inputs from an affiliated party at prices below the affiliated party's cost of production

made by the petitioner or other domestic interested party is due within 20 days after a respondent interested party files the response to the relevant section of the questionnaire, unless the relevant questionnaire response is, in the Secretary's view, incomplete, in which case the Secretary will determine the time limits.

(iv) *Countervailable subsidy; upstream subsidy*. A countervailable subsidy allegation made by the petitioner or other domestic interested party is due no later than:

(A) In a countervailing duty investigation, 40 days before the scheduled date of the preliminary determination, unless the Secretary extends this time limit for good cause; or

(B) In an administrative review, new shipper review, or changed circumstances review, 20 days after all responses to the initial questionnaire are filed with the Department, unless the Secretary alters this time limit.

(C) Exception for upstream subsidy allegation in an investigation. In a countervailing duty investigation, an allegation of upstream subsidies made by the petitioner or other domestic interested party is due no later than 60 days after the date of the preliminary determination.

(v) *Other allegations*. An interested party may submit factual information in support of other allegations not specified in paragraphs (c)(2)(i)–(iv) of this section. Upon receipt of factual information under this subsection, the Secretary will issue a memorandum accepting or rejecting the information and, to the extent practicable, will provide written notice stating the reasons for rejection. If the Secretary accepts the information, the Secretary will issue a schedule providing deadlines for submission of factual information to rebut, clarify or correct the factual information.

(vi) *Rebuttal, clarification, or correction of factual information submitted in support of allegations.* An interested party is permitted one opportunity to submit factual information to rebut, clarify, or correct factual information submitted in support of allegations 10 days after the date such factual information is served on an interested party.

(3) *Factual information submitted to value factors under § 351.408(c) or to measure the adequacy of remuneration under § 351.511(a)(2).*

(i) *Antidumping or countervailing duty investigations.* All submissions of factual information to value factors of production under § 351.408(c) in an antidumping investigation, or to measure the adequacy of remuneration under § 351.511(a)(2) in a countervailing duty investigation, are due no later than 30 days before the scheduled date of the preliminary determination;

(ii) *Administrative review, new shipper review, or changed circumstances review*. All submissions of factual information to value factors under § 351.408(c), or to measure the adequacy of remuneration under § 351.511(a)(2), are due no later than 30 days before the scheduled date of the preliminary results of review; and

(iii) *Expedited antidumping review*. All submissions of factual information to value factors under § 351.408(c) are due on a date specified by the Secretary.

(iv) *Rebuttal, clarification, or correction of factual information submitted to value factors under § 351.408(c) or to measure the adequacy of remuneration under § 351.511(a)(2).* An interested party is permitted one opportunity to submit publicly available information to rebut, clarify, or correct such factual information submitted pursuant to § 351.408(c) or § 351.511(a)(2) 10 days after the date such factual information is served on the interested party. An interested party may not submit additional, previously absent-from-the-record alternative surrogate value information under this subsection. Additionally, all factual information submitted under this subsection must be accompanied by a written explanation identifying what information already on the record of the ongoing proceeding the factual information is rebutting, clarifying, or correcting. Information submitted to rebut, clarify, or correct factual information submitted pursuant to § 351.408(c) will not be used to value factors under § 351.408(c).

(4) *Factual information placed on the record of the proceeding by the Department.* The Department may place factual information on the record of the proceeding at any time. An interested

party is permitted one opportunity to submit factual information to rebut, clarify, or correct factual information placed on the record of the proceeding by the Department by a date specified by the Secretary.

(5) *Factual information not directly responsive to or relating to paragraphs (c)(1)–(4) of this section).* Paragraph (c)(5) applies to factual information other than that described in § 351.102(b)(21)(i)–(iv). The Secretary will reject information filed under paragraph (c)(5) that satisfies the definition of information described in § 351.102(b)(21)(i)–(iv) and that was not filed within the deadlines specified above. All submissions of factual information under this subsection are required to clearly explain why the information contained therein does not meet the definition of factual information described in § 351.102(b)(21)(i)–(iv), and must provide a detailed narrative of exactly what information is contained in the submission and why it should be considered. The deadline for filing such information will be 30 days before the scheduled date of the preliminary determination in an investigation, or 14 days before verification, whichever is earlier, and 30 days before the scheduled date of the preliminary results in an administrative review, or 14 days before verification, whichever is earlier.

(i) Upon receipt of factual information under this subsection, the Secretary will issue a memorandum accepting or rejecting the information and, to the extent practicable, will provide written notice stating the reasons for rejection.

(ii) If the Secretary accepts the information, the Secretary will issue a schedule providing deadlines for submission of factual information to rebut, clarify or correct the factual information.

§ 351.302 Extension of time limits; return of untimely filed or unsolicited material.

(a) *Introduction.* This section sets forth the procedures for requesting an extension of a time limit. In addition, this section explains that certain untimely filed or unsolicited material will be rejected together with an explanation of the reasons for the rejection of such material.

(b) *Extension of time limits.* Unless expressly precluded by statute, the Secretary may, for good cause, extend any time limit established by this part.

(c) *Requests for extension of specific time limit.* Before the applicable time limit established under this part expires, a party may request an extension pursuant to paragraph (b) of this section. An untimely filed extension request will not be considered unless the party demonstrates that an extraordinary circumstance exists. The request must be in writing, in a separate, stand-alone submission, filed consistent with § 351.303, and state the reasons for the request. An extension granted to a party must be approved in writing.

(1) An extension request will be considered untimely if it is received after the applicable time limit expires or as otherwise specified by the Secretary.

(2) An extraordinary circumstance is an unexpected event that:

(i) Could not have been prevented if reasonable measures had been taken, and

(ii) Precludes a party or its representative from timely filing an extension request through all reasonable means.

(d) *Rejection of untimely filed or unsolicited material.* (1) Unless the Secretary extends a time limit under paragraph (b) of this section, the Secretary will not consider or retain in the official record of the proceeding:

(i) Untimely filed factual information, written argument, or other material that the Secretary rejects, except as provided under § 351.104(a)(2); or

(ii) Unsolicited questionnaire responses, except as provided under § 351.204(d)(2).

(2) The Secretary will reject such information, argument, or other material, or unsolicited questionnaire response with, to the extent practicable, written notice stating the reasons for rejection.

[62 FR 27379, May 19, 1997, as amended at 76 FR 39275, July 6, 2011; 78 FR 57795, Sept. 20, 2013]

§ 351.303 Filing, document identification, format, translation, service, and certification of documents.

(a) *Introduction.* This section contains the procedural rules regarding filing, document identification, format, service, translation, and certification of documents and applies to all persons submitting documents to the Department for consideration in an antidumping or countervailing duty proceeding.

(b) *Filing*—(1) *In general.* Persons must address all documents to the Secretary of Commerce, Attention: Enforcement and Compliance, APO/Dockets Unit, Room 18022, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. An electronically filed document must be received successfully in its entirety by the Department's electronic records system, ACCESS, by 5 p.m. Eastern Time on the due date. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5 p.m. Eastern Time on business days (see § 351.103(b)). For both electronically filed and manually filed documents, if the applicable due date falls on a non-business day, the Secretary will accept documents that are filed on the next business day. A manually filed document must be accompanied by a cover sheet generated in ACCESS, in accordance with § 351.303(b)(3).

(2) *Filing of documents and databases*—(i) *Electronic filing.* A person must file all documents and databases electronically using ACCESS at *https://access.trade.gov*. A person making a filing must comply with the procedures set forth in the ACCESS Handbook on Electronic Filing Procedures, which is available on the ACCESS Web site at *https://access.trade.gov*.

(ii) *Manual filing.* (A) Notwithstanding § 351.303(b)(2)(i), a person must manually file a data file that exceeds the file size limit specified in the ACCESS Handbook on Electronic Filing Procedures and as referenced in § 351.303(c)(3), and the data file must be accompanied by a cover sheet described in § 351.303(b)(3). A person may manually file a bulky document. If a person elects to manually file a bulky document, it must be accompanied by a cover sheet described in § 351.303(b)(3). The Department both provides specifications for large data files and defines bulky document standards in the ACCESS Handbook on Electronic Filing Procedures, which is available on the ACCESS Web site at *https://access.trade.gov*.

(B) [Reserved]

(3) *Cover sheet.* When manually filing a document, parties must complete the cover sheet (as described in the ACCESS Handbook on Electronic Filing Procedures) online at *https://access.trade.gov* and print the cover sheet for submission to the APO/Dockets Unit.

(4) *Document identification.* Each document must be clearly identified as one of the following five document classifications and must conform with the requirements under paragraph (d)(2) of this section. Business proprietary document or business proprietary/APO version, as applicable, means a document or a version of a document containing information for which a person claims business proprietary treatment under § 351.304.

(i) Business Proprietary Document—May be Released Under APO. This business proprietary document contains single-bracketed business proprietary information that the submitter agrees to release under APO. It must contain the statement ''May be Released Under APO'' in accordance with the requirements under paragraph (d)(2)(v) of this section.

(ii) Business Proprietary Document—May Not be Released Under APO. This business proprietary document contains double-bracketed business proprietary information that the submitter does not agree to release under APO. This document must contain the statement ''May Not be Released Under APO'' in accordance with the requirements under paragraph (d)(2)(v) of this section. This type of document may contain single-bracketed business proprietary information in addition to double-bracketed business proprietary information.

(iii) Business Proprietary/APO Version—May be Released Under APO. In the event that a business proprietary document contains both single-

and double-bracketed business proprietary information, the submitting person must submit a version of the document with the double-bracketed business proprietary information omitted. This version must contain the single-bracketed business proprietary information that the submitter agrees to release under APO. This version must be identified as ''Business Proprietary/APO Version'' and must contain the statement ''May be Released Under APO'' in accordance with the requirements under paragraph (d)(2)(v) of this section.

(iv) *Public version.* The public version excludes all business proprietary information, whether single- or double-bracketed. Specific filing requirements for public version submissions are discussed in § 351.304(c).

(v) *Public document.* The public document contains only public information. There is no corresponding business proprietary document for a public document.

(c) Filing of business proprietary documents and public versions under the one-day lag rule; information in double brackets.

(1) *In general.* If a submission contains information for which the submitter claims business proprietary treatment, the submitter may elect to file the submission under the one-day lag rule described in paragraph (c)(2) of this section. A petition, an amendment to a petition, and any other submission filed prior to the initiation of an investigation shall not be filed under the one-day lag rule. The business proprietary document and public version of such pre-initiation submissions must be filed simultaneously on the same day.

(2) *Application of the one-day lag rule—*(i) *Filing the business proprietary document.* A person must file a business proprietary document with the Department within the applicable time limit.

(ii) Filing of final business proprietary document; bracketing corrections. By the close of business one business day after the date the business proprietary document is filed under paragraph (c)(2)(i) of this section, a person must file the complete final business proprietary document with the Department. The final business proprietary document must be identical in all respects to the business proprietary document filed on the previous day except for any bracketing corrections and the omission of the warning ''Bracketing of Business Proprietary Information Is Not Final for One Business Day After Date of Filing'' in accordance with paragraph (d)(2)(v) of this section. A person must serve other persons with the complete final business proprietary document if there are bracketing corrections. If there are no bracketing corrections, a person need not serve a copy of the final business proprietary document.

(iii) *Filing the public version.* Simultaneously with the filing of the final business proprietary document under paragraph (c)(2)(ii) of this section, a person also must file the public version of such document (see § 351.304(c)) with the Department.

(iv) *Information in double brackets.* If a person serves authorized applicants with a business proprietary/APO version of a document that excludes information in double brackets pursuant to §§ 351.303(b)(4)(iii) and 351.304(b)(2), the person simultaneously must file with the Department the complete business proprietary/APO version of the document from which information in double brackets has been excluded.

(3) *Sales files, cost of production files and other electronic databases.* When a submission includes sales files, cost of production files or other electronic databases, such electronic databases must be filed electronically in accordance with paragraph (b)(2) of this section. If a submitter must file the database manually pursuant to § 351.303(b)(2)(ii)(A), the submitter must file such information on the computer medium specified by the Department's request for such information. The submitter need not accompany the computer medium with a paper printout. All electronic database information must be releasable under APO (see § 351.305). A submitter need not include brackets in an electronic database containing business proprietary information. The submitter's selection of the security classification ''Business Proprietary Document—May Be Released

Under APO'' at the time of filing indicates the submitter's request for business proprietary treatment of the information contained in the database. Where possible, the submitter must insert headers or footers requesting business proprietary treatment of the information on the databases for printing purposes. A submitter must submit a public version of a database in pdf format. The public version of the database must be publicly summarized and ranged in accordance with § 351.304(c).

(d) *Format of submissions*—(1) *In general.* Unless the Secretary alters the requirements of this section, a document filed with the Department must conform to the specification and marking requirements under paragraph (d)(2) of this section or the Secretary may reject such document in accordance with § 351.104(a).

(2) *Specifications and markings.* If a document is filed manually, it must be on letter-size (8½ × 11 inch) paper, single-sided and double-spaced, bound with a paper clip, butterfly/binder clip, or rubber band. The filing of stapled, spiral, velo, or other type of solid binding is not permitted. In accordance with paragraph (b)(3) of this section, a cover sheet must be placed before the first page of the document. Electronically filed documents must be formatted to print on letter-size (8½ × 11 inch) paper and double-spaced. Spreadsheets, unusually sized exhibits, and databases are best utilized in their original printing format and should not be reformatted for submission. A submitter must mark the first page of each document in the upper right-hand corner with the following information in the following format:

(i) On the first line, except for a petition, indicate the Department case number;

(ii) On the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;

(iii) On the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, *etc.*) and, if applicable, indicate the complete period of review (MM/DD/YY–MM/DD/YY);

(iv) On the fourth line, except for a petition, indicate the Department office conducting the proceeding;

(v) On the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the applicable page numbers and state either: ''Business Proprietary Document—May Be Released Under APO,'' ''Business Proprietary Document—May Not Be Released Under APO,'' or ''Business Proprietary/APO Version—May Be Released Under APO,'' as applicable, and consistent with § 351.303(b)(4). Indicate ''Business Proprietary Treatment Requested'' on the top of each page containing business proprietary information. In addition, include the warning ''Bracketing of Business Proprietary Information Is Not Final for One Business Day After Date of Filing'' on the top of each page containing business proprietary information in the business proprietary document filed under paragraph (c)(2)(i) of this section (one-day lag rule). Do not include this warning in the final business proprietary document filed on the next business day under paragraph (c)(2)(ii) of this section (see § 351.303(c)(2) and § 351.304(c)); and

(vi) For the public version of a business proprietary document required under § 351.304(c), complete the marking as required in paragraphs (d)(2)(i)–(v) of this section for the business proprietary document, but conspicuously mark the first page ''Public Version.''

(vii) For a public document, complete the marking as required in paragraphs (d)(2)(i)–(v) of this section for the business proprietary document or version, as applicable, but conspicuously mark the first page ''Public Document.''

(e) *Translation to English.* A document submitted in a foreign language must be accompanied by an English translation of the entire document or of only pertinent portions, where appropriate, unless the Secretary waives this requirement for an individual document. A party must obtain the Department's approval for submission of an English translation of only portions of a document prior to submission to the Department.

(f) *Service of copies on other persons*—(1)(i) *In general.* Except as provided in

§ 351.202(c) (filing of petition), § 351.208(f)(1) (submission of proposed suspension agreement), and paragraph (f)(3) of this section, a person filing a document with the Department simultaneously must serve a copy of the document on all other persons on the service list by personal service or first class mail.

(ii) *Service of public versions, public documents, or a party's own business proprietary information.* Notwithstanding paragraphs (f)(1)(i) and (f)(3) of this section, service of a business proprietary document containing only the server's own business proprietary information, on persons on the APO service list, or the public version of such a document, or a public document on persons on the public service list, may be made by facsimile transmission or other electronic transmission process, with the consent of the person to be served.

(2) *Certificate of service.* Each document filed with the Department must include a certificate of service listing each person served (including agents), the type of document served, and the date and method of service on each person. The Secretary may refuse to accept any document that is not accompanied by a certificate of service.

(3) *Service requirements for certain documents*—(i) *Briefs.* In addition to the certificate of service requirements contained in paragraph (f)(2) of this section, a person filing a case or rebuttal brief with the Department simultaneously must serve a copy of that brief on all persons on the service list and on any U.S. Government agency that has submitted a case or rebuttal brief in the segment of the proceeding. If, under § 351.103(c), a person has designated an agent to receive service that is located in the United States, service on that person must be either by personal service on the same day the brief is filed or by overnight mail or courier on the next day. If the person has designated an agent to receive service that is located outside the United States, service on that person must be by first class airmail.

(ii) *Request for review.* In addition to the certificate of service requirements under paragraph (f)(2) of this section, an interested party that files with the Department a request for an expedited antidumping review, an administrative review, a new shipper review, or a changed circumstances review must serve a copy of the request by personal service or first class mail on each exporter or producer specified in the request and on the petitioner by the end of the anniversary month or within ten days of filing the request for review, whichever is later. If the interested party that files the request is unable to locate a particular exporter or producer, or the petitioner, the Secretary may accept the request for review if the Secretary is satisfied that the party made a reasonable attempt to serve a copy of the request on such person.

(4) Notwithstanding any other paragraph in this section, until further notice, as of March 24, 2020, we are modifying the service requirements with respect to documents containing business proprietary information as follows:

(i) For BPI documents submitted with final bracketing on the due date (*i.e.,* documents not submitted under the one-day lag rule, paragraph (c)(2)(i) of this section), E&C will deem service to be effectuated upon filing of the submission in ACCESS. E&C will notify interested parties that the document has been filed through daily ACCESS BPI Release Digest emails. This paragraph (f)(4)(i) does not apply to service to pro se parties or parties represented by a non-APO-authorized representative.

(ii) For BPI documents submitted under the one-day lag rule, paragraph (c)(2)(i) of this section, E&C is temporarily waiving the service requirement for bracketing-not-final BPI submissions filed on the due date. In addition, E&C will deem service to be effectuated upon the filing in ACCESS of the complete final BPI document on the next business day under paragraph (c)(2)(ii) of this section. This paragraph (f)(4)(ii) does not apply to service to pro se parties or parties represented by a non-APO-authorized representative.

(iii) For case and rebuttal briefs served pursuant to paragraph (f)(3)(i) of this section, service of BPI case and rebuttal briefs will be deemed effectuated via ACCESS. This paragraph (f)(4)(iii)

does not apply to service to pro se parties or parties represented by a non-APO-authorized representative.

(iv) Parties must still take active steps to serve pro se parties BPI documents containing only the pro se party's BPI and serve parties represented by a non-APO-authorized representative documents containing only that party's BPI, consistent with § 351.306(c)(2). However, E&C is temporarily modifying the electronic service provision under paragraph (f)(1)(ii) of this section, so that a pro se party may give consent to another interested party to serve a document electronically on that pro se party only, provided that the document only contains the pro se party's BPI. Such a document must not contain the BPI of other parties. In addition, a party represented by a non-APO-authorized representative may give consent to another interested party to serve a document electronically on that non-APO-authorized representative only, provided that the document only contains the BPI of the party represented by that non-APO-authorized representative. Such a document must not contain the BPI of other parties. If such consent is given, then the serving party's APO-authorized representative may serve the submission on that party via electronic transmission with that recipient's consent.

(v) *Exceptions.* Notwithstanding paragraphs (f)(4)(i) through (iv) of this section, the following types of submissions and scenarios require the normal means of service as required by this paragraph (f):

(A) Requests for administrative review, new shipper review, changed circumstances review and expedited review.

(B) Requests for scope ruling or anti-circumvention inquiry.

(g) *Certifications.* Each submission containing factual information must include the following certification from the person identified in paragraph (g)(1) of this section and, in addition, if the person has legal counsel or another representative, the certification in paragraph (g)(2) of this section. The certifying party must maintain the original signed certification for a period of five years from the date of filing the submission to which the certification pertains. The original signed certification must be available for inspection by U.S. Department of Commerce officials. Copies of the certifications must be included in the submission filed at the Department.

EFFECTIVE DATE NOTE: At 85 FR 17007, Mar. 26, 2020, §351.303 was amended by adding paragraph (f)(4), effective Mar. 24, 2020 through May 19, 2020. At 85 FR 29615, May 18, 2020, this amendment was extended to July 17, 2020. At 85 FR 41363, July 10, 2020, this amendment was extended indefinitely.

§351.304 Establishing business proprietary treatment of information.

(a) *Claim for business proprietary treatment.* (1) Any person that submits factual information to the Secretary in connection with a proceeding may:

(i) Request that the Secretary treat any part of the submission as business proprietary information that is subject to disclosure only under an administrative protective order,

(ii) Claim that there is a clear and compelling need to withhold certain business proprietary information from disclosure under an administrative protective order, or

(iii) In an investigation, identify customer names that are exempt from disclosure under administrative protective order under section 777(c)(1)(A) of the Act.

(2) The Secretary will require that all business proprietary information presented to, or obtained or generated by, the Secretary during a segment of a proceeding be disclosed to authorized applicants, except for

(i) Customer names submitted in an investigation,

(ii) Information for which the Secretary finds that there is a clear and compelling need to withhold from disclosure, and

(iii) Privileged or classified information.

(b) *Identification of business proprietary information*—(1) *Information releasable under administrative protective order*—(i) *In general.* A person submitting information must identify the information for which it claims business proprietary treatment by enclosing the information within single brackets. The submitting person must provide with the information an explanation of why each item of bracketed information is entitled to business proprietary treatment. A person submitting a request for business proprietary treatment also must include an agreement to permit disclosure under an administrative protective order, unless the submitting party claims that there is a clear and compelling need to withhold the information from disclosure under an administrative protective order.

(ii) *Electronic databases.* In accordance with §351.303(c)(3), an electronic database need not contain brackets. The submitter must select the security classification ''Business Proprietary Document—May Be Released Under APO'' at the time of filing to request business proprietary treatment of the information contained in the database. The public version of the database must be publicly summarized and ranged in accordance with §351.304(c).

(2) *Information claimed to be exempt from disclosure under administrative protective order.* (i) If the submitting person claims that there is a clear and compelling need to withhold certain information from disclosure under an administrative protective order (see paragraph (a)(1)(ii) of this section), the submitting person must identify the information by enclosing the information within double brackets, and must include a full explanation of the reasons for the claim.

(ii) In an investigation, the submitting person may enclose business proprietary customer names within double brackets (see paragraph (a)(1)(iii) of this section).

(iii) The submitting person may exclude the information in double brackets from the business proprietary/APO version of the submission served on authorized applicants. See §351.303 for filing and service requirements.

(c) *Public version.* (1) A person filing a submission that contains information for which business proprietary treatment is claimed must file a public version of the submission. The public version must be filed on the first business day after the filing deadline for the business proprietary document (see §351.303(b)). The public version must contain a summary of the bracketed

information in sufficient detail to permit a reasonable understanding of the substance of the information. If the submitting person claims that summarization is not possible, the claim must be accompanied by a full explanation of the reasons supporting that claim. Generally, numerical data will be considered adequately summarized if grouped or presented in terms of indices or figures within 10 percent of the actual figure. If an individual portion of the numerical data is voluminous, at least one percent representative of that portion must be summarized. A submitter should not create a public summary of business proprietary information of another person.

(2) If a submitting party discovers that it has failed to bracket information correctly, the submitter may file a complete, corrected business proprietary document along with the public version (see § 351.303(b)). At the close of business on the day on which the public version of a submission is due under paragraph (c)(2) of this section, however, the bracketing of business proprietary information in the original business proprietary document or, if a corrected version is timely filed, the corrected business proprietary document will become final. Once bracketing has become final, the Secretary will not accept any further corrections to the bracketing of information in a submission, and the Secretary will treat nonbracketed information as public information.

(d) *Nonconforming submissions*—(1) *In general.* The Secretary will reject a submission that does not meet the requirements of section 777(b) of the Act and this section with a written explanation. The submitting person may take any of the following actions within two business days after receiving the Secretary's explanation:

(i) Correct the problems and resubmit the information;

(ii) If the Secretary denied a request for business proprietary treatment, agree to have the information in question treated as public information;

(iii) If the Secretary granted business proprietary treatment but denied a claim that there was a clear and compelling need to withhold information under an administrative protective order, agree to the disclosure of the information in question under an administrative protective order; or

(iv) Submit other material concerning the subject matter of the rejected information. If the submitting person does not take any of these actions, the Secretary will not consider the rejected submission.

(2) *Timing.* The Secretary normally will determine the status of information within 30 days after the day on which the information was submitted. If the business proprietary status of information is in dispute, the Secretary will treat the relevant portion of the submission as business proprietary information until the Secretary decides the matter.

[63 FR 24401, May 4, 1998, as amended at 76 FR 39277, July 6, 2011]

§ 351.305 Access to business proprietary information.

(a) *The administrative protective order.* The Secretary will place an administrative protective order on the record within two business days after the day on which a petition is filed or an investigation is self-initiated, within five business days after the day on which a request for a new shipper review is properly filed in accordance with §§ 351.214 and 351.303 or an application for a scope ruling is properly filed in accordance with §§ 351.225 and 351.303, within five business days after the day on which a request for a changed circumstances review is properly filed in accordance with §§ 351.216 and 351.303 or a changed circumstances review is self-initiated, or five business days after initiating any other segment of a proceeding. The administrative protective order will require the authorized applicant to:

(1) Establish and follow procedures to ensure that no employee of the authorized applicant's firm releases business proprietary information to any person other than the submitting party, an authorized applicant, or an appropriate Department official identified in section 777(b) of the Act;

(2) Notify the Secretary of any changes in the facts asserted by the authorized applicant in its administrative protective order application;

(3) Destroy business proprietary information by the time required under the terms of the administrative protective order;

(4) Immediately report to the Secretary any apparent violation of the administrative protective order; and

(5) Acknowledge that any unauthorized disclosure may subject the authorized applicant, the firm of which the authorized applicant is a partner, associate, or employee, and any partner, associate, or employee of the authorized applicant's firm to sanctions listed in part 354 of this chapter (19 CFR part 354).

(b) *Application for access under administrative protective order.* (1) Generally, no more than two independent representatives of a party to the proceeding may have access to business proprietary information under an administrative protective order. A party must designate a lead firm if the party has more than one independent authorized applicant firm.

(2) A representative of a party to the proceeding may apply for access to business proprietary information under the administrative protective order by submitting Form ITA–367 to the Secretary. Form ITA–367 must identify the applicant and the segment of the proceeding involved, state the basis for eligibility of the applicant for access to business proprietary information, and state the agreement of the applicant to be bound by the administrative protective order. Form ITA–367 may be prepared on the applicant's own wordprocessing system, and must be accompanied by a certification that the application is consistent with Form ITA–367 and an acknowledgment that any discrepancies will be interpreted in a manner consistent with Form ITA–367. An applicant must apply to receive all business proprietary information on the record of the segment of a proceeding in question, but may waive service of business proprietary information it does not wish to receive from other parties to the proceeding. An applicant must serve an APO application on the other parties by the most expeditious manner possible at the same time that it files the application with the Department.

(3) With respect to proprietary information submitted to the Secretary on or before the date on which the Secretary grants access to a qualified applicant, except as provided in paragraph (b)(4) of this section, within two business days the submitting party shall serve the party which has been granted access, in accordance with paragraph (c) of this section.

(4) To minimize the disruption caused by late applications, an application should be filed before the first questionnaire response has been submitted. Where justified, however, applications may be filed up to the date on which the case briefs are due, but any applicant filing after the first questionnaire response is submitted will be liable for costs associated with the additional production and service of business proprietary information already on the record. Parties have five business days to serve their business proprietary information already on the record to a party who has filed an application after the submission of the first questionnaire response and is authorized to receive such information after such information has been placed on the record.

(c) *Approval of access under administrative protective order; administrative protective order service list.* The Secretary will grant access to a qualified applicant by including the name of the applicant on an administrative protective order service list. Access normally will be granted within five days of receipt of the application unless there is a question regarding the eligibility of the applicant to receive access. In that case, the Secretary will decide whether to grant the applicant access within 30 days of receipt of the application. The Secretary will provide by the most expeditious means available the administrative protective order service list to parties to the proceeding on the day the service list is issued or amended.

(d) *Additional filing requirements for importers.* If an applicant represents a party claiming to be an interested party by virtue of being an importer, then the applicant shall submit, along with the Form ITA–367, documentary evidence demonstrating that during the applicable period of investigation or period of review the interested party

imported subject merchandise. For a scope segment of a proceeding pursuant to § 351.225 or a circumvention segment of a proceeding pursuant to § 351.226, the applicant must present documentary evidence that the interested party imported subject merchandise, or that it has taken steps towards importing the merchandise subject to the scope or circumvention inquiry. For a covered merchandise referral segment of a proceeding pursuant to § 351.227, an applicant representing an interested party that has been identified by the Customs Service as the importer in a covered merchandise referral is exempt from the requirements of providing documentary evidence to demonstrate that it is an importer for purposes of that segment of a proceeding.

[63 FR 24402, May 4, 1998, as amended at 73 FR 3643, Jan. 22, 2008; 76 FR 39277, July 6, 2011; 86 FR 52384, Sept. 20, 2021]

§ 351.306 Use of business proprietary information.

(a) *By the Secretary.* The Secretary may disclose business proprietary information submitted to the Secretary only to:

(1) An authorized applicant;

(2) An employee of the Department of Commerce or the International Trade Commission directly involved in the proceeding in which the information is submitted;

(3) An employee of the Customs Service directly involved in conducting a fraud investigation relating to an antidumping or countervailing duty proceeding;

(4) The U.S. Trade Representative as provided by 19 U.S.C. 3571(i);

(5) Any person to whom the submitting person specifically authorizes disclosure in writing; and

(6) A charged party or counsel for the charged party under 19 CFR part 354.

(b) *By an authorized applicant.* An authorized applicant may retain business proprietary information for the time authorized by the terms of the administrative protective order. An authorized applicant may use business proprietary information for purposes of the segment of a proceeding in which the information was submitted. If business proprietary information that was submitted in a segment of the proceeding is relevant to an issue in a different segment of the proceeding, an authorized applicant may place such information on the record of the subsequent segment as authorized by the APO.

(c) *Identifying parties submitting business proprietary information.* (1) If a party submits a document containing business proprietary information of another person, the submitting party must identify, contiguously with each item of business proprietary information, the person that originally submitted the item (e.g., Petitioner, Respondent A, Respondent B). Business proprietary information not identified will be treated as information of the person making the submission. If the submission contains business proprietary information of only one person, it shall so state on the first page and identify the person that originally submitted the business proprietary information on the first page.

(2) If a party to a proceeding is not represented by an authorized applicant, a party submitting a document containing the unrepresented party's business proprietary information must serve the unrepresented party with a version of the document that contains only the unrepresented party's business proprietary information. The document must not contain the business proprietary information of other parties.

(d) *Disclosure to parties not authorized to receive business proprietary information.* No person, including an authorized applicant, may disclose the business proprietary information of another person to any other person except another authorized applicant or a Department official described in paragraph (a)(2) of this section. Any person that is not an authorized applicant and that is served with business proprietary information must return it to the sender immediately, to the extent possible without reading it, and must notify the Department. An allegation of an unauthorized disclosure will subject the person that made the alleged unauthorized disclosure to an investigation and possible sanctions under 19 CFR part 354.

§ 351.307 Verification of information.

(a) *Introduction.* Prior to making a final determination in an investigation or issuing final results of review, the Secretary may verify relevant factual information. This section clarifies when verification will occur, the contents of a verification report, and the procedures for verification.

(b) *In general.* (1) Subject to paragraph (b)(4) of this section, the Secretary will verify factual information upon which the Secretary relies in:

(i) A final determination in a continuation of a previously suspended countervailing duty investigation (section 704(g) of the Act), countervailing duty investigation, continuation of a previously suspended antidumping investigation (section 705(a) of the Act), or antidumping investigation;

(ii) The final results of an expedited antidumping review;

(iii) A revocation under section 751(d) of the Act;

(iv) The final results of an administrative review, new shipper review, or changed circumstances review, if the Secretary decides that good cause for verification exists; and

(v) The final results of an administrative review if:

(A) A domestic interested party, not later than 100 days after the date of publication of the notice of initiation of review, submits a written request for verification; and

(B) The Secretary conducted no verification under this paragraph during either of the two immediately preceding administrative reviews.

(2) The Secretary may verify factual information upon which the Secretary relies in a proceeding or a segment of a proceeding not specifically provided for in paragraph (b)(1) of this section.

(3) If the Secretary decides that, because of the large number of exporters or producers included in an investigation or administrative review, it is impractical to verify relevant factual information for each person, the Secretary may select and verify a sample.

(4) The Secretary may conduct verification of a person if that person agrees to verification and the Secretary notifies the government of the affected country and that government does not object. If the person or the government objects to verification, the Secretary will not conduct verification and may disregard any or all information submitted by the person in favor of use of the facts available under section 776 of the Act and § 351.308.

(c) *Verification report.* The Secretary will report the methods, procedures, and results of a verification under this section prior to making a final determination in an investigation or issuing final results in a review.

(d) *Procedures for verification.* The Secretary will notify the government of the affected country that employees of the Department will visit with the persons listed below in order to verify the accuracy and completeness of submitted factual information. The notification will, where practicable, identify any member of the verification team who is not an officer of the U.S. Government. As part of the verification, employees of the Department will request access to all files, records, and personnel which the Secretary considers relevant to factual information submitted of:

(1) Producers, exporters, or importers;

(2) Persons affiliated with the persons listed in paragraph (d)(1) of this section, where applicable;

(3) Unaffiliated purchasers, or

(4) The government of the affected country as part of verification in a countervailing duty proceeding.

§ 351.308 Determinations on the basis of the facts available.

(a) *Introduction.* The Secretary may make determinations on the basis of the facts available whenever necessary information is not available on the record, an interested party or any other person withholds or fails to provide information requested in a timely manner and in the form required or significantly impedes a proceeding, or the Secretary is unable to verify submitted information. If the Secretary finds that an interested party ''has failed to cooperate by not acting to the best of its ability to comply with a request for information,'' the Secretary may use an inference that is adverse to the interests of that party in selecting from among the facts otherwise available. This section lists some of the sources

of information upon which the Secretary may base an adverse inference and explains the actions the Secretary will take with respect to corroboration of information.

(b) *In general.* The Secretary may make a determination under the Act and this part based on the facts otherwise available in accordance with section 776(a) of the Act.

(c) *Adverse inferences.* For purposes of section 776(b) of the Act, an adverse inference may include reliance on:

(1) Secondary information, such as information derived from:

(i) The petition;

(ii) A final determination in a countervailing duty investigation or an antidumping investigation;

(iii) Any previous administrative review, new shipper review, expedited antidumping review, section 753 review, or section 762 review; or

(2) Any other information placed on the record.

(d) *Corroboration of secondary information.* Under section 776(c) of the Act, when the Secretary relies on secondary information, the Secretary will, to the extent practicable, corroborate that information from independent sources that are reasonably at the Secretary's disposal. Independent sources may include, but are not limited to, published price lists, official import statistics and customs data, and information obtained from interested parties during the instant investigation or review. Corroborate means that the Secretary will examine whether the secondary information to be used has probative value. The fact that corroboration may not be practicable in a given circumstance will not prevent the Secretary from applying an adverse inference as appropriate and using the secondary information in question.

(e) *Use of certain information.* In reaching a determination under the Act and this part, the Secretary will not decline to consider information that is submitted by an interested party and is necessary to the determination but does not meet all the applicable requirements established by the Secretary if the conditions listed under section 782(e) of the Act are met.

(f) *Use of facts available in a sunset review.* Where the Secretary determines to issue final results of sunset review on the basis of facts available, the Secretary normally will rely on:

(1) Calculated countervailing duty rates or dumping margins, as applicable, from prior Department determinations; and

(2) Information contained in parties' substantive responses to the Notice of Initiation filed under § 351.218(d)(3), consistent with section 752(b) or 752(c) of the Act, as applicable.

[62 FR 27379, May 19, 1997, as amended at 63 FR 13524, Mar. 20, 1998]

§ 351.309 Written argument.

(a) *Introduction.* Written argument may be submitted during the course of an antidumping or countervailing duty proceeding. This section sets forth the time limits for submission of case and rebuttal briefs and provides guidance on what should be contained in these documents.

(b) *Written argument*—(1) *In general.* In making the final determination in a countervailing duty investigation or antidumping investigation or the final results of an administrative review, new shipper review, expedited antidumping review, section 753 review, or section 762 review, the Secretary will consider written arguments in case or rebuttal briefs filed within the time limits in this section.

(2) *Written argument on request.* Notwithstanding paragraph (b)(1) of this section, the Secretary may request written argument on any issue from any person or U.S. Government agency at any time during a proceeding.

(c) *Case brief.* (1) Any interested party or U.S. Government agency may submit a ''case brief'' within:

(i) For a final determination in a countervailing duty investigation or antidumping investigation, or for the final results of a full sunset review, 50 days after the date of publication of the preliminary determination or results of review, as applicable, unless the Secretary alters the time limit;

(ii) For the final results of an administrative review, new shipper review, changed circumstances review, or section 762 review, 30 days after the date of publication of the preliminary results of review, unless the Secretary alters the time limit; or

(iii) For the final results of an expedited sunset review, expedited antidumping review, Article 8 violation review, Article 4/Article 7 review, or section 753 review, a date specified by the Secretary.

(2) The case brief must present all arguments that continue in the submitter's view to be relevant to the Secretary's final determination or final results, including any arguments presented before the date of publication of the preliminary determination or preliminary results. As part of the case brief, parties are encouraged to provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited.

(d) *Rebuttal brief.* (1) Any interested party or U.S. Government agency may submit a ''rebuttal brief'' within five days after the time limit for filing the case brief, unless the Secretary alters this time limit.

(2) The rebuttal brief may respond only to arguments raised in case briefs and should identify the arguments to which it is responding. As part of the rebuttal brief, parties are encouraged to provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited.

(e) *Comments on adequacy of response and appropriateness of expedited sunset review*—(i) *In general.* Where the Secretary determines that respondent interested parties provided inadequate response to a Notice of Initiation (*see* § 351.218(e)(1)(ii)) and has notified the International Trade Commission as such under § 351.218(e)(1)(ii)(C), interested parties (and industrial users and consumer organizations) that submitted a complete substantive response to the Notice of Initiation under § 351.218(d)(3) may file comments on whether an expedited sunset review under section 751(c)(3)(B) of the Act and § 351.218(e)(1)(ii)(B) or 351.218(e)(1)(ii)(C) is appropriate based on the adequacy of responses to the notice of initiation. These comments may not include any new factual information or evidence (such as supplementation of a substantive response to the notice of initiation) and are limited to five pages.

(ii) *Time limit for filing comments.* Comments on adequacy of response and appropriateness of expedited sunset review must be filed not later than 70 days after the date publication in the FEDERAL REGISTER of the notice of initiation.

[62 FR 27379, May 19, 1997, as amended at 63 FR 13524, Mar. 20, 1998; 70 FR 62064, Oct. 28, 2005]

§ 351.310 Hearings.

(a) *Introduction.* This section sets forth the procedures for requesting a hearing, indicates that the Secretary may consolidate hearings, and explains when the Secretary may hold closed hearing sessions.

(b) *Pre-hearing conference.* The Secretary may conduct a telephone prehearing conference with representatives of interested parties to facilitate the conduct of the hearing.

(c) *Request for hearing.* Any interested party may request that the Secretary hold a public hearing on arguments to be raised in case or rebuttal briefs within 30 days after the date of publication of the preliminary determination or preliminary results of review, unless the Secretary alters this time limit, or in a proceeding where the Secretary will not issue a preliminary determination, not later than a date specified by the Secretary. To the extent practicable, a party requesting a hearing must identify arguments to be raised at the hearing. At the hearing, an interested party may make an affirmative presentation only on arguments included in that party's case brief and may make a rebuttal presentation only on arguments included in that party's rebuttal brief.

(d) *Hearings in general.* (1) If an interested party submits a request under paragraph (c) of this section, the Secretary will hold a public hearing on the date stated in the notice of the Secretary's preliminary determination or preliminary results of administrative review (or otherwise specified by the Secretary in an expedited antidumping review), unless the Secretary alters the date. Ordinarily, the hearing will be held two days after the scheduled date for submission of rebuttal briefs.

(2) The hearing is not subject to 5 U.S.C. §§ 551–559, and § 702 (Administrative Procedure Act). Witness testimony, if any, will not be under oath or

subject to cross-examination by another interested party or witness. During the hearing, the chair may question any person or witness and may request persons to present additional written argument.

(e) *Consolidated hearings.* At the Secretary's discretion, the Secretary may consolidate hearings in two or more cases.

(f) *Closed hearing sessions.* An interested party may request a closed session of the hearing no later than the date the case briefs are due in order to address limited issues during the course of the hearing. The requesting party must identify the subjects to be discussed, specify the amount of time requested, and justify the need for a closed session with respect to each subject. If the Secretary approves the request for a closed session, only authorized applicants and other persons authorized by the regulations may be present for the closed session (*see* § 351.305).

(g) *Transcript of hearing.* The Secretary will place a verbatim transcript of the hearing in the public and official records of the proceeding and will announce at the hearing how interested parties may obtain copies of the transcript.

§ 351.311 Countervailable subsidy practice discovered during investigation or review.

(a) *Introduction.* During the course of a countervailing duty investigation or review, Department officials may discover or receive notice of a practice that appears to provide a countervailable subsidy. This section explains when the Secretary will examine such a practice.

(b) *Inclusion in proceeding.* If during a countervailing duty investigation or a countervailing duty administrative review the Secretary discovers a practice that appears to provide a countervailable subsidy with respect to the subject merchandise and the practice was not alleged or examined in the proceeding, or if, pursuant to section 775 of the Act, the Secretary receives notice from the United States Trade Representative that a subsidy or subsidy program is in violation of Article 8 of the Subsidies Agreement, the Secretary will examine the practice, subsidy, or subsidy program if the Secretary concludes that sufficient time remains before the scheduled date for the final determination or final results of review.

(c) *Deferral of examination.* If the Secretary concludes that insufficient time remains before the scheduled date for the final determination or final results of review to examine the practice, subsidy, or subsidy program described in paragraph (b) of this section, the Secretary will:

(1) During an investigation, allow the petitioner to withdraw the petition without prejudice and resubmit it with an allegation with regard to the newly discovered practice, subsidy, or subsidy program; or

(2) During an investigation or review, defer consideration of the newly discovered practice, subsidy, or subsidy program until a subsequent administrative review, if any.

(d) *Notice.* The Secretary will notify the parties to the proceeding of any practice the Secretary discovers, or any subsidy or subsidy program with respect to which the Secretary receives notice from the United States Trade Representative, and whether or not it will be included in the then ongoing proceeding.

§ 351.312 Industrial users and consumer organizations.

(a) *Introduction.* The URAA provides for opportunity for comment by consumer organizations and industrial users on matters relevant to a particular determination of dumping, subsidization, or injury. This section indicates under what circumstances such persons may submit relevant information and argument.

(b) *Opportunity to submit relevant information and argument.* In an antidumping or countervailing duty proceeding under title VII of the Act and this part, an industrial user of the subject merchandise or a representative consumer organization, as described in section 777(h) of the Act, may submit relevant factual information and written argument to the Department under paragraphs (d)(3)(ii), and (d)(3)(vi), and (d)(4) of § 351.218, paragraphs (b), (c)(1), and (c)(3) of § 351.301, and paragraphs

(c), (d), and (e) of § 351.309 concerning dumping or a countervailing subsidy. All such submissions must be filed in accordance with § 351.303.

(c) *Business proprietary information.* Persons described in paragraph (b) of this section may request business proprietary treatment of information under § 351.304, but will not be granted access under § 351.305 to business proprietary information submitted by other persons.

§ 351.313 Attorneys or representatives.

In general. No register of attorneys or representatives who may practice before the Department is maintained. No application for admission to practice is required. Any person desiring to appear as attorney or representative before the Department may be required to show to the satisfaction of the Secretary his acceptability in that capacity. Any attorney or representative practicing before the Department, or desiring so to practice, may for good cause shown be suspended or barred from practicing before the Department, or have imposed on him such lesser sanctions (e.g., public or private reprimand) as the Secretary deems appropriate, but only after he has been accorded an opportunity to present his views in the matter. The Department will maintain a public register of attorneys and representatives suspended or barred from practice. ''Attorney'' pursuant to this subpart and ''legal counsel'' in § 351.303(g) have the same meaning. ''Representative'' pursuant to this subpart and in § 351.303(g) has the same meaning.

[78 FR 22777, Apr. 17, 2013]

Subpart D—Calculation of Export Price, Constructed Export Price, Fair Value, and Normal Value

§ 351.401 In general.

(a) *Introduction.* In general terms, an antidumping analysis involves a comparison of export price or constructed export price in the United States with normal value in the foreign market. This section establishes certain general rules that apply to the calculation of export price, constructed export price and normal value. (*See* section 772, section 773, and section 773A of the Act.)

(b) *Adjustments in general.* In making adjustments to export price, constructed export price, or normal value, the Secretary will adhere to the following principles:

(1) The interested party that is in possession of the relevant information has the burden of establishing to the satisfaction of the Secretary the amount and nature of a particular adjustment; and

(2) The Secretary will not double-count adjustments.

(c) *Use of price net of price adjustments.* In calculating export price, constructed export price, and normal value (where normal value is based on price), the Secretary normally will use a price that is net of price adjustments, as defined in § 351.102(b), that are reasonably attributable to the subject merchandise or the foreign like product (whichever is applicable). The Secretary will not accept a price adjustment that is made after the time of sale unless the interested party demonstrates, to the satisfaction of the Secretary, its entitlement to such an adjustment.

(d) *Delayed payment or pre-payment of expenses.* Where cost is the basis for determining the amount of an adjustment to export price, constructed export price, or normal value, the Secretary will not factor in any delayed payment or pre-payment of expenses by the exporter or producer.

(e) *Adjustments for movement expenses*—(1) *Original place of shipment.* In making adjustments for movement expenses to establish export price or constructed export price under section 772(c)(2)(A) of the Act, or normal value under section 773(a)(6)(B)(ii) of the Act, the Secretary normally will consider the production facility as being the ''original place of shipment. However, where the Secretary bases export price, constructed export price, or normal value on a sale by an unaffiliated reseller, the Secretary may treat the original place from which the reseller shipped the merchandise as the ''original place of shipment.''

(2) *Warehousing.* The Secretary will consider warehousing expenses that are

incurred after the subject merchandise or foreign like product leaves the original place of shipment as movement expenses.

(f) *Treatment of affiliated producers in antidumping proceedings*—(1) *In general.* In an antidumping proceeding under this part, the Secretary will treat two or more affiliated producers as a single entity where those producers have production facilities for similar or identical products that would not require substantial retooling of either facility in order to restructure manufacturing priorities and the Secretary concludes that there is a significant potential for the manipulation of price or production.

(2) *Significant potential for manipulation.* In identifying a significant potential for the manipulation of price or production, the factors the Secretary may consider include:

(i) The level of common ownership;

(ii) The extent to which managerial employees or board members of one firm sit on the board of directors of an affiliated firm; and

(iii) Whether operations are intertwined, such as through the sharing of sales information, involvement in production and pricing decisions, the sharing of facilities or employees, or significant transactions between the affiliated producers.

(g) *Allocation of expenses and price adjustments*—(1) *In general.* The Secretary may consider allocated expenses and price adjustments when transaction-specific reporting is not feasible, provided the Secretary is satisfied that the allocation method used does not cause inaccuracies or distortions.

(2) *Reporting allocated expenses and price adjustments.* Any party seeking to report an expense or a price adjustment on an allocated basis must demonstrate to the Secretary's satisfaction that the allocation is calculated on as specific a basis as is feasible, and must explain why the allocation methodology used does not cause inaccuracies or distortions.

(3) *Feasibility.* In determining the feasibility of transaction-specific reporting or whether an allocation is calculated on as specific a basis as is feasible, the Secretary will take into account the records maintained by the party in question in the ordinary course of its business, as well as such factors as the normal accounting practices in the country and industry in question and the number of sales made by the party during the period of investigation or review.

(4) *Expenses and price adjustments relating to merchandise not subject to the proceeding.* The Secretary will not reject an allocation method solely because the method includes expenses incurred, or price adjustments made, with respect to sales of merchandise that does not constitute subject merchandise or a foreign like product (whichever is applicable).

(h) [Reserved]

(i) *Date of sale.* In identifying the date of sale of the subject merchandise or foreign like product, the Secretary normally will use the date of invoice, as recorded in the exporter or producer's records kept in the ordinary course of business. However, the Secretary may use a date other than the date of invoice if the Secretary is satisfied that a different date better reflects the date on which the exporter or producer establishes the material terms of sale.

[62 FR 27379, May 19, 1997, as amended at 73 FR 16518, Mar. 28, 2008; 81 FR 15645, Mar. 24, 2016]

§ 351.402 Calculation of export price and constructed export price; reimbursement of antidumping and countervailing duties.

(a) *Introduction.* In order to establish export price, constructed export price, and normal value, the Secretary must make certain adjustments to the price to the unaffiliated purchaser (often called the ''starting price'') in both the United States and foreign markets. This regulation clarifies how the Secretary will make certain of the adjustments to the starting price in the United States that are required by section 772 of the Act.

(b) *Additional adjustments to constructed export price.* In establishing constructed export price under section 772(d) of the Act, the Secretary will make adjustments for expenses associated with commercial activities in the United States that relate to the sale to an unaffiliated purchaser, no matter

where or when paid. The Secretary will not make an adjustment for any expense that is related solely to the sale to an affiliated importer in the United States, although the Secretary may make an adjustment to normal value for such expenses under section 773(a)(6)(C)(iii) of the Act.

(c) *Special rule for merchandise with value added after importation*—(1) *Merchandise imported by affiliated persons.* In applying section 772(e) of the Act, merchandise imported by and value added by a person affiliated with the exporter or producer includes merchandise imported and value added for the account of such an affiliated person.

(2) *Estimation of value added.* The Secretary normally will determine that the value added in the United States by the affiliated person is likely to exceed substantially the value of the subject merchandise if the Secretary estimates the value added to be at least 65 percent of the price charged to the first unaffiliated purchaser for the merchandise as sold in the United States. The Secretary normally will estimate the value added based on the difference between the price charged to the first unaffiliated purchaser for the merchandise as sold in the United States and the price paid for the subject merchandise by the affiliated person. The Secretary normally will base this determination on averages of the prices and the value added to the subject merchandise.

(3) *Determining dumping margins.* For purposes of determining dumping margins under paragraphs (1) and (2) of section 772(e) of the Act, the Secretary may use the weighted-average dumping margins calculated on sales of identical or other subject merchandise sold to unaffiliated persons.

(d) *Special rule for determining profit.* This paragraph sets forth rules for calculating profit in establishing constructed export price under section 772(f) of the Act.

(1) *Basis for total expenses and total actual profit.* In calculating total expenses and total actual profit, the Secretary normally will use the aggregate of expenses and profit for all subject merchandise sold in the United States and all foreign like products sold in the exporting country, including sales that have been disregarded as being below the cost of production. (*See* section 773(b) of the Act (sales at less than cost of production).)

(2) *Use of financial reports.* For purposes of determining profit under section 772(d)(3) of the Act, the Secretary may rely on any appropriate financial reports, including public, audited financial statements, or equivalent financial reports, and internal financial reports prepared in the ordinary course of business.

(3) *Voluntary reporting of costs of production.* The Secretary will not require the reporting of costs of production solely for purposes of determining the amount of profit to be deducted from the constructed export price. The Secretary will base the calculation of profit on costs of production if such costs are reported voluntarily by the date established by the Secretary, and provided that it is practicable to do so and the costs of production are verifiable.

(e) *Treatment of payments between affiliated persons.* Where a person affiliated with the exporter or producer incurs any of the expenses deducted from constructed export price under section 772(d) of the Act and is reimbursed for such expenses by the exporter, producer or other affiliate, the Secretary normally will make an adjustment based on the actual cost to the affiliated person. If the Secretary is satisfied that information regarding the actual cost to the affiliated person is unavailable to the exporter or producer, the Secretary may determine the amount of the adjustment on any other reasonable basis, including the amount of the reimbursement to the affiliated person if the Secretary is satisfied that such amount reflects the amount usually paid in the market under consideration.

(f) *Reimbursement of antidumping duties and countervailing duties*—(1) *In general.* (i) In calculating the export price (or the constructed export price), the Secretary will deduct the amount of any antidumping duty or countervailing duty which the exporter or producer:

(A) Paid directly on behalf of the importer; or

(B) Reimbursed to the importer.

(ii) The Secretary will not deduct the amount of any antidumping duty or countervailing duty paid or reimbursed if the exporter or producer granted to the importer before initiation of the antidumping investigation in question a warranty of nonapplicability of antidumping duties or countervailing duties with respect to subject merchandise which was:

(A) Sold before the date of publication of the Secretary's order applicable to the merchandise in question; and

(B) Exported before the date of publication of the Secretary's final antidumping determination.

(iii) Ordinarily, under paragraph (f)(1)(i) of this section, the Secretary will deduct the amount reimbursed only once in the calculation of the export price (or constructed export price).

(2) *Reimbursement certification.* (i) The importer must certify with the Customs Service prior to liquidation (except as provided for in paragraph (f)(2)(iii) of this section) whether the importer has or has not been reimbursed or entered into any agreement or understanding for the payment or for the refunding to the importer by the manufacturer, producer, seller, or exporter for all or any part of the antidumping and countervailing duties, as appropriate. Such certifications should identify the commodity and country and contain the information necessary to link the certification to the relevant entry or entry line number(s).

(ii) The reimbursement certification may be filed either electronically or in paper in accordance with the Customs Service's requirements, as applicable.

(iii) If an importer does not provide its reimbursement certification prior to liquidation, the Customs Service may accept the reimbursement certification in accordance with its protest procedures under 19 U.S.C. 1514, unless otherwise directed.

(iv) Reimbursement certifications are required for entries of the relevant commodity that have been imported on or after the date of publication of the antidumping notice in the FEDERAL REGISTER that first suspended liquidation in that proceeding.

(3) *Presumption.* The Secretary may presume from an importer's failure to file the certificate required in paragraph (f)(2) of this section that the exporter or producer paid or reimbursed the antidumping duties or countervailing duties.

§ 351.403 Sales used in calculating normal value; transactions between affiliated parties.

(a) *Introduction.* This section clarifies when the Secretary may use offers for sale in determining normal value. Additionally, this section clarifies the authority of the Secretary to use sales to or through an affiliated party as a basis for normal value. (*See* section 773(a)(5) of the Act (indirect sales or offers for sale).)

(b) *Sales and offers for sale.* In calculating normal value, the Secretary normally will consider offers for sale only in the absence of sales and only if the Secretary concludes that acceptance of the offer can be reasonably expected.

(c) *Sales to an affiliated party.* If an exporter or producer sold the foreign like product to an affiliated party, the Secretary may calculate normal value based on that sale only if satisfied that the price is comparable to the price at which the exporter or producer sold the foreign like product to a person who is not affiliated with the seller.

(d) *Sales through an affiliated party.* If an exporter or producer sold the foreign like product through an affiliated party, the Secretary may calculate normal value based on the sale by such affiliated party. However, the Secretary normally will not calculate normal value based on the sale by an affiliated party if sales of the foreign like product by an exporter or producer to affiliated parties account for less than five percent of the total value (or quantity) of the exporter's or producer's sales of the foreign like product in the market in question or if sales to the affiliated party are comparable, as defined in paragraph (c) of this section.

§ 351.404 Selection of the market to be used as the basis for normal value.

(a) *Introduction.* Although in most circumstances sales of the foreign like product in the home market are the most appropriate basis for determining

normal value, section 773 of the Act also permits use of sales to a third country or constructed value as the basis for normal value. This section clarifies the rules for determining the basis for normal value.

(b) *Determination of viable market*—(1) *In general.* The Secretary will consider the exporting country or a third country as constituting a viable market if the Secretary is satisfied that sales of the foreign like product in that country are of sufficient quantity to form the basis of normal value.

(2) *Sufficient quantity.* ''Sufficient quantity'' normally means that the aggregate quantity (or, if quantity is not appropriate, value) of the foreign like product sold by an exporter or producer in a country is 5 percent or more of the aggregate quantity (or value) of its sales of the subject merchandise to the United States.

(c) *Calculation of price-based normal value in viable market*—(1) *In general.* Subject to paragraph (c)(2) of this section:

(i) If the exporting country constitutes a viable market, the Secretary will calculate normal value on the basis of price in the exporting country (*see* section 773(a)(1)(B)(i) of the Act (price used for determining normal value)); or

(ii) If the exporting country does not constitute a viable market, but a third country does constitute a viable market, the Secretary may calculate normal value on the basis of price to a third country (*see* section 773(a)(1)(B)(ii) of the Act (use of third country prices in determining normal value)).

(2) *Exception.* The Secretary may decline to calculate normal value in a particular market under paragraph (c)(1) of this section if it is established to the satisfaction of the Secretary that:

(i) In the case of the exporting country or a third country, a particular market situation exists that does not permit a proper comparison with the export price or constructed export price (*see* section 773(a)(1)(B)(ii)(III) or section 773(a)(1)(C)(iii) of the Act); or

(ii) In the case of a third country, the price is not representative (*see* section 773(a)(1)(B)(ii)(I) of the Act).

(d) *Allegations concerning market viability and the basis for determining a price-based normal value.* In an antidumping investigation or review, allegations regarding market viability or the exceptions in paragraph (c)(2) of this section, must be filed, with all supporting factual information, in accordance with § 351.301(d)(1).

(e) *Selection of third country.* For purposes of calculating normal value based on prices in a third country, where prices in more than one third country satisfy the criteria of section 773(a)(1)(B)(ii) of the Act and this section, the Secretary generally will select the third country based on the following criteria:

(1) The foreign like product exported to a particular third country is more similar to the subject merchandise exported to the United States than is the foreign like product exported to other third countries;

(2) The volume of sales to a particular third country is larger than the volume of sales to other third countries;

(3) Such other factors as the Secretary considers appropriate.

(f) *Third country sales and constructed value.* The Secretary normally will calculate normal value based on sales to a third country rather than on constructed value if adequate information is available and verifiable (*see* section 773(a)(4) of the Act (use of constructed value)).

§ 351.405 Calculation of normal value based on constructed value.

(a) *Introduction.* In certain circumstances, the Secretary may determine normal value by constructing a value based on the cost of manufacture, selling general and administrative expenses, and profit. The Secretary may use constructed value as the basis for normal value where: neither the home market nor a third country market is viable; sales below the cost of production are disregarded; sales outside the ordinary course of trade, or sales the prices of which are

otherwise unrepresentative, are disregarded; sales used to establish a fictitious market are disregarded; no contemporaneous sales of comparable merchandise are available; or in other circumstances where the Secretary determines that home market or third country prices are inappropriate. (*See* section 773(e) and section 773(f) of the Act.) This section clarifies the meaning of certain terms relating to constructed value.

(b) *Profit and selling, general, and administrative expenses.* In determining the amount to be added to constructed value for profit and for selling, general, and administrative expenses, the following rules will apply:

(1) Under section 773(e)(2)(A) of the Act, ''foreign country'' means the country in which the merchandise is produced or a third country selected by the Secretary under § 351.404(e), as appropriate.

(2) Under section 773(e)(2)(B) of the Act, ''foreign country'' means the country in which the merchandise is produced.

§ 351.406 Calculation of normal value if sales are made at less than cost of production.

(a) *Introduction.* In determining normal value, the Secretary may disregard sales of the foreign like product made at prices that are less than the cost of production of that product. However, such sales will be disregarded only if they are made within an extended period of time, in substantial quantities, and are not at prices which permit recovery of costs within a reasonable period of time. (*See* section 773(b) of the Act.) This section clarifies the meaning of the term ''extended period of time'' as used in the Act.

(b) *Extended period of time.* The ''extended period of time'' under section 773(b)(1)(A) of the Act normally will coincide with the period in which the sales under consideration for the determination of normal value were made.

§ 351.407 Calculation of constructed value and cost of production.

(a) *Introduction.* This section sets forth certain rules that are common to the calculation of constructed value and the cost of production. (*See* section 773(f) of the Act.)

(b) *Determination of value under the major input rule.* For purposes of section 773(f)(3) of the Act, the Secretary normally will determine the value of a major input purchased from an affiliated person based on the higher of:

(1) The price paid by the exporter or producer to the affiliated person for the major input;

(2) The amount usually reflected in sales of the major input in the market under consideration; or

(3) The cost to the affiliated person of producing the major input.

(c) *Allocation of costs.* In determining the appropriate method for allocating costs among products, the Secretary may take into account production quantities, relative sales values, and other quantitative and qualitative factors associated with the manufacture and sale of the subject merchandise and the foreign like product.

(d) *Startup costs.* (1) In identifying startup operations under section 773(f)(1)(C)(ii) of the Act:

(i) ''New production facilities'' includes the substantially complete retooling of an existing plant. Substantially complete retooling involves the replacement of nearly all production machinery or the equivalent rebuilding of existing machinery.

(ii) A ''new product'' is one requiring substantial additional investment, including products which, though sold under an existing nameplate, involve the complete revamping or redesign of the product. Routine model year changes will not be considered a new product.

(iii) Mere improvements to existing products or ongoing improvements to existing facilities will not be considered startup operations.

(iv) An expansion of the capacity of an existing production line will not qualify as a startup operation unless the expansion constitutes such a major undertaking that it requires the construction of a new facility and results in a depression of production levels due to technical factors associated with the initial phase of commercial production of the expanded facilities.

(2) In identifying the end of the start-up period under clauses (ii) and (iii) of section 773(f)(1)(C) of the Act:

(i) The attainment of peak production levels will not be the standard for identifying the end of the startup period, because the startup period may end well before a company achieves optimum capacity utilization.

(ii) The startup period will not be extended to cover improvements and cost reductions that may occur over the entire life cycle of a product.

(3) In determining when a producer reaches commercial production levels under section 773(f)(1)(C)(ii) of the Act:

(i) The Secretary will consider the actual production experience of the merchandise in question, measuring production on the basis of units processed.

(ii) To the extent necessary, the Secretary will examine factors in addition to those specified in section 773(f)(1)(C)(ii) of the Act, including historical data reflecting the same producer's or other producers' experiences in producing the same or similar products. A producer's projections of future volume or cost will be accorded little weight.

(4) In making an adjustment for startup operations under section 773(f)(1)(C)(iii) of the Act:

(i) The Secretary will determine the duration of the startup period on a case-by-case basis.

(ii) The difference between actual costs and the costs of production calculated for startup costs will be amortized over a reasonable period of time subsequent to the startup period over the life of the product or machinery, as appropriate.

(iii) The Secretary will consider unit production costs to be items such as depreciation of equipment and plant, labor costs, insurance, rent and lease expenses, material costs, and factory overhead. The Secretary will not consider sales expenses, such as advertising costs, or other general and administrative or non-production costs (such as general research and development costs), as startup costs.

§ 351.408 Calculation of normal value of merchandise from nonmarket economy countries.

(a) *Introduction.* In identifying dumping from a nonmarket economy country, the Secretary normally will calculate normal value by valuing the nonmarket economy producers' factors of production in a market economy country. (*See* section 773(c) of the Act.) This section clarifies when and how this special methodology for nonmarket economies will be applied.

(b) *Economic Comparability.* In determining whether a country is at a level of economic development comparable to the nonmarket economy under section 773(c)(2)(B) or section 773(c)(4)(A) of the Act, the Secretary will place primary emphasis on *per capita* GDP as the measure of economic comparability.

(c) *Valuation of Factors of Production.* For purposes of valuing the factors of production, general expenses, profit, and the cost of containers, coverings, and other expenses (referred to collectively as ''factors'') under section 773(c)(1) of the Act the following rules will apply:

(1) *Information used to value factors.* The Secretary normally will use publicly available information to value factors. However, where a factor is produced in one or more market economy countries, purchased from one or more market economy suppliers and paid for in market economy currency, the Secretary normally will use the price(s) paid to the market economy supplier(s) if substantially all of the total volume of the factor is purchased from the market economy supplier(s). For purposes of this provision, the Secretary defines the term ''substantially all'' to be 85 percent or more of the total volume purchased of the factor used in the production of subject merchandise. In those instances where less than substantially all of the total volume of the factor is produced in one or more market economy countries and purchased from one or more market economy suppliers, the Secretary normally will weight-average the actual price(s) paid for the market economy portion and the surrogate value for the nonmarket economy portion by their respective quantities.

(2) *Valuation in a single country.* Except for labor, as provided in paragraph (d)(3) of this section, the Secretary normally will value all factors in a single surrogate country.

(3) *Labor.* For labor, the Secretary will use regression-based wage rates reflective of the observed relationship between wages and national income in market economy countries. The Secretary will calculate the wage rate to be applied in nonmarket economy proceedings each year. The calculation will be based on current data, and will be made available to the public.

(4) *Manufacturing overhead, general expenses, and profit.* For manufacturing overhead, general expenses, and profit, the Secretary normally will use nonproprietary information gathered from producers of identical or comparable merchandise in the surrogate country.

[62 FR 27379, May 19, 1997, as amended at 78 FR 46804, Aug. 2, 2013]

§ 351.409 Differences in quantities.

(a) *Introduction.* Because the quantity of merchandise sold may affect the price, in comparing export price or constructed export price with normal value, the Secretary will make a reasonable allowance for any difference in quantities to the extent the Secretary is satisfied that the amount of any price differential (or lack thereof) is wholly or partly due to that difference in quantities. (*See* section 773(a)(6)(C)(i) of the Act.)

(b) *Sales with quantity discounts in calculating normal value.* The Secretary normally will calculate normal value based on sales with quantity discounts only if:

(1) During the period examined, or during a more representative period, the exporter or producer granted quantity discounts of at least the same magnitude on 20 percent or more of sales of the foreign like product for the relevant country; or

(2) The exporter or producer demonstrates to the Secretary's satisfaction that the discounts reflect savings specifically attributable to the production of the different quantities.

(c) *Sales with quantity discounts in calculating weighted-average normal value.* If the exporter or producer does not satisfy the conditions of paragraph (b) of this section, the Secretary will calculate normal value based on weighted-average prices that include sales at a discount.

(d) *Price lists.* In determining whether a discount has been granted, the existence or lack of a published price list reflecting such a discount will not be controlling. Ordinarily, the Secretary will give weight to a price list only if, in the line of trade and market under consideration, the exporter or producer demonstrates that it has adhered to its price list.

(e) *Relationship to level of trade adjustment.* If adjustments are claimed for both differences in quantities and differences in level of trade, the Secretary will not make an adjustment for differences in quantities unless the Secretary is satisfied that the effect on price comparability of differences in quantities has been identified and established separately from the effect on price comparability of differences in the levels of trade.

§ 351.410 Differences in circumstances of sale

(a) *Introduction.* In calculating normal value the Secretary may make adjustments to account for certain differences in the circumstances of sales in the United States and foreign markets. (*See* section 773(a)(6)(C)(iii) of the Act.) This section clarifies certain terms used in the statute regarding circumstances of sale adjustments and describes the adjustment when commissions are paid only in one market.

(b) *In general.* With the exception of the allowance described in paragraph (e) of this section concerning commissions paid in only one market, the Secretary will make circumstances of sale adjustments under section 773(a)(6)(C)(iii) of the Act only for direct selling expenses and assumed expenses.

(c) *Direct selling expenses.* ''Direct selling expenses'' are expenses, such as commissions, credit expenses, guarantees, and warranties, that result from, and bear a direct relationship to, the particular sale in question.

(d) *Assumed expenses.* Assumed expenses are selling expenses that are assumed by the seller on behalf of the buyer, such as advertising expenses.

(e) *Commissions paid in one market.* The Secretary normally will make a reasonable allowance for other selling expenses if the Secretary makes a reasonable allowance for commissions in one of the markets under considerations, and no commission is paid in the other market under consideration. The Secretary will limit the amount of such allowance to the amount of the other selling expenses incurred in the one market or the commissions allowed in the other market, whichever is less.

(f) *Reasonable allowance.* In deciding what is a reasonable allowance for any difference in circumstances of sale, the Secretary normally will consider the cost of such difference to the exporter or producer but, if appropriate, may also consider the effect of such difference on the market value of the merchandise.

§ 351.411 Differences in physical characteristics.

(a) *Introduction.* In comparing United States sales with foreign market sales, the Secretary may determine that the merchandise sold in the United States does not have the same physical characteristics as the merchandise sold in the foreign market, and that the difference has an effect on prices. In calculating normal value, the Secretary will make a reasonable allowance for such differences. (*See* section 773(a)(6)(C)(ii) of the Act.)

(b) *Reasonable allowance.* In deciding what is a reasonable allowance for differences in physical characteristics, the Secretary will consider only differences in variable costs associated with the physical differences. Where appropriate, the Secretary may also consider differences in the market value. The Secretary will not consider differences in cost of production when compared merchandise has identical physical characteristics.

§ 351.412 Levels of trade; adjustment for difference in level of trade; constructed export price offset.

(a) *Introduction.* In comparing United States sales with foreign market sales, the Secretary may determine that sales in the two markets were not made at the same level of trade, and that the difference has an effect on the comparability of the prices. The Secretary is authorized to adjust normal value to account for such a difference. (*See* section 773(a)(7) of the Act.)

(b) *Adjustment for difference in level of trade.* The Secretary will adjust normal value for a difference in level of trade if:

(1) The Secretary calculates normal value at a different level of trade from the level of trade of the export price or the constructed export price (whichever is applicable); and

(2) The Secretary determines that the difference in level of trade has an effect on price comparability.

(c) *Identifying levels of trade and differences in levels of trade*—(1) *Basis for identifying levels of trade.* The Secretary will identify the level of trade based on:

(i) In the case of export price, the starting price;

(ii) In the case of constructed export price, the starting price, as adjusted under section 772(d) of the Act; and

(iii) In the case of normal value, the starting price or constructed value.

(2) *Differences in levels of trade.* The Secretary will determine that sales are made at different levels of trade if they are made at different marketing stages (or their equivalent). Substantial differences in selling activities are a necessary, but not sufficient, condition for determining that there is a difference in the stage of marketing. Some overlap in selling activities will not preclude a determination that two sales are at different stages of marketing.

(d) *Effect on price comparability*—(1) *In general.* The Secretary will determine that a difference in level of trade has an effect on price comparability only if it is established to the satisfaction of the Secretary that there is a pattern of consistent price differences between sales in the market in which normal value is determined:

(i) At the level of trade of the export price or constructed export price (whichever is appropriate); and

(ii) At the level of trade at which normal value is determined.

(2) *Relevant sales.* Where possible, the Secretary will make the determination under paragraph (d)(1) of this section on the basis of sales of the foreign like

product by the producer or exporter. Where this is not possible, the Secretary may use sales of different or broader product lines, sales by other companies, or any other reasonable basis.

(e) *Amount of adjustment.* The Secretary normally will calculate the amount of a level of trade adjustment by:

(1) Calculating the weighted-averages of the prices of sales at the two levels of trade identified in paragraph (d), after making any other adjustments to those prices appropriate under section 773(a)(6) of the Act and this subpart;

(2) Calculating the average of the percentage differences between those weighted-average prices; and

(3) Applying the percentage difference to normal value, where it is at a different level of trade from the export price or constructed export price (whichever is applicable), after making any other adjustments to normal value appropriate under section 773(a)(6) of the Act and this subpart.

(f) *Constructed export price offset*—(1) *In general.* The Secretary will grant a constructed export price offset only where:

(i) Normal value is compared to constructed export price;

(ii) Normal value is determined at a more advanced level of trade than the level of trade of the constructed export price; and

(iii) Despite the fact that a person has cooperated to the best of its ability, the data available do not provide an appropriate basis to determine under paragraph (d) of this section whether the difference in level of trade affects price comparability.

(2) *Amount of the offset.* The amount of the constructed export price offset will be the amount of indirect selling expenses included in normal value, up to the amount of indirect selling expenses deducted in determining constructed export price. In making the constructed export price offset, ''indirect selling expenses'' means selling expenses, other than direct selling expenses or assumed selling expenses (*see* § 351.410), that the seller would incur regardless of whether particular sales were made, but that reasonably may be attributed, in whole or in part, to such sales.

(3) *Where data permit determination of affect on price comparability.* Where available data permit the Secretary to determine under paragraph (d) of this section whether the difference in level of trade affects price comparability, the Secretary will not grant a constructed export price offset. In such cases, if the Secretary determines that price comparability has been affected, the Secretary will make a level of trade adjustment. If the Secretary determines that price comparability has not been affected, the Secretary will not grant either a level of trade adjustment or a constructed export price offset.

§ 351.413 Disregarding insignificant adjustments.

Ordinarily, under section 777A(a)(2) of the Act, an ''insignificant adjustment'' is any individual adjustment having an *ad valorem* effect of less than 0.33 percent, or any group of adjustments having an *ad valorem* effect of less than 1.0 percent, of the export price, constructed export price, or normal value, as the case may be. Groups of adjustments are adjustments for differences in circumstances of sale under § 351.410, adjustments for differences in the physical characteristics of the merchandise under § 351.411, and adjustments for differences in the levels of trade under § 351.412.

§ 351.414 Comparison of normal value with export price (constructed export price).

(a) *Introduction.* This section explains when and how the Secretary will average prices in making comparisons of export price or constructed export price with normal value. (*See* section 777A(d) of the Act.)

(b) *Description of methods of comparison*—(1) *Average-to-average method.* The ''average-to-average'' method involves a comparison of the weighted average of the normal values with the weighted average of the export prices (and constructed export prices) for comparable merchandise.

(2) *Transaction-to-transaction method.* The ''transaction-to-transaction'' method involves a comparison of the

normal values of individual transactions with the export prices (or constructed export prices) of individual transactions for comparable merchandise.

(3) *Average-to-transaction method.* The ''average-to-transaction'' method involves a comparison of the weighted average of the normal values to the export prices (or constructed export prices) of individual transactions for comparable merchandise.

(c) *Choice of method.* (1) In an investigation or review, the Secretary will use the average-to-average method unless the Secretary determines another method is appropriate in a particular case.

(2) The Secretary will use the transaction-to-transaction method only in unusual situations, such as when there are very few sales of subject merchandise and the merchandise sold in each market is identical or very similar or is custom-made.

(d) *Application of the average-to-average method*—(1) *In general.* In applying the average-to-average method, the Secretary will identify those sales of the subject merchandise to the United States that are comparable, and will include such sales in an ''averaging group.'' The Secretary will calculate a weighted average of the export prices and the constructed export prices of the sales included in the averaging group, and will compare this weighted average to the weighted average of the normal values of such sales.

(2) *Identification of the averaging group.* An averaging group will consist of subject merchandise that is identical or virtually identical in all physical characteristics and that is sold to the United States at the same level of trade. In identifying sales to be included in an averaging group, the Secretary also will take into account, where appropriate, the region of the United States in which the merchandise is sold, and such other factors as the Secretary considers relevant.

(3) *Time period over which weighted average is calculated.* When applying the average-to-average method in an investigation, the Secretary normally will calculate weighted averages for the entire period of investigation. However, when normal values, export prices, or constructed export prices differ significantly over the course of the period of investigation, the Secretary may calculate weighted averages for such shorter period as the Secretary deems appropriate. When applying the average-to-average method in a review, the Secretary normally will calculate weighted averages on a monthly basis and compare the weighted-average monthly export price or constructed export price to the weighted-average normal value for the contemporaneous month.

(e) *Application of the average-to-transaction method*—In applying the average-to-transaction method in a review, when normal value is based on the weighted average of sales of the foreign like product, the Secretary will limit the averaging of such prices to sales incurred during the contemporaneous month.

(f) *Contemporaneous Month.* Normally, the Secretary will select as the contemporaneous month the first of the following months which applies:

(1) The month during which the particular U.S. sales under consideration were made;

(2) If there are no sales of the foreign like product during this month, the most recent of the three months prior to the month of the U.S. sales in which there was a sale of the foreign like product.

(3) If there are no sales of the foreign like product during any of these months, the earlier of the two months following the month of the U.S. sales in which there was a sale of the foreign like product.

[77 FR 8114, Feb. 14, 2012]

§ 351.415 Conversion of currency.

(a) *In general.* In an antidumping proceeding, the Secretary will convert foreign currencies into United States dollars using the rate of exchange on the date of sale of the subject merchandise.

(b) *Exception.* If the Secretary establishes that a currency transaction on forward markets is directly linked to an export sale under consideration, the Secretary will use the exchange rate specified with respect to such foreign currency in the forward sale agreement to convert the foreign currency.

(c) *Exchange rate fluctuations.* The Secretary will ignore fluctuations in exchange rates.

(d) *Sustained movement in foreign currency value.* In an antidumping investigation, if there is a sustained movement increasing the value of the foreign currency relative to the United States dollar, the Secretary will allow exporters 60 days to adjust their prices to reflect such sustained movement.

Subpart E—Identification and Measurement of Countervailable Subsidies

SOURCE: 63 FR 65407, Nov. 25, 1998, unless otherwise noted.

§ 351.501 Scope.

The provisions of this subpart E set forth rules regarding the identification and measurement of countervailable subsidies. Where this subpart E does not expressly deal with a particular type of alleged subsidy, the Secretary will identify and measure the subsidy, if any, in accordance with the underlying principles of the Act and this subpart E.

§ 351.502 Specificity of domestic subsidies.

(a) *Sequential analysis.* In determining whether a subsidy is *de facto* specific, the Secretary will examine the factors contained in section 771(5A)(D)(iii) of the Act sequentially in order of their appearance. If a single factor warrants a finding of specificity, the Secretary will not undertake further analysis.

(b) *Characteristics of a ''group.''* In determining whether a subsidy is being provided to a ''group'' of enterprises or industries within the meaning of section 751(5A)(D) of the Act, the Secretary is not required to determine whether there are shared characteristics among the enterprises or industries that are eligible for, or actually receive, a subsidy.

(c) *Traded goods sector.* In determining whether a subsidy is being provided to a ''group'' of enterprises or industries within the meaning of section 771(5A)(D) of the Act, the Secretary normally will consider enterprises that buy or sell goods internationally to comprise such a group.

(d) *Integral linkage.* Unless the Secretary determines that two or more programs are integrally linked, the Secretary will determine the specificity of a program under section 771(5A)(D) of the Act solely on the basis of the availability and use of the particular program in question. The Secretary may find two or more programs to be integrally linked if:

(1) The subsidy programs have the same purpose;

(2) The subsidy programs bestow the same type of benefit;

(3) The subsidy programs confer similar levels of benefits on similarly situated firms; and

(4) The subsidy programs were linked at inception.

(e) *Agricultural subsidies.* The Secretary will not regard a subsidy as being specific under section 771(5A)(D) of the Act solely because the subsidy is limited to the agricultural sector (domestic subsidy).

(f) *Subsidies to small-and medium-sized businesses.* The Secretary will not regard a subsidy as being specific under section 771(5A)(D) of the Act solely because the subsidy is limited to small firms or small-and medium-sized firms.

(g) *Disaster relief.* The Secretary will not regard disaster relief as being specific under section 771(5A)(D) of the Act if such relief constitutes general assistance available to anyone in the area affected by the disaster.

[63 FR 65407, Nov. 25, 1998, as amended at 85 FR 6043, Feb. 4, 2020]

§ 351.503 Benefit.

(a) *Specific rules.* In the case of a government program for which a specific rule for the measurement of a benefit is contained in this subpart E, the Secretary will measure the extent to which a financial contribution (or income or price support) confers a benefit as provided in that rule. For example, § 351.504(a) prescribes the specific rule for measurement of the benefit of grants.

(b) *Other subsidies*—(1) *In general.* For other government programs, the Secretary normally will consider a benefit to be conferred where a firm pays less for its inputs (*e.g.*, money, a good, or a service) than it otherwise would pay in

the absence of the government program, or receives more revenues than it otherwise would earn.

(2) *Exception.* Paragraph (b)(1) of this section is not intended to limit the ability of the Secretary to impose countervailing duties when the facts of a particular case establish that a financial contribution (or income or price support) has conferred a benefit, even if that benefit does not take the form of a reduction in input costs or an enhancement of revenues. When paragraph (b)(1) of this section is not applicable, the Secretary will determine whether a benefit is conferred by examining whether the alleged program or practice has common or similar elements to the four illustrative examples in sections 771(5)(E)(i) through (iv) of the Act.

(c) *Distinction from effect of subsidy.* In determining whether a benefit is conferred, the Secretary is not required to consider the effect of the government action on the firm's performance, including its prices or output, or how the firm's behavior otherwise is altered.

(d) *Varying financial contribution levels*—(1) *In general.* Where a government program provides varying levels of financial contributions based on different eligibility criteria, and one or more of such levels is not specific within the meaning of § 351.502, a benefit is conferred to the extent that a firm receives a greater financial contribution than the financial contributions provided at a non-specific level under the program. The preceding sentence shall apply only to the extent the Secretary determines that the varying levels of financial contributions are set forth in a statute, decree, regulation, or other official act; that the levels are clearly delineated and identifiable; and that the firm would have been eligible for the non-specific level of contributions.

(2) *Exception.* Paragraph (d)(1) of this section shall not apply where the statute specifies a commercial test for determining the benefit.

(e) *Tax consequences.* In calculating the amount of a benefit, the Secretary will not consider the tax consequences of the benefit.

§ 351.504 Grants.

(a) *Benefit.* In the case of a grant, a benefit exists in the amount of the grant.

(b) *Time of receipt of benefit.* In the case of a grant, the Secretary normally will consider a benefit as having been received on the date on which the firm received the grant.

(c) *Allocation of a grant to a particular time period.* The Secretary will allocate the benefit from a grant to a particular time period in accordance with § 351.524.

§ 351.505 Loans.

(a) *Benefit*—(1) *In general.* In the case of a loan, a benefit exists to the extent that the amount a firm pays on the government-provided loan is less than the amount the firm would pay on a comparable commercial loan(s) that the firm could actually obtain on the market. *See* section 771(5)(E)(ii) of the Act. In making the comparison called for in the preceding sentence, the Secretary normally will rely on effective interest rates.

(2) *''Comparable commercial loan'' defined*—(i) *''Comparable'' defined.* In selecting a loan that is ''comparable'' to the government-provided loan, the Secretary normally will place primary emphasis on similarities in the structure of the loans (*e.g.*, fixed interest rate v. variable interest rate), the maturity of the loans (*e.g.*, short-term v. long-term), and the currency in which the loans are denominated.

(ii) *''Commercial'' defined.* In selecting a ''commercial'' loan, the Secretary normally will use a loan taken out by the firm from a commercial lending institution or a debt instrument issued by the firm in a commercial market. Also, the Secretary will treat a loan from a government-owned bank as a commercial loan, unless there is evidence that the loan from a government-owned bank is provided on non-commercial terms or at the direction of the government. However, the Secretary will not consider a loan provided under a government program, or a loan provided by a government-owned special purpose bank, to be a commercial loan for purposes of selecting a loan to compare with a government-provided loan.

(iii) *Long-term loans.* In selecting a comparable loan, if the government-provided loan is a long-term loan, the Secretary normally will use a loan the terms of which were established during, or immediately before, the year in which the terms of the government-provided loan were established.

(iv) *Short-term loans.* In making the comparison required under paragraph (a)(1) of this section, if the government-provided loan is a short-term loan, the Secretary normally will use an annual average of the interest rates on comparable commercial loans during the year in which the government-provided loan was taken out, weighted by the principal amount of each loan. However, if the Secretary finds that interest rates fluctuated significantly during the period of investigation or review, the Secretary will use the most appropriate interest rate based on the circumstances presented.

(3) *''Could actually obtain on the market'' defined*—(i) *In general.* In selecting a comparable commercial loan that the recipient ''could actually obtain on the market,'' the Secretary normally will rely on the actual experience of the firm in question in obtaining comparable commercial loans for both short-term and long-term loans.

(ii) *Where the firm has no comparable commercial loans.* If the firm did not take out any comparable commercial loans during the period referred to in paragraph (a)(2)(iii) or (a)(2)(iv) of this section, the Secretary may use a national average interest rate for comparable commercial loans.

(iii) *Exception for uncreditworthy companies.* If the Secretary finds that a firm that received a government-provided long-term loan was uncreditworthy, as defined in paragraph (a)(4) of this section, the Secretary normally will calculate the interest rate to be used in making the comparison called for by paragraph (a)(1) of this section according to the following formula:

$$i_b = [(1 - q_n)(1 + i_f)^n / (1 - p_n)]^{1/n} - 1,$$

where:

n = the term of the loan;
i_b = the benchmark interest rate for uncreditworthy companies;
i_f = the long-term interest rate that would be paid by a creditworthy company;
p_n = the probability of default by an uncreditworthy company within n years; and
q_n = the probability of default by a creditworthy company within n years.

''Default'' means any missed or delayed payment of interest and/or principal, bankruptcy, receivership, or distressed exchange. For values of p_n, the Secretary will normally rely on the average cumulative default rates reported for the Caa to C-rated category of companies in Moody's study of historical default rates of corporate bond issuers. For values of q_n, the Secretary will normally rely on the average cumulative default rates reported for the Aaa to Baa-rated categories of companies in Moody's study of historical default rates of corporate bond issuers.

(4) *Uncreditworthiness*—(i) *In general.* The Secretary will consider a firm to be uncreditworthy if the Secretary determines that, based on information available at the time of the government-provided loan, the firm could not have obtained long-term loans from conventional commercial sources. The Secretary will determine uncreditworthiness on a case-by-case basis, and may, in appropriate circumstances, focus its creditworthiness analysis on the project being financed rather than the company as a whole. In making the creditworthiness determination, the Secretary may examine, among other factors, the following:

(A) The receipt by the firm of comparable commercial long-term loans;

(B) The present and past financial health of the firm, as reflected in various financial indicators calculated from the firm's financial statements and accounts;

(C) The firm's recent past and present ability to meet its costs and fixed financial obligations with its cash flow; and

(D) Evidence of the firm's future financial position, such as market studies, country and industry economic forecasts, and project and loan appraisals prepared prior to the agreement between the lender and the firm on the terms of the loan.

(ii) *Significance of long-term commercial loans.* In the case of firms not owned by the government, the receipt by the firm of comparable long-term

commercial loans, unaccompanied by a government-provided guarantee, will normally constitute dispositive evidence that the firm is not uncreditworthy.

(iii) *Significance of prior subsidies.* In determining whether a firm is uncreditworthy, the Secretary will ignore current and prior subsidies received by the firm.

(iv) *Discount rate.* When the creditworthiness of a firm is considered in connection with the allocation of non-recurring benefits, the Secretary will rely on information available in the year in which the government agreed to provide the subsidy conferring a non-recurring benefit.

(5) *Long-term variable rate loans*—(i) *In general.* In the case of a long-term variable rate loan, the Secretary normally will make the comparison called for by paragraph (a)(1) of this section by relying on a comparable commercial loan with a variable interest rate. The Secretary then will compare the variable interest rates on the comparable commercial loan and the government-provided loan for the year in which the terms of the government-provided loan were established. If the comparison shows that the interest rate on the government-provided loan was equal to or higher than the interest rate on the comparable commercial loan, the Secretary will not consider the government-provided loan as having conferred a benefit. If the comparison shows that the interest rate on the government-provided loan was lower, the Secretary will consider the government-provided loan as having conferred a benefit, and, if the other criteria for a countervailable subsidy are satisfied, will calculate the amount of the benefit in accordance with paragraph (c)(4) of this section.

(ii) *Exception.* If the Secretary is unable to make the comparison described in paragraph (a)(5)(i) of this section or if the comparison described in paragraph (a)(5)(i) of this section would yield an inaccurate measure of the benefit, the Secretary may modify the method described in paragraph (a)(5)(i) of this section.

(6) *Allegations*—(i) *Allegation of uncreditworthiness required.* Normally, the Secretary will not consider the uncreditworthiness of a firm absent a specific allegation by the petitioner that is supported by information establishing a reasonable basis to believe or suspect that the firm is uncreditworthy.

(ii) *Government-owned banks.* The Secretary will not investigate a loan provided by a government-owned bank absent a specific allegation that is supported by information reasonably available to petitioners indicating that:

(A) The loan meets the specificity criteria in accordance with section 771(5A) of the Act; and

(B) A benefit exists within the meaning of paragraph (a)(1) of this section.

(b) *Time of receipt of benefit.* In the case of loans described in paragraphs (c)(1), (c)(2), and (c)(4) of this section, the Secretary normally will consider a benefit as having been received in the year in which the firm otherwise would have had to make a payment on the comparable commercial loan. In the case of a loan described in paragraph (c)(3) of this section, the Secretary normally will consider the benefit as having been received in the year in which the firm receives the proceeds of the loan.

(c) *Allocation of benefit to a particular time period*—(1) *Short-term loans.* The Secretary will allocate (expense) the benefit from a short-term loan to the year(s) in which the firm is due to make interest payments on the loan. In no event may the present value (in the year of receipt of the loan) of the amounts calculated under the preceding sentence exceed the principal of the loan.

(2) *Long-term fixed-rate loans with concessionary interest rates.* Except as provided in paragraph (c)(3) of this section, the Secretary normally will calculate the subsidy amount to be assigned to a particular year by calculating the difference in interest payments for that year, i.e., the difference between the interest paid by the firm in that year on the government-provided loan and the interest the firm would have paid on the comparison loan. However, in no event may the present value (in the year of receipt of the loan) of the amounts calculated

under the preceding sentence exceed the principal of the loan.

(3) *Long-term fixed-rate loans with different repayment schedules*—(i) *Calculation of present value of benefit.* Where the government-provided loan and the loan to which it is compared under paragraph (a) of this section are both long-term, fixed-interest rate loans, but have different grace periods or maturities, or where the shapes of the repayment schedules differ, the Secretary will determine the total benefit by calculating the present value, in the year that repayment would begin on the comparable commercial loan, of the difference between the amount that the firm is to pay on the government-provided loan and the amount that the firm would have paid on the comparison loan. In no event may the total benefit calculated under the preceding sentence exceed the principal of the loan.

(ii) *Calculation of annual benefit.* With respect to the benefit calculated under paragraph (c)(3)(i) of this section, the Secretary will determine the portion of that benefit to be assigned to a particular year by using the formula set forth in § 351.524(d)(1) and the following parameters:

A_k = the amount countervailed in year k,
y = the present value of the benefit (*see* paragraph (c)(3)(i) of this section),
n = the number of years in the life of the loan,
d = the interest rate on the comparison loan selected under paragraph (a) of this section, and
k = the year of allocation, where the year that repayment would begin on the comparable commercial loan = 1.

(4) *Long-term variable interest rate loans.* In the case of a government-provided long-term variable-rate loan, the Secretary normally will determine the amount of the benefit attributable to a particular year by calculating the difference in payments for that year, *i.e.*, the difference between the amount paid by the firm in that year on the government-provided loan and the amount the firm would have paid on the comparison loan. However, in no event may the present value (in the year of receipt of the loan) of the amounts calculated under the preceding sentence exceed the principal of the loan.

(d) *Contingent liability interest-free loans*—(1) *Treatment as loans.* In the case of an interest-free loan, for which the repayment obligation is contingent upon the company taking some future action or achieving some goal in fulfillment of the loan's requirements, the Secretary normally will treat any balance on the loan outstanding during a year as an interest-free, short-term loan in accordance with paragraphs (a), (b), and (c)(1) of this section. However, if the event upon which repayment of the loan depends will occur at a point in time more than one year after the receipt of the contingent liability loan, the Secretary will use a long-term interest rate as the benchmark in accordance with paragraphs (a), (b), and (c)(2) of this section. In no event may the present value (in the year of receipt of the contingent liability loan) of the amounts calculated under this paragraph exceed the principal of the loan.

(2) *Treatment as grants.* If, at any point in time, the Secretary determines that the event upon which repayment depends is not a viable contingency, the Secretary will treat the outstanding balance of the loan as a grant received in the year in which this condition manifests itself.

§ 351.506 Loan guarantees.

(a) *Benefit*—(1) *In general.* In the case of a loan guarantee, a benefit exists to the extent that the total amount a firm pays for the loan with the government-provided guarantee is less than the total amount the firm would pay for a comparable commercial loan that the firm could actually obtain on the market absent the government-provided guarantee, including any difference in guarantee fees. *See* section 771(5)(E)(iii) of the Act. The Secretary will select a comparable commercial loan in accordance with § 351.505(a).

(2) *Government acting as owner.* In situations where a government, acting as the owner of a firm, provides a loan guarantee to that firm, the guarantee does not confer a benefit if the respondent provides evidence demonstrating that it is normal commercial practice in the country in question for shareholders to provide guarantees to their firms under similar circumstances and on comparable terms.

(b) *Time of receipt of benefit.* In the case of a loan guarantee, the Secretary normally will consider a benefit as having been received in the year in which the firm otherwise would have had to make a payment on the comparable commercial loan.

(c) *Allocation of benefit to a particular time period.* In allocating the benefit from a government-provided loan guarantee to a particular time period, the Secretary will use the methods set forth in § 351.505(c) regarding loans.

§ 351.507 Equity.

(a) *Benefit*—(1) *In general.* In the case of a government-provided equity infusion, a benefit exists to the extent that the investment decision is inconsistent with the usual investment practice of private investors, including the practice regarding the provision of risk capital, in the country in which the equity infusion is made. *See* section 771(5)(E)(i) of the Act.

(2) *Private investor prices available*—(i) *In general.* Except as provided in paragraph (a)(2)(iii) of this section, the Secretary will consider an equity infusion as being inconsistent with usual investment practice (*see* paragraph (a)(1) of this section) if the price paid by the government for newly issued shares is greater than the price paid by private investors for the same (or similar form of) newly issued shares.

(ii) *Timing of private investor prices.* In selecting a private investor price under paragraph (a)(2)(i) of this section, the Secretary will rely on sales of newly issued shares made reasonably concurrently with the newly issued shares purchased by the government.

(iii) *Significant private sector participation required.* The Secretary will not use private investor prices under paragraph (a)(2)(i) of this section if the Secretary concludes that private investor purchases of newly issued shares are not significant.

(iv) *Adjustments for ''similar'' form of equity.* Where the Secretary uses private investor prices for a form of shares that is similar to the newly issued shares purchased by the government (*see* paragraph (a)(2)(i) of this section), the Secretary, where appropriate, will adjust the prices to reflect the differences in the forms of shares.

(3) *Actual private investor prices unavailable*—(i) *In general.* If actual private investor prices are not available under paragraph (a)(2) of this section, the Secretary will determine whether the firm funded by the government-provided equity was equityworthy or unequityworthy at the time of the equity infusion (*see* paragraph (a)(4) of this section). If the Secretary determines that the firm was equityworthy, the Secretary will apply paragraph (a)(5) of this section to determine whether the equity infusion was inconsistent with the usual investment practice of private investors. A determination by the Secretary that the firm was unequityworthy will constitute a determination that the equity infusion was inconsistent with usual investment practice of private investors, and the Secretary will apply paragraph (a)(6) of this section to measure the benefit attributable to the equity infusion.

(4) *Equityworthiness*—(i) *In general.* The Secretary will consider a firm to have been equityworthy if the Secretary determines that, from the perspective of a reasonable private investor examining the firm at the time the government-provided equity infusion was made, the firm showed an ability to generate a reasonable rate of return within a reasonable period of time. The Secretary may, in appropriate circumstances, focus its equityworthiness analysis on a project rather than the company as a whole. In making the equityworthiness determination, the Secretary may examine the following factors, among others:

(A) Objective analyses of the future financial prospects of the recipient firm or the project as indicated by, *inter alia,* market studies, economic forecasts, and project or loan appraisals prepared prior to the government-provided equity infusion in question;

(B) Current and past indicators of the recipient firm's financial health calculated from the firm's statements and accounts, adjusted, if appropriate, to conform to generally accepted accounting principles;

(C) Rates of return on equity in the three years prior to the government equity infusion; and

(D) Equity investment in the firm by private investors.

(ii) *Significance of a pre-infusion objective analysis.* For purposes of making an equityworthiness determination, the Secretary will request and normally require from the respondents the information and analysis completed prior to the infusion, upon which the government based its decision to provide the equity infusion (*see,* paragraph (a)(4)(i)(A) of this section). Absent the existence or provision of an objective analysis, containing information typically examined by potential private investors considering an equity investment, the Secretary will normally determine that the equity infusion received provides a countervailable benefit within the meaning of paragraph (a)(1) of this section. The Secretary will not necessarily make such a determination if the absence of an objective analysis is consistent with the actions of reasonable private investors in the country in question.

(iii) *Significance of prior subsidies.* In determining whether a firm was equityworthy, the Secretary will ignore current and prior subsidies received by the firm.

(5) *Benefit where firm is equityworthy.* If the Secretary determines that the firm or project was equityworthy (*see* paragraph (a)(4) of this section), the Secretary will examine the terms and the nature of the equity purchased to determine whether the investment was otherwise inconsistent with the usual investment practice of private investors. If the Secretary determines that the investment was inconsistent with usual private investment practice, the Secretary will determine the amount of the benefit conferred on a case-by-case basis.

(6) *Benefit where firm is unequityworthy.* If the Secretary determines that the firm or project was unequityworthy (*see* paragraph (a)(4) of this section), a benefit to the firm exists in the amount of the equity infusion.

(7) *Allegations.* The Secretary will not investigate an equity infusion in a firm absent a specific allegation by the petitioner which is supported by information establishing a reasonable basis to believe or suspect that the firm received an equity infusion that provides a countervailable benefit within the meaning of paragraph (a)(1) of this section.

(b) *Time of receipt of benefit.* In the case of a government-provided equity infusion, the Secretary normally will consider the benefit to have been received on the date on which the firm received the equity infusion.

(c) *Allocation of benefit to a particular time period.* The benefit conferred by an equity infusion shall be allocated over the same time period as a non-recurring subsidy. *See* § 351.524(d).

§ 351.508 Debt forgiveness.

(a) *Benefit.* In the case of an assumption or forgiveness of a firm's debt obligation, a benefit exists equal to the amount of the principal and/or interest (including accrued, unpaid interest) that the government has assumed or forgiven. In situations where the entity assuming or forgiving the debt receives shares in a firm in return for eliminating or reducing the firm's debt obligation, the Secretary will determine the existence of a benefit under § 351.507 (equity infusions).

(b) *Time of receipt of benefit.* In the case of a debt or interest assumption or forgiveness, the Secretary normally will consider the benefit as having been received as of the date on which the debt or interest was assumed or forgiven.

(c) *Allocation of benefit to a particular time period*—(1) *In general.* The Secretary will treat the benefit determined under paragraph (a) of this section as a non-recurring subsidy, and will allocate the benefit to a particular year in accordance with § 351.524(d).

(2) *Exception.* Where an interest assumption is tied to a particular loan and where a firm can reasonably expect to receive the interest assumption at the time it applies for the loan, the Secretary will normally treat the interest assumption as a reduced-interest loan and allocate the benefit to a particular year in accordance with § 351.505(c) (loans).

§ 351.509 Direct taxes.

(a) *Benefit*—(1) *Exemption or remission of taxes.* In the case of a program that provides for a full or partial exemption

or remission of a direct tax (*e.g.*, an income tax), or a reduction in the base used to calculate a direct tax, a benefit exists to the extent that the tax paid by a firm as a result of the program is less than the tax the firm would have paid in the absence of the program.

(2) *Deferral of taxes.* In the case of a program that provides for a deferral of direct taxes, a benefit exists to the extent that appropriate interest charges are not collected. Normally, a deferral of direct taxes will be treated as a government-provided loan in the amount of the tax deferred, according to the methodology described in § 351.505. The Secretary will use a short-term interest rate as the benchmark for tax deferrals of one year or less. The Secretary will use a long-term interest rate as the benchmark for tax deferrals of more than one year.

(b) *Time of receipt of benefit*—(1) *Exemption or remission of taxes.* In the case of a full or partial exemption or remission of a direct tax, the Secretary normally will consider the benefit as having been received on the date on which the recipient firm would otherwise have had to pay the taxes associated with the exemption or remission. Normally, this date will be the date on which the firm filed its tax return.

(2) *Deferral of taxes.* In the case of a tax deferral of one year or less, the Secretary normally will consider the benefit as having been received on the date on which the deferred tax becomes due. In the case of a multi-year deferral, the Secretary normally will consider the benefit as having been received on the anniversary date(s) of the deferral.

(c) *Allocation of benefit to a particular time period.* The Secretary normally will allocate (expense) the benefit of a full or partial exemption, remission, or deferral of a direct tax to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.510 Indirect taxes and import charges (other than export programs).

(a) *Benefit*—(1) *Exemption or remission of taxes.* In the case of a program, other than an export program, that provides for the full or partial exemption or remission of an indirect tax or an import charge, a benefit exists to the extent that the taxes or import charges paid by a firm as a result of the program are less than the taxes the firm would have paid in the absence of the program.

(2) *Deferral of taxes.* In the case of a program, other than an export program, that provides for a deferral of indirect taxes or import charges, a benefit exists to the extent that appropriate interest charges are not collected. Normally, a deferral of indirect taxes or import charges will be treated as a government-provided loan in the amount of the taxes deferred, according to the methodology described in § 351.505. The Secretary will use a short-term interest rate as the benchmark for tax deferrals of one year or less. The Secretary will use a long-term interest rate as the benchmark for tax deferrals of more than one year.

(b) *Time of receipt of benefit*—(1) *Exemption or remission of taxes.* In the case of a full or partial exemption or remission of an indirect tax or import charge, the Secretary normally will consider the benefit as having been received at the time the recipient firm otherwise would be required to pay the indirect tax or import charge.

(2) *Deferral of taxes.* In the case of the deferral of an indirect tax or import charge of one year or less, the Secretary normally will consider the benefit as having been received on the date on which the deferred tax becomes due. In the case of a multi-year deferral, the Secretary normally will consider the benefit as having been received on the anniversary date(s) of the deferral.

(c) *Allocation of benefit to a particular time period.* The Secretary normally will allocate (expense) the benefit of a full or partial exemption, remission, or deferral described in paragraph (a) of this section to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.511 Provision of goods or services.

(a) *Benefit*—(1) *In general.* In the case where goods or services are provided, a benefit exists to the extent that such goods or services are provided for less

than adequate remuneration. *See* section 771(5)(E)(iv) of the Act.

(2) ''*Adequate Remuneration'' defined*—(i) *In general.* The Secretary will normally seek to measure the adequacy of remuneration by comparing the government price to a market-determined price for the good or service resulting from actual transactions in the country in question. Such a price could include prices stemming from actual transactions between private parties, actual imports, or, in certain circumstances, actual sales from competitively run government auctions. In choosing such transactions or sales, the Secretary will consider product similarity; quantities sold, imported, or auctioned; and other factors affecting comparability.

(ii) *Actual market-determined price unavailable.* If there is no useable market-determined price with which to make the comparison under paragraph (a)(2)(i) of this section, the Secretary will seek to measure the adequacy of remuneration by comparing the government price to a world market price where it is reasonable to conclude that such price would be available to purchasers in the country in question. Where there is more than one commercially available world market price, the Secretary will average such prices to the extent practicable, making due allowance for factors affecting comparability.

(iii) *World market price unavailable.* If there is no world market price available to purchasers in the country in question, the Secretary will normally measure the adequacy of remuneration by assessing whether the government price is consistent with market principles.

(iv) *Use of delivered prices.* In measuring adequate remuneration under paragraph (a)(2)(i) or (a)(2)(ii) of this section, the Secretary will adjust the comparison price to reflect the price that a firm actually paid or would pay if it imported the product. This adjustment will include delivery charges and import duties.

(b) *Time of receipt of benefit.* In the case of the provision of a good or service, the Secretary normally will consider a benefit as having been received as of the date on which the firm pays or, in the absence of payment, was due to pay for the government-provided good or service.

(c) *Allocation of benefit to a particular time period.* In the case of the provision of a good or service, the Secretary will normally allocate (expense) the benefit to the year in which the benefit is considered to have been received under paragraph (b) of this section. In the case of the provision of infrastructure, the Secretary will normally treat the benefit as non-recurring and will allocate the benefit to a particular year in accordance with § 351.524(d).

(d) *Exception for general infrastructure.* A financial contribution does not exist in the case of the government provision of general infrastructure. General infrastructure is defined as infrastructure that is created for the broad societal welfare of a country, region, state or municipality.

§ 351.512 Purchase of goods. [Reserved]

§ 351.513 Worker-related subsidies.

(a) *Benefit.* In the case of a program that provides assistance to workers, a benefit exists to the extent that the assistance relieves a firm of an obligation that it normally would incur.

(b) *Time of receipt of benefit.* In the case of assistance provided to workers, the Secretary normally will consider the benefit as having been received by the firm on the date on which the payment is made that relieves the firm of the relevant obligation.

(c) *Allocation of benefit to a particular time period.* Normally, the Secretary will allocate (expense) the benefit from assistance provided to workers to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.514 Export subsidies.

(a) *In general.* The Secretary will consider a subsidy to be an export subsidy if the Secretary determines that eligibility for, approval of, or the amount of, a subsidy is contingent upon export performance. In applying this section, the Secretary will consider a subsidy to be contingent upon export performance if the provision of the subsidy is,

in law or in fact, tied to actual or anticipated exportation or export earnings, alone or as one of two or more conditions.

(b) *Exception.* In the case of export promotion activities of a government, a benefit does not exist if the Secretary determines that the activities consist of general informational activities that do not promote particular products over others.

§ 351.515 Internal transport and freight charges for export shipments.

(a) *Benefit*—(1) *In general.* In the case of internal transport and freight charges on export shipments, a benefit exists to the extent that the charges paid by a firm for transport or freight with respect to goods destined for export are less than what the firm would have paid if the goods were destined for domestic consumption. The Secretary will consider the amount of the benefit to equal the difference in amounts paid.

(2) *Exception.* For purposes of paragraph (a)(1) of this section, a benefit does not exist if the Secretary determines that:

(i) Any difference in charges is the result of an arm's-length transaction between the supplier and the user of the transport or freight service; or

(ii) The difference in charges is commercially justified.

(b) *Time of receipt of benefit.* In the case of internal transport and freight charges for export shipments, the Secretary normally will consider the benefit as having been received by the firm on the date on which the firm paid, or in the absence of payment was due to pay, the charges.

(c) *Allocation of benefit to a particular time period.* Normally, the Secretary will allocate (expense) the benefit from internal transport and freight charges for export shipments to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.516 Price preferences for inputs used in the production of goods for export.

(a) *Benefit*—(1) *In general.* In the case of a program involving the provision by governments or their agencies, either directly or indirectly through government-mandated schemes, of imported or domestic products or services for use in the production of exported goods, a benefit exists to the extent that the Secretary determines that the terms or conditions on which the products or services are provided are more favorable than the terms or conditions applicable to the provision of like or directly competitive products or services for use in the production of goods for domestic consumption unless, in the case of products, such terms or conditions are not more favorable than those commercially available on world markets to exporters.

(2) *Amount of benefit.* In the case of products provided under such schemes, the Secretary will determine the amount of the benefit by comparing the price of products used in the production of exported goods to the commercially available world market price of such products, inclusive of delivery charges.

(3) *Commercially available.* For purposes of paragraph (a)(2) of this section, *commercially available* means that the choice between domestic and imported products is unrestricted and depends only on commercial considerations.

(b) *Time of receipt of benefit.* In the case of a benefit described in paragraph (a)(1) of this section, the Secretary normally will consider the benefit to have been received as of the date on which the firm paid, or in the absence of payment was due to pay, for the product.

(c) *Allocation of benefit to a particular time period.* Normally, the Secretary will allocate (expense) benefits described in paragraph (a)(1) of this section to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.517 Exemption or remission upon export of indirect taxes.

(a) *Benefit.* In the case of the exemption or remission upon export of indirect taxes, a benefit exists to the extent that the Secretary determines that the amount remitted or exempted exceeds the amount levied with respect to the production and distribution of

like products when sold for domestic consumption.

(b) *Time of receipt of benefit.* In the case of the exemption or remission upon export of an indirect tax, the Secretary normally will consider the benefit as having been received as of the date of exportation.

(c) *Allocation of benefit to a particular time period.* Normally, the Secretary will allocate (expense) the benefit from the exemption or remission upon export of indirect taxes to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.518 Exemption, remission, or deferral upon export of prior-stage cumulative indirect taxes.

(a) *Benefit*—(1) *Exemption of prior-stage cumulative indirect taxes.* In the case of a program that provides for the exemption of prior-stage cumulative indirect taxes on inputs used in the production of an exported product, a benefit exists to the extent that the exemption extends to inputs that are not consumed in the production of the exported product, making normal allowance for waste, or if the exemption covers taxes other than indirect taxes that are imposed on the input. If the Secretary determines that the exemption of prior-stage cumulative indirect taxes confers a benefit, the Secretary normally will consider the amount of the benefit to be the prior-stage cumulative indirect taxes that otherwise would have been paid on the inputs not consumed in the production of the exported product, making normal allowance for waste, and the amount of charges other than import charges covered by the exemption.

(2) *Remission of prior-stage cumulative indirect taxes.* In the case of a program that provides for the remission of prior-stage cumulative indirect taxes on inputs used in the production of an exported product, a benefit exists to the extent that the amount remitted exceeds the amount of prior-stage cumulative indirect taxes paid on inputs that are consumed in the production of the exported product, making normal allowance for waste. If the Secretary determines that the remission of prior-stage cumulative indirect taxes confers a benefit, the Secretary normally will consider the amount of the benefit to be the difference between the amount remitted and the amount of the prior-stage cumulative indirect taxes on inputs that are consumed in the production of the export product, making normal allowance for waste.

(3) *Deferral of prior-stage cumulative indirect taxes.* In the case of a program that provides for a deferral of prior-stage cumulative indirect taxes on an exported product, a benefit exists to the extent that the deferral extends to inputs that are not consumed in the production of the exported product, making normal allowance for waste, and the government does not charge appropriate interest on the taxes deferred. If the Secretary determines that a benefit exists, the Secretary will normally treat the deferral as a government-provided loan in the amount of the tax deferred, according to the methodology described in § 351.505. The Secretary will use a short-term interest rate as the benchmark for tax deferrals of one year or less. The Secretary will use a long-term interest rate as the benchmark for tax deferrals of more than one year.

(4) *Exception.* Notwithstanding the provisions in paragraphs (a)(1), (a)(2), and (a)(3) of this action, the Secretary will consider the entire amount of the exemption, remission or deferral to confer a benefit, unless the Secretary determines that:

(i) The government in question has in place and applies a system or procedure to confirm which inputs are consumed in the production of the exported products and in what amounts, and to confirm which indirect taxes are imposed on these inputs, and the system or procedure is reasonable, effective for the purposes intended, and is based on generally accepted commercial practices in the country of export; or

(ii) If the government in question does not have a system or procedure in place, if the system or procedure is not reasonable, or if the system or procedure is instituted and considered reasonable, but is found not to be applied or not to be applied effectively, the government in question has carried out an examination of actual inputs involved to confirm which inputs are

consumed in the production of the exported product, in what amounts, and which indirect taxes are imposed on the inputs.

(b) *Time of receipt of benefit.* In the case of the exemption, remission, or deferral of priorstage cumulative indirect taxes, the Secretary normally will consider the benefit as having been received:

(1) In the case of an exemption, as of the date of exportation;

(2) In the case of a remission, as of the date of exportation;

(3) In the case of a deferral of one year or less, on the date the deferred tax became due; and

(4) In the case of a multi-year deferral, on the anniversary date(s) of the deferral.

(c) *Allocation of benefit to a particular time period.* The Secretary normally will allocate (expense) the benefit of the exemption, remission or deferral of prior-stage cumulative indirect taxes to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.519 Remission or drawback of import charges upon export.

(a) *Benefit*—(1) *In general.* The term ''remission or drawback'' includes full or partial exemptions and deferrals of import charges.

(i) *Remission or drawback of import charges.* In the case of the remission or drawback of import charges upon export, a benefit exists to the extent that the Secretary determines that the amount of the remission or drawback exceeds the amount of import charges on imported inputs that are consumed in the production of the exported product, making normal allowances for waste.

(ii) *Exemption of import charges.* In the case of an exemption of import charges upon export, a benefit exists to the extent that the exemption extends to inputs that are not consumed in the production of the exported product, making normal allowances for waste, or if the exemption covers charges other than import charges that are imposed on the input.

(iii) *Deferral of import charges.* In the case of a deferral, a benefit exists to the extent that the deferral extends to inputs that are not consumed in the production of the exported product, making normal allowance for waste, and the government does not charge appropriate interest on the import charges deferred.

(2) *Substitution drawback.* ''Substitution drawback'' involves a situation in which a firm uses a quantity of home market inputs equal to, and having the same quality and characteristics as, the imported inputs as a substitute for them. Substitution drawback does not necessarily result in the conferral of a benefit. However, a benefit exists if the Secretary determines that:

(i) The import and the corresponding export operations both did not occur within a reasonable time period, not to exceed two years; or

(ii) The amount drawn back exceeds the amount of the import charges levied initially on the imported inputs for which drawback is claimed.

(3) *Amount of the benefit*—(i) *Remission or drawback of import charges.* If the Secretary determines that the remission or drawback, including substitution drawback, of import charges confers a benefit under paragraph (a)(1) or (a)(2) of this section, the Secretary normally will consider the amount of the benefit to be the difference between the amount of import charges remitted or drawn back and the amount paid on imported inputs consumed in production for which remission or drawback was claimed.

(ii) *Exemption of import charges.* If the Secretary determines that the exemption of import charges upon export confers a benefit, the Secretary normally will consider the amount of the benefit to be the import charges that otherwise would have been paid on the inputs not consumed in the production of the exported product, making normal allowance for waste, and the amount of charges other than import charges covered by the exemption.

(iii) *Deferral of import charges.* If the Secretary determines that the deferral of import charges upon export confers a benefit, the Secretary will normally treat a deferral as a government-provided loan in the amount of the import

charges deferred on the inputs not consumed in the production of the exported product, making normal allowance for waste, according to the methodology described in § 351.505. The Secretary will use a short-term interest rate as the benchmark for deferrals of one year or less. The Secretary will use a long-term interest rate as the benchmark for deferrals of more than one year.

(4) *Exception*. Notwithstanding paragraph (a)(3) of this section, the Secretary will consider the entire amount of an exemption, deferral, remission or drawback to confer a benefit, unless the Secretary determines that:

(i) The government in question has in place and applies a system or procedure to confirm which inputs are consumed in the production of the exported products and in what amounts, and the system or procedure is reasonable, effective for the purposes intended, and is based on generally accepted commercial practices in the country of export; or

(ii) If the government in question does not have a system or procedure in place, if the system or procedure is not reasonable, or if the system or procedure is instituted and considered reasonable, but is found not to be applied or not to be applied effectively, the government in question has carried out an examination of actual inputs involved to confirm which inputs are consumed in the production of the exported product, and in what amounts.

(b) *Time of receipt of benefit*. In the case of the exemption, deferral, remission or drawback, including substitution drawback, of import charges, the Secretary normally will consider the benefit as having been received:

(1) In the case of remission or drawback, as of the date of exportation;

(2) In the case of an exemption, as of the date of the exportation;

(3) In the case of a deferral of one year or less, on the date the import charges became due; and (4) In the case of a multi-year deferral, on the anniversary date(s) of the deferral.

(c) *Allocation of benefit to a particular time period*. The Secretary normally will allocate (expense) the benefit from the exemption, deferral, remission or drawback of import charges to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.520 Export insurance.

(a) *Benefit*—(1) *In general*. In the case of export insurance, a benefit exists if the premium rates charged are inadequate to cover the long-term operating costs and losses of the program.

(2) *Amount of the benefit*. If the Secretary determines under paragraph (a)(1) of this section that premium rates are inadequate, the Secretary normally will calculate the amount of the benefit as the difference between the amount of premiums paid by the firm and the amount received by the firm under the insurance program during the period of investigation or review.

(b) *Time of receipt of benefit*. In the case of export insurance, the Secretary normally will consider the benefit as having been received in the year in which the difference described in paragraph (a)(2) of this section occurs.

(c) *Allocation of benefit to a particular time period*. The Secretary normally will allocate (expense) the benefit from export insurance to the year in which the benefit is considered to have been received under paragraph (b) of this section.

§ 351.521 Import substitution subsidies. [Reserved]

§ 351.522 Green light and green box subsidies.

(a) *Certain agricultural subsidies*. The Secretary will treat as non-countervailable domestic support measures that are provided to certain agricultural products (*i.e.*, products listed in Annex 1 of the WTO Agreement on Agriculture) and that the Secretary determines conform to the criteria of Annex 2 of the WTO Agreement on Agriculture. *See* section 771(5B)(F) of the Act. The Secretary will determine that a particular domestic support measure conforms fully to the provisions of Annex 2 if the Secretary finds that the measure:

(1) Is provided through a publicly-funded government program (including government revenue foregone) not involving transfers from consumers;

(2) Does not have the effect of providing a price support to producers; and (3) Meets the relevant policy-specific criteria and conditions set out in paragraphs 2 through 13 of Annex 2.

(b) *Research subsidies.* In accordance with section 771(5B)(B)(iii)(II) of the Act, the Secretary will examine the total eligible costs to be incurred over the duration of a particular project to determine whether a subsidy for research activities exceeds 75 percent of the costs of industrial research, 50 percent of the costs of precompetitive development activity, or 62.5 percent of the costs for a project that includes both industrial research and precompetitive activity. If the Secretary determines that, at some point over the life of a particular project, these relevant thresholds will be exceeded, the Secretary will treat the entire amount of the subsidy as countervailable.

(c) *Subsidies for adaptation of existing facilities to new environmental requirements.* If the Secretary determines that a subsidy is given to upgrade existing facilities to environmental standards in excess of minimum statutory or regulatory requirements, the subsidy will not qualify for non-countervailable treatment under section 771(5B)(D) of the Act and the Secretary will treat the entire amount of the subsidy as countervailable.

§ 351.523 Upstream subsidies.

(a) *Investigation of upstream subsidies*—(1) *In general.* Before investigating the existence of an upstream subsidy (*see* section 771A of the Act), the Secretary must have a reasonable basis to believe or suspect that all of the following elements exist:

(i) A countervailable subsidy, other than an export subsidy, is provided with respect to an input product;

(ii) One of the following conditions exists:

(A) The supplier of the input product and the producer of the subject merchandise are affiliated;

(B) The price for the subsidized input product is lower than the price that the producer of the subject merchandise otherwise would pay another seller in an arm's-length transaction for an unsubsidized input product; or

(C) The government sets the price of the input product so as to guarantee that the benefit provided with respect to the input product is passed through to producers of the subject merchandise; and

(iii) The *ad valorem* countervailable subsidy rate on the input product, multiplied by the proportion of the total production costs of the subject merchandise accounted for by the input product, is equal to, or greater than, one percent.

(b) *Input product.* For purposes of this section, ''input product'' means any product used in the production of the subject merchandise.

(c) *Competitive benefit*—(1) *In general.* In evaluating whether a competitive benefit exists under section 771A(b) of the Act, the Secretary will determine whether the price for the subsidized input product is lower than the benchmark input price. For purposes of this section, the Secretary will use as a benchmark input price the following, in order of preference:

(i) The actual price paid by, or offered to, the producer of the subject merchandise for an unsubsidized input product, including an imported input product;

(ii) An average price for an unsubsidized input product, including an imported input product, based upon publicly available data;

(iii) The actual price paid by, or offered to, the producer of the subject merchandise for a subsidized input product, including an imported input product, that is adjusted to account for the countervailable subsidy;

(iv) An average price for a subsidized input product, including an imported input product, based upon publicly available data, that is adjusted to account for the countervailable subsidy; or

(v) An unadjusted price for a subsidized input product or any other surrogate price deemed appropriate by the Secretary.

For purposes of this section, such prices must be reflective of a time period that reasonably corresponds to the time of the purchase of the input.

(2) *Use of delivered prices.* The Secretary will use a delivered price whenever the Secretary uses the price of an

input product under paragraph (c)(1) of this section.

(d) *Significant effect*—(1) *Presumptions.* In evaluating whether an upstream subsidy has a significant effect on the cost of manufacturing or producing the subject merchandise (*see* section 771A(a)(3) of the Act), the Secretary will multiply the *ad valorem* countervailable subsidy rate on the input product by the proportion of the total production cost of the subject merchandise that is accounted for by the input product. If the product of that multiplication exceeds five percent, the Secretary will presume the existence of a significant effect. If the product is less than one percent, the Secretary will presume the absence of a significant effect. If the product is between one and five percent, there will be no presumption.

(2) *Rebuttal of presumptions.* A party to the proceeding may present information to rebut these presumptions. In evaluating such information, the Secretary will consider the extent to which factors other than price, such as quality differences, are important determinants of demand for the subject merchandise.

§ 351.524 Allocation of benefit to a particular time period.

Unless otherwise specified in §§ 351.504–351.523, the Secretary will allocate benefits to a particular time period in accordance with this section.

(a) *Recurring benefits.* The Secretary will allocate (expense) a recurring benefit to the year in which the benefit is received.

(b) *Non-recurring benefits*—(1) *In general.* The Secretary will normally allocate a non-recurring benefit to a firm over the number of years corresponding to the average useful life (''AUL'') of renewable physical assets as defined in paragraph (d)(2) of this section.

(2) *Exception.* The Secretary will normally allocate (expense) non-recurring benefits provided under a particular subsidy program to the year in which the benefits are received if the total amount approved under the subsidy program is less than 0.5 percent of relevant sales (*e.g.*, total sales, export sales, the sales of a particular product, or the sales to a particular market) of the firm in question during the year in which the subsidy was approved.

(c) *''Recurring'' versus ''non-recurring'' benefits*—(1) *Non-binding iIlustrative lists of recurring and non-recurring benefits.* The Secretary normally will treat the following types of subsidies as providing recurring benefits: Direct tax exemptions and deductions; exemptions and excessive rebates of indirect taxes or import duties; provision of goods and services for less than adequate remuneration; price support payments; discounts on electricity, water, and other utilities; freight subsidies; export promotion assistance; early retirement payments; worker assistance; worker training; wage subsidies; and upstream subsidies. The Secretary normally will treat the following types of subsidies as providing non-recurring benefits: equity infusions, grants, plant closure assistance, debt forgiveness, coverage for operating losses, debt-to-equity conversions, provision of non-general infrastructure, and provision of plant and equipment.

(2) *The test for determining whether a benefit is recurring or non-recurring.* If a subsidy is not on the illustrative lists, or is not addressed elsewhere in these regulations, or if a party claims that a subsidy on the recurring list should be treated as non-recurring or a subsidy on the non-recurring list should be treated as recurring, the Secretary will consider the following criteria in determining whether the benefits from the subsidy should be considered recurring or non-recurring:

(i) Whether the subsidy is exceptional in the sense that the recipient cannot expect to receive additional subsidies under the same program on an ongoing basis from year to year;

(ii) Whether the subsidy required or received the government's express authorization or approval (*i.e.*, receipt of benefits is not automatic), or

(iii) Whether the subsidy was provided for, or tied to, the capital structure or capital assets of the firm.

(d) *Process for allocating non-recurring benefits over time*—(1) *In general.* For purposes of allocating a non-recurring benefit over time and determining the annual benefit amount that should be assigned to a particular year, the Secretary will use the following formula:

$$A_k = \frac{y/n + [y - (y/n)(k-1)]d}{1+d}$$

Where:

A_k = the amount of the benefit allocated to year k,
y = the face value of the subsidy,
n = the AUL (see paragraph (d)(2) of this section),
d = the discount rate (see paragraph (d)(3) of this section), and
k = the year of allocation, where the year of receipt = 1 and $1 \leq k \leq n$.

(2) *AUL*—(i) *In general.* The Secretary will presume the allocation period for non-recurring subsidies to be the AUL of renewable physical assets for the industry concerned as listed in the Internal Revenue Service's (''IRS'') 1977 Class Life Asset Depreciation Range System (Rev. Proc. 77–10, 1977–1, C.B. 548 (RR–38)), as updated by the Department of Treasury. The presumption will apply unless a party claims and establishes that the IRS tables do not reasonably reflect the company-specific AUL or the country-wide AUL for the industry under investigation, subject to the requirement, in paragraph (d)(2)(ii) of this section, that the difference between the company-specific AUL or country-wide AUL for the industry under investigation and the AUL in the IRS tables is significant. If this is the case, the Secretary will use company-specific or country-wide AULs to allocate non-recurring benefits over time (*see* paragraph (d)(2)(iii) of this section).

(ii) *Definition of ''significant.''* For purposes of this paragraph (d), *significant* means that a party has demonstrated that the company-specific AUL or country-wide AUL for the industry differs from AUL in the IRS tables by one year or more.

(iii) *Calculation of a company-specific or country-wide AUL.* A calculation of a company-specific AUL will not be accepted by the Secretary unless it satisfies the following requirements: the company must base its depreciation on an estimate of the actual useful lives of assets and it must use straight-line depreciation or demonstrate that its calculation is not distorted through irregular or uneven additions to the pool of fixed assets. A company-specific AUL is calculated by dividing the aggregate of the annual average gross book values of the firm's depreciable productive fixed assets by the firm's aggregated annual charge to accumulated depreciation, for a period considered appropriate by the Secretary, subject to appropriate normalizing adjustments. A country-wide AUL for the industry under investigation will not be accepted by the Secretary unless the respondent government demonstrates that it has a system in place to calculate AULs for its industries, and that this system provides a reliable representation of AUL.

(iv) *Exception.* Under certain extraordinary circumstances, the Secretary may consider whether an allocation period other than AUL is appropriate or whether the benefit stream begins at a date other than the date the subsidy was bestowed.

(3) *Selection of a discount rate.* (i) *In general.* The Secretary will select a discount rate based upon data for the year in which the government agreed to provide the subsidy. The Secretary will use as a discount rate the following, in order of preference:

(A) The cost of long-term, fixed-rate loans of the firm in question, excluding any loans that the Secretary has determined to be countervailable subsidies;

(B) The average cost of long-term, fixed-rate loans in the country in question; or

(C) A rate that the Secretary considers to be most appropriate.

(ii) *Exception for uncreditworthy firms.* In the case of a firm considered by the Secretary to be uncreditworthy (*see* § 351.505(a)(4)), the Secretary will use as a discount rate the interest rate described in § 351.505(a)(3)(iii).

§ 351.525 Calculation of *ad valorem* subsidy rate and attribution of subsidy to a product.

(a) *Calculation of ad valorem subsidy rate.* The Secretary will calculate an *ad valorem* subsidy rate by dividing the amount of the benefit allocated to the period of investigation or review by the sales value during the same period of the product or products to which the Secretary attributes the subsidy under paragraph (b) of this section. Normally, the Secretary will determine the sales value of a product on an f.o.b. (port)

basis (if the product is exported) or on an f.o.b. (factory) basis (if the product is sold for domestic consumption). However, if the Secretary determines that countervailable subsidies are provided with respect to the movement of a product from the port or factory to the place of destination (*e.g.*, freight or insurance costs are subsidized), the Secretary may make appropriate adjustments to the sales value used in the denominator.

(b) *Attribution of subsidies*—(1) *In general.* In attributing a subsidy to one or more products, the Secretary will apply the rules set forth in paragraphs (b)(2) through (b)(7) of this section.

(2) *Export subsidies.* The Secretary will attribute an export subsidy only to products exported by a firm.

(3) *Domestic subsidies.* The Secretary will attribute a domestic subsidy to all products sold by a firm, including products that are exported.

(4) *Subsidies tied to a particular market.* If a subsidy is tied to sales to a particular market, the Secretary will attribute the subsidy only to products sold by the firm to that market.

(5) *Subsidies tied to a particular product.* (i) *In general.* If a subsidy is tied to the production or sale of a particular product, the Secretary will attribute the subsidy only to that product.

(ii) *Exception.* If a subsidy is tied to production of an input product, then the Secretary will attribute the subsidy to both the input and downstream products produced by a corporation.

(6) *Corporations with cross-ownership.* (i) *In general.* The Secretary normally will attribute a subsidy to the products produced by the corporation that received the subsidy.

(ii) *Corporations producing the same product.* If two (or more) corporations with cross-ownership produce the subject merchandise, the Secretary will attribute the subsidies received by either or both corporations to the products produced by both corporations.

(iii) *Holding or parent companies.* If the firm that received a subsidy is a holding company, including a parent company with its own operations, the Secretary will attribute the subsidy to the consolidated sales of the holding company and its subsidiaries. However, if the Secretary finds that the holding company merely served as a conduit for the transfer of the subsidy from the government to a subsidiary of the holding company, the Secretary will attribute the subsidy to products sold by the subsidiary.

(iv) *Input suppliers.* If there is cross-ownership between an input supplier and a downstream producer, and production of the input product is primarily dedicated to production of the downstream product, the Secretary will attribute subsidies received by the input producer to the combined sales of the input and downstream products produced by both corporations (excluding the sales between the two corporations).

(v) *Transfer of subsidy between corporations with cross-ownership producing different products.* In situations where paragraphs (b)(6)(i) through (iv) of this section do not apply, if a corporation producing non-subject merchandise received a subsidy and transferred the subsidy to a corporation with cross-ownership, the Secretary will attribute the subsidy to products sold by the recipient of the transferred subsidy.

(vi) *Cross-ownership defined.* Cross-ownership exists between two or more corporations where one corporation can use or direct the individual assets of the other corporation(s) in essentially the same ways it can use its own assets. Normally, this standard will be met where there is a majority voting ownership interest between two corporations or through common ownership of two (or more) corporations.

(7) *Multinational firms.* If the firm that received a subsidy has production facilities in two or more countries, the Secretary will attribute the subsidy to products produced by the firm within the country of the government that granted the subsidy. However, if it is demonstrated that the subsidy was tied to more than domestic production, the Secretary will attribute the subsidy to multinational production.

(c) *Trading companies.* Benefits from subsidies provided to a trading company which exports subject merchandise shall be cumulated with benefits from subsidies provided to the firm which is producing subject merchandise that is sold through the trading company, regardless of whether the

trading company and the producing firm are affiliated.

§ 351.526 Program-wide changes.

(a) *In general.* The Secretary may take a program-wide change into account in establishing the estimated countervailing duty cash deposit rate if:

(1) The Secretary determines that subsequent to the period of investigation or review, but before a preliminary determination in an investigation (*see* § 351.205) or a preliminary result of an administrative review or a new shipper review (*see* §§ 351.213 and 351.214), a program-wide change has occurred; and

(2) The Secretary is able to measure the change in the amount of countervailable subsidies provided under the program in question.

(b) *Definition of program-wide change.* For purposes of this section, ''program-wide change'' means a change that:

(1) Is not limited to an individual firm or firms; and

(2) Is effectuated by an official act, such as the enactment of a statute, regulation, or decree, or contained in the schedule of an existing statute, regulation, or decree.

(c) *Effect limited to cash deposit rate*—(1) *In general.* The application of paragraph (a) of this section will not result in changing, in an investigation, an affirmative determination to a negative determination or a negative determination to an affirmative determination.

(2) *Example.* In a countervailing duty investigation, the Secretary determines that during the period of investigation a countervailable subsidy existed in the amount of 10 percent *ad valorem.* Subsequent to the period of investigation, but before the preliminary determination, the foreign government in question enacts a change to the program that reduces the amount of the subsidy to a *de minimis* level. In a final determination, the Secretary would issue an affirmative determination, but would establish a cash deposit rate of zero.

(d) *Terminated programs.* The Secretary will not adjust the cash deposit rate under paragraph (a) of this section if the program-wide change consists of the termination of a program and:

(1) The Secretary determines that residual benefits may continue to be bestowed under the terminated program; or

(2) The Secretary determines that a substitute program for the terminated program has been introduced and the Secretary is not able to measure the amount of countervailable subsidies provided under the substitute program.

§ 351.527 Transnational subsidies.

Except as otherwise provided in section 701(d) of the Act (subsidies provided to international consortia) and section 771A of the Act (upstream subsidies), a subsidy does not exist if the Secretary determines that the funding for the subsidy is supplied in accordance with, and as part of, a program or project funded:

(a) By a government of a country other than the country in which the recipient firm is located; or

(b) By an international lending or development institution.

§ 351.528 Exchanges of undervalued currencies.

(a) *Currency undervaluation*—(1) *In general.* The Secretary normally will consider whether a benefit is conferred from the exchange of United States dollars for the currency of a country under review or investigation under a unified exchange rate system only if that country's currency is undervalued during the relevant period. In determining whether a country's currency is undervalued, the Secretary normally will take into account the gap between the country's real effective exchange rate (REER) and the real effective exchange rate that achieves an external balance over the medium term that reflects appropriate policies (equilibrium REER).

(2) *Government action.* The Secretary normally will make an affirmative finding under paragraph (a)(1) of this section only if there has been government action on the exchange rate that contributes to an undervaluation of the currency. In assessing whether there has been such government action, the Secretary will not normally include monetary and related credit policy of an independent central bank or monetary authority. The Secretary may

also consider the government's degree of transparency regarding actions that could alter the exchange rate.

(b) *Benefit*—(1) *In general.* Where the Secretary has made an affirmative finding under paragraph (a)(1) of this section, the Secretary normally will determine the existence of a benefit after examining the difference between:

(i) The nominal, bilateral United States dollar rate consistent with the equilibrium REER; and

(ii) The actual nominal, bilateral United States dollar rate during the relevant time period, taking into account any information regarding the impact of government action on the exchange rate.

(2) *Amount of benefit.* Where there is a difference under paragraph (b)(1) of this section, the amount of the benefit from a currency exchange normally will be based on the difference between the amount of currency the firm received in exchange for United States dollars and the amount of currency that firm would have received absent the difference referred to in paragraph (b)(1) of this section.

(c) *Information sources.* In applying this section, the Secretary will request that the Secretary of the Treasury provide its evaluation and conclusion as to the determinations under paragraphs (a) and (b)(1) of this section.

[85 FR 6043, Feb. 4, 2020]

Subpart F—Subsidy Determinations Regarding Cheese Subject to an In-Quota Rate of Duty

§ 351.601 Annual list and quarterly update of subsidies.

The Secretary will make the determinations called for by section 702(a) of the Trade Agreements Act of 1979, as amended (19 U.S.C. 1202 note) based on the available information, and will publish the annual list and quarterly updates described in such section in the FEDERAL REGISTER.

§ 351.602 Determination upon request.

(a) *Request for determination.* (1) Any person, including the Secretary of Agriculture, who has reason to believe there have been changes in or additions to the latest annual list published under § 351.601 may request in writing that the Secretary determine under section 702(a)(3) of the Trade Agreements Act of 1979 whether there are any changes or additions. The person must file the request with the Central Records Unit (*see* § 351.103). The request must allege either a change in the type or amount of any subsidy included in the latest annual list or quarterly update or an additional subsidy not included in that list or update provided by a foreign government, and must contain the following, to the extent reasonably available to the requesting person:

(i) The name and address of the person;

(ii) The article of cheese subject to an in-quota rate of duty allegedly benefitting from the changed or additional subsidy;

(iii) The country of origin of the article of cheese subject to an in-quota rate of duty; and

(iv) The alleged subsidy or changed subsidy and relevant factual information (particularly documentary evidence) regarding the alleged changed or additional subsidy including the authority under which it is provided, the manner in which it is paid, and the value of the subsidy to producers or exporters of the article.

(2) The requirements of § 351.303 (c) and (d) apply to this section.

(b) *Determination.* Not later than 30 days after receiving an acceptable request, the Secretary will:

(1) In consultation with the Secretary of Agriculture, determine based on the available information whether there has been any change in the type or amount of any subsidy included in the latest annual list or quarterly update or an additional subsidy not included in that list or update is being provided by a foreign government;

(2) Notify the Secretary of Agriculture and the person making the request of the determination; and

(3) Promptly publish in the FEDERAL REGISTER notice of any changes or additions.

§ 351.603 Complaint of price-undercutting by subsidized imports.

Upon receipt of a complaint filed with the Secretary of Agriculture under section 702(b) of the Trade Agreements Act concerning price-undercutting by subsidized imports, the Secretary will promptly determine, under section 702(a)(3) of the Trade Agreements Act of 1979, whether or not the alleged subsidies are included in or should be added to the latest annual list or quarterly update.

§ 351.604 Access to information.

Subpart C of this part applies to factual information submitted in connection with this subpart.

Subpart G—Applicability Dates

§ 351.701 Applicability dates.

The regulations contained in this part 351 apply to all administrative reviews initiated on the basis of requests made on or after the first day of July, 1997, to all investigations and other segments of proceedings initiated on the basis of petitions filed or requests made after June 18, 1997 and to segments of proceedings self-initiated by the Department after June 18, 1997. § 354.3 Sanctions.

(a) A person determined under this part to have violated an administrative protective order may be subjected to any or all of the following sanctions:

(1) Barring such person from appearing before the International Trade Administration to represent another for a designated time period from the date of publication in the FEDERAL REGISTER of a notice that a violation has been determined to exist;

(2) Denying the person access to business proprietary information for a designated time period from the date of publication in the FEDERAL REGISTER of a notice that a violation has been determined to exist;

(3) Other appropriate administrative sanctions, including striking from the record any information or argument submitted by, or on behalf of, the violating party or the party represented by the violating party; terminating any proceeding then in progress; or revoking any order then in effect;

(4) Requiring the person to return material previously provided by the Secretary and all other materials containing the business proprietary information, such as briefs, notes, or charts based on any such information received under an administrative protective order; and

(5) Issuing a private letter of reprimand.

(b)(1) The firm of which a person determined to have violated an administrative protective order is a partner, associate or employee; any partner, associate, employer, or employee of such person; and any person represented by such person may be barred from appearing before the International Trade Administration for a designated time period from the date of publication in the FEDERAL REGISTER of notice that a violation has been determined to exist or may be subjected to the sanctions set forth in paragraph (a) of this section, as appropriate.

(2) Each person against whom sanctions are proposed under paragraph (b)(1) of this section is entitled to all the administrative rights set forth in this part separately and apart from rights provided to a person subject to sanctions under paragraph (a) of this section, including the right to a charging letter, right to representation, and right to a hearing, but subject to joinder or consolidation by a presiding official under § 354.12(b).

[53 FR 47920, Nov. 28, 1988, as amended at 63 FR 24404, May 4, 1998]

§ 354.4 Suspension of rules.

Upon request by the Deputy Under Secretary, a charged or affected party, or the APO Sanctions Board, a presiding official may modify or waive any rule in the part upon determining that no party will be unduly prejudiced and the ends of justice will thereby be served and upon notice to all parties.

§ 354.5 Report of violation and investigation.

(a) An employee of the Department who has information indicating that the terms of an administrative protective order have been violated will provide the information to the Senior APO Specialist or the Chief Counsel.

(b) Upon receiving information which indicates that a person may have violated the terms of an administrative protective order from an employee of the Department or any other person, the director will conduct an investigation concerning whether there was a violation of an administrative protective order, and who was responsible for the violation, if any. No director shall investigate an alleged violation that arose out of a proceeding for which the director was responsible. For the purposes of this part, the director will be supervised by the Deputy Under Secretary for International Trade with guidance from the Chief Counsel. The director will conduct an investigation only if the information is received within 30 days after the alleged violation occurred or, as determined by the director, could have been discovered through the exercise of reasonable and ordinary care.

(c)(1) The director conducting the investigation will provide a report of the investigation to the Deputy Under Secretary for International Trade, after review by the Chief Counsel, no later than 90 days after receiving information concerning a violation if:

(i) The person alleged to have violated an administrative protective order personally notified the Secretary and reported the particulars surrounding the incident; and

(ii) The alleged violation did not result in any actual disclosure of business proprietary information. Upon the director's request, and if extraordinary circumstances exist, the Deputy Under Secretary for International Trade may grant the director up to an additional 90 days to conduct the investigation and submit the report.

(2) In all other cases, the director will provide a report of the investigation to the Deputy Under Secretary for International Trade, after review by the Chief Counsel, no later than 180 days after receiving information concerning a violation. Upon the director's request, and if extraordinary circumstances exist, the Deputy Under Secretary for International Trade may grant the director up to an additional 180 days to conduct the investigation and submit the report.

(d) The following examples of actions that constitute violations of an administrative protective order shall serve as guidelines to each person subject to an administrative protective order. These examples do not represent an exhaustive list. Evidence that one of the acts described in the guidelines has been committed, however, shall be considered by the Deputy Under Secretary as reasonable cause to believe a person has violated an administrative protective order, within the meaning of § 354.6.

(1) Disclosure of business proprietary information to any person other than the submitting party, an authorized applicant, or an appropriate Department official identified in section 777(b) of the Tariff Act of 1930, including disclosure to an employee of any other United States Government agency or a member of Congress.

(2) Failure to follow the terms and conditions outlined in the administrative protective order for safeguarding business proprietary information.

(3) Loss of business proprietary information.

(4) Failure to return or destroy all copies of the original documents and all notes, memoranda, and submissions containing business proprietary information at the close of the proceeding for which the data were obtained by burning or shredding of the documents or by erasing electronic memory, computer disk, or tape memory, as set forth in the administrative protective order.

(5) Failure to delete business proprietary information from the public

version of a brief or other correspondence filed with the Department.

(6) Disclosure of business proprietary information during a public hearing.

(7) Use of business proprietary information submitted in one segment of a proceeding in another segment of the same proceeding or in another proceeding, except as authorized by the Tariff Act of 1930 or by an administrative protective order.

(8) Use of business proprietary information submitted for a countervailing duty investigation or administrative review during an antidumping duty investigation or administrative review, or vice versa.

[53 FR 47920, Nov. 28, 1988, as amended at 63 FR 24404, May 4, 1998]

§ 354.6 Initiation of proceedings.

(a) *In general.* After an investigation and report by the director under § 354.5(c) and consultation with the Chief Counsel, the Deputy Under Secretary for International Trade will determine whether there is reasonable cause to believe that a person has violated an administrative protective order. If the Deputy Under Secretary for International Trade determines that there is reasonable cause, the Deputy Under Secretary for International Trade also will determine whether sanctions under paragraph (b) or a warning under paragraph (c) is appropriate for the violation.

(b) *Sanctions.* In determining under paragraph (a) of this section whether sanctions are appropriate, and, if so, what sanctions to impose, the Deputy Under Secretary for International Trade will consider the nature of the violation, the resulting harm, and other relevant circumstances of the case. If the Deputy Under Secretary for International Trade determines that sanctions are appropriate, the Deputy Under Secretary for International Trade will initiate a proceeding under this part by issuing a charging letter under § 354.7. The Deputy Under Secretary for International Trade will determine whether to initiate a proceeding no later than 60 days after receiving a report of the investigation.

(c) *Warning.* If the Deputy Under Secretary for International Trade determines under paragraph (a) of this section that a warning is appropriate, the Deputy Under Secretary will issue a warning letter to the person believed to have violated an administrative protective order. Sanctions are not appropriate and a warning is appropriate if:

(1) The person took due care;

(2) The Secretary has not previously charged the person with violating an administrative protective order;

(3) The violation did not result in any disclosure of the business proprietary information or the Secretary is otherwise able to determine that the violation caused no harm to the submitter of the information; and

(4) The person cooperated fully in the investigation.

[63 FR 24404, May 4, 1998]

§ 354.7 Charging letter.

(a) *Contents of Letter.* The Deputy Under Secretary will initiate proceedings by issuing a charging letter to each charged party and affected party which includes:

(1) A statement of the allegation that an administrative protective order has been violated and the basis thereof;

(2) A statement of the proposed sanctions;

(3) A statement that the charged or affected party is entitled to review the documents or other physical evidence upon which the charge is based and the method for requesting access to, or copies of, such documents;

(4) A statement that the charged or affected party is entitled to a hearing before a presiding official if requested within 30 days of the date of service of the charging letter and the procedure for requesting a hearing, including the name, address, and telephone number of the person to contact if there are further questions;

(5) A statement that the charged or affected party has a right, if a hearing is not requested, to submit documentary evidence to the Deputy Under Secretary and an explanation of the method for submitting evidence and the date by which it must be received; and

(6) A statement that the charged or affected party has a right to retain counsel at the party's own expense for purposes of representation.

(b) Settlement and amending the charging letter. The Deputy Under Secretary for International Trade and a charged or affected party may settle a charge brought under this part by mutual agreement at any time after service of the charging letter; approval of the presiding official or the administrative protective order Sanctions Board is not necessary. The charged or affected party may request a hearing but at the same time request that a presiding official not be appointed pending settlement discussions. Settlement agreements may include sanctions for purposes of § 354.18. The Deputy Under Secretary for International Trade may amend, supplement, or withdraw the charging letter as follows:

(1) If there has been no request for a hearing, or if supporting information has not been submitted under § 354.13, the withdrawal will not preclude future actions on the same alleged violation.

(2) If a hearing has been requested but no presiding official has been appointed, withdrawal of the charging letter will preclude the Deputy Under Secretary for International Trade from seeking sanctions at a later date for the same alleged violation.

(3) The Deputy Under Secretary for International Trade may amend, supplement or withdraw the charging letter at any time after the appointment of a presiding official, if the presiding official determines that the interests of justice would thereby be served. If the presiding official so determines, the presiding official will also determine whether the withdrawal will preclude the Deputy Under Secretary for International Trade from seeking sanctions at a later date for the same alleged violation.

(c) *Service of charging letter on a resident of the United States.* (1) Service of a charging letter on a United States resident will be made by:

(i) Mailing a copy by registered or certified mail addressed to the charged or affected party at the party's last known address;

(ii) Leaving a copy with the charged or affected party or with an officer, a managing or general agent, or any other agent authorized by appointment or by law to receive service for the party; or

(iii) Leaving a copy with a person of suitable age and discretion who resides at the party's last known dwelling.

(2) Service made in the manner described in paragraph (c) (ii) or (iii) of this section shall be evidenced by a certificate of service signed by the person making such service, stating the method of service and the identity of the person with whom the charging letter was left.

(d) *Service of charging letter on a nonresident.* If applicable laws or intergovernmental agreements or understandings make the methods of service set forth in paragraph (c) of this section inappropriate or ineffective, service of the charging letter on a person who is not a resident of the United States may be made by any method that is permitted by the country in which the person resides and that satisfies the due process requirements under United States law with respect to notice in administrative proceedings.

[53 FR 47920, Nov. 28, 1988, as amended at 63 FR 24405, May 4, 1998]

§ 354.8 Interim sanctions.

(a) If the Deputy Under Secretary concludes, after issuing a charging letter under § 354.7 and before a final decision is rendered, that interim sanctions are necessary to protect the interests of the Department or others, including the protection of business proprietary information, the Deputy Under Secretary may petition a presiding official to impose such sanctions.

(b) The presiding official may impose interim sanctions against a person upon determining that:

(1) There is probable cause to believe that there was a violation of an administrative protective order and the Department is likely to prevail in obtaining sanctions under this part,

(2) The Department or others are likely to suffer irreparable harm if the interim sanctions are not imposed, and

(3) The interim sanctions are a reasonable means for protecting the rights of the Department or others while preserving to the greatest extent possible the rights of the person against whom the interim sanctions are proposed.

(c) Interim sanctions which may be imposed include any sanctions that are necessary to protect the rights of the Department or others, including, but not limited to:

(1) Denying a person further access to business proprietary information.

(2) Barring a person from representing another person before the International Trade Administration.

(3) Barring a person from appearing before the International Trade Administration, and

(4) Requiring the person to return material previously provided by the Department and all other materials containing the business proprietary information, such as briefs, notes, or charts based on any such information received under an administrative protective order.

(d) The Deputy Under Secretary will notify the person against whom interim sanctions are sought of the request for interim sanctions and provide to that person the material submitted to the presiding official to support the request. The notice will include a reference to the procedures of this section.

(e) A person against whom interim sanctions are proposed has a right to oppose the request through submission of material to the presiding official. The presiding official has discretion to permit oral presentations and to allow further submissions.

(f) The presiding official will notify the parties of the decision on interim sanctions and the basis therefor within five days of the conclusion of oral presentations or the date of final written submissions.

(g) If interim sanctions have been imposed, the investigation and any proceedings under this part will be conducted on an expedited basis.

(h) An order imposing interim sanctions may be revoked at any time by the presiding official and expires automatically upon the issuance of a final order.

(i) The presiding official may reconsider imposition of interim sanctions on the basis of new and material evidence or other good cause shown. The Deputy Under Secretary or a person against whom interim sanctions have been imposed may appeal a decision on interim sanctions to the APO Sanctions Board, if such an appeal is certified by the presiding official as necessary to prevent undue harm to the Department, a person against whom interim sanctions have been imposed or others, or is otherwise in the interests of justice. Interim sanctions which have been imposed remain in effect while an appeal is pending, unless the presiding official determines otherwise.

(j) The Deputy Under Secretary may request a presiding official to impose emergency interim sanctions to preserve the status quo. Emergency interim sanctions may last no longer than 48 hours, excluding weekends and holidays. The person against whom such emergency interim sanctions are proposed need not be given prior notice or an opportunity to oppose the request for sanctions. The presiding official may impose emergency interim sanctions upon determining that the Department is, or others are, likely to suffer irreparable harm if such sanctions are not imposed and that the interests of justice would thereby be served. The presiding official will promptly notify a person against whom emergency sanctions have been imposed of the sanctions and their duration.

(k) If a hearing has not been requested, the Deputy Under Secretary will ask the Under Secretary to appoint a presiding official for making determinations under this section.

§ 354.9 Request for a hearing.

(a) Any party may request a hearing by submitted a written request to the Under Secretary within 30 days after the date of service of the charging letter. However, the Deputy Under Secretary may request a hearing only if the interests of justice would thereby be served.

(b) Upon timely receipt of a request for a hearing, and unless the party requesting a hearing requests that the Under Secretary not appoint a presiding official, the Under Secretary will appoint a presiding official to conduct the hearing and render an initial decision.

[53 FR 47920, Nov. 28, 1988, as amended at 63 FR 24405, May 4, 1998]

§ 354.10 Discovery.

(a) *Voluntary discovery.* All parties are encouraged to engage in voluntary discovery procedures regarding any matter, not privileged, which is relevant to the subject matter of the pending proceeding.

(b) *Interrogatories and requests for admissions or production of documents.* A party may serve on any other party interrogatories, requests for admissions, or requests for production of documents for inspection and copying, and a party concerned may then apply to the presiding official for such enforcement or administrative protective order as that party deems warranted concerning such discovery. The party will serve a discovery request at least 20 days before the scheduled date of a hearing, if a hearing has been requested and scheduled, unless the presiding official specifies a shorter time period. Copies of interrogatories, requests for admissions, and requests for production of documents and responses thereto will be served on all parties. Matters of fact or law of which admission is requested will be deemed admitted unless, within a period designated in the request (at least 10 days after the date of service of the request, or within such further time as the presiding official may allow), the party to whom the request is directed serves upon the requesting party a sworn statement either admitting or denying specifically the matters of which admission is requested or setting forth in detail the reasons why the party cannot truthfully either admit or deny such matters.

(c) *Depositions.* Upon application of a party and for good cause shown, the presiding official may order the taking of the testimony of any person who is a party, or under the control or authority of a party, by deposition and the production of specified documents or materials by the person at the deposition. The application shall state the purpose of the deposition and shall set forth the facts sought to be established through the deposition.

(d) *Enforcement.* The presiding official may order a party to answer designated questions, to produce specified documents or items, or to take any other action in response to a proper discovery request. If a party does not comply with such an order, the presiding official may make any determination or enter any order in the proceedings as he or she deems reasonable and appropriate. The presiding official may strike related charges or defenses in whole or in part, or may take particular facts relating to the discovery request to which the party failed or refused to respond as being established for purposes of the proceeding in accordance with the contentions of the party seeking discovery. In issuing a discovery order, the presiding official will consider the necessity to protect business proprietary information and will not order the release of information in circumstances where it is reasonable to conclude that such release will lead to unauthorized dissemination of such information.

(e) *Role of the Under Secretary.* If a hearing has not been requested, the party seeking enforcement will ask the Under Secretary to appoint a presiding official to rule on motions under this section.

§ 354.11 Prehearing conference.

(a)(1) If an administrative hearing has been requested, the presiding official will direct the parties to attend a prehearing conference to consider:

(i) Simplification of issues;

(ii) Obtaining stipulations of fact and of documents to avoid unnecessary proof;

(iii) Settlement of the matter;

(iv) Discovery; and

(v) Such other matters as may expedite the disposition of the proceedings.

(2) Any relevant and significant stipulations or admissions will be incorporated into the initial decision.

(b) If a prehearing conference is impractical, the presiding official will direct the parties to correspond with each other or to confer by telephone or otherwise to achieve the purposes of such a conference.

§ 354.12 Hearing.

(a) *Scheduling of hearing.* The presiding official will schedule the hearing at a reasonable time, date, and place, which will be in Washington, DC, unless the presiding official determines otherwise based upon good cause shown

that another location would better serve the interests of justice. In setting the date, the presiding official will give due regard to the need for the parties adequately to prepare for the hearing and the importance of expeditiously resolving the matter.

(b) *Joinder or consolidation.* The presiding official may order joinder or consolidation if sanctions are proposed against more than one party or if violations of more than one administrative protective order are alleged if to do so would expedite processing of the cases and not adversely affect the interests of the parties.

(c) *Hearing procedures.* Hearings will be conducted in a fair and impartial manner by the presiding official, who may limit attendance at any hearing or portion thereof if necessary or advisable in order to protect business proprietary information from improper disclosure. The rules of evidence prevailing in courts of law shall not apply, and all evidentiary material the presiding official determines to be relevant and material to the proceeding and not unduly repetitious may be received into evidence and given appropriate weight. The presiding official may make such orders and determinations regarding the admissibility of evidence, conduct of examination and cross-examination, and similar matters as are necessary or appropriate to ensure orderliness in the proceedings. The presiding official will ensure that a record of the hearing be taken by reporter or by electronic recording, and will order such part of the record to be sealed as is necessary to protect business proprietary information.

(d) *Rights of parties.* At a hearing each party shall have the right to:

(1) Introduce and examine witnesses and submit physical evidence,

(2) Confront and cross-examine adverse witnesses,

(3) Present oral argument, and

(4) Receive a transcript or recording of the proceedings, upon request, subject to the presiding official's orders regarding sealing the record.

(e) *Representation.* Each charged or affected party has a right to represent himself or herself or to retain private counsel for that purpose. The Chief Counsel will represent the Department, unless the General Counsel determines otherwise. The presiding official may disallow a representative if such representation constitutes a conflict of interest or is otherwise not in the interests of justice and may debar a representative for contumacious conduct relating to the proceedings.

(f) *Ex parte communications.* The parties and their representatives may not make any *ex parte* communications to the presiding official concerning the merits of the allegations or any matters at issue, except as provided in §354.8 regarding emergency interim sanctions.

§ 354.13 Proceeding without a hearing.

If no party has requested a hearing, the Deputy Under Secretary, within 40 days after the date of service of a charging letter, will submit for inclusion into the record and provide each charged or affected party information supporting the allegations in the charging letter. Each charged or affected party has the right to file a written response to the information and supporting documentation within 30 days after the date of service of the information provided by the Deputy Under Secretary unless the Deputy Under Secretary alters the time period for good cause. The Deputy Under Secretary may allow the parties to submit further information and argument.

§ 354.14 Initial decision.

(a) *Initial decision.* The presiding official, if a hearing was requested, or the Deputy Under Secretary will submit an initial decision to the APO Sanctions Board, providing copies to the parties. The presiding official or Deputy Under Secretary will ordinarily issue the decision within 20 days of the conclusion of the hearing, if one was held, or within 15 days of the date of service of final written submissions. The initial decision will be based solely on evidence received into the record, and the pleadings of the parties.

(b) *Findings and conclusions.* The initial decision will state findings and conclusions as to whether a person has violated an administrative protective order; the basis for those findings and conclusions; and whether the sanctions

proposed in the charging letter, or lesser included sanctions, should be imposed against the charged or affected party. The presiding official or Deputy Under Secretary may impose sanctions only upon determining that the preponderance of the evidence supports a finding of violation of an administrative protective order and that the sanctions are warranted against the charged or affected party. In determining whether sanctions are appropriate and, if so, what sanctions to impose, the presiding official or the Deputy Under Secretary will consider the nature of the violation, the resulting harm, and other relevant circumstances of the case.

(c) *Finality of decision.* If the APO Sanctions Board has not issued a decision on the matter within 60 days after issuance of the initial decision, the initial decision becomes the final decision of the Department.

§ 354.15 Final decision.

(a) *APO Sanctions Board.* Upon request of a party, the initial decision will be reviewed by the members of the APO Sanctions Board. The Board consists of the Under Secretary for International Trade, who shall serve as Chairperson, the Under Secretary for Economic Affairs, and the General Counsel.

(b) *Comments on initial decision.* Within 30 days after issuance of the initial decision, a party may submit written comments to the APO Sanctions Board on the initial decision, which the Board will consider when reviewing the initial decision. The parties have no right to an oral presentation, although the Board may allow oral argument in its discretion.

(c) *Final decision by the APO Sanctions Board.* Within 60 days but not sooner than 30 days after issuance of an initial decision, the APO Sanctions Board may issue a final decision which adopts the initial decision in its entirety; differs in whole or in part from the initial decision, including the imposition of lesser included sanctions; or remands the matter to the presiding official or Deputy Under Secretary for further consideration. The only sanctions that the Board can impose are those sanctions proposed in the charging letter or lesser included sanctions.

(d) *Contents of final decision.* If the final decision of the APO Sanctions Board does not remand the matter and differs from the initial decision, it will state findings and conclusions which differ from the initial decision, if any, the basis for those findings and conclusions, and the sanctions which are to be imposed, to the extent they differ from the sanctions in the initial decision.

[53 FR 47920, Nov. 28, 1988, as amended at 63 FR 24405, May 4, 1998]

§ 354.16 Reconsideration.

Any party may file a motion for reconsideration with the APO Sanctions Board. The party must state with particularity the grounds for the motion, including any facts or points of law which the party claims the APO Sanctions Board has overlooked or misapplied. The party may file the motion within 30 days of the issuance of the final decision or the adoption of the initial decision as the final decision, except that if the motion is based on the discovery of new and material evidence which was not known, and could not reasonably have been discovered through due diligence prior to the close of the record, the party shall file the motion within 15 days of the discovery of the new and material evidence. Subpart D—Violation of a Protective Order or a Disclosure Undertaking

§ 356.12 Sanctions for violation of a protective order or disclosure undertaking.

(a) A person, other than a person exempted from this part by the provisions of section 777f(f)(4) of the Act (19 U.S.C. 1677f(f)(4)), determined under this part to have violated a protective order or a disclosure undertaking may be subjected to any or all or the following sanctions:

(1) Liable to the United States for a civil penalty not to exceed $100,000 for each violation;

(2) Barred from appearing before the Department to represent another for a designated time period from the date of publication in an official publication of a notice that a violation has been determined to exist;

(3) Denied access to proprietary information for a designated time period from the date of publication in an official publication of a notice that a violation has been determined to exist;

(4) Other appropriate administrative sanctions, including striking from the record of the panel review any information or argument submitted by, or on behalf of, the violating party or the party represented by the violating party; terminating any proceeding then in progress; or revoking any order then in effect; and

(5) Required to destroy and certify to the Department the destruction of all material previously provided by the investigating authority, and all other materials containing the proprietary information, such as briefs, notes, or charts based on any such information received under a protective order or a disclosure undertaking.

(b)(1) The firm of which a person determined to have violated a protective order or a disclosure undertaking is a partner, associate, or employee; any

partner, associate, employer, or employee of such person; and any person represented by such person may be barred from appearing before the Department for a designated time period from the date of publication in an official publication of notice that a violation has been determined to exist or may be subjected to the sanctions set forth in paragraph (a) of this section, as appropriate.

(2) Each person against whom sanctions are proposed under paragraph (b)(1) of this section is entitled to all the administrative rights set forth in this subpart separately and apart from rights provided to a person subject to sanctions under paragraph (a) of this section, including the right to a charging letter, right to representation, and right to a hearing, but subject to joinder or consolidation by the administrative law judge under § 356.23(b).

[59 FR 229, Jan. 3, 1994, as amended at 86 FR 70052, Dec. 9, 2021]

§ 356.13 Suspension of rules.

Upon request by the Deputy Under Secretary, a charged or affected party, or the APO Sanctions Board, the administrative law judge may modify or waive any rule in this subpart upon determining that no party will be unduly prejudiced and the ends of justice will thereby be served and upon notice to all parties.

§ 356.14 Report of violation and investigation.

(a) An employee of the Department or any other person who has information indicating that the terms of a protective order or a disclosure undertaking have been violated will provide the information to a Director or the Chief Counsel.

(b) Upon receiving information which indicates that a person may have violated the terms of a protective order or an undertaking, the Director will conduct an investigation concerning whether there was a violation of a protective order or a disclosure undertaking, and who was responsible for the violation, if any. For purposes of this subpart, the Director will be supervised by the Deputy Under Secretary with guidance from the Chief Counsel. The Director will conduct an investigation only if the information is received within 30 days after the alleged violation occurred or, as determined by the Director, could have been discovered through the exercise of reasonable and ordinary care.

(c) The Director will provide a report of the investigation to the Deputy Under Secretary, after review by the Chief Counsel, no later than 180 days after receiving information concerning a violation. Upon the Director's request, and if extraordinary circumstances exist, the Deputy Under Secretary may grant the Director up to an additional 180 days to conduct the investigation and submit the report.

(d) The following examples of actions that constitute violations of an administrative protective order shall serve as guidelines to each person subject to a protective order. These examples do not represent an exhaustive list. Evidence that one of the acts described in the guidelines has been committed, however, shall be considered by the Director as reasonable cause to believe a person has violated a protective order within the meaning of § 356.15.

(1) Disclosure of proprietary information to any person not granted access to that information by protective order, including an official of the Department or member of the Secretariat staff not directly involved with the panel review pursuant to which the proprietary information was released, an employee of any other United States, foreign government or international agency, or a member of the United States Congress, the Canadian Parliament, or the Mexican Congress.

(2) Failure to follow the detailed procedures outlined in the protective order for safeguarding proprietary information, including requiring all employees who obtain access to proprietary information (under the terms of a protective order granted their employer) to sign and date a copy of that protective order.

(3) Loss of proprietary information.

(4) Failure to destroy and certify to the Department the destruction of all copies of the original documents and all notes, memoranda, and submissions containing proprietary information at the close of the proceeding for which the data were obtained by burning or

shredding of the documents or by erasing electronic memory, computer disk, or tape memory, as set forth in the protective order.

(5) Failure to delete proprietary information from the public version of a brief or other correspondence filed with the Secretariat.

(6) Disclosure of proprietary information during a public hearing.

(e) Each day of a continuing violation shall constitute a separate violation.

[59 FR 229, Jan. 3, 1994, as amended at 86 FR 70052, Dec. 9, 2021]

§ 356.15 Initiation of proceedings.

(a) If the Deputy Under Secretary concludes, after an investigation and report by the Director under § 356.14(c) and consultation with the Chief Counsel, that there is reasonable cause to believe that a person has violated a protective order or a disclosure undertaking and that sanctions are appropriate for the violation, the Deputy Under Secretary will, at the Deputy Under Secretary's discretion, either initiate a proceeding under this subpart by issuing a charging letter as set forth in § 356.16 or request that the authorized agency of the involved FTA country initiate a proceeding by issuing a request to charge as set forth in § 356.17. In determining whether sanctions are appropriate and, if so, what sanctions to impose, the Deputy Under Secretary will consider the nature of the violation, the resulting harm, and other relevant circumstances of the case. The Deputy Under Secretary will decide whether to initiate a proceeding no later than 60 days after receiving a report of the investigation.

(b) If the Department receives a request to charge from an authorized agency of a FTA country, the Deputy Under Secretary will promptly initiate proceedings under this part by issuing a charging letter as set forth in § 356.16.

§ 356.16 Charging letter.

(a) *Contents of letter.* The Deputy Under Secretary will initiate proceedings by issuing a charging letter to each charged party and affected party which includes:

(1) A statement of the allegation that a protective order or a disclosure undertaking has been violated and the basis thereof;

(2) A statement of the proposed sanctions;

(3) A statement that the charged or affected party is entitled to review the documents or other physical evidence upon which the charge is based and the method for requesting access to, or copies of, such documents;

(4) A statement that the charged or affected party is entitled to a hearing before an administrative law judge if requested within 30 days of the date of service of the charging letter and the procedure for requesting a hearing, including the name, address, and telephone number of the person to contact if there are further questions;

(5) A statement that the charged or affected party has a right, if a hearing is not requested, to submit documentary evidence to the Deputy Under Secretary and an explanation of the method for submitting evidence and the date by which it must be received; and

(6) A statement that the charged or affected party has a right to retain counsel at the party's own expense for purposes of representation.

(b) *Settlement and amendment of the charging letter.* The Deputy Under Secretary may amend, supplement, or withdraw the charging letter at any time with the approval of an administrative law judge if the interests of justice would thereby be served. If a hearing has not been requested, the Deputy Under Secretary will ask the Under Secretary to appoint an administrative law judge to make this determination. If a charging letter is withdrawn after a request for a hearing, the administrative law judge will determine whether the withdrawal will bar the Deputy Under Secretary from seeking sanctions at a later date for the same alleged violation. If there has been no request for a hearing, or if supporting information has not been submitted under § 356.28, the withdrawal will not bar future actions on the same alleged violation. The Deputy Under Secretary and a charged or affected party may settle a charge brought under this subpart by mutual agreement at any time

after service of the charging letter; approval of the administrative law judge or the APO Sanctions Board is not necessary.

(c) *Service of charging letter on a resident of the United States.* (1) Service of a charging letter on a United States resident will be made by:

(i) Mailing a copy by registered or certified mail addressed to the charged or affected party at the party's last known address;

(ii) Leaving a copy with the charged or affected party or with an officer, a managing or general agent, or any other agent authorized by appointment or by law to receive service for the party; or

(iii) Leaving a copy with a person of suitable age and discretion who resides at the party's last known dwelling.

(2) Service made in the manner described in paragraph (c)(1) (ii) or (iii) of this section shall be evidenced by a certificate of service signed by the person making such service, stating the method of service and the identity of the person with whom the charging letter was left.

(d) *Service of charging letter on a nonresident.* If applicable laws or intergovernmental agreements or understandings make the methods of service set forth in paragraph (c) of this section inappropriate or ineffective, service of the charging letter on a person who is not a resident of the United States may be made by any method that is permitted by the country in which the person resides and that, in the opinion of the Deputy Under Secretary, satisfies due process requirements under United States law with respect to notice in administrative proceedings.

§ 356.17 Request to charge.

Upon deciding to initiate a proceeding pursuant to § 356.15, the Deputy Under Secretary will request the authorized agency of the involved FTA country to initiate a proceeding for imposing sanctions for violation of a protective order or a disclosure undertaking by issuing a letter of request to charge that includes a statement of the allegation that a protective order or a disclosure undertaking has been violated and the basis thereof.

§ 356.18 Interim sanctions.

(a) If the Deputy Under Secretary concludes, after issuing a charging letter under § 356.16 and before a final decision is rendered, that interim sanctions are necessary to protect the interests of the Department, an authorized agency of the involved FTA country, or others, including the protection of proprietary information, the Deputy Under Secretary may petition an administrative law judge to impose such sanctions.

(b) The administrative law judge may impose interim sanctions against a person upon determining that:

(1) There is probable cause to believe that there was a violation of a protective order or a disclosure undertaking and the Department is likely to prevail in obtaining sanctions under this subpart;

(2) The Department, authorized agency of the involved FTA country, or others are likely to suffer irreparable harm if the interim sanctions are not imposed; and

(3) The interim sanctions are a reasonable means for protecting the rights of the Department, authorized agency of the involved FTA country, or others while preserving to the greatest extent possible the rights of the person against whom the interim sanctions are proposed.

(c) Interim sanctions which may be imposed include any sanctions that are necessary to protect the rights of the Department, authorized agency of the involved FTA country, or others, including, but not limited to:

(1) Denying a person further access to proprietary information;

(2) Barring a person from representing another person before the Department;

(3) Barring a person from appearing before the Department; and

(4) Requiring the person to destroy and certify to the Department the destruction of all material previously provided by the Department or the investigating authority of the involved FTA country, and all other materials containing the proprietary information, such as briefs, notes, or charts based on any such information received under a protective order or disclosure undertaking.

(d) The Deputy Under Secretary will notify the person against whom interim sanctions are sought of the request for interim sanctions and provide to that person the material submitted to the administrative law judge to support the request. The notice will include a reference to the procedures of this section.

(e) A person against whom interim sanctions are proposed has a right to oppose the request through submission of material to the administrative law judge. The administrative law judge has discretion to permit oral presentations and to allow further submissions.

(f) The administrative law judge will notify the parties of the decision on interim sanctions and the basis therefor within five days of the conclusion of oral presentations or the date of final written submissions.

(g) If interim sanctions have been imposed, the investigation and any proceedings under this subpart will be conducted on an expedited basis.

(h) An order imposing interim sanctions may be revoked at any time by the administrative law judge and expires automatically upon the issuance of a final order.

(i) The administrative law judge may reconsider imposition of interim sanctions on the basis of new and material evidence or other good cause shown. The Deputy Under Secretary or a person against whom interim sanctions have been imposed may appeal a decision on interim sanctions to the APO Sanctions Board, if such an appeal is certified by the administrative law judge as necessary to prevent undue harm to the Department or authorized agency of the involved FTA country, a person against whom interim sanctions have been imposed or others, or is otherwise in the interests of justice. Interim sanctions which have been imposed remain in effect while an appeal is pending, unless the administrative law judge determines otherwise.

(j) The Deputy Under Secretary may request an administrative law judge to impose emergency interim sanctions to preserve the status quo. Emergency interim sanctions may last no longer than 48 hours, excluding weekends and holidays. The person against whom such emergency interim sanctions are proposed need not be given prior notice or an opportunity to oppose the request for sanctions. The administrative law judge may impose emergency interim sanctions upon determining that the Department or authorized agency of the involved FTA country is, or others are, likely to suffer irreparable harm if such sanctions are not imposed and that the interests of justice would thereby be served. The administrative law judge will promptly notify a person against whom emergency sanctions have been imposed of the sanctions and their duration.

(k) If a hearing has not been requested, the Deputy Under Secretary will request that the Under Secretary appoint an administrative law judge for making determinations under this section.

(l) The Deputy Under Secretary will notify the Secretariat concerning the imposition or revocation of interim sanctions or emergency interim sanctions.

[59 FR 229, Jan. 3, 1994, as amended at 86 FR 70052, Dec. 9, 2021]

§ 356.19 Request for a hearing.

(a) Any party may request a hearing by submitting a written request to the Under Secretary within 30 days after the date of service of the charging letter. However, the Deputy Under Secretary may request a hearing only if the interests of justice would thereby be served.

(b) Upon timely receipt of a request for a hearing, the Under Secretary will appoint an administrative law judge to conduct the hearing and render an initial decision.

§ 356.20 Discovery.

(a) *Voluntary discovery.* All parties are encouraged to engage in voluntary discovery procedures regarding any matter, not privileged, which is relevant to the subject matter of the pending sanctions proceeding.

(b) *Limitations on discovery.* The administrative law judge shall place such limits upon the kind or amount of discovery to be had or the period of time during which discovery may be carried out as shall be consistent with the time limitations set forth in this Part.

(c) *Interrogatories and requests for admissions or production of documents.* A party may serve on any other party interrogatories, requests for admissions, or requests for production of documents for inspection and copying, and the party may then apply to the administrative law judge for such enforcement or protective order as that party deems warranted concerning such discovery. The party will serve a discovery request at least 20 days before the scheduled date of a hearing, if a hearing has been requested and scheduled, unless the administrative law judge specifies a shorter time period. Copies of interrogatories, requests for admissions, and requests for production of documents and responses thereto will be served on all parties. Matters of fact or law of which admission is requested will be deemed admitted unless, within a period designated in the request (at least 10 days after the date of service of the request, or within such further time as the administrative law judge may allow), the party to whom the request is directed serves upon the requesting party a sworn statement either admitting or denying specifically the matters of which admission is requested or setting forth in detail the reasons why the party cannot truthfully either admit or deny such matters.

(d) *Depositions.* Upon application of a party and for good cause shown, the administrative law judge may order the taking of the testimony of any person who is a party, or under the control or authority of a party, by deposition and the production of specified documents or materials by the person at the deposition. The application shall state the purpose of the deposition and shall set forth the facts sought to be established through the deposition.

(e) *Supplementation of responses.* A party who has responded to a request for discovery with a response that was complete when made is under no duty to supplement the party's response to include information thereafter acquired, except as follows:

(1) A party is under a duty to seasonably supplement the party's response with respect to any question directly addressed to:

(i) The identity and location of persons having knowledge of discoverable matters; and

(ii) The identity of each person expected to be called as an expert witness at a hearing, the subject matter on which the witness is expected to testify, and the substance of the testimony.

(2) A party is under a duty to seasonably amend a prior response if the party obtains information upon the basis of which the party:

(i) Knows the response was incorrect when made; or

(ii) Knows that the response, though correct when made, is no longer true, and the circumstances are such that a failure to amend the response is in substance a knowing concealment.

(3) A duty to supplement responses may be imposed by order of the administrative law judge, agreement of the parties, or at any time prior to a hearing through new requests for supplementation of prior responses.

(f) *Enforcement.* The administrative law judge may order a party to answer designated questions, to produce specified documents or items, or to take any other action in response to a proper discovery request. If a party does not comply with such an order, the administrative law judge may make any determination or enter any order in the proceedings as the administrative law judge deems reasonable and appropriate. The administrative law judge may strike related charges or defenses in whole or in part, or may take particular facts relating to the discovery request to which the party failed or refused to respond as being established for purpose of the proceeding in accordance with the contentions of the party seeking discovery. In issuing a discovery order, the administrative law judge will consider the necessity to protect proprietary information and will not order the release of information in circumstances where it is reasonable to conclude that such release will lead to unauthorized dissemination of such information.

§ 356.21 Subpoenas.

(a) *Application for issuance of a subpoena.* An application for issuance of a subpoena requiring a person to appear

and depose or testify at the taking of a deposition or at a hearing shall be made to the administrative law judge. An application for issuance of a subpoena requiring a person to appear and depose or testify and to produce specified documents, papers, books, or other physical exhibits at the taking of a deposition, at a prehearing conference, at a hearing, or under any other circumstances, shall be made in writing to the administrative law judge and shall specify the material to be produced as precisely as possible, showing the general relevancy of the material and the reasonableness of the scope of the subpoena.

(b) *Use of subpoena for discovery.* Subpoenas may be used by any party for purposes of discovery or for obtaining documents, papers, books, or other physical exhibits for use in evidence, or for both purposes. When used for discovery purposes, a subpoena may require a person to produce and permit the inspection and copying of nonprivileged documents, papers, books, or other physical exhibits which constitute or contain evidence relevant to the subject matter involved and which are in the possession, custody, or control of such person.

(c) *Application for subpoenas for nonparty department records or personnel or for records or personnel of other Government agencies.* (1) An application for issuance of a subpoena requiring the production of nonparty documents, papers, books, physical exhibits, or other material in the records of the Department, or requiring the appearance of an official or employee of the Department, or requiring the production of records or personnel of other Government agencies shall specify as precisely as possible the material to be produced, the nature of the information to be disclosed, or the expected testimony of the official or employee, and shall contain a statement showing the general relevancy of the material, information, or testimony and the reasonableness of the scope of the application, together with a showing that such material, information, or testimony or their substantial equivalent could not be obtained without undue hardship by alternative means.

(2) Such applications shall be ruled upon by the administrative law judge. To the extent that the motion is granted, the administrative law judge shall provide such terms and conditions for the production of the material, the disclosure of the information, or the appearance of the official or employee as may appear necessary and appropriate for the protection of the public interest.

(3) No application for a subpoena for production of documents grounded upon the Freedom of Information Act (5 U.S.C. 552) shall be entertained by the administrative law judge.

(d) *Motion to limit or quash.* Any motion to limit or quash a subpoena shall be filed within 10 days after service thereof, or within such other time as the administrative law judge may allow.

(e) *Ex parte rulings on applications for subpoenas.* Applications for the issuance of subpoenas pursuant to this section may be made *ex parte*, and, if so made, such applications and rulings thereon shall remain *ex parte* unless otherwise ordered by the administrative law judge.

(f) *Role of the Under Secretary.* If a hearing has not been requested, the party seeking enforcement will ask the Under Secretary to appoint an administrative law judge to rule on applications for issuance of a subpoena under this section.

§ 356.22 Prehearing conference.

(a)(1) If an administrative hearing has been requested, the administrative law judge will direct the parties to attend a prehearing conference to consider:

(i) Simplification of issues;

(ii) Obtaining stipulations of fact and of documents to avoid unnecessary proof;

(iii) Settlement of the matter;

(iv) Discovery; and

(v) Such other matters as may expedite the disposition of the proceedings.

(2) Any relevant and significant stipulations or admissions will be incorporated into the initial decision.

(b) If a prehearing conference is impractical, the administrative law judge will direct the parties to correspond

with each other or to confer by telephone or otherwise to achieve the purposes of such a conference.

§ 356.23 Hearing.

(a) *Scheduling of hearing.* The administrative law judge will schedule the hearing at a reasonable time, date, and place, which will be in Washington, DC, unless the administrative law judge determines otherwise based upon good cause shown, that another location would better serve the interests of justice. In setting the date, the administrative law judge will give due regard to the need for the parties adequately to prepare for the hearing and the importance of expeditiously resolving the matter.

(b) *Joinder or consolidation.* The administrative law judge may order joinder or consolidation if sanctions are proposed against more than one party or if violations of more than one protective order or disclosure undertaking are alleged if to do so would expedite processing of the cases and not adversely affect the interests of the parties.

(c) *Hearing procedures.* Hearings will be conducted in a fair and impartial manner by the administrative law judge, who may limit attendance at any hearing or portion thereof if necessary or advisable in order to protect proprietary information from improper disclosure. The rules of evidence prevailing in courts of law shall not apply, and all evidentiary material the administrative law judge determines to be relevant and material to the proceeding and not unduly repetitious may be received into evidence and given appropriate weight. The administrative law judge may make such orders and determinations regarding the admissibility of evidence, conduct of examination and cross-examination, and similar matters as are necessary or appropriate to ensure orderliness in the proceedings. The administrative law judge will ensure that a record of the hearing will be taken by reporter or by electronic recording, and will order such part of the record to be sealed as is necessary to protect proprietary information.

(d) *Rights of parties.* At a hearing each party shall have the right to:

(1) Introduce and examine witnesses and submit physical evidence;

(2) Confront and cross-examine adverse witnesses;

(3) Present oral argument; and

(4) Receive a transcript or recording of the proceedings, upon request, subject to the administrative law judge's orders regarding sealing the record.

(e) *Representation.* Each charged or affected party has a right to represent himself or herself or to retain private counsel for that purpose. The Chief Counsel will represent the Department, unless the General Counsel of the Department determines otherwise. The administrative law judge may disallow a representative if such representation constitutes a conflict of interest or is otherwise not in the interests of justice and may debar a representative for contumacious conduct relating to the proceedings.

(f) *Ex parte communications.* The parties and their representatives may not make any *ex parte* communications to the administrative law judge concerning the merits of the allegations or any matters at issue, except as provided in § 356.18(j) regarding emergency interim sanctions.

§ 356.24 Proceeding without a hearing.

If no party has requested a hearing, the Deputy Under Secretary, within 40 days after the date of service of a charging letter, will submit for inclusion into the record and provide each charged or affected party information supporting the allegations in the charging letter. Each charged or affected party has the right to file a written response to the information and supporting documentation within 30 days after the date of service of the information provided by the Deputy Under Secretary unless the Deputy Under Secretary alters the time period for good cause. The Deputy Under Secretary may allow the parties to submit further information and argument.

§ 356.25 Witnesses.

Witnesses summoned before the Department shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

§ 356.26 Initial decision.

(a) *Initial decision.* The administrative law judge, if a hearing was requested, or the Deputy Under Secretary will submit an initial decision to the APO Sanctions Board, providing copies to the parties. The administrative law judge or the Deputy Under Secretary will ordinarily issue the decision within 20 days of the conclusion of the hearing, if one was held, or within 15 days of the date of service of final written submissions. The initial decision will be based solely on evidence received into the record and the pleadings of the parties.

(b) *Findings and conclusions.* The initial decision will state findings and conclusions as to whether a person has violated a protective order or a disclosure undertaking; the basis for those findings and conclusions; and whether the sanctions proposed in the charging letter, or lesser included sanctions, should be imposed against the charged or affected party. The administrative law judge or the Deputy Under Secretary may impose sanctions only upon determining that the preponderance of the evidence supports a finding of violation of a protective order or a disclosure undertaking and that the sanctions are warranted against the charged or affected party.

(c) *Finality of decision.* If the APO Sanctions Board has not issued a decision on the matter within 60 days after issuance of the initial decision, the initial decision becomes the final decision of the Department.

§ 356.27 Final decision.

(a) *APO Sanctions Board.* Upon request of a party, the initial decision will be reviewed by the members of the APO Sanctions Board. The Board consists of the Under Secretary for International Trade, who shall serve as Chairperson, the Under Secretary for Economic Affairs, and the General Counsel.

(b) *Comments on initial decision.* Within 30 days after issuance of the initial decision, a party may submit written comments to the APO Sanctions Board on the initial decision, which the Board will consider when reviewing the initial decision. The parties have no right to an oral presentation, although the Board may allow oral argument in its discretion.

(c) *Final decision by the APO Sanctions Board.* Within 60 days but not sooner than 30 days after issuance of an initial decision, the APO Sanctions Board may issue a final decision which adopts the initial decision in its entirety; differs in whole or in part from the initial decision, including the imposition of lesser included sanctions; or remands the matter to the administrative law judge or the Deputy Under Secretary for further consideration. The only sanctions that the Board can impose are those sanctions proposed in the charging letter or lesser included sanctions.

(d)

(d) *Contents of final decision.* If the final decision of the APO Sanctions Board does not remand the matter and differs from the initial decision, it will state findings and conclusions which differ from the initial decision, if any, the basis for those findings and conclusions, and the sanctions which are to be imposed, to the extent they differ from the sanctions in the initial decision.

(e) *Public notice of sanctions.* If the final decision is that there has been a violation of a protective order or a disclosure undertaking and that sanctions are to be imposed, notice of the decision will be published in the FEDERAL REGISTER and forwarded to the United States section of the Secretariat. Such publication will be no sooner than 30 days after issuance of a final decision or after a motion to reconsider has been denied, if such a motion was filed. If the final decision is made in a proceeding based upon a request to charge by an authorized agency of an FTA country, the decision will be forwarded to the Secretariat of the involved FTA country for transmittal to the authorized agency of the FTA country for publication in the official publication or other appropriate action. The Deputy Under Secretary will also provide such information to the ethics panel or other disciplinary body of the appropriate bar associations or other professional associations whenever the Deputy Under Secretary subjects a charged or affected party to a sanction under § 356.12(a)(2) and to any Federal agency

likely to have an interest in the matter and will cooperate in any disciplinary actions by any association or agency.

[59 FR 229, Jan. 3, 1994, as amended at 86 FR 70051, Dec. 9, 2021]

§ 356.28 Reconsideration.

Any party may file a motion for reconsideration with the APO Sanctions Board. The party must state with particularity the grounds for the motion, including any facts or points of law which the party claims the APO Sanctions Board has overlooked or misapplied. The party may file the motion within 30 days of the issuance of the final decision or the adoption of the initial decision as the final decision, except that if the motion is based on the discovery of new and material evidence which was not known, and could not reasonably have been discovered through due diligence prior to the close of the record, the party shall file the motion within 15 days of the discovery of the new and material evidence. The party shall provide a copy of the motion to all other parties. Opposing parties may file a response within 30 days of the date of service of the motion. The response shall be considered as part of the record. The parties have no right to an oral presentation on a motion for reconsideration, but the Board may permit oral argument at its discretion. If the motion to reconsider is granted, the Board will review the record and affirm, modify, or reverse the original decision or remand the matter for further consideration to an administrative law judge or the Deputy Under Secretary, as warranted.

§ 356.29 Confidentiality.

(a) All proceedings involving allegations of a violation of a protective order or a disclosure undertaking shall be kept confidential until such time as the Department makes a final decision under these regulations, which is no longer subject to reconsideration, imposing a sanction.

(b) The charged party or counsel for the charged party will be, to the extent possible, granted access to proprietary information in these proceedings, as necessary, under administrative protective order, consistent with the provisions of § 356.10.

§ 356.30 Sanctions for violations of a protective order for privileged information.

The provisions of this subpart shall apply to persons who are alleged to have violated a Protective Order for Privileged Information.

PART 360—STEEL IMPORT MONITORING AND ANALYSIS SYSTEM

Sec.

AUTHORITY: 13 U.S.C. 301(a) and 302.

SOURCE: 70 FR 12136, Mar. 11, 2005, unless otherwise noted.

§ 360.101 Steel import licensing.

(a) *In general.* (1) All imports of basic steel mill products are subject to the import licensing requirements. These products are listed on the Steel Import Monitoring and Analysis (SIMA) system website (*https://www.trade.gov/steel*). Registered users will be able to

obtain steel import licenses on the SIMA system website. This website contains two sections related to import licensing—the online registration system and the automatic steel import license issuance system. Information gathered from these licenses will be aggregated and posted on the import monitoring section of the SIMA system website.

(2) A single license may cover multiple products as long as certain information on the license (*e.g.*, importer, exporter, manufacturer and country of origin) remains the same. However, separate licenses for steel entered under a single entry will be required if the information differs. As a result, a single Customs entry may require more than one steel import license. The applicable license(s) must cover the total quantity of steel entered and should cover the same information provided on the Customs entry summary.

(b) *Entries for consumption*. All entries for consumption of covered steel products, other than the exception for ''informal entries'' listed in paragraph (d) of this section, will require an import license prior to the filing of Customs entry summary documents. The license number(s) must be reported on the entry summary (Customs Form 7501) at the time of filing. There is no requirement to present physical copies of the license forms at the time of entry summary. However, copies must be maintained in accordance with Customs' normal requirements. Entry summaries submitted without the required license number(s) will be considered incomplete and will be subject to liquidated damages for violation of the bond condition requiring timely completion of entry.

(c) *Foreign Trade Zone entries.* All shipments of covered steel products into a foreign trade zones (FTZ), known as FTZ admissions, will require an import license prior to the filing of FTZ admission documents. The license number(s) must be reported on the application for FTZ admission and/or status designation (Customs form 214) at the time of filing. There is no requirement to present physical copies of the license forms at the time of FTZ admission; however, copies must be maintained in accordance with Customs' normal requirements. FTZ admission documents submitted without the required license number(s) will not be considered complete and will be subject to liquidated damages for violation of the bond condition requiring timely completion of admission. A further steel license will not be required for shipments from zones into the commerce of the United States.

(d) *Informal entries.* No import license shall be required on informal entries of covered steel products, such as merchandise valued at less than $2,000. This exemption applies to informal entries only, imports of steel valued at less than $2,000 that are part of a formal entry will require a license. For additional information, refer to 19 CFR 143.21 through 143.28.

(e) *Other non-consumption entries.* Import licenses are not required on temporary importation bond (TIB) entries, transportation and exportation (T&E) entries or entries into a bonded warehouse. Covered steel products withdrawn for consumption from a bonded warehouse will require a license at the entry summary.

[70 FR 12136, Mar. 11, 2005, as amended at 85 FR 56171, Sept. 11, 2020]

§ 360.102 Online registration.

(a) *In general.* (1) Any importer, importing company, customs broker or importer's agent with a U.S. street address may register and obtain the user identification number necessary to log on to the automatic steel import license issuance system. Foreign companies may obtain a user identification number if they have a U.S. address through which they may be reached; P.O. boxes will not be accepted. A user identification number will be issued within two business days. Companies will be able to register online through the SIMA system Web site. However, should a company prefer to apply for a user identification number non-electronically, a phone/fax option will be available at Commerce during regular business hours.

(2) This user identification number will be required in order to log on to

the steel import license issuance system. A single user identification number will be issued to an importer, customs broker or importer's agent. Operating units within the company (*e.g.*, individual branches, divisions or employees) will all use the same basic company user identification code but can supply suffixes to identify the branches. The steel import license issuance system will be designed to allow multiple users of a single identification number from different locations within the company to enter information simultaneously.

(b) *Information required to obtain a user identification number*. In order to obtain a user identification number, the importer, importing company, customs broker or importer's agent will be required to provide general information. This information will include: the filer company name, employer identification number (EIN) or Customs ID number (where no EIN is available), U.S. street address, phone number, contact information and e-mail address for both the company headquarters and any branch offices that will be applying for steel licenses. It is the responsibility of the applicant to keep the information up-to-date. This information will not be released by Commerce, except as required by U.S. law.

§ 360.103 Automatic issuance of import licenses.

(a) *In general*. Steel import licenses will be issued to registered importers, customs brokers or their agents through an automatic steel import licensing system. The licenses will be issued automatically after the completion of the form.

(b) *Customs entry number*. Filers are not required to report a Customs entry number to obtain an import license but are encouraged to do so if the Customs entry number is known at the time of filing for the license.

(c) *Information required to obtain an import license*. (1) The following information is required to be reported in order to obtain an import license (if using the automatic licensing system, some of this information will be provided automatically from information submitted as part of the registration process):

(i) Filer company name and address;

(ii) Filer contact name, phone number, and email address;

(iii) Entry type (*i.e.*, Consumption, FTZ);

(iv) Importer name;

(v) Exporter name;

(vi) Manufacturer name (filer may state ''unknown'');

(vii) Country of origin;

(viii) Country of exportation;

(ix) Expected date of export;

(x) Expected date of import;

(xi) Expected port of entry;

(xii) Current Harmonized Tariff Schedule (HTS) number (from Chapters 72 or 73);

(xiii) Country where the steel used in the manufacture of the product was melted and poured (see paragraph (c)(3) of this section for further instruction);

(xiv) Quantity (in kilograms); and

(xv) Customs value (U.S. $).

(2) Certain fields will be automatically filled out by the automatic license system based on information submitted by the filer (*e.g.*, product category, unit value). Filers should review these fields to help confirm the accuracy of the submitted data.

(3)(i) The field in the license application requiring identification of the country where the steel used in the manufacture of the product was melted and poured (*see* paragraph (c)(1)(xiii) of this section) applies to the original location where the raw steel is:

(A) First produced in a steel-making furnace in a liquid state; and then

(B) Poured into its first solid shape.

(ii) The first solid state can take the form of either a semi-finished product (slab, billets or ingots) or a finished steel mill product. The location of melt and pour is customarily identified on mill test certificates that are commonplace in steel production, generated at each stage of the production process, and maintained in the ordinary course of business. The reporting requirement in paragraph (c)(1)(xiii) of this section will not apply to raw materials used in the steel manufacturing process (*i.e.*, steel scrap; iron ore; pig iron; reduced, processed, or pelletized iron ore; or raw alloys).

(4) Upon completion of the form, the importer, customs broker or the importer's agent will certify as to the accuracy and completeness of the information and submit the form electronically. After refreshing the page, the system will automatically issue a steel import license number. The refreshed form containing the submitted information and the newly issued license number will appear on the screen (the ''license form''). Filers can print the license form themselves only at that time. For security purposes, users will not be able to retrieve licenses themselves from the license system at a later date for reprinting. If needed, copies of completed license forms can be requested from Commerce during normal business hours.

(d) *Duration of the steel import license.* The steel import license can be applied for up to 60 days prior to the expected date of importation and until the date of filing of the entry summary documents, or in the case of FTZ entries, the filing of Customs form 214. The steel import license is valid for 75 days; however, import licenses that were valid on the date of importation but expired prior to the filing of entry summary documents will be accepted.

(e) *Correcting submitted license information.* Users will need to correct licenses themselves if they determine that there was an error submitted. To access a previously issued license, a user must log on with his user identification code and identify the license number and the volume (in kilograms) for the first product shown on the license. The information on the license should match the information presented on the CF–7501 entry summary document as closely as possible; this includes the value and volume of the shipment, the expected date of importation, and the customs district of entry.

(f) *Low-value licenses.* There is one exception to the requirement for obtaining a unique license for each Customs entry. If the total value of the covered steel portion of an entry is less than $5,000, applicants may apply to Commerce for a low-value license that can be used in lieu of a single-entry license for low-value entries.

[70 FR 12136, Mar. 11, 2005, as amended at 85 FR 56171, Sept. 11, 2020]

§ 360.104 Steel import monitoring.

(a) Commerce will maintain an import monitoring system on the SIMA system website that will report certain aggregate information on imports of steel mill products obtained from the steel licenses and, where available, from the U.S. Census Bureau. Aggregate data will be reported, as appropriate, on a monthly basis by country of origin, country of melt and pour, and relevant steel mill product groupings, etc. and will include import quantity (metric tons), import Customs value (U.S. $), and average unit value ($/metric ton). The website will also contain certain aggregate data at the 6-digit Harmonized Tariff Schedule level and will also present a range of historical data for comparison purposes. Provision of aggregate data on the website may be revisited should concerns arise over the possible release of proprietary data.

(b) Reported monthly import data will be refreshed each week, as appropriate, with new data on licenses issued during the previous week. This data will also be adjusted periodically for cancelled or unused steel import licenses, as appropriate. Additionally, outdated license data will be replaced, where available, with information from the U.S. Census Bureau.

[85 FR 56171, Sept. 11, 2020]

§ 360.105 [Reserved]

§ 360.106 Fees.

No fees will be charged for obtaining a user identification number, issuing a steel import license or accessing the steel import surge monitoring system.

§ 360.107 Hours of operation.

The automatic licensing system will generally be accessible 24 hours a day, 7 days a week but may be unavailable at selected times for server maintenance. If the system is unavailable for an extended period of time, parties will be able to obtain licenses from Commerce directly via fax during regular

business hours. Should the system be inaccessible for an extended period of time, Commerce would advise Customs to consider this as part of mitigation on any liquidated damage claims that may be issued.

§ 360.108 Loss of electronic licensing privileges.

Should Commerce determine that a filer consistently files inaccurate licensing information or otherwise abuses the licensing system, Commerce may revoke its electronic licensing privileges without prior notice. The filer will then only be able to obtain a license directly from Commerce. Because of the additional time need to review such forms, Commerce may require up to 10 working days to process such forms. Delays in filing caused by the removal of a filer's electronic filing privilege will not be considered a mitigating factor by the U.S. Customs Service.

PART 361—ALUMINUM IMPORT MONITORING AND ANALYSIS SYSTEM

Sec.

AUTHORITY: 13 U.S.C. 301(a) and 302.

SOURCE: 85 FR 83814, Dec. 23, 2020, unless otherwise noted.

§ 361.101 Aluminum import licensing.

(a) *In general.* (1) All imports of basic aluminum products are subject to the import licensing requirements imposed by the U.S. Department of Commerce (Commerce). These products are listed on the Aluminum Import Monitoring and Analysis (AIM) system website (*https://www.trade.gov/aluminum*). Registered users will be able to obtain aluminum import licenses on the AIM system website. This website contains two sections related to import licensing—the online registration system and the automatic aluminum import license issuance system. Aluminum import licenses must be provided to U.S. Customs and Border Protection (CBP or Customs) as discussed in this section. Information gathered from these licenses will be aggregated and posted on the import monitoring section of the AIM system website.

(2) A single license may cover multiple products as long as certain information on the license (*e.g.,* importer, exporter, manufacturer and country of origin) remains the same. However, separate licenses for aluminum entered under a single entry will be required if the information differs. As a result, a single Customs entry may require more than one aluminum import license. The applicable license(s) must cover the total quantity of aluminum entered and should cover the same information provided on the Customs entry summary.

(b) *Entries for consumption.* All entries for consumption of covered aluminum products, other than the exceptions discussed in paragraphs (c) and (d) of this section, will require an import license prior to the filing of Customs entry summary documents, or its electronic equivalent. The license number(s) must be reported on the entry summary (Customs Form 7501), or its electronic equivalent, at the time of filing. There is no requirement to present physical copies of the license forms at the time of entry summary. However, copies must be maintained in accordance with Customs' normal requirements. Entry summaries submitted without the required license number(s) will be considered incomplete and will be subject to liquidated damages for violation of the bond condition requiring timely completion of entry.

(c) *Foreign Trade Zone admissions.* All shipments of covered aluminum products into a foreign trade zone (FTZ), known as FTZ admissions, will require an import license prior to the filing of FTZ admission documents, or its electronic equivalents. The license number(s) must be reported on the application for FTZ admission and/or status designation (Customs Form 214) at the time of filing. There is no requirement

to present physical copies of the license forms at the time of FTZ admission; however, copies must be maintained in accordance with Customs' normal requirements. FTZ admission documents submitted without the required license number(s) will not be considered complete and will be subject to liquidated damages for violation of the bond condition requiring timely completion of admission. The aluminum license for FTZ admission does not expire, and a further aluminum license will not be required for shipments of entries for consumption from zones into the commerce of the United States.

(d) *Informal entries.* No import license shall be required on informal entries of covered aluminum products, such as merchandise valued at less than $2,500. This exemption applies to informal entries only; imports of aluminum valued at less than $2,500 that are part of a formal entry will require a license. For additional information, refer to 19 CFR 143.21 through 143.28.

(e) *Other non-consumption entries.* Import licenses are not required on temporary importation bond (TIB) entries, transportation and exportation (T&E) entries or entries into a bonded warehouse. Covered aluminum products withdrawn for consumption from a bonded warehouse will require a license at the entry summary in accordance with paragraph (b) of this section.

§ 361.102 Online registration.

(a) *In general.* (1) Any importer, importing company, customs broker or importer's agent with a U.S. street address may register and obtain the username necessary to log on to the automatic aluminum import license issuance system. Foreign companies may obtain a username if they have a U.S. address through which they may be reached; P.O. boxes will not be accepted. A username will be issued within two business days. Companies will be able to register online through the AIM system website. However, should a company prefer to apply for a username non-electronically, a phone/email option will be available at Commerce during regular business hours.

(2) This username will be required in order to log on to the aluminum import license issuance system. A single username will be issued to an importer, customs broker or importer's agent. Operating units within the company (*e.g.*, individual branches, divisions or employees) will all use the same basic company username but can supply suffixes to identify the branches. The aluminum import license issuance system will be designed to allow multiple users of a single identification number from different locations within the company to enter information simultaneously.

(b) *Information required to obtain a username.* In order to obtain a username, the importer, importing company, customs broker or importer's agent will be required to provide general information. This information will include: The filer company name, employer identification number (EIN) or Customs ID number (the Customs-issued importer number) (where no EIN is available), U.S. street address, phone number, contact information and email address for both the company headquarters and any branch offices that will be applying for aluminum licenses. It is the responsibility of the applicant to keep the information up to date. This information will not be released by Commerce, except as required by U.S. law.

§ 361.103 Automatic issuance of import licenses.

(a) *In general.* Aluminum import licenses will be issued to registered importers, customs brokers or their agents through an automatic aluminum import licensing system. The licenses will be issued automatically after the completion of the form.

(b) *Customs entry number.* Filers are not required to report a Customs entry number to obtain an import license but are encouraged to do so if the Customs entry number is known at the time of filing for the license.

(c) *Information required to obtain an import license.* (1) The following information is required to be reported in order to obtain an import license (if using the automatic licensing system, some of this information will be provided automatically from information submitted as part of the registration process):

(i) Filer company name and address;

(ii) Filer contact name, phone number, email address;
(iii) Entry type (*i.e.,* Consumption, FTZ);
(iv) Importer name;
(v) Exporter name;
(vi) Manufacturer name (filer may state ''unknown'');
(vii) Country of origin;
(viii) Country of exportation;
(ix) Expected date of export;
(x) Expected date of import;
(xi) Expected port of entry;
(xii) Current Harmonized Tariff Schedule (HTS) number (from Chapter 76);
(xiii) Country where the largest volume of primary aluminum used in the manufacture of the product was smelted (see paragraph (c)(3)(i) of this section);
(xiv) Country where the second largest volume of primary aluminum used in the manufacture of the product was smelted (see paragraph (c)(3)(ii) of this section);
(xv) Country where the product was most recently cast (see paragraph (c)(3)(iii) of this section);
(xvi) Quantity (in kilograms); and
(xvii) Customs value (US$).

(2) Certain fields will be automatically filled out by the automatic license system based on information submitted by the filer (*e.g.,* product category, unit value). Filers should review these fields to help confirm the accuracy of the submitted data.

(3)(i) For purposes of paragraph (c)(1)(xiii) of this section:

(A) The field in the license application requiring identification of the country where the largest volume of primary aluminum used in the manufacture of the product was smelted applies to the country where the largest volume of new aluminum metal is produced from alumina (or aluminum oxide) by the electrolytic Hall–Héroult process.

(B) Filers may state ''not applicable'' for this field if the product contains only secondary aluminum and no primary aluminum. Secondary aluminum is defined as aluminum metal that is produced from recycled aluminum scrap through a re-melting process.

(C) For license applications up to June 28, 2022, filers may state ''unknown'' for this field. Effective June 29, 2022, filers may not state ''unknown'' for this field.

(ii) For purposes of paragraph (c)(1)(xiv) of this section:

(A) The field in the license application requiring identification of the country where the second largest volume of primary aluminum used in the manufacture of the product was smelted applies to the country where the second largest volume of new aluminum metal is produced from alumina (or aluminum oxide) by the electrolytic Hall–Héroult process.

(B) Filers may state ''not applicable'' for this field if the product does not contain a second largest volume of primary aluminum or if the product contains only secondary aluminum and no primary aluminum. Secondary aluminum is defined as aluminum metal that is produced from recycled aluminum scrap through a re-melting process.

(C) For license applications up to June 28, 2022, filers may state ''unknown'' for this field. Effective June 29, 2022, filers may not state ''unknown'' for this field.

(iii) For purposes of paragraph (c)(1)(xv) of this section:

(A) The field in the license application requiring identification of the country where the product was most recently cast applies to the country where the aluminum (with or without alloying elements) was last liquified by heat and cast into a solid state. The final solid state can take the form of either a semi-finished product (slab, billets or ingots) or a finished aluminum product.

(B) Filers may not state ''not applicable'' for this field.

(C) Filers may not state ''unknown'' for this field.

(4) Upon completion of the form, the importer, customs broker or the importer's agent will certify as to the accuracy and completeness of the information and submit the form electronically. After refreshing the page, the system will automatically issue an aluminum import license number. The refreshed form containing the submitted information and the newly issued license number will appear on the screen (the ''license form''). Filers can print

the license form themselves only at that time. For security purposes, users will not be able to retrieve licenses themselves from the license system at a later date for reprinting. If needed, copies of completed license forms can be requested from Commerce during normal business hours.

(d) *Duration of the aluminum import license.* The aluminum import license can be applied for up to 60 days prior to the expected date of importation and until the date of filing of the entry summary documents, or in the case of FTZ admissions, the filing of Customs Form 214, or their electronic equivalents. With the exception of the licenses for FTZ admission (*see* §361.101(c)), the aluminum import license is valid for 75 days; however, import licenses that were valid on the date of importation but expired prior to the filing of entry summary data will be accepted.

(e) *Correcting submitted license information.* Users will need to correct licenses themselves if they determine that there was an error submitted. To access a previously issued license, a user must log on with his username and identify the license number and the volume (quantity in kilograms) for the first product shown on the license. The information on the license should match the information presented in the entry summary data as closely as possible. This includes the value and quantity of the shipment, the expected date of importation, and the Customs port of entry.

(f) *Low-value licenses.* There is one exception to the requirement for obtaining a unique license for each Customs entry. If the total value of the covered aluminum portion of an entry is less than $5,000, applicants may apply to Commerce for a low-value license that can be used in lieu of a single-entry license for low-value entries.

[85 FR 83814, Dec. 23, 2020, as amended at 86 FR 27518, May 21, 2021]

§ 361.104 Aluminum import monitoring.

(a) Commerce will maintain an import monitoring system on the public AIM system website that will report certain aggregate information on imports of aluminum products obtained from the aluminum licenses and, where available, from publicly available U.S. import statistics. Aggregate data will be reported, as appropriate, on a monthly basis by country of origin, country of smelt, country of last cast, relevant aluminum product grouping, etc., and will include import quantity (metric tons), import Customs value (U.S. $), and average unit value ($/metric ton). The website will also contain certain aggregate data at the 6-digit Harmonized Tariff Schedule level and will also present a range of historical data for comparison purposes. Provision of aggregate data on the website may be revisited should concerns arise over the possible release of proprietary data.

(b) Reported monthly import data will be refreshed each week, as appropriate, with new data on licenses issued during the previous week. This data will also be adjusted periodically for cancelled or unused aluminum import licenses, as appropriate. Additionally, outdated license data will be replaced, where available, with publicly available U.S. import statistics.

§ 361.105 [Reserved]

§ 361.106 Fees.

No fees will be charged for obtaining a username, issuing an aluminum import license or accessing the aluminum import monitoring system.

§ 361.107 Hours of operation.

The automatic licensing system will generally be accessible 24 hours a day, 7 days a week but may be unavailable at selected times for server maintenance. If the system is unavailable for an extended period of time, parties will be able to obtain licenses from Commerce directly via email (*aluminum.license@trade.gov*) during regular business hours. Should the system be inaccessible for an extended period of time, Commerce would advise CBP to consider this as part of mitigation on any liquidated damage claims that may be issued.

§ 361.108 Loss of electronic licensing privileges.

Should Commerce determine that a filer consistently files inaccurate licensing information or otherwise abuses the licensing system, Commerce may revoke its electronic licensing privileges without prior notice. The filer will then only be able to obtain a license directly from Commerce. Because of the additional time needed to review such forms, Commerce may require up to 10 working days to process such forms. Delays in filing caused by the removal of a filer's electronic filing privilege will not be considered a mitigating factor by CBP.

PART 362—PROCEDURES COVERING SUSPENSION OF LIQUIDATION, DUTIES AND ESTIMATED DUTIES IN ACCORD WITH PRESIDENTIAL PROCLAMATION 10414

Sec.

AUTHORITY: 19 U.S.C. 1318; Proc. 10414, 87 FR 35067.

SOURCE: 87 FR 56866, Sept. 16, 2022, unless otherwise noted.

§ 362.101 Scope.

This part sets forth the actions the Secretary is taking to respond to the emergency declared in Presidential Proclamation 10414.

§ 362.102 Definitions.

For purposes of this part:

Act means the Tariff Act of 1930, as amended (19 U.S.C. 1202 *et seq.*).

Applicable Entries means the entries of Southeast Asian-Completed Cells and Modules that are entered into the United States, or withdrawn from warehouse, for consumption before the Date of Termination and, for entries that enter after November 15, 2022, are used in the United States by the Utilization Expiration Date.

CBP means U.S. Customs and Border Protection of the United States Department of Homeland Security.

Certain Solar Orders means Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order; Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Countervailing Duty Order; and Certain Crystalline Silicon Photovoltaic Products from Taiwan: Antidumping Duty Order.

Date of Termination means June 6, 2024, or the date the emergency described in Presidential Proclamation 10414 has been terminated, whichever occurs first.

Secretary means the Secretary of Commerce or a designee.

Solar Circumvention Inquiries means some or all of the inquiries at issue in Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Initiation of Circumvention Inquiry on the Antidumping Duty and Countervailing Duty Orders.

Southeast Asian-Completed Cells and Modules means crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells and modules), which are completed in the Kingdom of Cambodia, Malaysia, the Kingdom of Thailand, or the Socialist Republic of Vietnam using parts and components manufactured in the People's Republic of China, and subsequently exported from Cambodia, Malaysia, Thailand or Vietnam to the United States. These are cells and modules subject to the Solar Circumvention Inquiries. Southeast Asian-Completed Cells and Modules does not mean solar cells and modules that, on June 6, 2022, the date Proclamation 10414 was signed, were already subject to Certain Solar Orders.

Utilization and *utilized* means the Southeast Asian-Completed Cells and Modules will be used or installed in the United States. Merchandise which remains in inventory or a warehouse in the United States, is resold to another party, is subsequently exported, or is destroyed after importation is not considered utilized for purposes of these provisions.

Utilization Expiration Date means the date 180 days after the Date of Termination.

§ 362.103 Actions being taken pursuant to Presidential Proclamation 10414 and Section 318(a) of the Act.

(a) *Importation of applicable entries free of duties and estimated duties.* The Secretary will permit the importation of Applicable Entries free of the collection of antidumping and countervailing duties and estimated duties under sections 701, 731, 751 and 781 of the Act until the Date of Termination. Part 358 of this chapter shall not apply to these imports.

(b) *Suspension of liquidation and collection of cash deposits.* (1) To facilitate the importation of certain Southeast Asian-Completed Cells and Modules without regard to estimated antidumping and countervailing duties, notwithstanding §351.226(l) of this chapter, the Secretary shall do the following with respect to estimated duties:

(i) The Secretary shall instruct CBP to discontinue the suspension of liquidation of entries and collection of cash deposits for any Southeast Asian-Completed Cells and Modules that were suspended pursuant to §351.226(l) of this chapter. If at the time instructions are conveyed to CBP the entries at issue are suspended and cash deposits collected only on the basis of the circumvention inquiries, then the Secretary will direct CBP to liquidate the entries without regard to antidumping and countervailing duties and to refund cash deposits collected on that basis.

(ii) In the event of an affirmative preliminary or final determination of circumvention in the Solar Circumvention Inquiries before the Date of Termination, the Secretary will not, at that time, direct CBP to suspend liquidation of Applicable Entries and collect cash deposits of estimated duties on those Applicable Entries.

(iii) In the event of an affirmative preliminary or final determination of circumvention in the Solar Circumvention Inquiries, the Secretary will direct CBP to suspend liquidation of entries of, and collect cash deposits of estimated duties on, imports of Southeast Asian-Completed Cells and Modules that are not Applicable Entries.

(2) In the event that the Secretary makes an affirmative preliminary or final determination of circumvention in the Solar Circumvention Inquiries, as applicable, and the emergency described in Presidential Proclamation 10414 is terminated before June 6, 2024, notwithstanding §351.226(l) of this chapter, upon notification of the termination of the emergency the Secretary will thereafter issue instructions to CBP informing it of the Date of Termination and directing it to begin suspension of liquidation and require a cash deposit of estimated antidumping and countervailing duties, at the applicable rate for each unliquidated entry of Southeast Asian-Completed Cells and Modules that is entered, or withdrawn from warehouse, for consumption on or after an appropriate date that is on or after the Date of Termination. For purposes of this paragraph, Applicable Entries may also include certain entries of Southeast Asian-Completed Cells and Modules that are entered on or after the Date of Termination, as appropriate.

(3) In the event that the Secretary makes an affirmative preliminary or final determination of circumvention in the Solar Circumvention Inquiries, as applicable, and the Date of Termination is June 6, 2024, notwithstanding §351.226(l) of this chapter, the Secretary will issue instructions to CBP informing it that the Date of Termination is June 6, 2024, and will direct CBP to begin suspension of liquidation and require a cash deposit of estimated antidumping and countervailing duties, at the applicable rate, for each unliquidated entry of Southeast Asian-Completed Cells and Modules that is entered, or withdrawn from warehouse, for consumption on or after the Date of Termination.

(c) *Waiver of assessment of duties.* In the event the Secretary issues an affirmative final determination of circumvention in the Solar Circumvention Inquiries and thereafter, in accordance with other segments of the proceedings, pursuant to section 751 of the Act and §351.212(b) of this chapter, issues liquidation instructions to CBP,

the Secretary will direct CBP to liquidate Applicable Entries without regard to antidumping and countervailing duties that would otherwise apply pursuant to an affirmative final determination of circumvention.

§ 362.104 Certifications.

Nothing in this section shall preclude the Secretary from requiring certifications for Southeast Asian-Completed Cells and Modules pursuant to § 351.228 of this chapter in the event of an affirmative preliminary or final determination in the Solar Circumvention Inquiries.
